Hornady is proud to launch Frontier® Cartridge, a supplier of American-made, military-grade ammunition at affordable prices. Frontier® Cartridge will feature Hornady® bullets in both 223 Rem and 5.56 NATO offerings to suit the needs of all shooters. Applications range from plinking, target shooting and hunting to law enforcement training and self-defense. State-of-the-industry loading techniques and quality control procedures ensure the reliability of Frontier® Cartridge rounds, which feature brass cartridge cases and military-grade boxer primers and propellant.

FIREARMS

SS195LF

The FN SS195LF 5.7x28mm is a non-toxic sporting cartridge, featuring an aluminum core, 27-grain jacketed hollow point bullet. Designed for all target shooting applications, the lead-free primer is perfected for indoor ranges where potential air contamination is a concern.

Type	Caliber	Weight	Bullet	Qty.	Item No.	Price
SS195LF	5.7x28mm	27gr	JHP	2000/Case	C25RJ10700012	$1898.99

SS197SR

The FN SS197SR is the high-performance 5.7x28mm sporting cartridge loaded with a 40-grain Hornady V-Max bullet. The polymer tipped bullet improves accuracy, rapidly expands and minimizes ricochet. This ammunition is ideally suited for target shooting, competition, or hunting.

Type	Caliber	Weight	Bullet	Qty.	Item No.	Price
SS197SR	5.7x28mm	40gr	V-MAX	500/Case	C25RJ10700015	$313.99
SS197SR	5.7x28mm	40gr	V-MAX	50/Box	C25RJ10700017	$39.00

FN DFNS™

FN DFNS™ is the first 5.7x28mm ammunition perfected for personal protection. The unique 30-grain jacketed hollow point bullet contains a copper-tin powdered core designed to expend energy quickly and efficiently. Protect what matters most with the FN DFNS, tested and perfected for optimum performance in 5.7x28-chambered firearms.

Type	Caliber	Weight	Bullet	Qty.	Item No.	Price
SS200	5.7x28mm	30gr	JHP	500/Case	C25RJ10700029	$393.49

FN GUNR

- The shooters' choice for reliable and cost-effective target ammunition.
- 40-Grain full metal jacket bullet, boxer primer, brass case.
- Cycles reliably across all 5.7x28mm firearms.
- Comparable felt recoil, velocity and accuracy of SS197SR

Type	Caliber	Weight	Bullet	Qty.	Item No.	Price
SS201	5.7x28mm	40gr	FMJ	500/Case	C25RJ10700031	$298.99

Xtreme Defender / Hunter Ammunition

No expanding hollow point comes close to achieving anywhere near the diameter and volume of wound channel achieved by the Xtreme Hunter. Not only is the PWC over 100% larger than any other expanding bullet, terminal performance is achieved despite being shot through barriers. The solid copper body ensures that thick hide, bone, and any other barrier will have minimal effect on the Permanent Wound Channel.

Varmageddon Ammunition

Nosler's® Varmageddon® rounds are known for their unmatched reliability. Using Nosler® Varmageddon® bullets, featuring an incredibly accurate polymer tip joined with a flat base design, we have created a high precision round for varmints. With its high velocity and dependable performance, this round is sure to stop any varmint in its tracks and be the go to round for any varmint hunter.

308 Win	110gr	20	C25UB521	$40.99

Accubond® Long Range Bonded Hunting Ammunition

AccuBond® represents the most advanced bonded core bullet technology to date. Through a proprietary bonding process that eliminates voids in the bullet core, AccuBond® marries Nosler's traditional copper-alloy jacket with its special lead-alloy core. The result is a bullet that flies true, penetrates deep, won't cause extensive barrel fouling, and will retain 60-70% of its weight. The polymer tip helps protect against deformation while initiating expansion upon impact.

Caliber	Grain	Qty.	Item No.	Price

Ballistic Tip Hunting Ammunition

Nosler® Ballistic Tip Hunting bullets have been trusted by hunters for nearly 25 years. They are precision made and individually inspected for the utmost quality which translates to incredible accuracy with every shot. The heavy jacket base prevents bullet deformation during firing and holds together at extreme velocities as well as a poly-carbonate tip that resists deformation in the magazine and initiates expansion upon impact.

Caliber	Grain	Qty.	Item No.	Price
300 ACC BLK	125gr	20	C25UB418	$35.99

Interlock® SP (Spire Point) Ammunition

The InterLock® is designed to be a devastating hunting bullet and nothing less.
The InterLock® Ring - a Hornady exclusive - ensures that the core and jacket remain locked during expansion.
The InterLock® retains more mass, energy and momentum after impact and transfers that energy to the target.

WEATHERBY

Weatherby® Select™ Magnum Ammunition

Today, our ammunition remains true to the concept Roy developed in the 1940s. At the same time, our ammunition also takes advantage of the latest in controlled expansion bullets which are capable of harnessing the higher velocities to create a cartridge that provides the ultimate in penetration, large wound channels and more one-shot kills. Nothing shoots flatter, hits harder or is more accurate than.

Select Plus™ Ammunition

The new 6.5-300 Weatherby Magnum is the fastest production 6.5mm there is. Combined with high Ballistic Coefficient (BC) projectiles designed for long range shooting, the velocity of the new 6.5-300 Weatherby Magnum opens a whole new world of possibilities and provides hunters with the terminal performance every Weatherby shooter is accustomed to.

FIOCCHI

Blank Ammo

Fiocchi blanks are very useful for reenactments, ceremonies, training exercises and hunting dog training. They will give you the noise and realism of conventional ammunition without the projectile. Most rimmed calibers now incorporate crimped primers for more reliability in revolvers.

IMPORTANT INFORMATION: Blank Ammunition will not function in semi-automatic firearms.

Caution: Do not use at close range!

Caliber	Rounds	Item No.	Price
.22 LR	200rds	C25XN22LRBL	$35.49
.38 Rimmed Revolver	50rds	C25XN38BLANK	$30.99

HEVI-18® TSS Turkey

• High-density 18 g/cc Tungsten Super Shot • Unsurpassed downrange lethality
• Huge advantage in pellet count, pattern density and downrange energy over standard 11 g/cc lead • Crimp-seal resin resists damage and holds buffer in the shells
• *5 Rounds per Box*

HEVI•Bismuth®

Step up your game when you get into the blind with ammunition that works as hard as you do. HEVI-Shot® HEVI-Bismuth™ is 22 percent denser than steel, which lets ou drop a shot size from your go-to steel payload yet deliver the same duck-dropping lethality. Pushed at blistering velocities, the payloads provide performance that fills limits, and they're safe to shoot in modern and classic shotguns.
• *25 Rounds per Box*

Ga.	Length	Oz.	Shot	Velocity	Item No.	Price
28	3"	1	4	1350 fps	C25HVHS18434	$64.49
28	3"	1	6	1350 fps	C25HVHS18436	$64.49

HEVI•Hitter™

Balance the sheer power of tungsten with the patterning and practicality of steel to deliver better lethality on ducks and geese.
HEVI-Shot® HEVI-Hitter™ devotes 20 percent of its payload to 12 g/cc tungsten and layers it over 80 percent steel shot. This carefully engineered blend brings out the best in both materials, offering a large, effective pattern at close and moderate targets, as well as the pellet count, power and density needed to drop distant birds.
• *25 Rounds per Box*

Ga.	Length	Oz.	Shot	Velocity	Item No.	Price
12	3"	1-1/4	BB	1500 fps	C25HVHS28288	$38.49

28	3"	3/4	4	1450 fps	C25HVHS28284	$37.99

HEVI•Hammer™

Combine the power of bismuth with the economy of steel to take home more ducks and geese. We devote 15 percent of the HEVI-Hammer® payload to 9.6 g/cc HEVI-Bismuth™ pellets, which we layer over the remaining steel shot to extend effective range and tighten patterns.
• *25 Rounds per Box*

Ga.	Length	Oz.	Shot	Velocity	Qty.	Item No.	Price
12	3"	1-1/4	BB	1500 fps	25/Box	C25HVHS28088	$30.99

12	3"	1-1/4	3	1500 fps	100/Box	C25HVHS28103	$124.99

HEVI•Metal™ Longer Range

Push duck and goose hunts farther.
HEVI-Metal® Longer Range increases downrange power 16 percent, thanks to high-density HEVI-Bismuth™ alloy pellets layered over corrosion-resistant steel shot. Using our Pattern Density Technology™, 30 percent of the payload is HEVI-Bismuth, while 70 percent is steel. It all comes together for tighter patterns, longer range and cleaner kills.
• *25 Rounds per Box*

Game & Target Loads

Rio Loads bring unsurpassed performance to the competition range. Combining their own clean burning single-based powder with the perfectly matched wad and primer means excellent velocities, moderate pressures, and smooth recoil. You will consistently get dense and compact shot patterns for optimal target breaks whether your discipline is skeet, trap, sporting clays, or FITASC.

• Excellent speed, reduced pressures, precise shot and no residues in the barrels.
• Experience the best ammunition at an affordable price.

• 25 Shotshells per Box

B&P Baschieri&Pellagri Since 1885

Gordon System®

Baschieri & Pellagri represent the gold standard in shot shell performance in large part because of the Gordon System case. Lesser shot shells have "hulls". Baschieri & Pellagri shells utilize Gordon System cases utilizing uniquely designed head and base wad that act as shock absorbers rapidly attenuating recoil energy allowing the shooter to focus on that next shot rather than the fatigue of recoil.

Competition One

• Shell Length: 2-3/4"

• 250 Rounds per Case

Ga	Case	Load	Shot	Type	Velocity	Item No.	Price

Pricing subject to change without notice. Not responsible for typographical errors.

Many manufacturers use cheaper, softer shot or esser grade powder and components to save money. In today's world, there are just too few opportunities to make that "shot of the day" to accept anything but the highest quality hunting shotshells available. NobleSport Hunting shotshells are assembled on the same machines, by the same craftsmen, to the same standards and using the same 21st century technology as NobleSport's world class target shotshells. Only the finest plastic cases, high antimony hard shot, even patterning wads and famous NobleSport 209 primers are used in NobleSport Hunting shotshells

TelaAmmo Rifle Ammunition

Made in Azerbaijan

This ammo was developed by a team of engineers and ballisticians at Azerbaijan's Ammunition Factory who had one goal: to create the ultimate ammunition for these classic rifles. During the manufacturing process, their team shot well over 50,000 rounds on all of our 5.45x39 platforms to ensure the highest confidence in consistency, performance, and reliability of this round.

SPCE

HPBT

FMJ

Centerfire Rifle Ammunition

- **Soft Point:** Semi-Jacketed Soft Point bullet. A lead core with a precisely engineered jacket results from its controlled expansion and high weight retention.
- **Nosler Partition:** two lead cores and a partitioned thick copper jacket for controlled expansion and deep penetration at any velocity.
- **SPCE:** The cutting edge locks the jacket and lead core together, while also producing a clean entrance wound and distinct, easy to follow blood trails. Appropriate for light to medium game.
- **FMJ:** Standard lead core with a metallic jacket. Best for training and target shooting applications.
- **Hollow Point Boat-Tail:** The finest in accuracy and consistency.
- **Blue SC:** Loaded with New Lead Free Solid Copper bullet with Blue Plastic Tip

Field Dynamics® – Rifle

The workhorse of the Fiocchi hunting cartridge lineup, Field Dynamics centerfire rifle ammunition draws from the same commitment to using only the highest quality brass cases, lead-free primers, predictable powders, and precision-made bullets that guides the company's specialty cartridges but at a price point that leaves more money for the hunt. From its high-fragmentation V-Max bullets for long-range varmint hunting to hard-hitting pointed soft points for all big-game animals and up to a hollow point flat nose for the mighty .45-70 Gov., Fiocchi's Field Dynamics offers a dependable cartridge for every hunting application.

Exacta® Extra Low Recoil

Fiocchi Low Recoil Trainer ammunition was developed for shooters looking for a high-performing training round without the recoil. It is the perfect load for introducing new shooters to the sport, especially those of small stature or those who might be recoil sensitive.
Low Recoil Trainer is produced with the same quality and consistency as other Fiocchi target shooting loads.

Exacta® - Crusher

We called this load Crusher for a reason—it crushes targets in sporting clays, skeet, trap, and five-stand while still delivering less felt recoil and a more consistent pattern than competing brands. Loaded with high-quality Fiocchi components, this ammunition delivers the reliable performance you demand in a competition load.

• 25 Rounds per Box

FIOCCHI

Exacta® - White Rino Lite

Developed for long days on the range and high-volume training, White Rino Lite delivers a slightly softer touch than the original White Rino while compromising nothing in downrange performance.

• 25 Rounds per Box

Ga.	Length	Velocity	Oz.	Shot	Item No.	Price
12	2-3/4"	1200 fps	1-1/8	7.5,8,9	C25XN12WRNL75	$12.99

Exacta® - White Rino

One of Fiocchi's most respected and well-known line of target shotshells is the White Rino. They are designed for discriminating shooters who favor a softer recoil for high-volume range days but with a dense and velocity that will reach out there. White Rino shotshells mix clean-burning powders, one-piece cushioned wads, and high antimony shot for an excellent shooting experience in SxS, O/U, and semi-autos alike.

• 25 Rounds per Box

FIOCCHI

Golden Waterfowl™ Bismuth

With Fiocchi's, non-toxic Golden Waterfowl Bismuth, flaring waterfowl won't stand a chance. The high velocity paired with greater energy transfer, dense patterns and extended ranges makes you the deadliest wing shooter in the duck blind this season. Fiocchi uses high density 9.75g/cc bismuth in a precision loaded, moisture resistant, sealed hull that will provide you with the best performance shot after shot. No one else can deliver more lethality at an effective price from a trusted brand. Let Fiocchi Golden Waterfowl Bismuth take your wing shooting to a level of performance by crushing birds with fewer shots at the farthest reaches of your abilities.

• 10 Rounds per Box

Model 5BHL Thumbsnap (Lined)

This holster is ideal for field and casual concealment of most revolvers. Handcrafted of a premium grade, full grain leather, and lined with suede. It has a steel-reinforced thumb snap for retention. The strongside hi-ride design carries gun close to body for added comfort. The high cut leading edge of the holster is designed to protect the adjustable rear sight found on many revolvers. 1.75 in. (45 mm) belt loop with combination 1.75 in. (45 mm) and 2.25 in. (58 mm) loop on 4 in. and longer barrels. Same as 5 BH except with Suede Lining

Model 126GLS - Assent Pro Concealment Holster

Drawing from the holster is intuitive - the internal camlock is released when the middle finger depresses the GLS lever upon the natural drawing motion. This open-top holster offers a high-ride hip carry with belt slots that pull the holster close to the body to minimize printing through clothing.
• GLS retention secures the firearm and releases easily and naturally with a proper shooting grip using the middle finger upon the draw
• Rigid, synthetic liner allows permanent molded look and a stay-open design
• Optics capable
• Low-profile, contoured body-hugging design
• Dual belt slots fit up to 1.5 (38mm) belts for snug fit

BIANCHI LEATHER

Model 82 CarryLok™ Holster

Selecting the right concealment holster shouldn't force you to choose between speed and security.
The internal locking mechanism automatically blocks the trigger guard, instantly securing your firearm. To draw your firearm, simply press the CarryLok release tab with your middle finger as you draw. The result is an efficient, one-step single plane draw, very similar to what you would expect from an open top holster. Professionals that carry all day will enjoy the pancake styling for its comfort and concealability. However, unlike traditional pancake holsters, the CarryLok device holds the holster open for easy one-handed reholstering that is both fast and secure.

Features: *Full-grain vegetable tanned leather • Fits up to 1.75" belt loops • 16° forward rake.*

When it comes to speed and reliability, our patented SERPA® technology guarantees unparalleled performance. The placement of the SERPA Auto Lock™ release reinforces a full master grip by allowing you to draw the weapon normally with the index finger sliding from holster body to weapon frame in one single movement. This proven retention design immediately engages the trigger guard with an audible click as the pistol is holstered, and it won't let go until you release it. [Patented 5,918,784 and/or other patents pending]

BLACKHAWK!®

Sportster SERPA® Holster – Matte Finish

The CQC® Sportster is designed to support civilian concealed carry or range use.This injection-molded holster features the same dependable SERPA® technology but is tailored for low-threat civilian operations. Omnivore™

OMINIVORE™ Non-Light Bearing | OMINIVORE™ Surefire X300U-A/B | OMINIVORE™ Streamlight TLR-1/2

- Multi-fit - omnivore™ holsters fit more than 150 styles of semi-automatic handguns with an accessory rail.
- Active retention mechanism- ergonomic thumb activated retention mechanism
- Level 2 retention - uses two features to hold handgun securely in place.
- Free-floating design - holster locks onto rail attachment device (non-lb) or frame of the light, doesn't wear firearm's frame and finish.
- 3-Position adjustable release - height of thumb activated retention mechanism adjusts to fit your hand.

Serpa L2 Tactical Holster

Made specifically to meet the demands of tactical operations, the SERPA Level 2 Tactical Holster gives the benefits of a drop-leg configuration for ideal holster location. The SERPA Auto-Lock release secures the weapon at Level 2 retention, releasing only when the button is depressed during the draw cycle.

- *SERPA Auto Lock solidly secures firearm, only releases during draw cycle*
- *Passive retention detent adjustment screw aids in weapon retention*
- *Full-length holster body protects rear sights*
- *Flexible thigh platform conforms to leg size*
- *Y-harness suspension system distributes weight evenly, keeping holster vertical and enabling use of pants pocket*
- *Mounting points for pouches, knives, mag cases, etc.*
- *Fits all Blackhawk injection-molded platforms*

Model	Color	Hand	Item No.	Price
Beretta 92/96/M9/M9A1	Coyote Tan	Right	C25XO430504CTR	$114.99

Serpa L3 Tactical Holster

The SERPA Level 3 Tactical Holster is our highest level of function, retention and security. It's perfect for high-threat environments and tactical operations. The drop-leg configuration is an ideal holster location. The thumb-activated pivot guard and SERPA Auto-Lock release secures the weapon at Level 3 retention, releasing only when the buttons are depressed during the draw cycle.

- *Thumb-activated Pivot guard gives highest level of weapon security, won't lock while pistol is unholstered*
- *SERPA Auto Lock solidly secures firearm, only releases during draw cycle*
- *Passive retention detent adjustment screw aids in weapon retention*
- *Full-length holster body protects rear sights*
- *Flexible thigh platform conforms to leg size*
- *Y-harness suspension system distributes weight evenly, keeping holster vertical and enabling use of pants pocket*
- *Mounting points for pouches, knives, mag cases, etc.*
- *Fits all Blackhawk injection-molded platforms*

TecGrip® Junk Drawer Holster

The TecGrip® Junk Drawer Holster from Blackhawk keeps your firearm concealed and secure while also giving you a convenient slot to keep a backup magazine.
Designed for both civilian and law enforcement carriers, the TecGrip Junk Drawer outer layer grips most any material and keeps your firearm holstered snugly inside your waistband.
Thanks to high-density closed cell foam that protects the firearm and conforms easily to your body, the Junk Drawer is also comfortable enough for all-day wear.

Size 04 - G42, Ruger LCPII, Micro 380 ..... C25XO40JD04BK $26.99

TecGrip® Magazine Holster

The TecGrip® Magazine Holster from Blackhawk keeps firearm magazines concealed and secure. Designed for civilian and law enforcement carriers, the TecGrip outer layer holds firmly against most any material, keeping mags safely holstered and secure in a pocket or inside a waistband. The TecGrip Magazine Holster is comfortable as well, with high density, closed-cell foam that protects the magazine and conforms easily to the body. It's the best of both concealment and affordability.

- *TecGrip® fabric holds tight against most fabrics, allowing for clipless carry.*
- *Ambidextrous design can be worn on either side of the body.*
- *Holster is hand or machine washable.*

T-Series L2C

With its streamlined thumb-activated retention, the T-Series keeps your firearm at the ready while maintaining total security. Thanks to a drawing motion that operates off of the Master Grip Principle, you'll be able to get into the fight under even the most stressful of circumstances.
A combination of reinforced outer polymer and smooth, sound-dampening, hydrophobic lining ensures your T-Series will perform no matter the elements and situation. As an added measure of security, the L3D also features a strap across the back of the firearm.

- *Thumb-activated retention follows Master Grip Principle*
- *Low-friction internal material for smooth and effortless draw*
- *Sound-dampening lining for stealth drawing and holstering*
- *Durable material provides protection with sleek design for minimal bulk*

CROSSTECH™ HOLSTER

Crosstech™ Holster

The CrossTech Holster can be form-fitted in minutes to nearly any pistol or revolver by re-positioning the adjustment bolts and then heating the front holster panel with a hair dryer or heat gun. Perfectly custom fit the CrossTech Holster to your pistol or revolver without having to go to harder and less-comfortable materials like Kydex or plastic. The Crosstech Holster can be reformed to fit future handguns.
• Soft-touch, semi-flexible material for comfort.
• Smooth, strong, ultra-high-quality belt clips that hold the holster tight to your belt.
• Customizable pistol angle
Fits *all Glock, Smith & Wesson, Ruger, HK, Sig Sauer, FN Herstal, Colt, Kel-Tec, Kahr Arms, Kimber, Taurus, Steyr Arms, Walther, Springfield, Beretta, CZ, and all 1911 handguns, as well as most other makes and models.*

CRUCIAL CONCEALMENT

Covert OWB Holster

- Adjustable Cant: Holster can be adjust from zero to 15º forward
- The Poly Flex loops have both 1.5 and 1.75" belt slots incorporated into the loop.
- Curvature built into the holster allows it to comfortably wrap around the waist.
- Adjustable Retention
- Optic Compatible: Holsters are cut from the factory for compatability with Red Dot Sights

Glock 19	C25CU1001	$58.31
SIG P365 XMacro	C25CU1277	$58.31

Covert IWB Holster

This holster offers ambidextrous carry and a full range of cant adjustment which ensures the user can find their preferred carry position. Constructed with .080 KYDEX®, the holster delivers the perfect blend of rugged durability and thin, low profile design required for EDC IWB use. The proprietary clip is made of a high strength polymer that can be used on a variety of clothing styles, so no occasion or attire impedes one's ability to carry. Concealment is enhanced by the subtle Trigger Bump which helps angle the grip of the pistol back towards the body in all carry positions. All COVERT series holsters feature optic compatibility and user adjustable retention.

- *Ambidextrous • Trigger Bump: This subtle bump pushes against the belt to help angle the grip of the pistol towards the body.*
- *Fully Adjustable Cant • Adjustable Retention • Optic Compatible*

Covert Mag

This pouch is constructed from .080 KYDEX®, which offers durability and longevity while maintaining a thin, low profile form. This pouch features a fully ambidextrous design which allows easy conversion for all desired carry positions. The proprietary clip is made of a high strength polymer which can be utilized on a variety of clothing styles. Ride height and tilt of the pouch can be easily adjusted by simply adjusting the positioning of the clip on the pouch. The COVERT series mag pouch also features user adjustable retention so the user can adjust the pouch to their preferences.

Style 062 - Apaches's® Ankle Rig

The Apache's® wide, elasticized leg band largely eliminates the unwanted rocking motion commonly associated with ankle holsters. The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolver and .32cal holsters feature an adjustable thumb strap (without snap, Velcro® closure.) Made with genuine sheepskin padded lining for comfort.

Fits	Finish	Hand	Item No.	Price
Small Auto	Black	Right	C25DI062BASAZ0	$51.99
Medium Auto	Black	Right	C25DI062BAMAZ0	$51.99

Inside Waistband Holsters Right-Handed

This Inside-the-waistband holster is the 1st in a series of a new generation of holsters. It is the first IWB designed by Fobus and is contoured to allow a full range of motion while in use. This unique holster makes the handgun appear almost invisible inside your waistband.
The holster is lightweight for all day concealed carry and allows single hand reholstering. The handgun is retained using a passive retention system similar to that on other Fobus holsters. An upper and lower retaining hook is designed to maintain attachment of the holster to your belt, with the upper hook being the only part of the holster that is visible outside your belt.

Universal Full-Size Large Frame ..... C25XGIWBL $27.49
Universal Small-Size Small Frame ..... C25XGIWBS $27.49

Double Magazine Pouch

Allows the user to carry two additional magazines and provides easy and fast access for quick reloads. Adjustment screw with low profile design.

Tactical Speed Holsters

This innovative holster was created in answer to many requests to provide a carry system that would accommodate a handgun utilizing accessories that were either rail or trigger guard mounted. The handgun is held securely in place by utilization of a muzzle stud and a safety strap that encircles the trigger guard.
While assuring positive retention, rapid presentation of the handgun is made easy due to the open withdrawl slot on the rear of the holster and the design of the safety strap.

Right Handed - Tactical Speed Holsters

GALCO® HOLSTERS

Kodiak™ Shoulder Holster

Galco's Kodiak™ Shoulder Holster carries a magnum revolver diagonally across the torso. A padded shoulder strap is used in conjunction with a torso strap that allows for instant adjustments throughout a day spent afield. The Kodiak comes assembled and includes holster, shoulder strap and torso strap. Available in havana brown.

Kodiak Shoulder Holster S&W 500 8 3/8" ..... C25GEKK172H $231.99

The optional Kodiak Holster Bandolier (shown on holster) may be purchased separately. Designed to work in conjunction with the Kodiak™ Shoulder Holster only, the Bandolier slides easily on and off the Kodiak holster to keep five extra cartridges available for quick reloading.

Miami Classic

Shoulder Holster System for Pistols & Revolvers

The Miami Classic™ is quite possibly the most imitated shoulder system in the world, however, its quality is impossible to duplicate. A key component of this patented shoulder system is its unique spider harness. All four points of the spider harness are connected by a Flexalon™ swivel back plate and can pivot independently, resulting in a perfect fit and lasting comfort for all sizes and shapes. It includes holster, harness, ammo carrier, and a set of system screws.

Miami Classic II

The Miami Classic II is the next generation of shoulder holster systems from the world's premier maker. The handgun is held in the horizontal orientation of the Miami Classic, for the quickest draw. The harness features Galco's spider harness with trademarked Flexalon™ swivel back plate for all-day wearing comfort. The medium-width shoulder straps distribute the weight of a heavy handgun and accessories, while remaining concealable.
The biggest innovation found on the MCII is its new magazine carrier, which securely holds a pair of magazines horizontally, without need of retaining straps.

Black ..... C25GEDMC25B $85.99
.45 ACP/10mm Single Stack Metal Magazine
Tan ..... C25GEDMC26 ..... $85.99

Yaqui Slide Holster

The renowned Yaqui Slide was ushered into the modern era of holster design in 1992 when Galco achieved yet another industry first: adding a set of independent tension screw adjustments, allowing for a custom fit to the firearm and micro-adjustment of the draw stroke. The minimalist design and near-vertical carry angle make the Yaqui Slide very fast to draw from, while securing the firearm during everyday activity. The belt channel on most Yaquis has a circular cut-out for placement on the pant loop to prevent shifting of the holster. The open-muzzle Yaqui design is a favorite of those who own multiple barrel lengths of the same gun model. Constructed of premium saddle leather and fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
Colt 1911	Tan	Right	C25GEYAQ212	$94.99

WheelGunner Belt Holster

Galco's extremely versatile new WheelGunner offers ambidextrous design as well as the ability to be used strong side or crossdraw. Suitable for both casual concealment and outdoor sportsman's carry, the WheelGunner carries a medium- or large-frame revolver high and close to the body. Fully ambidextrous, the WheelGunner allows carry in four different positions, simply by unsnapping the holster from the belt slide, moving the belt slide to different locations on the belt, and reattaching the holster. Strongside or crossdraw on either right or left sides – the WheelGunner does it all! The WheelGunner secures the revolver with a combination of hand molding and an adjustable hammer thong. Simply slip the hammer thong off and the gun is cleared for a fast, smooth draw. Fits belts up to 1 3/4".

Model	Color	Hand	Item No.	Price
S&W N-Frame 4"	Tan	Ambidextrous	C25GEWG126	$88.49

Model 1880's

The rig for the single-action shooter on the budget of the working cowboy. It is a high-ride, strong-side draw style reminiscent of the style of holster worn in American Westerns in the 1950's and 60's. It is constructed of tan premium saddle leather. Belt is not included but can be purchased separately.

GALCO® HOLSTERS

Combat Master Belt Holster

Galco combined premium saddle leather, double-stitched seams and hand-molded fit to create the Combat Master™, a holster of exceptional quality. The open top design offers a swift draw and presentation, while detailed molding provides secure retention. The butt-forward cant allows effective concealment of even a large defensive handgun. The Combat Master has an open muzzle and fits belts up to 1 3/4".

Pocket Protector Pro Holster

While limiting the carrier to a relatively small handgun, pocket carry offers some unique advantages. Not only is the handgun completely covered and concealed, but the gun carrier can casually place a hand on the holstered/pocketed pistol if a nonspecific threat materializes – and the fastest draw is to have the gun already in hand. The Pocket Protector™ holster is designed for front pocket carry in pants or a jacket. The Pocket Protector keeps the firearm in the same general position so you can quickly locate the grip when you need to draw, conceals the shape of the gun so that its outline is not printed through the pants, and allows one-handed release of gun from both pocket and holster.

S&W J-Frame *c/o*	Black	Ambidextrous	C25GEPRO158B	$35.49

Ankle Lite Ankle Holster

Using the same wide Neoprene® ankle band and Velcro® closure as the Ankle Glove with Center Cut Steerhide™ for the holster, the Ankle Lite combines extended wearing comfort with unmatched security. Additional comfort is provided by sheepskin padding between the holster and ankle, while speed of draw is enhanced with a reinforced thumb break retention strap. Accommodates ankles up to 13" in circumference.

STEALTH OPERATOR

Stealth Operator™ Holster – Full Size

Each Full Size holster features our unique Frame-Lock technology, which ensures positive retention of your firearm. That means that once your weapon locks into the holster, it will stay secure until you need it. Coupled with a super-durable injection molded nylon shell, rust-resistant black oxide hardware, and a robustly flexible design, the Stealth Operator Full Size is the multiple-pistol-owner's dream come true.

Stealth Operator Holster – Full Size *(Black)* ..... C25LBH50054 ..... $35.95
Stealth Operator Holster – Full Size *(Coyote Tan)* ..... C25LBH60066 ..... $35.95

Stealth Operator™ Holster – Compact

The Stealth Operator Compact is the natural evolution to the holster series, with a lightweight, minimalistic design that allows for comfortable, all-day outside-the-waistband (OWB) carry.

The Compact holster features the same super-durable injection molded nylon shell, rust-resistant black oxide hardware, and robustly flexible design you'll find throughout the series. In addition, the Frame-Lock technology maintains positive retention across a wide range of firearm designs. Once your weapon locks into the holster, it will stay secure until you need it.

SAFARILAND®

Model 18 Inside Waistband Holster

The Model 18 is an inside the waistband (IWB) holster constructed of firm SafariLaminate™, allowing the holster to stay open after drawing, eliminating any fumbling while reholstering. It features a synthetic suede outer lining that grips clothing for less movement of holster. The open top design features a double snap belt loop that is adjustable for cant angle and fits both 1.25 in. (32 mm) and 1.5 in. (38 mm) belt widths.
• Available in a sueded black finish. • Right Hand Only

Fit	Item No.	Price
Glock 19, 23 *c/o*	C25SF1828361	$50.80

Model 25 Inside-the-Pocket Holster for Revolvers

An all look for the inside-the pocket holster. The holster will stay open; simply drop handgun into pocket and it holsters itself. Extra thin, extra soft holster for extra deep concealment. The moisture proof membrane layer prevents perspiration from penetrating the holster and collecting on the gun.

Color	Hand	Item No.	Price
Plain Black	Right	C25SF250121	$46.00

Fits: Colt Agent, Detective Special, DS-II, SF-VI 2" Bbl., Ruger SP101 2.25" Bbl., S&W 31, 34, 36, 36LS, 37, 60, 60LS, 38HL,49HL 649HL, J small frame 2" Bbl., Taurus M-85 2" Bbl.

Traditional Large Paddle

This 568BL injection molded polymer paddle is designed for use on standard 3-hole pattern holsters. It includes a self-locking feature - a hook that slides under the bottom of the belt to keep the pouch secure on the belt. Its ergonomic contoured design fits comfortably behind the hip. Fits belt widths up to 1.75 inch (45 mm).
Traditional Large Paddle - Right Hand
C25SF1123716 ..... $17.20

Model 6378 ALS® Paddle Holster

The Safariland Model 6378 Holster is a concealment version of the Automatic Locking System ALS®) series holsters. Once the weapon is holstered, it "locks" into place, providing an extra measure of security from standard open top holsters. A simple straight up draw is possible once the ALS® is de-activated by the thumb while obtaining a shooting grip. IDPA approved. The Model 6378 holster features an all- injection molded paddle design that is highly concealable and rides close to body with a slightly forward weapon cant. It also comes standard with the 567BL belt loop, fitting 1.5" to 1.75" belt widths. Additionally, it features suede lining to help protect the gun's sights and finish, and its SafariLaminate™ structure with wraparound design provides the strongest design combination available. • Plain Black Color

Glock 19, 23, 32	Right	C25SF6378283411	$60.00

7378 7Ts™ ALS® Concealment Paddle & Belt Loop Combo

- ALS® (Automatic Locking System) secures weapon once holstered; simple straight up draw once release is deactivated
- Open-top design without SLS for quick retrieval of weapon
- Constructed of SafariSeven™, a proprietary nylon blend that is completely non-abrasive to a firearm's finish
- Raised stand-off surfaces in holster's interior creates air space around the weapon allowing dirt and moisture to quickly clear any contact with the firearm
- Very high heat and low cold tolerances; structurally sound from 300°F to -50°F
- Includes injection-molded belt loop; is user adjustable for cant and can be worn crossdraw

Model 571 GLS™ Slim Pro-Fit™ Concealment Holster w/Micro Paddle

- As with other Pro-Fit models, designed to fit multiple weapons
- Unlike prior Pro-Fit models, not a large amount of different weapon fits, given the holster was designed to be as small as possible, focusing on very slender, CCW friendly weapons
- SafariSeven material will not mar the finish on the gun
- Designed to accept larger aftermarket night sights
- Unique to these "slim" models, is a "micro paddle"
- One point of adjustment to fine-tune tension on gun

Model 079 Magazine Holder, Snap-On, Double Plain Black Only

The Model 079 is a patented holder that features a low cut design for easy magazine grasp. Molded from Safari-laminate, it holds magazines tightly in place. The Model 079 holder differs from the 076 competition version in that it has two straps on the back that form the belt loop. The 079 also features an adjustable magazine tensioning device that lets an officer set the exact amount of friction required to remove the two magazines.

Double Magazine Holder ..... C25SF079836 ..... $42.00

Fits: Glock 17, 19, 22, 23

SAFARILAND®

Model 578 GLS™ Pro-Fit™ Holster with Paddle

The holster body is constructed with SafariSeven™, a lightweight, state-of-the-art nylon blend is completely non-abrasive to a gun's finish, tolerant of extreme high and low temperatures, and easy to maintain. This holster includes an injection-molded paddle and an injection-molded belt loop that is adjustable for maximum comfort and allows the holster to be worn cross draw.

- *GLS™ (Grip Lock System) secures weapon once holstered; retention is deactivated with the middle finger upon a standard shooting grip on the weapon*
- *Designed to fit multiple weapons in one holster, adjustment available to further customize fit*
- *Body is proprietary nylon blend that is non-abrasive to a firearm's finish, maintains very high heat tolerance, low cold tolerance*
- *Low-cut and compact design make concealment easy while also allowing for a quick draw*
- *Injection-molded paddle design is highly concealable and rides close to body*

Species IWB Concealment Holster

A new species of Boltaron holsters. A minimalist design offers a smaller package versus other IWB holsters. The enhanced material selection and design integration brings Safariland quality materials into this new species of IWB holsters. Dual functionality and tension adjustment allows users to personalize the holster fit, feel, and draw. SafariLaminate™ thermal-molded construction for superior durability and longevity. Suede lined for improved firearm fit while improving handgun's finish. Minimalist design reduces bulk in key areas for ideal IWB (inside-the-waistband) appendix style carry.

7371 7TS™ Micro ALS® Concealment Paddle Holster

The Safariland® Model 7371 7TS Holster combines the security of ALS® with the speed and simplicity of an open-top design. ALS® secures your weapon automatically as it is holstered, yet still allows a fast, natural draw with the swipe of the thumb release as you acquire your shooting grip. Built from durable, weather- and temperature-resistant SafariSeven™ non-marking nylon blend, the 7371 will not scratch or mar the finish of your firearm, and its raised interior stand-offs allow dirt and moisture to clear quickly. The 7371 comes with the 571BL Paddle, its small footprint is specifically designed for sub compact firearms.

Model 123 Horizontal Magazine Holder

The Model 123 is a very unique carry design. Simply wrap the hook and loop belt attachment around the belt and a spare magazine is ready and accessible. A hook and loop closure keeps the magazine in the pouch. The 123 is tough and lightweight, yet soft. Magazine can be worn in either a horizontally or vertically carry. • *Fits: Glock 17/19/22/23.*

Single Magazine Holder, Plain Black ..... C25SF123832 ..... $25.20

Model 71 Injection Molded Single Magazine Pouch

Features: • Flexible "accordion" design allows for multiple fits and minimal size • Fits magazines, flashlights, knives and multi-tools • Fits up to 1.75" belts

Plain Black ..... C25SF7122 ..... $21.60

Model 075-2 Hearing Protector Holder

This injection molded plastic holder wraps around and clips on to the belt providing a hook attachment to hang ear muff style hearing protectors while out on the range. It can also be used to carry a supply of disposable restraints.

Features:

- *Clips on to belt • Available in Black Injection*
- *Molded and designed to be worn with belts up to 2 1/4".*

Hearing Protector Holder, Black ..... C25SF0752 ..... $10.00

6075UBL Low-Ride Universal Belt Loop

Extends the holster farther down from the belt for a lower ride that is more comfortable and concealed. Universal Belt Loops constructed of durable polymer material for long-lasting use. Fits all Safariland holsters with the 3-hole pattern and fits belts with 2" or 2.5" width. Will not pinch or add pressure to hip bone, support ridge removed from the belt shank. Locks onto the duty belt with belt slot design, will not damage top of belt.

Black ..... C25SFNXBL93012 ..... $72.00

Model 79 Slimline Open-Top Double Magazine Pouch

The Model 79 Slimline Open-Top Double Magazine Pouch is designed to carry two magazines vertically on a 2.25" (58mm) duty belt. The magazines are oriented face out to save space on the belt. It's constructed of rugged SafariLaminate™ and is available in several scuff-resistant finishes with four different closures.

Glock 17/22 (STX Tactical)

C25SF798313 ..... $29.20

Model 074 Magazine Holder, Paddle

The 074 is a paddle style magazine holder that doesn't require a belt to hold it firmly in place. The 074's Safari-laminate construction and molded polymer paddle work together to make this one of the best magazine holders for quick-on/quick-off concealment situations. The paddle has a built-in locking mechanism that keeps the holder in place at all times - yet it can be slipped off in an instant.

- *Paddle-style single magazine holder*
- *Fits belts up to 1.50" wide*
- *Adjustable tension device*

Sticky Holsters

Sticky Holsters

Sticky Holsters allow you to deploy and adjust your firearm in seconds. No bulky clips or straps to get in the way. Our lightweight holsters weigh less than 3 oz. and the closed-end design keeps lint and dust out, while keeping gun oil off of you. Body heat and use conforms holster to your gun, so your holster fit will continue to improve with use.

Mag Pouch Sleeve

- Fits Double stack and single stack 1911-style magazines.

Dual Mag Sleeve (Single) ..... C25YAMPSPX1 ..... $16.95

Super Mag Pouches

Our goal was to take the magazine pouch to the next level and by making it even more useful. Sticky Holsters is proud to introduce our Super Mag Pouch. We have devised a way for you to carry whatever magazine or accessory you like in the same pouch. Flashlights, a .45 magazine, a pocket knife, a .380 magazine or maybe a 38 special zip strip - each will fit in our new Super Mag Pouch.

Super Mag Pouches ..... C25YASMPX1 ..... $16.95
Super Mag Pouches *(2-Pack)* ..... C25YASMPX2 ..... $27.95

Guard-Her Belt

Our modular designed Guard-Her-Belt works in conjunction with a Sticky Holster providing versatility and stability. We used an extremely comfortable soft plush, industrial strength elastic. The plush is on both sides to eliminate any chaffing or discomfort. The "STICKY" patches on the inside remove the need for any additional clips or straps to hold it in place.

The Guard-Her-Belt also includes two accessory pouches for an additional magazine or knife

Large *(20" - 31")* ..... C25YAGUARDHERBELTLG2031 ..... $27.95
Medium *(18" - 28")* ..... C25YAGUARDHERBELTMED1828 ..... $27.95
Small *(15" - 26")* ..... C25YAGUARDHERBELTSMALL1526 ..... $27.95

Ankle Biter Wrap System

In your waistband, in your pocket and now, securely on your ankle, Sticky Holsters offers more ways to wear our unique products.

As an added bonus, it will work with many other IWB and pocket holsters, even those with clips. Using the same self-securing design as our holsters, the AnkleBiter Leg Rig secures to your leg and secures your holstered pistol. It is infinitely adjustable and fits directly on your leg or on the top of a uniform boot. Obviously, it's ideal for small guns, but the size of gun is only limited by the cut of your pants. You can even carry an extra magazine or knife right beside your choice of pistol.

- One size fits all

Ankle Biter Wrap System ..... C25YAANKLEBITER $37.95

Comfort Pad

The Sticky Comfort Pad is designed to make your uncomfortable IWB kydex holster "feel" like a Sticky Holster. This pad eliminates the pressure and discomfort of hard plastic against your body. This pad is made from our cushioned "Sticky" material and will add comfort and help the firearm feel lighter and more secure.

Large *- 8.25" x 3.75"* ..... C25YACOMFORTPADLG $18.95
Medium *- 7.25" x 3.75"* ..... C25YACOMFORTPADMD $18.95
Small *- 6.25" x 3.75"* ..... C25YACOMFORTPADSM $18.95

Belly Band

Our modular belly band works in conjunction with a Sticky Holster. This allows the user to place the holster and gun in any location. Our belly band is made with an industrial strength plush elastic that ensure both comfort and strength. The band has three patches of "STICKY" material to ensure the band stays in place without constant adjustments or movement. The band also includes four built-in accessory pockets.

Large *- 32" - 50"* ..... C25YASTICKYBELLYBANDLG3250 ..... $37.95

Travel Mount Adapter

Attach your Travel Mount to any surface with loop Velcro.
Such as Tactical Bags, Backpacks and Purses.
(Travel Mount adapter is made from double sided hook Velcro.)
Extra Adhesive Strips (3/pk) ..... C25YATMAS $7.99

Belt Slider

This is our elastic magazine carrier that slides onto a belt.
It will fit most belts up to 1.75".
You can use the accessory slot to carry an extra magazine, knife, or tourniquet. The accessory slot also has our "Sticky" material to help hold smaller or smooth items in place. It is open ended so a variety of different sized items can be carried from a single stack .380ACP magazine up to a large double stack .45ACP magazine and everything in between.
Belt Slider ..... C25YABS $9.95

Optics Ready Sticky Holsters

Sticky Holsters allow you to deploy and adjust your firearm in seconds. No bulky clips or straps to get in the way. We are proud to announce the introduction of our Optics Ready Line of holsters. These holsters will accommodate most firearms and optic setups.

Apparition® Holster

You can't see it, you can barely feel it, but you know it's there. That's Uncle Mike's Apparition Holster. The Apparition Holster's soft polymer construction and adjustable, ambidextrous design make it ideal for all-day wear. Wear the Apparition inside or outside the waistband; on the appendix, behind the back or cross-draw, with various cant and ride heights. Soft, ultralight and comfortable: Uncle Mike's Apparition is the everyday concealed carry holster you've been looking for.
• Ultralight soft polymer construction, ideal for all-day wear
• Ambidextrous design accommodates all shooters

Pro Pak Holsters and Accessories

UM77921

Pro Pak Series Holsters are made of an extra thin laminate for concealability. Waterproof closed-cell foam padding aids in comfort while providing moisture barrier. Smooth nylon lining further protects gun finish and aids in drawing and reholstering. Simple, super-lightweight harnesses are easy to put on and take off with fast, Velcro adjustments.
Laminated harness yokes have soft, non-abrasive, non-slip material on inside; smooth, non-stick material on outside that won't hang up on clothing. Non-stretch retention straps and molded thumb/finger breaks are adjusted by Velcro. Straps are covered with patented Strap Traps to keep straps from stripping away and to prevent chafing; adjustment tool included.

KICK-EEZ®
Sorbothane®

Sorbothane®, a one-of-a kind visco elastic polymer, has been medically and scientifically proven to be the finest cushioning material available today . Kick-Eez pads reduce more recoil and do it better than any other pad. Less recoil reduces flinching, eases sore shoulders or cheeks. By reducing the rebound effect of the first shot, second shots are quicker and more accurate. Pad will not "bottom out" as other materials tend to do even after thousands of compressions.

All Purpose
This pad was designed to be an "All Purpose" pad. It can be used in all shooting applications such as field, trap, skeet and sporting clays.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5 5/8" x 1-1/8"	C25KE30110LB	$39.49
Med. Black	1-7/8" x 5-1/4" x 1-1/8"	C25KE30210MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 15/16"	C25KE3028MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 1/2"	C25KE3025MB	$39.49

All Purpose
The **All Purpose** pad was designed for all shooting applications. This new addition to the line is only 1/2" thick. It accommodates the guns really well that have hydraulic units or adjustable plates. Now you can have the Sorbothane comfort without sacrificing your length of pull.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 1/2"	C25KE3015LB	$39.49

Magnum
Originally designed for use on extra large bore guns, but is suitable for any gun to tame heavy recoil. It has a basically flat back and is canted downward on both ends for easy shouldering.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-3/8"	C25KE501125LB	$39.49
Med. Black	1-7/8" x 5-1/4" x 1-3/8"	C25KE502125MB	$39.49

Modified Trap
The **Modified Trap** pad has a revolutionary design that is slightly concave with a blast finish on the face. It gives you 100% contact with your shoulder eliminating pressure points. Also, the design allows you to shoulder the gun in the same position every time especially those shooters who like to shoot form the high shoulder position.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 3/4"	C25KE4036LB	$39.49
Black	2" x 5-5/8" x 15/16"	C25KE4038LB	$39.49

Trap
This pad has a concave back and was designed especially for "Fixed Position" trap shooting. It has horizontal ribbing on the face to further increase stability.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-1/8"	C25KE40110LB	$39.49
Large Black	2" x 5-5/8" x 3/4"	C25KE4016LB	$39.49
Large Black	2" x 5-5/8" x 15/16"	C25KE4018LB	$39.49
Med.. Black	1-7/8" x 5-1/4" x 1-1/8"	C25KE40210MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 3/4"	C25KE4026MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 15/16"	C25KE4028MB	$39.49

Sporting Clays

Sporting clay pads have basically the same contour lines as the All Purpose pads except the Sporting Clay pads have the heel contoured at approximately 45 degrees to allow easier shouldering from the "low gun" position.

Color	Size: W x L x T	Item No.	Price
Large Black	2" x 5-5/8" x 1-1/8"	C25KE20110LB	$39.49
Large Black	2" x 5-5/8" x 3/4"	C25KE2016LB	$39.49
Med. Black	1-7/8" x 5 1/4" x 3/4"	C25KE2026MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 15/16"	C25KE2028MB	$39.49
Med. Black	1-7/8" x 5-1/4" x 1-1/8"	C25KE20210MB	$39.49

Junior

This pad was designed to accommodate stocks that have been shortened. The screw holes are spaced only 2-3/4" apart which allows for trouble-free mounting. One size and one thickness only.

Color	Size: W x L x T	Item No.	Price
Black Junior	1-11/16" x 4-5/8" x 15/16"	C25KE3048JRB	$39.49

Rocker

This new design lets the recoil pad mount more consistently to the same pocket area naturally and will not dig into your shoulder because of the tapered toe end design of the pad. It's color is black only with dimensions of 2" wide 5 5/8" long. Tapered thickness.

Color	Size: W x L x T	Item No.	Price
Black	2" x 5-5/8" x 1-1/8"	C25KE60110LB	$39.49

Special

Special shape to fit those difficult stocks such as Browning Gold, Beretta 390, all Benelli's (Including synthetic) and many other problem fittings. Black only. *All Measurement Are Approximate*

Color	Size: W x L x T	Item No.	Price
Black	2-1/4" x 6" x 15/16"	C25KE8018XLB	$39.49

*The **KICK-EEZ® Dual-Action** recoil absorbing pad combines two layers of Soborthane®. The first ultra-soft Sorbothane® layer reacts to absorb recoil fast for increase accuracy. The second Sorbothane® layer dissipates energy and completes maximum recoil absorption.*

Dual-Action All Purpose

Same as our Standard All Purpose Pad except the Dual-Action Pad combines two layers of Sorbothane®. The first ultra-soft layer reacts to absorb recoil fast for increased accuracy and the second layer dissipates energy and completes maximum recoil absorption. • Black on Black

KICK-EEZ®
Sorbothane®

Recoil Inserts
KICK-EEZ® Sorbothane® RECOIL INSERTS provide an additional layer of recoil protection. These inserts fit precisely into the KICK-EEZ® SLIP-OVER RECOIL PAD... or they can easily be added to any of the most popular "slip-on" style recoil pads (trim to fit if needed). KICK-EEZ® RECOIL INSERTS are perfect for adjusting length-of-pull, just add or combine inserts to modify your length-of-pull as needed.

Color	Size	Item No.	Price
Inserts (2)	1/4" *Medium*	C25KEKZIM	$11.79

KICK-EEZ Spacers
These jet black spacers are made from a strong lightweight plastic polymer. They are easy to fit, grind, finish, and have superior machining and sanding characteristics for a great look. The universal slotted hole design makes it easy to match almost any hole location. Use one or more to adjust your length of pull.

Color	Size	Item No.	Price
Black	*1/2"* Thick	C25KE701120	$13.29
Black	*1/4"* Thick	C25KE701140	$9.29
Black	*1/8"* Thick	C25KE701180	$7.79

Pitch Spacer

They are easy to fit, grind and finish. The universal slotted holes at each end make it easy to match almost any hole location. The uniform ends make one spacer either positive or negative depending on which end is up. Use one or more for your personal pitch.

1/2" Thick	C25KE105120	$13.29
1/4" Thick	C25KE105140	$8.29

CHEEK-EEZ Cheek Protector
An oval-shaped sheet of microcellular urethane that adheres to your gun comb to virtually eliminate recoil shock to the cheek. These pads are also very useful if you need some adjustment to your "line of sight." This item is not recommended for high gloss oil finishes or most synthetic stocks as it will not stick to these finishes.

Color	Size: W x L x T	Item No.	Price
Black	5" x 6" x 1/16"	C25KE703116	$15.29
Black	5" x 6" x 1/4"	C25KE703140	$20.99
Black	5" x 6" x 1/8"	C25KE703180	$16.99
Black	5" x 6" x 3/16"	C25KE703316	$19.79

HAND-EEZ Palm Swell

The Sorbothane® Palm Swell absorbs shock, vibration, helps alleviate hand and finger cramps, reduces hand fatigue thus increasing the shooter's ability to control the gun. The Palm Swell has checkering which gives a professional look and custom fit.

Palm Swell *Right Hand*	C25KE102RPS	$13.79

Precision-Fit Recoil Pad

The LimbSaver® Precision-Fit Recoil Pad is a custom fit recoil reduction pad for rifles and shotguns that is easily installed after removal of the existing stock pad. It features our innovative recoil reduction technology that absorbs shock and vibration. This revolutionary three-step process features Sims Vibration Laboratory's proprietary NAVCOM™ (Noise and Vibration Control Material). It is designed to displace shock on a broadband spectrum (0 to 2500 Hz) ensuring maximum shock relief from recoil and greater protection for the shooter. This superior LimbSaver® recoil reduction system allows greater access to the firearms sport for women, youth, and the disabled.

- *Reduces up to 70% of Felt Recoil*
- *Incorporates Anti-Muzzle Jump Technology*
- *Designed for Synthetic, Wood, & Laminate Stocks*
- *Simple Installation • LimbSaver 3-Step Technology*
- *Built for All Weather Conditions*

Magpul Carbine Recoil Pad

Synthetic rubber recoil pad slips over the hard plastic buttplate on an M4-type adjustable carbine stock for secure, non-slip shouldering and as much as 70% reduction in felt recoil. Made from proprietary NAVCOM™ shock-absorbing material that won't crack, split, or take a "set." Spreads recoil over a larger area and prevents the stock from digging into your shoulder during long periods in the ready position. Improves weapon control and reduces muzzle jump to aid in fast, accurate follow-up shots. Secure snap-on design for quick installation and removal.

Magpul Carbine Recoil Pad ..... C25SA10025 ..... $38.99

AR-15/M4 Snap-On Recoil Pad

- Snaps onto most six-position AR-15/M4 tactical stocks
- Reduces muzzle jump allowing for faster target re-acquisition
- Helps keep rifle securely positioned against your shoulder
- Made from LimbSaver's proprietary NAVCOM material to dampen vibration
- Built to be used outdoors in all harsh environments

Black ..... C25SA10019 .... $38.99

Slip-On Recoil Pad

The Slip-On Recoil Pad makes our 3-Step System available for everyone. In small, medium and large, this shock-absorbing miracle simply slides over the stock. It provides you with the same shooting comfort found in our award-winning LimbSaver Precision-Fit Recoil Pads. Simply find the size that fits your favorite rifle, shotgun or muzzleloader, remove the existing shoulder pad and slide on the Slip-On.

The LimbSaver Slip-On Recoil Pad offers the same recoil-taming benefit as the Precision-Fit and Grind-to-Fit Recoil Pads

Black	Size: L x W	Thickness	Item No.	Price

AirTech® Slip-On Recoil Pads

AirTech Slip-On pads are designed to slip over existing firearm stocks without any modifications.

Though slip-on pads will work with or without factory recoil pads, we highly recommend removing the existing pad before putting the slip-on recoil pad on; this will ensure the best fit and will prevent slipping during use.

AirTech® Precision-fit Recoil Pad

- **Protection:** AirTech® Recoil Pads offer premium protection for your shoulder so you can enjoy a day of shooting without the usual discomfort and bruising. They feature advanced atmospheric chambers and utilize NAVCOM® technology to reduce felt recoil by up to 70%
- **Accuracy:** AirTech® pads help to increase your accuracy by giving you a stable shooting platform that grips to your shoulder and stays in place even in the rain. They incorporate anti-muzzle jump technology for quick and accurate follow-up shots. Also, by reducing felt recoil and pain, you will be less likely to flinch, which will make you a more consistent shooter overall.
- **Precision-Fit Sizing:** AirTech® Precision Fit Recoil Pads are designed to fit specific gun stocks. Models are available for most popular guns stocks with more being added each year.

LS LIMBSAVER®

Accuracy Tightens Groups

LimbSaver® Barrel De-Resonator
The "New" LimbSaver Barrel De-Resonator is designed to dampen out unwanted vibration b settling time of the barrel. The accuracy benefit is immediate, providing sub-minute angle groups for over-the-counter factory ammunition. This easy-to-install unit simply slips over most standard barrels. Designed and manufactured with our proprietary NAVCOM (Noise and Vibration Control Material), and engineered for optimum performance utilizing Sims Vibration Laboratory's DTMS (Decay Time Modification System).
Sharpshooter X-Ring *Black* ..... C25SA12051 .....$9.99
Bull Barrel Sharpshooter
X-Ring *Black*..... C25SA12052 .....$9.99

LimbSaver® Protective Shooting Pad
The adjustable Shooting Pad includes a removable system made of SVL's proprietary NAVCOM™ material, engineered with variable-sized nodes that disperse the recoil better than any other material on the market. The LimbSaver® Protective Shooting Pad houses the recoil-reducing system and is made of a comfortable, durable, material for the hunter or the trapshooter. The LimbSaver® Protective Shooting Pad has a simple adjusting strap and a single-point snap-in lock for a customized fit.
Strap on Shooting Pad Black..... C25SA90102. $35.99

CALDWELL®

Mag Shield™
The PAST® Magnum Shield is designed to provide vital recoil protection while sighting in your rifle, or doing bench rest shooting.
- *Our original 1/2" patented foam recoil shield*
- *Recommended for calibers thru 7mm*
- *Excellent protection for mid-range centerfire rifles.*
- *Ambidextrous*

Mag Shield™ ..... C25PH300010 .... $25.49

Mag Plus Shield™
The PAST® Mag Plus Shield provides the same recoil protection as the Mag Shield, but the heart-shaped design gives additional protection to the upper arm and creates more surface area to better dissipate recoil energy. Ambidextrous.
Mag Plus Shield ..... C25PH310010 .....$30.99

Super Mag Plus Shield™
The PAST® Super Mag Plus Shield is designed to tame the real thumpers like the 416 Rigby and the 500 Nitro Express. This shield is 1" thick and provides the highest protection level of any PAST Shield. The heart shaped design provides superior protection for the shoulder and the upper arm Weighs 10 ounces.
- Ambidextrous

Super Mag Plus ..... C25PH330110 ..$37.99

Field Shield™
The PAST® Field Shield is designed with the field shooter in mind. Lightweight, patented foam recoil system is designed to allow quick and easy gun mounting in the field, yet provide valuable protection from unwanted recoil.
- Ambidextrous

Field Shield ..... C25PH350010 .....$25.49

BLUE FORCE GEAR

Vickers ONE Sling

Lighter and slimmer - the Vickers ONE Sling. The Vickers ONE Sling offers all the features of the Vickers Combat Application Sling™ in a slimmer, minimalist design, creating a lighter and more versatile sling. For those with a lightweight rifle build or pistol caliber carbines, this sling is for you. The Vickers ONE™ Sling utilizes 1" webbing and custom designed hardware to create a sling that functions as a Vickers Sling, but at 23% less weight than the Vickers Sling.

- *Nylon hardware: glass reinforced DuPont Zytel® Nylon.*
- *Invista solution dyed CORDURA® webbing*
- *One inch webbing*
- *Patented Quick Adjuster with Contrasting Pull Tab*

Black ..... C25GKVCAS100OABK $59.95
Coyote Brown ..... C25GKVCAS100OACB $59.95

Vickers ONE Push Button Sling

Black ..... C25GKVCASPB100AABK ... $96.95

UDC Padded Bungee One-Point Sling

The UDC Padded Bungee Sling is a dedicated single point sling that is both fast and comfortable. The UDC Sling has 2" inline padding, similar to the Padded Vickers Slings for extra comfort that end in two sections of bungee. The bungee has a travel of approximately 2" - enough to absorb shock from movement or transitions but short enough to reduce the risk of facial injuries or sagging weapons. The overall length is adjustable, ambidextrous, and compatible with use over body armor.

- ***HK Hook Adapter**: fits on weapons with HK style eyelets, SCARs, or endplates with hook loops. Comes with an elastic Hook Cover*

Color	Adapter	Item No.	Price
Black	HK Hook	C25GKUDC250BGBK	$81.95

Vickers 221 Sling

Combining our new polymer Burnsed Socket and patented RED Swivel, the Vickers 221 Sling allows users to switch from two point to one point mode instantly by pulling on the RED Swivel knob and reinserting it in to the Burnsed Socket at the rear of the receiver. The instantaneous adjustability of the sling is still maintained in both 1 and 2 point modes.

- *Push Button attachment points for weapons with rear mounted push button sockets*
- *Invista Solution CORDURA webbing*
- *Machined steel and phosphate*
- *ITW GhillieTEX™ Low IR hardware*
- *Textured sphero-conical shaped pull knob*

Coyote Brown ..... C25GK2TO1R125AACB ... $106.95

Vickers Two-Point Combat Sling

Able to quickly transition from carrying a slung rifle comfortably to combat ready, the patent pending Quick Adjuster has bridged the gap between the two primary uses of weapon slings – from transporting to fighting. All VCAS™ Slings are built with precision & pride right here at home in the US with superior materials.

- *TEX 90 bonded nylon thread*
- *Invista Solution Dyed CORDURA® webbing – low IR, soft enough for comfort but stiff enough to prevent rolling and hardening*
- *ITW Acetal Hardware – Ghillie-Tex™ low IR military grade plastic reduces noise and weight*
- *Differentiated Adjuster pull tab – different color stands out enough for quick adjustment, tactile indicator for use in the dark or with gloved hands*

MultiCam® ..... C25GK200OAMC $74.95

Side Release Swivel

The Side Release Swivel allows for the secure attachment of a Vickers Combat Applications Sling to traditional sling swivel studs found on many hunting rifles, shotguns, and modern bolt action rifles. The Side Release Swivel provides a 1.25" sling slot and is phosphate finished for corrosion protection.

Side Release Swivel ..... C25GKPSSQD125 ..... $21.95

Sling Sleeve

Slings are essential for gun fighting but a pain in the gun safe, arms room, or back seat of your car if not stowed properly - a serious potential snag hazard. The Sling Sleeve™ is a 5" long tube of military grade elastic that holds your sling neat and snag-free but remains ready for instant deployment. To use, thread your sling through the Sleeve and then mount the sling to your rifle. "Z fold" your sling taut and slip the Sling Sleeve over the bundle. To deploy, simply grab the sling and pull.

Black ..... C25GKSS500BK $8.95
Coyote Brown ..... C25GKSS500CB $8.95
MultiCam® ..... C25GKSS500MC $8.95

VIKING TACTICS

VTAC

VTAC® Original Sling

The flagship product of Viking Tactics, Inc., the Viking Tactics Sling's revolutionary design has made it a favorite of the Special Forces community. Created for a collapsible stock (AR-15 type rifles), the Viking Tactics Sling is quick, versatile, dynamic, and most importantly, simple. The VTAC Sling is instantly adjustable, allowing you to adjust shooting positions with ease. You can easily move from strong side shoulder to weak side shoulder or secure your carbine during handgun transition. Unlike other slings on the market, the Viking Tactics Sling isn't just a carrying strap. Its full range of adjustability will enhance retention for when you need your hands free. It is also one of the only tactical slings that can be used as an adjustable shooting sling.

Black ..... C25VJVTACMK1BK $44.99
Coyote Brown ..... C25VJVTACMK1CT $44.99

VTAC® Wide Padded Sling

The Viking Tactics Padded Sling was designed with the same great features as the original Viking Tactics Sling, but with added comfort for carrying heavier firearms. Designed with the shooter and soldier in mind, the Viking Tactics Padded Sling is made with a shoulder strap with closed cell foam. The forward adjustable portion of the sling remains the same as the original sling, giving you quick and easy adjustments from any position.

MAGPUL

MS1® Sling

Built around our MS1 slider, this system provides rapid adjustments to either lengthen or shorten the sling with no slipping once set, and no tails, loops, or other potential snag hazards. In a two-point role, the MS1 allows easy shoulder transitions, rapid adjustability for hands free rifle carry and shooting support from various positions

- *Dedicated two-point sling*
- *Rapidly adjustable for length (shorter or longer) with new MS1 Slider*
- *No tails, loops, or other potential snag hazards*
- *Light weight yet durable hardware made of heavy-duty polymer*
- *Custom 1-1/4" wide nylon webbing material is strong and wear resistant while remaining anti-chafe for user comfort*
- *Colored webbing has Near Infrared (NIR) treatment to reduce IR signature*
- *Can be configured for two to one-point convertibility with optional adapters*

MS1® Sling..... C25ZZMAG513BLKI $30.99

MS4® Quick Detach Sling

The MS4 maintains material construction and specifications identical to that of the standard MS3, but features two heavy-duty push-button QD sling swivels rather than the Magpul Paraclip align with a steel D-Ring to allow one to two-point convertibility.

- *Heavy-duty push-button QD sling swivels for both one and two-point attachment*
- *Durable, precision-cast steel QD D-Ring allows for quick transition from one to two-point mode and is finished with Melonite for extreme resistance to wear and corrosion*
- *Custom 1.25 inch wide nylon webbing material is strong and wear resistant while remaining anti-chaff for user comfort*
- *Low-profile adjustment Slider for adding or removing sling tension in two-point mode with a single-hand*
- *Colored webbing has Near Infrared (NIR) treatment to reduce IR signature*

MS4® Quick Detach Sling..... C25ZZMAG518BLKI $63.99

ASAP®QD - Ambidextrous Sling Attachment Point QD

The ASAP QD (Ambidextrous Sling Attachment Point QD) allows a wide range of motion, enabling true ambidextrous weapon manipulation for both left and right handed shooters. Replacing the standard AR15/M4 carbine stock receiver end plate, the ASAP QD provides a tactical advantage by minimizing sling snagging and facilitating easy transition to and from weapon and reaction side shoulders. The ASAP QD works with one-point type slings with push-button quick disconnect sling swivels such as the MS4 GEN 2.

LIMBSAVER By SVL SIMS VIBRATION LABORATORY

Kodiak-Air Firearms Sling

- **Comfort:** NAVCOM Air-Web Pattern will keep you comfortable and cool as it evenly distributes the weight of your firearm on your shoulder. It features extra flexible design which molds and bends to the contours of your body.
- **All Weather, No Slip**: The durable non-slip NAVCOM® material keeps the firearms from slipping and is suited for use in all weather conditions.
- **Control:** The ergonomic, adjustable hand grip provides custom position, comfort, and control. The grip looks securely into place
- **Universal Quick Detach:** Lock securely onto your firearm with the simple press of the pin. Press pin to release. The Universal Quick Detach is made of high-strength composite that is extra strong and stainless steel locking rod will no rust!
- HD Camo: The high-strength, woven-polyester webbing is now available in high-definition camouflage patters.

Buttstock Sling Tail *(Black)* ..... C25XUGTSL117 ..... $29.58

PAR 45º Picatinny Angle Rail

This PAR 45 picatinny angled rail has a 45 degree offset to keep a low profile. The angled rail has a Type III black anodized finish that is designed for mounting secondary sights.
- Material: Steel & Aluminum • Finish: Black Hardcoat Anodized

45º Picatinny Angle Rail ..... C25XUGTSW321 ..... $48.96

Side Rider Mounts

The Side Rider mounts are designed for a sling mount on the top rail of a handguard. They have a low profile mounting system that sits below the sight-line of optics. The mounts are designed with an aluminum construction with a Type-III black anodized finish.
Push Button Base ..... C25XUGTSW322 ..... $29.36
Snap Hook Loop ..... C25XUGTSW323 ..... $29.36

ANSCHUTZ T-Nut Adapter Set

The Anschutz Adaptor sets are designed to convert a pre-installed Anschutz rail to a picatinny bipod mount. It uses M-Lock hardware and a custom T-nut. All parts are steel and aluminum with Type III black hard anodized finish and black oxide finishes.
T-Nut Stud Adapter Set ..... C25XUGTSW324 ..... $35.55
T-Nut Rail Adapter Set ..... C25XUGTSW325 ..... $42.24

Base to Stud Adapter Fixed

- Adapts a standard swivel stud to a push button base
- Aluminum construction, Type III Black Anodized Finish, Will not scratch stock
- This base is fixed as opposed to its counter part GTSW235

Base to Stud Adapter - **Fixed** ..... C25XUGTSW108 ..... $18.02

Flanged Stud Mount

- 6061 Aluminum • Type III Hard Anodize Finish
- Steel Stud w/ Black Oxide Finish
- KeyMod Mount system • Hardware Included
- Fits Locking Swivels

Flanged Stud Mount - **Keymod** ..... C25XUGTSW111 ..... $20.08
Flanged Stud Mount - **M-LOK** ..... C25XUGTSW112 ..... $23.19

1" Standard Push Button Swivel Set w/Bases

Our Push Button Swivels provide a flush mounting system without protruding swivel studs. Fore end and butt stock swivel bases are countersunk into stock, and glued into place. Easily installed and fast operating for users who remove slings often. Includes smooth bases.
- For 1" Slings • Finish: Black Oxide

1" Standard Swivel Set w/Bases ..... C25XUGTSW06 ..... $19.88

GT™ Recessed Plunger Heavy Duty Push Button Swivels

Allows use of MASH or HK style CLASH hooks in push button base.
Black Oxide Finish C25XUGTSW263 $24.22

GT™ Bipod Stud Rail Adaptor

Mount bipods using standard swivel studs to Picatinny rails.
Type II Anodized Finish ..... C25XUGTSW265 ..... $36.07

GT™ Stock AR Forearm Stud Adaptor

Allows for use of standard locking swivels or bipods to 'stock AR forearms.
Black Oxide Finish ..... C25XUGTSW266 ..... $13.38

GT™ Stock AR Forearm Push Button Adaptor

Allows use of push buttons swivels on stock AR forearms. Push Button not included.
Black Oxide Finish ..... C25XUGTSW267 ..... $18.33

Shooting Accessories

GROVTEC FIREARMS ACCESSORIES

Two Piece Barrel Band - Swivel Sets

No swivel stud on your shotgun forearm?
Want to mount a sling on your lever action rifle's magazine tube? Our GT™ Barrel Band Swivel Sets are your answer. Our one and two-piece barrel band sets fit almost any firearm from a .22 rimfire magazine tube of .585" diameter up to shotgun barrel with a .635" diameter.
Two Piece Barrel Band - Swivel Sets ..... C25XUGTSW301 ..... $20.55

GT™ Snap Hook Heavy Duty Push Button Swivel Adapter

Easily convert any sling with push button swivels to this snap hook style attachment.
Adds versatility to all slings.
• Swivel not included • Anodized Finish
HD Push Button Swivel Adapter ..... C25XUGTSW269 ..... $41.73

GT™ Snap Hook Detachable Swivel Adapter

Easily convert any sling with detachable swivels to this snap hook style attachment. Adds versatility to all slings • Anodized Finish
Snap Hook Detach. Swivel Adapter ..... C25XUGTSW268 ..... $41.73

GT™ Snap Hook Multi Adapter

Quickly and conveniently converts push bottom swivel bases to accept snap style hooks. Fits standard size push button bases and rotates 360-degrees. Packaged in pairs, bases included
• Manganese Phosphate Finish
Snap Hook Multi Adapter ..... C25XUGTSW281 ..... $30.92

GT™ Bayonet Adapter Push Button Base

Mounting to bayonet lug of AR platforms, the Bayonet Adaptor Plate delivers easy, convenient positioning of a push button swivel base. Includes adaptor body, locking screw and locating screw
Bayonet Adapter Push Button Base ..... C25XUGTSW276 ..... $47.92

GT™ Shotgun Side Mount Single Point Adapter w/Stud Head

Providing single point sling options for Remington shotguns, the Patent-Pending Side Mount Single Point Adaptor installs simply with no modifications or gunsmithing required. Will mount on either side to accommodate right or left hand shooters.
Set includes wrench and threadlocker. Accepts all standard swivels. • Black Oxide Finish
Remington 870/11-87/1100 - 12ga. ..... C25XUGTHM273 ..... $32.75

GT™ Shotgun Side Mount Single Point Adapter w/Heavy Duty Push Button Base

Providing single point sling options for Remington shotguns, the Patent-Pending Side Mount Single Point Adaptor installs simply with no modifications or gunsmithing required. Will mount on either side to accommodate right or left hand shooters. Set includes wrench and thread-locker. Accepts all GT Push Button swivels. • Black Oxide Finish
Remington 870/11-87/1100 - 12ga. ..... C25XUGTHM270 ..... $33.32

GT™ Heavy Duty Push Button Swivels

Featuring extremely tight machining tolerances and pull testing to over 300-pounds of pressure, this heavy-duty swivel set utilizes a non-glare manganese phosphate finish to eliminates reflection
• Black Oxide Finish • 1-1/4" • Sling loop
HD Push Button Swivels ..... C25XUGTSW288 ..... $22.66

GT™ Recessed Plunger Heavy Duty Push Button Swivels

The release buttons on this swivel set come flush to the swivel body, virtually eliminating the chance for errant release of the swivel. Pull tested to over 300-pounds and featuring a non-glare finish.
• Black Oxide Finish • 1-1/4" • Sling loop

Recessed Plunger HD Push Button Swivels ..... C25XUGTSW287 ..... $24.22

GT™ Heavy Duty Push Button Swivel Bases

Made from stainless steel and finished with a non-glare black oxide finish, these bases deliver exceptional strength and security, allowing multiple swivel positions to be added to any synthetic or wood stock firearm. Accepts any GT push button swivel
• Black Oxide Finish
HD Push Button Swivel Bases ..... C25XUGTHM289 ..... $10.61

GT™ Non-Rotating Push Button Bases

Heavy-Duty stainless steel bases allow for locking swivels into position at 90-degree intervals for a rigid mount. 9/16-18 threads mount securely in synthetic or wood stocks. Fits all GT push button swivels.
• Black Oxide Finish
Non-Rotating Push Button Bases ..... C25XUGTHM290 ..... $12.87

GT™ Picatinny Mounted Heavy Duty Push Button Base

Aluminum construction featuring Type III hardened anodizing delivers a completely secure, movable mount for Picatinny rails. Fits all GT push button swivels.
• Type III Anodized
Picatinny Mounted HD Push Button Bases ..... C25XUGTSW278 ..... $31.42

CALDWELL®

Hydrosled™

- Hydrosled™ Reservoir: 35 lbs Water, 45 lbs. Sand, 60 lbs. Pebbles
- non-marring gun rest components
- Accommodates most detachable magazine rifles and lever action rifles
- Fine windage and elevation adjustment
- Non-marring rubber feet and rear elevation adjustment
- Advanced shock eliminator technology
- Up to 2.5" of front elevation adjustment with fine tune windage adjustment
- Most advanced recoil reducing shooting rest on the market delivers up to 95% Felt Recoil Reduction
- 2.75" of horizontal gun fit adjustment to accommodate most rifles and shotguns
- Rack and pinion elevation ram for precise adjustments
- Advanced rear recoil absorbing pad protects firearm and shooter
- Easy portability when empty
- Elastic front retention strap to reduce muzzle jump

Hydrosled™ ..... C25PH1093568 ..... $179.99

The Lead Sled® FCX™

The Fire Control FCX combines the two most innovative rest technologies into the industry's most advanced shooting platform. By incorporating the recoil reduction benefits of the Lead Sled system along with the ground-breaking performance of the Fire Control mechanism, ultimate accuracy and comfort come together in one rest. The rest is engineered and constructed for ultimate stability and durability. The adjustable length and front cradle height adjustment offer the versatility to accommodate almost any rifle, shotgun, or muzzleloader.

Lead Sled FCX ..... C25PH820444 ..... $399.99

Fire Control Front Rest™ & Full Length Rest™

The Fire Control Front Rest is perfect fingertip control over the location of your crosshairs when your trigger breaks. The glass-smooth mechanisms inside allow you to move the front bag up and down and left and right to accommodate small shifts in wind or firearm position between shots. Forend stop for repeatable firearm positioning. Spiked stainless Steel leveling feet. Two bags are included - a traditional medium width bag and a 3" lobe bag. Adjustable cradle ear assembly for increased control and consistent clamping pressure. Weight 18 pounds 5 ounces, Base 28" x 9".

The Full Length Fire Control Rest includes internal plates that slide up and down and left and right in response to movement of the control arm. Includes the same bags as The Fire Control Front Rest plus a soft non-marring rear pad that firmly supports the rear of your stock without damaging the finish.

Fire Control Front Rest™ ..... C25PH746884 ..... $259.99
Fire Control Full Length Rest™ ..... C25PH100259 ..... $324.99

The Lead Sled® Solo™

The Lead Sled™ Solo is the newest addition to Caldwell's line of recoil reducing rests. A smooth pivoting elevation system is controlled with a single knob making adjustments onto target fast & precise. Its unique offset frame is designed to accommodate all rifles including detachable magazine rifles like the popular AR-15 platform as well as lever actions guns. The Lead Sled Solo has an integrated weight tray that will hold a single 25 pound bag of shot. The combination of the weight and heavy duty spring between the frame members all but eliminates recoil on non-magnum calibers and greatly reduces recoil on all calibers.

The Lead Sled Solo ..... C25PH101777 ..... $89.99

Lead Shot Carrier Bags

These stout bags are designed to be placed in the shot tray of your Lead Sled Plus Lead Sled or Lead Sled DFT and conveniently hold 7 pounds of sand or 25 lb bag of lead shot. The durable handles make toting lead shot to the range a snap. 5.5" x 10" x 3"

Standard Lead Shot Carrier Bag
C25PH428334 ..... $11.49
Standard Lead Shot Carrier Bags 4-Pack
C25PH533117 ..... $27.99

Large Weight Bag

- Holds approximately 20 pounds of sand.7" x 11" x 3"

Large Lead Sled Carrier Bag ..... C25PH777800 ..... $16.49

Lead Sled® DFT™ 2

The Lead Sled® DFT™ 2 (Dual Frame Technology) provides shooters with the industry's best recoil reduction system and the versatility to fit virtually any shotgun or rifle, all built around a precision shooting platform. A key feature of the DFT 2 is the ability to slide the front cradle back and forth along the Dual Frame for optimal length adjustment.

- *Dual frame design disperses a maximum amount of recoil energy*
- *18" of adjustment to fit rifles and shotguns of virtually any size*
- *Holds up to 100 pounds of lead shot*
- *The Lead Sled DFT 2 weighs approx. 24 pounds and is 30" long by 12" wide*

Lead Sled® DFT™ 2 ..... C25PH336677 ..... $219.99

Lead Sled® 3

The Lead Sled® 3 has become the standard in weight reduction shooting rests. The Lead Sled 3 reduces recoil by up to 95% while securely holding your gun on target. The new Skeletonized front rest secures your gun with it's non-marring surfaces. The Improved rear buttstock cradle uses top of the line Shock Eliminator Technology and has non-marring cradle to keep your gun in place.

- *Ideal for magnum rifles & slug guns*
- *Holds up to two 25 lb. bar bell weights*
- *Holds up to 100 lbs. of lead shot*
- *Fingertip elevation adjustment*
- *Non-marring rubber feet • Rear adjustable elevation*

Lead Sled® 3 ..... C25PH820310 ..... $149.99

Stinger Shooting Rest

The Caldwell® Stinger Shooting Rest combines a spring loaded, height adjustment knob allowing for faster, one handed coarse elevation adjustments. The new cutting edge molded front and rear supports protect the gun's finish and provide just the right amount of firmness for rock solid shots. The heavy duty dual metal frame and quick cam locks allow the Stinger's front rest to easily slide forward or backwards then lock in place when the desired length has been achieved. The Stinger Shooting Rest provides versatility and ultimate stability, delivering the shooter maximum accuracy potential.

- *Innovative new spring loaded elevation system allows for fast one handed, no wobble adjustment*
- *Extremely fine elevation adjustments with fingertip control*

Stinger Shooting Rest ..... C25PH110033 ..... $112.99

The 7 Rest™

The asymmetric frame provides great stability while maximizing length adjustability. By simply loosening the lock knob, the angle between the two halves of the frame can be adjusted to change the distance between the front and rear supports.

- *Works great with AR-15's and lever-action rifles*
- *Ambidextrous*
- *Overmolded supports*
- *Folds compact for transport and storage*

The 7 Rest™ ..... C25PH101557 ..... $30.99

Zero-Max™ Shooting Rest

- Durable tube steel frame fabrication
- Full windage and elevation adjustment
- Unfilled Medium Varmint front bag included
- Micro adjustment for fine windage of elevation corrections

Zero-Max™ Rest
C25PH546889 ..... $35.99

Wind Wizard II™

Both compact and portable, this wind meter reads wind and temperature in various units of measure. The non-slip rubber sleeve protects the unit and ensures it's easy to grip even with gloved hands. Operates on one CR2032 battery (included).

- *Wind speed measures in mph, ft/min, km/h, m/s, or knots*
- *Includes wind speed in Beaufort scale bar graph*
- *Temperature display in Celsius and Fahrenheit*
- *Wind chill display • Non-slip rubber sleeve*
- *LCD backlight • Auto power off*

Wind Wizard II™ ..... C25PH102579 ..... $37.99

Pricing subject to change without notice. Not responsible for typographical errors.

CALDWELL®

Lead Sled® Solo 2

The pivoting frame design features an elevation adjustment that gets on target fast, with an offset design to work with detachable magazines, pistol grips, or lever action firearms. The weight tray holds up to 50 lbs. of lead shot or the Caldwell Lead Sled Solo Weight Reservoir to tame heavy recoil.

- *Reduces up to 85% felt recoil*
- *Weight tray fits the Lead Sled Solo Weight Reservoir or lead shot to eliminate recoil*
- *Center pivot for rapid elevation adjustment*
- *All-weather front rest with coarse elevation adjustment*
- *Rear support featuring shock eliminating pad reduces felt recoil and protects stocks from damage*
- *Offset frame design works with detachable magazines and lever action firearms*

Lead Sled Solo 2 ..... C25PH1217423 ..... $89.99
Lead Sled Solo 2 w/Weight Reservoir ..... C25PH1232952 ..... $99.99

Lead Sled® 4

The Lead Sled 4 is the latest version of this classic shooting rest, starting with a new frame design that relocates the tube below the weight tray for improved clearance for detachable magazines and lever-action firearms.

- *Reduces up to 95% felt recoil*
- *Adjustable weight tray fits Lead Sled weight reservoirs, barbell weight plates, or lead shot to eliminate recoil*
- *Improved frame design compatible with detachable magazines and lever action rifles*
- *Front elevation and windage adjustments with rear fine elevation adjustment*
- *All-weather front bag design that securely holds firearms without causing damage.*
- *Rear support featuring shock eliminating pad and vibration dampener reduces felt recoil and protects stocks from damage*

Lead Sled 4 ..... C25PH1217424 ..... $149.99

Lead Sled® DFT 3

- Reduces up to 95% felt recoil
- Adjustable weight tray fits lead sled weight reservoirs, barbell weight plates, or lead shot to eliminate recoil
- Adjustable sliding frame tubes accommodate firearms of any length
- Improved frame design compatible with detachable magazines and lever action rifles
- Benchrest quality front elevation and backlash-free windage adjustments
- All-weather front bag design that securely holds firearms without causing damage
- Rear support featuring a shock-eliminating pad and vibration dampener reduces felt recoil and protects stocks from damage

Lead Sled DFT 3 ..... C25PH1217425 ..... $199.99

Lead Sled® Max

The Lead Sled Max modular design transforms into 3 rests in seconds. A removable weight reservoir holds water, sand, gravel, or other materials for absorbing the recoil from magnum rifles and shotguns. The sliding frame is length adjustable and folds up for compact storage and easy transportation.

- *Reduces up to 95% felt recoil*
- *Detachable 2-gallon weight reservoir weight media*
- *Clamping front rest securely holds firearms without damage*
- *Benchrest quality front elevation and backlash-free windage adjustments*
- *Adaptable design can convert from recoil reducing to full-length to front rest*
- *Adjustable sliding frame tubes accommodate firearms of any length*

Lead Sled Max ..... C25PH3004222 ..... $219.99

Lead Sled® Large Weight Reservoir

- Compatible with Lead Sled 4 and DFT 3
- Holds water, sand, gravel, and other weight materials
- 600D Cordura nylon shell with water-tight bladder
- Wide mouth opening for easy filling
- Tensioning strap to securely attach to Lead Sled weight tray
- 1.2-gallon capacity per reservoir

CALDWELL®

Steady Rest NXT™

Caldwell's impressive new shooting rest gives you a steady elevation-adjustable platform for sighting in rifles and pistols and pattering shotguns. The three-piece design allows the shooter to use the rest in one or two-piece configurations, allowing it to adjust to any length long gun as well as handguns. The front and rear support features a non-marring material that is gentle on your firearm's finish yet is firm enough to provide a stable shooting surface.

Steady Rest NXT™ ..... C25PH548664..... $29.99

Handy Rest NXT™

The Caldwell Handy Rest NXT is an extremely versatile front rest. It is designed with a full six feet of elevation adjustment at 100 yards, a front sling stud clearance groove, and is constructed of durable, lightweight materials. The intuitive design includes a removable handgun support attachment that easily converts this rifle rest into a handgun rest. The front rest and handgun support feature a material that will not harm your valuable firearm yet also offers a steady shooting surface.

Handy Rest NXT™ ..... C25PH574662..... $26.49

The Pistolero™

The Caldwell Pistolero is the ideal handgun shooting rest. By combining 5 inches of horizontally adjustable hand-support with 3 inches of vertically adjustable barrel-support, this rest accommodates virtually every size handgun. The front and rear support feature a non-marring material that is gentle on your firearm yet is firm enough to provide a stable shooting surface. In addition, the rugged construction of this rest is virtually impervious to the elements. This combination of versatility, stability and durability make the Pistolero the number one value in handgun rests.

The Pistolero™ Shooting Rest ..... C25PH562771..... $29.49

The Matrix™

Ultra rigid U-channel frame, quickly adjusting in length for the perfect fit with any gun while remaining completely stable. The two piece sliding frame incorporates an open central channel with plenty of clearance for the hi-capacity detachable magazines (AR15 style guns) as well a lever action guns. A convenient storage area incorporated into the front of the base features a removable lid that adds additional clearance when detached but also doubles as a rubberized rear support surface for firing handguns when left in place. A spring loaded tension mechanism and height adjustment knob allow for one handed elevation adjustments, keeping the front cradle wobble free throughout the entire vertical range.

The Matrix Shooting Rest ..... C25PH101600..... $49.99

The Rock BR™

The Rock BR will help you discover the true potential of your rifle and ammunition. This high quality rest is designed for the most accuracy-minded shooters around, bench rest competitors. Now everyone who wants the best from their rifle can benefit from the advanced design, precision machining, and finely engineered features of the Rock BR.

- *15 1/2 lb. product weight dispersed along 15" cast-iron footprint • Fine elevation adjustments are possible through our ball bearing rotational system*
- *Windage-adjustable cradle allows shooters to make smooth and precise corrections with fingertips*
- *Cradle features a sturdy bag tensioning system for improved forend support and increased stability for refined accuracy • Stainless steel components*
- *Rest comes with both 3" lobe bag for flat forends and filled Medium Varmint front bag for sporter style forends*
- *Accepts any of the Caldwell Deluxe Front Rest Bags*

The Rock BR™..... C25PH440907..... $169.99

The Rock™

The best way to determine the accuracy of your rifle and ammunition is to shoot them from a solid bench -- with a quality shooting rest. With precise repeatability of shots as your goal, The Rock Deluxe Front Rest is the right tool for the job.

The Rock helps eliminate the "human factor" in shooting and will help you shoot tighter groups.

- *Wide & stable footprint dispersed over 5 1/2 lb. rest*
- *1" diameter steel post provides smooth and quick elevation adjustments up to 7 1/4" height*
- *Use the 3 leveling feet to level your rest on most any surface*
- *Forend stop ensures consistent stock placement from shot-to-shot*
- *Forend cradle is designed to accept all Caldwell Deluxe Universal Front Rest Bags*
- *Filled Medium Varmint front bag included*

"The Rock" ..... C25PH383774..... $87.99

The Rock™ Combo

- Steel ram provides smooth and quick elevation adjustments

- Filled rear bag made of durable water-resistant fabric

"The Rock" Combo ..... C25PH383640..... $96.99

The Rock Jr.™

Many of the same features as The Rock, but in a sleeker and more economical package. For sighting-in, test firing, and informal competition, it's tough to beat a Rock Jr.

- *Stable, 4 pound cast iron base.*
- *5 pounds total weight.*
- *3/4" diameter steel post provides secure and smooth elevation adjustments up to 7 1/4" height • Comes with interchangeable non-slip rubber feet or metal spike feet*
- *Filled Medium Varmint front bag included with rest*

The Rock Jr. ..... C25PH323225..... $42.99

Deluxe Universal Front Rest Bags

These innovative, high-quality leather and polyester Front Shooting Bags function with most brands of front rests. The exclusive hook and loop tabs allow quick installation and removal from the cradle without time-consuming need to lace them on. The Cordova leather gives you a secure rest and the polyester, which will not stretch or sag, allows the bag to hold it's shape. The narrow bag is the correct choice for most sporting rifles, while the medium and wide models will accommodate the wider forfends of varmint and bench rest rifles. Shipped empty, these bags should be filled with fine dry sand.

- *Narrow Bag is ideal for most sporting rifles*
- *Medium and Wide Bags are perfect for varmint and benchrest rifles • Unfilled bags should be filled with dry silica, sand, or other inert fillers*

PROTEKTOR MODEL
GALETON, PA 16922
MADE IN U.S.A. 100%

ALL BAGS COME UNFILLED

Small Owl Ear Front Bag

For use on a mechanical rifle rest. Has narrow hollow center to accommodate most hunting rifles.
Bag size: 2-1/4" W x 5 3/4" L x 1" H (in the center), and approximately 1-1/2" to 1-3/4" from ear to ear in the center.
Small Owl Ear Front Bag ..... C25PN01 ..... $22.55

Regular Owl Ear Front Bag

For use on a mechanical rest. Has hollow center to accommodate the forend of most sporter or varminter rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2" to 2-1/2" from ear to ear in the center.
Regular Owl Ear Front Bag ..... C25PN02 ..... $22.55

Wide Owl Ear Front Bag

For use on a mechanical rest. This bag was designed expressly to handle the forends of larger rifles. Bag size: 2-1/4" W x 5-3/4" L x 1" H (in the center), and approximately 2-3/4" to 3" from ear to ear in the center.
Wide Owl Ear Front Bag ..... C25PN03 ..... $22.55

Large Owl Ear Front Bag

This bag is, front to rear, nearly twice as long as its smaller counterpart and narrower (bag size: 4-1/4" L x 5-1/4" W) to fit some mechanical rests in use. For large forestocks.
Large Owl Ear Front Bag ..... C25PN09 ..... $24.02

Owl Ear Straddle Bags

This bag is the same as the Owl Ear Front Bags except there are two additional bags sewn on so that the bag can rest on a car door with the window down.
This can also be used by disabled hunters to shoot from a vehicle. Legal with permit in some states.
Also, this may be placed on other rounded areas to shoot on such as a wooden fence railing (three bags in one).
Small Owl Ear Straddle Bag ..... C25PN04 ..... $32.88
Regular Owl Ear Straddle Bag ..... C25PN05 ..... $32.88
Wide Owl Ear Straddle Bag ..... C25PN06 ..... $32.88

Standard Front Bag

This Front Bag combined with the Rabbit or Bunny Ear Rear Bag is the perfect combination for every shooter; bench rest or otherwise. Bag size: 4" H from bottom to top of saddle where the forend of the rifle rests. A base or block (wood) 6"W x 6" L x 2" to 2-1/4" H (thick) is used under the bag.
Standard Front Bag ..... C25PN07 ..... $29.42

Standard Rear Bag

The original #12 Standard Rear Bag is used mainly to take care of huge butt stocks on many magnum and other similar rifles. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock.
Standard Rear Bag ..... C25PN12 ..... $24.02

Sausage Front Bag

For use on a mechanical rest. It is becoming increasingly popular wherever seen. Will accommodate most rifles by just letting out the proper amount of sand to make a hollow center.
Bag size: 2-1/4" W x 5-3/4" L x 1-3/4" H.
Sausage Front Bag ..... C25PN08 ..... $20.10

Rabbit Ear Rear Bag

The justly famous Rabbit Ear Rear Bag can be used with any front bag in this folder. Bag size: 5" W x 6-3/4" L x 2-5/8" H at the front end and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base.
Each ear is 2 5/8" H and is filled separately.
Rabbit Ear Rear Bag ..... C25PN13 ..... $35.30

Rabbit Ear Rear Bag w/ Hard Bottom

Just the same as the #13 Rabbit Ear Rear Bag but has a single layer hard bottom for added stability. Can be used with any Protektor Model front bag.
Bag size: 5" W x 6-3/4" L x 2-3/4" - 3"
Tall and then tapers to rear to match the shape of the rifle stock, with the addition of another complete two-compartment bag sewn to its top. This compartment which forms the "ears" is 4-3/8" x 4-3/8" at its base.
Each ear is 2-5/8" H and is filled separately.
Rabbit Ear Rear Bag w/Hard Bottom ..... C25PN13A $46.95

Custom Rabbit Ear Rear Bag

The Custom Rabbit Ear Rear Bag is same as the #13A but 1" taller and has double thickness leather sidewalls. Bag Size: 3 1/2" Tall.
Custom Rabbit Ear Rear Bag ... C25PN13B $58.36

Front Squeeze Bag

Used on any adjustable bench rest top, this bag can be adjusted to fit most rifles by moving metal plates in or out.
Bag size: 4" W x 7" L x 1" H.
Front Squeeze Bag ..... C25PN19 ..... $11.56

Small Pillow Bag

Looks like a small pillow. Its main use would be to rest your body on (arm, elbow, etc.)
Bag size: 6"W x 6"L x 2"H.
Small Pillow Bag ..... C25PN18 ..... $20.10

Bunny Ear Rear Bag

A replica of the Rabbit Ear Bag except the ears are not as long and only 1-1/4"H. Accommodates thicker but stocks and will not interfere with your cheek piece. Bag size: 5"W x 6-3/4"L x 2-5/8"H. Each ear is 2-1/2"H and made up of two compartments.
Bunny Ear Rear Bag ..... C25PN14 ..... $35.30

Rabbit Ear Bag

This bag is the same as the #14 but has a single layer hard bottom sewn to the bag for added stability. Bag size: 5"W x 6-3/4"L x 3"H. Each ear is 1-1/4"H and made up of two compartments.
Rabbit Ear Rear Bag ..... C25PN14A $46.95

Custom Bunny Ear Rear Bag w/ Hard Bottom

The #14B Custom Bunny Ear Rear Bag is the same as the #14A just 1" taller and has double layered leather sidewalls. Bag Size: 3-1/2" Tall.
Custom Bunny Ear Rear Bag w/ Hard Bottom ..... C25PN14B $58.36

Sissy Bag

The "Sissy Bag" may be that to some but it certainly absorbs plenty of recoil when placed in back of any rear sand bag. Bag size: 4" in diameter x 8 1/2" H and has a carrying strap stitched to the top.
Sissy Bag ..... C25PN15 ..... $25.00

Brick Bag

Looks just like a brick! This bag would mainly be used to rest your elbow or arm on. Bag size: 4" W x 8" L x 1-1/2" - 1-3/4" H.
Brick Bag ..... C25PN16 ..... $23.04

Small Brick Bag

Same as #16 Brick Bag only smaller.
Bag size: 4" W x 5" L x 1 1/2" - 1 3/4" H.
Brick Bag ..... C25PN17 ..... $20.10

Metal Tripod Rest

Protektor Model's #52 Metal Tripod Rest is welded steel with a black enamel and accommodates all Protektor Model Front Bags. Has an adjustable top that adjusts from 4 3/4" to 8 1/4" high and incorporates an adjustable leveling system. Strong enough to stand on and it won't break if dropped like cast aluminum will. MADE IN U.S.A.!
Metal Tripod Rest ..... C25PN52 ..... $73.02

CHAMPION RANGE AND TARGET

Two-Tone Sand Bags

These shooting rests are a modern take on an old favorite. These durable two-tone bags come filled with a lightweight alternative to sand and feature a gun-gripping suede surface on top. The matched pair of Bench Rest Bags also clip together for easy transport.

• Tough construction for durability • Attractive two-tone design
• Gun grips suede shooting surface • Two Bags Included

Large Bench Bags ..... C25CM40468 ..... $53.49

Gorilla Range Bag®

This versatile shooting rest reduces recoil when used in the self-securing "X" position. You can also unclip and stack the rest into a variety of positions; or roll it out to give yourself a solid, flat shooting platform.

The handy carrying strap makes transporting easy.

• Gun gripping "X" action • Reduces Recoil
• Solid shooting platform • Handy carrying strap

Gorilla Range Bag® ..... C25CM40467 ..... $75.99

Mini Gorilla Bag

Half the size of the original, the Mini Gorilla Bag is able to be used in a variety of shapes and configurations. It's a compact and convenient way to get gun-grabbing, recoil-reducing action at the range or in the field.

• Half the size and weight of the original Gorilla Bag
• Unzips and transforms into seven different configurations
• Gun gripping "X" action • Reduces recoil
• Handy carrying strap

Mini Gorilla Bag ..... C25CM40510 ..... $53.99

Tri-Stance Rest

- Unique industrial design and appearance
- Durable cast aluminum and steel construction
- Integrated stock stop • Rapid elevation adjustment, up to 2.25 inches
- Ergonomic, rapid-adjust elevation wheel
- Leather and polyester front shooting bag
- Adjustable steel feet with removable polymer covers
- Includes polymer-filled rear shooting bag

Tri-Stance Rest ..... C25CM40202 ..... $75.99

Leather Sand Bag

- Suede pair
- Sand filled
- Smooth surface
- Look of leather

C25CM40470 ..... $38.99

Rear Prefilled Bag

- Tough construction for durability
- Attractive two-tone design
- Pre-filled
- Suede shooting surface will not scratch a firearm

C25CM40473 ..... $23.99

The new Champion Shooting Bags are built to help deliver accurate round placement. All five bags are uniquely shaped and include features favored by Precision Rifle Series shooters. The bottom of each bag is covered with Tuff Hide, a synthetic material that prevents skidding and provides a stable shooting platform. Select models include elastic straps that hold the bag in place on the rifle, eliminating the need to adjust it between stations.

BIRCHWOOD CASEY

Save-It™ Shell Catcher

Prevent flying shells from distracting you or others. The all steel Save-It Shell Catcher captures the empty hull when ejected through the receiver and holds the empty for easy removal. For use with all 12-gauge semi-auto shotguns. Soft, padded tape acts like a barrier; keeping the metal plate away from the gun. Wire catcher locks in up position for singles, turns down for doubles or pulls out for hunting. Easy to use and works great! *Wire can be bent closed while wire is not in locked position to fit 20-gauge semi-auto shotguns. *Fits most shotguns.

AR-15 Pic Rail Brass Catcher, Spare Mount

Add this spare mount to additional guns to allow a single Brass Cather to be quickly moved from gun to gun quickly and easily.
Includes spare mount and fastener.
AR-15 Pic Rail Brass Catcher, Spare Mount
C25PH123904 .....$14.99

AR-15 Brass Catcher

Tired of picking up .223 brass from your AR?
The AR-15 Brass Catcher attaches to the forearm of any AR with hook and loop webbing and captures the ejected brass

- *Wire frame holds fabric in correct shape and allows brass to enter bag without disruption to bolt function or interrupt cycling*
- *Quickly attaches to any AR-15* • *Holds approx. 30 rounds of spent brass*
- *Zipper for easy emptying* • *Won't interfere with gun's cycling*

AR-15 Brass Catcher..... C25PH122231 .....$13.49

Brass Trap

The Brass Trap quickly assembles to be set on a bench and catch all or your rifle brass or it can be mounted on tripod to catch all of your pistol brass. When you are done shooting simply unzip the zipper for quick brass removal and break it down to store in your range bag. Spend more time shooting and less time looking for brass with the Caldwell Brass Trap. Carry bag included.

- *Keeps shooting area clean* • *Heat resistant mesh*
- *The durable bag has a zippered bottom for easy emptying*
- *Ideal for reloaders, no more lost brass, the cases never hit the ground*
- *Designed for use with rifles and pistols.* • *Collapses easily to fit in a range bag*
- *Use on bench top or attach to any tripod with a 1/4-20 male threaded stud (tripod not included)* • *Carry bag included*

Brass Trap..... C25PH122560 .....$45.99

Brass Retriever

The Brass Retriever can pick up rifle and pistol brass quickly and efficiently.
The Brass Retriever works any where, even on grass and gravel. The retriever comes complete with a roll cage separator that allows you to dump the collected brass into a bucket quickly.
It is collapsible as well, making it convenient to transport to and from the range.

- *Expands from 28" up to 57" tall.* • *Reduces time and saves your back*
- *Designed to make picking up brass extremely easy*
- *Telescoping handle to customize the length*
- *Simply push down and roll the Brass Retriever over the brass*
- *End caps open to easily empty the Brass Retriever*

AR-15 Brass Retriever..... C25PH125789..... $44.99

Caldwell Universal Brass Catcher SA

The Caldwell Universal Brass Catcher S.A. is the perfect tool for any reloader or conscious shooter. This expended brass catcher conveniently fits onto bolt-action and semi-automatic rifles to allow you to focus on shooting, rather than worrying about where your brass is landing. When the bag is full (100 rounds of .223) simply use the zipper on the bottom of the bag to empty the casings into your desired container and keep shooting.

- *M-LOK and KeyMod adapter for easy and secure lock-up*
- *Quick-deployment carbon fiber legs with vertical twist-lock technology*
- *Leg angle adjustment up to 180 degrees with stainless steel push-button leg lock*
- *Soft rubber feet for enhanced stability*
- *Weighs only 8.8 ounces making for easy transport*

Caldwell Universal Brass Catcher SA..... C25PH110038 .....$22.99

mojo OUTDOORS

Hull Sacker Shell Bag

- Empty hull bag/basket holds up to 200 empty hulls which can be conveniently removed by simply turning upside-down allowing them to dump into whatever container is being used to accumulate them. Light, portable with a hanging strap for easy transport in the field or hanging.

Black..... C25JUHW2526 .....$20.99

Pick Stick - Magnetic Shotgun Shell Retriever

MOJO® has developed the most convenient easy way to pick up empty shotgun hulls in the field, utilizing a specially designed magnet mounted into an easy-to-use, adjustable "staff". Mojo Outdoors Pick Stick magnetic shotgun shell retriever will pick up as many as 25 hulls at a time.
Easily raked off into a bag, bucket, etc. Our shotgun shell magnet is lightweight and handy, adjusting from 32 ½" to 55 ½". Comfortable and convenient handle. Never bend over to pick up hulls again. Mojo Pick Stick magnetic shotgun shell retriever works in water or on dry land.
Pick Stick..... C25JUHW2411 .....$29.99

Pick Stick Pro - Magnetic Shotgun Shell Retriever

The Pro Model has a bigger, stronger magnet in a similar pole, but equipped with a sliding sleeve that conveniently rakes the hulls off the upgraded magnet; all designed to allow easy and convenient picking up of more hulls and at the same time a more convenient way to remove them from the magnet for disposal.
Pick Stick Pro ..... C25JUHW2552 .....$40.99

Pocket Pick Stick

Everyone should pick up their empties before they leave the field. It's the right thing to do and will go a long ways toward getting invited back to that land. NOW, MOJO® has developed the same great advantages in the highly portable MOJO® pocket pick stick version which utilizes double shock cord snaps allowing it to collapse into 10 1/2" sections complete with mesh bag and fits in the pocket or blind bag. The MOJO® pocket pick up stick is perfect to take to the field with you.
Pocket Pick Stick..... C25JUHW2491 .....$20.99

Carlson's CHOKE TUBES

Auto Catcher

Carlson's 12 & 20 Gauge Auto Catcher is an all-steel shotgun shell catcher that prevents empty hulls from being ejected through the receiver opening on semi-automatic shotguns and holds the empty hulls for easy removal. One model works with most all 12 & 20-gauge semi-auto shotguns. Save your hulls from distracting you or others at the range while keeping empties from hitting the ground. Simply peel off the double-faced tape (2 included with the auto catcher) and attach to the gun's receiver. The semi-permanent adhesive can be removed if desired. Softly padded tape acts like a barrier, keeping the metal plate away from the gun. There is no movement or vibration to scratch the receiver's finish. The Auto Catcher can be adjusted to fit different shotshell loads and guns where needed. Simply close or open the ends of the wire with no modifications to the gun.
Auto Catcher..... C25XF00440..... $21.99

Lyman® Brands that Perform

Bag Jack™

How often do you set-up shooting rests at the range, only to find that your rifle isn't at the proper height; or the seat is too high for the bench? Lyman's Bag Jack is designed to make it easy to adjust the elevation of your rifle and bring it into line with your target, while also allowing you to maintain a comfortable shooting position. Compact, stable, and infinitely adjustable, the Bag Jack is the perfect platform to set up your shooting rest at the range. Create the optimal shooting position under any shooting conditions. The Bag Jack corrects the height with a simple turn of the adjustment knob. The lift is made from sturdy aluminum and steel components and has a non-slip textured platform. The lift is 10" x 10" so it can accommodate the largest size rests, and collapses for unmatched portability.
Bag Jack™ - Only..... C25LY7837810..... $53.29
Match Bag & Bag Jack™ Combo..... C25LY7837815..... $88.43

CALDWELL®

VELOCIRADAR

- Radar detection is not affected by lighting conditions and reliable in both indoor and outdoor use
- Measure velocity from the bench eliminating the need to go down range for setup and risk of bullet impact to chronograph
- Store up to 100 sessions with up to 100 shots per session
- Calculates true muzzle velocity with +/- 0.1% Accuracy.
- Calculates ballistic coefficient to confirm manufacturers stated b.C. For specific loads
- 2.8" Color screen provides easy-to-read velocities and menu options
- Included recoil-activated trigger • Internal rechargeable battery
- Included premium ball head tripod for easy target alignment adjustment
- Easy-to-aim sight built into housing for perfect target alignment
- Free mobile app adjust settings, display and store shot string data, max/min velocity, average velocity, standard deviation, extreme spread, weather conditions, shots fired, and individual shot velocities

Tactical MOLLE Carry Case

Kestrel carry case is a low-profile on-body storage solution that mounts to a single column of MOLLE. The pouch features a Velcro top closure that is adjustable and side lashing points for secure retention of your Kestrel unit. It is built with laminated Squadron fabrics and can provide content protection against scuffs and scrapes. • Kesetral 5 Series, Berry Compliant
Multi-Cam ..... C25KJ0806SCAM.....$29.00

Rotating Vane Mount & Carry Case

A lot of thought was put into making this vane mount for the 5000 Kestrel series.. It's simpler design than the last and much more durable. The meter snaps right into it and will mount to any tripod or other 1/4-20 fitted bracket, allowing use of an extension pole for taking wind or air flow readings. This turns your Kestrel into a full-featured weather station with a large wind vane and precision pivot that keeps the Kestrel oriented into the wind for continuous measurement and logging of wind speed, wind direction, and all other key weather parameters.
Rotating Vane Mount & Carry Case *(Black)*..... C25KJ782.....$49.00

USB LiNK Dongle (BTLE)

You can NOT connect your Kestrel 5000 series to your Mac/PC via bluetooth without an authentic Kestrel LINK Dongle. One work around is to export your data to your smartphone (Android or iPhone) with the Kestrel Connect App, and then email the data to your Mac/PC.
USB LiNK Dongle ..... C25KJ786.....$30.00

Compact Collapsible Tripod

- Stands 48.25 inches high when fully extended 51.4")

ProChrono LTD ..... C25KCCEI3825 ..... $156.99

Indoor Lighting Setup

- The Indoor Lighting System from Competition Electronics is easy to install. Just attach the light bars to the chronograph guide wires, connect power and you are ready to shoot.
- Patented infra-red LED design eliminates light bulbs
- Red LED "ON" indicator lights • Works with all Prochrono models
- Dual voltage 100-240voltsAC,50-60Hz adapter included
- Will also operate on a 24voltDC source(ex. two 12volt batteries wired in series)
- Packing box is great for storage and transport

Indoor lighting Setup ..... C25KCCEI4100 ..... $59.49

MagnetoSpeed™

Sporter Chronograph

Includes:
- *Display Unit • Bayonet-style sensor (Bayo)*
- *Thick and thin rubber V-block spacers*
- *Heavy duty strap with thumb nut tightener*

Ultra-compact storage container.

Sporter Chronograph
C25MXMSSP $249.00

XFR Adapter

The XFR adapter and associated smartphone application allows users with Magnetospeed Sporter or V3 displays to download their current (and archived for V3) shot series to their Android or iOS device. Users can store, view, edit, and email multiple series once they have been transferred to their phone. Additional features and improvements are on-going. XFR is NOT compatible with V1 or V2 displays. To use th XFR adapter with your V3 unit, please make sure your firmware is up to date.

XFR Adapter ..... C25MXMSXFR $39.00

Large Brake Adapter

The Large Brake Adapter will allow the V3 Chronograph to be used with muzzle brakes up to 7.7" in length and barrel diameters up to 1.6" at the muzzle. This product was designed to compensate for the longer muzzle brakes commonly found on large caliber rifles such as the .338 and .50 BMG.

Large Brake Adapter ..... C25MXMSLBA $189.00

V3 Rail Adapter

This adapter will allow the MagnetoSpeed V3 to be used on most pistols and short barreled rifles that have a Picatinny style rail.

**This adapter is not compatible with some proprietary manufacturers' rails, or with Glock compact or sub-compact model pistols. Does not work with CZ models P-01, P-06, and 75D.*

V3 Rail Adapter ..... C25MXMSRA $39.00

Tapered Spacer Kit

This set of spacers allows the MagnetoSpeed to be better aligned with barrels with an extreme taper. Kit comes with a .5" spacer and a 1" spacer that can also be combined to form a 1.5" stack.

Tapered Spacer Kit ..... C25MXMSTSKIT $5.00

Hornady®
Accurate. Deadly. Dependable.

HIT™ Target Impact Indicator

You get that steel target in your sights. You squeeze the trigger and — BAM! — you hit it! Or did you? The HIT™ Impact Indicator means never guessing again. Attach it to a target stand and it easily distinguishes impacts by blinking "H-I-T" in Morse code. Being on target is just six dots and a dash away.

- Ultra-bright light indicates bullet impact on distant steel targets.
- Visible up to 1000+ yards with naked eye (weather-dependent).
- Easily attaches to most stands with included elastic band.
- Rechargeable using micro-USB.
- Morse code "H-I-T" blinks for impact distinction •••• •• –.
- Accelerometer detects bullet vibrations for activation.

CALDWELL®

Stable Table® Deluxe Shooting Bench

The tripod design is more rigid and has fewer joints than folding style benches. A bolt in the base allows position adjustment of a single leg, aligning the tabletop so that it is parallel with the horizon. The top measures 34" x 23" and it includes holes that function as handles for easy transport or as holders for the included cleaning forks as well as a perimeter rail that keeps ammunition from rolling off the bench top. The entire frame is made from welded steel. The padded seat adjusts 16" to 22" and rotates in tandem with the tabletop. Bench breaks down into seven pieces and weighs a total of 60 pounds when assembled.
Stable Table Deluxe Shooting Bench ..... C25PH252552 ... $239.99

Stable Table® Carry Bag

• This heavy-duty carrying bay will hold all pieces of your Stable Table
• Full wrap shoulder straps, double layer fabric, heavy duty zipper and padded lower portion ensures maximum durability and protection for your Stable Table
Stable Table Carry Bag ..... C25PH777810 ..... $37.99

Stable Table® Lite

Setup and adjustments are fast and simple with a rotating seat and table depth adjustment to ensure maximum shooting comfort.
- *Ambidextrous, rotating seat, coupled with table depth adjustment, for maximum shooting comfort*
- *Fully collapsible for easy transportation and storage*
- *All-weather tabletop and seat*
- *Can support up to 250 pounds of weight*
- *Weighs less than 30 pounds*

Stable Table Lite..... C25PH1084745 ..... $136.99

Four Leg Ground Blind Chair

With the fully adjustable gun rest this chair is made for target practice and scouting trips and with features such as 4 multi-position legs that level the seat on uneven terrain and full 360-degree silent rotation capability the seat can be used in the field for target shooting, sighting in, and hunting. It is compact and portable, weighing only 13.5 lbs. with convenient carry straps.
- *Silent turning system for 360 degrees of movement*
- *Lightweight and easy to carry – only 13.5 pounds*
- *Adjustable 4 legs for help with uneven terrain and different blind heights*
- *Padded seat and backrest for extra comfort • Folds for easy transport*
- *Rubberized gun grip to be gentle but firm on the front stock*
- *Made from powder-coated steel for unsurpassed quality*
- *Three (3) Year Warranty*

Four Leg Ground Blind Chair..... C25JYBMGBSC2 ..... $137.49

Sniper Seat 360 Shooting Chair

BenchMaster, an industry leader in shooting tables and accessories, introduces the new Sniper Seat 360: the ultimate shooting solution. Not only can the seat be used for target practice and scouting, but with features such as multi-position legs that level the seat on uneven terrain and full 360-degree rotation capability, this seat can be used in the field for extreme target shooting and hunting.
- *Durable foam back, seat, and arm rests for comfort*
- *Full 360 degree rotation: both with and without the legs attached*
- *Power-coated, lightweight steel that avoids rust*
- *Backpack straps for easy transport to the field*
- *Adjustable back and seat for 50 degree recline*
- *Removable arms for bow hunting*
- *Multi-position legs to level the chair on uneven terrain*
- *High-quality, cordura webbing for all weather use*
- *Arm extension for gun rest and optional camera mount • Super quiet rotation*
- *Large, solid foot plates for stability • Five year warranty*

Sniper Seat 360 Shooting Chair..... C25JYBMSSSC $219.49

PROTEKTOR MODEL
GALETON, PA 16922

#53 Shooting Bench

This custom made #53 Shooting Bench is made out of 3/4" solid veneer plywood. This shooting bench can be made for a right or left handed shooter and has the Protektor Model logo engraved on the top indicating where the shooter should sit. It has folding legs for easy transport and the #52A Leg Extensions can be purchased separately to make for easier leveling of the bench when shooting on uneven ground. Right or Left Handed. Size: 48"L x 24"W x 29"H.

MTM CASE-GARD™
QUALITY SHOOTING SPORTS ACCESSORIES

Predator Shooting Table

Standing 30 inches tall and weighing less than 18 pounds, the Predator Shooting Table was designed by shooters. Modeled after a traditional shooting bench rest, the wedge shaped tabletop design provides a comfortable shooting position for either left or right-handed shooters. Once your table is set up, you can lean your rifle into one of the three barrel grooves molded into the sides of the table. Doubling as a maintenance bench, cleaning bench or muzzle loader table at the range, the MTM Predator Shooting Table is ideal for sighting-in and testing firearm performance. It is also ideally suited to the back-forty shooter or the prairie dog hunter on the go.
Predator Shooting Table *(Forest Green)*..... C25MTPST11 ..... $86.99

High-Low Shooting Table

The High-Low Shooting table is a true in the field shooting table. It can be set up where no table could set before. The secret lies in the tripod design which allows it work on uneven ground, gravel, grass, hillsides, etc.. Independently adjustable legs lock securely into place via twin locks systems per leg. Stake-style steel feet that feature side stirrups for easy leveraging into the ground offering a firm hold just about anywhere nature takes you. Although not designed for hard surfaces like blacktop and concrete, they work well in a carpeted hunting blind. The High-Low's degree of adjustability is unmatched – from a low 18 inches to a whopping 55 inches off the ground – set it as high or low as suits your need. Shaped to accommodate both left and right handed shooters, the bench-style, table surface measures an ample 17 x 33 inches and will easily hold a front and back rest, ammo and other necessities. Transport is a cinch with a molded in tabletop handle and convenient tripod shoulder strap for carrying over longer distances. Made with USA and global parts.
• Adjust from 18" to 55" off the ground
High-Low Shooting Table *(Dark Earth)*..... C25MTHLST $97.49

The BULL™ Rifle Rest

With slip-free rubber feet and a wide sturdy stance, MTM's new Bull™ Rifle Rest gives rock-solid support for a satisfying day at the range. The Bull™ expands from 18.3" up to 26" long, supporting nearly any size long gun with non-marring, front and rear rubber shooting pads. Front elevation adjustments are made easily with a few quick handwheel rotations. The BullTM makes sighting-in and testing ammo a pleasure. Why bother dragging around heavy and expensive metal rests when the lightweight, fully adjustable Bull™ Rifle Rest can handle the task. Proudly made in the U.S.A.

Pole Cat™

The best strength-to-weight ratio in the business makes this the most trusted monopod in the field. Seamless tempered-aluminum tubes with patented Posi-Lock™ adjustment are bench stable, lightweight, mobile, and silently adjust to terrain with a quick quarter-twist. The rugged nylon yoke is strong, lighter than steel and will never rust. The tactile rubber shooting V grips your stock for a steadier shot. It's rock-solid support that is lightweight enough to take anywhere.

JOHNNY STEWART WILDLIFE CALLS

Quik-Shot

Johnny Stewart Quik-Shot Shooting Stick is a quiet, lightweight bipod that sets up quickly and easily. Made of solid hardwood oak with a steel hinge for strength and durability, this great hunting accessory offers solid support from both seated and kneeling shooting positions. The hinge's rubber covering tightly grips your rifle's or shotgun's forearm and won't mar gun's finish.

Versa-Pod®

PREPARE FOR BATTLE™

Model 50 Bipod

Super Short Prone Bipod with Pan/Tilt & Cant Friction Lock

The specialist's bipod - one of shortest bipods on the market. Developed at the request of professional shooters who need to be as close to the ground as possible. Extremely quick to use and easy to carry, yet utilizing the same rugged construction as all Versa-Pod® bipods.

- *Non-marring rubber feet*
- *Adjusts from 5 - 7 inches in three increments*
- *Includes 1 Universal Mounting Adapter*

Super Short Bipod ..... C25KF150050 .....$104.11

Model 923 Bipod Rest

Lightweight Picatinny Rail Prone Bipod with Raptor Feet and Quick Detach. Legs extend from 7"-9". The Model 923 has raptor feet for locking down into just about any surface in any conditions. It also has a quick release MIL-STD-1913 Picatinny head for quick and easy take down and storage. Legs are NOT spring loaded

Model 923 Bipod..... C25KF150923 .....$215.71

Model 52 Bipod

Standard Prone Bipod with Pan/Tilt and Cant Friction Lock

The classic prone-length Versa-Pod®, now with added friction lock control for the tilt/pan and cant rotation. Now you can use the built-in movements to follow targets in motion or tighten down for sighting in at the range all with the same bipod. Also featuring spring-powered legs for quicker, easier adjustments.

- *Adjusts from 9 inches to 12 inches in three increments*
- *Non-marring rubber feet • Aluminum/Steel Construction*
- *Includes one Universal Mounting Adapter*

Standard Prone Bipod ..... C25KF150052 .....$106.90

Model 2 Bipod

Standard Prone Bipod / Non-Marring Rubber Feet

The foundation of the Versa-Pod® line since its introduction in 1995. Has built-in pan and tilt movements to enable tracking of targets moving simultaneously in two planes. Also has built-in axial rotation for quick corrections on uneven ground. One-touch operation to extend legs, adjusts from 9 inches to 12 inches in six increments. Non-marring rubber feet. Includes one Universal Mounting Adapter

- *Construction: Steel/Aluminum • Weight w/Adapter: 1.44 lbs.*

Standard Prone Bipod ..... C25KF150002 .....$83.65

Model 3 Bipod

Standard Sitting Prone Bipod / Rubber Feet

The Model 3 has built-in Pan & Tilt that gives you the freedom to move with your target. The legs have rubber feet that extend from 15 « inches to 23 ? inches. Includes (1) One Universal Mounting Adapter (150-100) Non-Marring Rubber Feet Standard Sitting size Rugged design Spring Loaded Legs Pan and Tilt

Standard Sitting Bipod..... C25KF150003 .....$88.30

Compact Picatinny Rail Bipod Adapter

This adapter was developed in conjunction with the military to be a compact, no-frills solution. It uses a finger tightening knob that secures it to the rail. This feature makes it one of the easiest adapters to install and remove. Does not have sling loop. All-steel construction.

Compact Pic. Rail Adapter ..... C25KF150611 .....$55.75

Ruger® Mini-14 & 30 Bipod Adapter

Turn your Mini-14 or 30 into an accurate target rifle. The adapter is all-steel and very sturdy. By mounting to the gas block cover you have a secure attachment point. Directly Mounts to the Mini M14 gas block with two Allen-head screws. All mounting hardware included

Mini-14 / 30 Bipod Adapter.....C25KF150103 .....$38.08

MIL-STD-1913 Conversion Picatinny Rail M1A & M14

This is a picatinny rail with sling loop adapter for permanent attachment to the M14 and M1A rifle. This accessory rail is compatible with all MIL-STD-1913 accessories. Includes 3-1/4" rail with sling loop, two mounting screws and washers. Not for use on synthetic stocks.

M14 & M1A Rail Conversion .....C25KF150807 .....$66.91

Tactical Sling Stud Bipod Adapter

Fits majority of hunting rifles on market fitted with a contoured stock and Q.D. sling swivel stud. Allows you to mount a bipod without modifying your gun. This model features our popular tactical sling loop. A freely-rotating Q.D. stud is mounted on the bottom of the adapter for mounting your sling. Includes 1 5/8 sling loop with push button release.

Tac. Sling Stud Bipod Adp..... C25KF150200.....$29.71

Anschutz Rail Bipod Adapter

This model fits many popular custom stocks and European rifles fitted with the UIT (Anschutz) rail i.e. Steyr Mannlicher, SAKO, Savage, Blaser, Sig-Sauer. Once installed this adapter provides a nice hand rest for bench shooting as well as detachable flush-cap sling loop. Anschutz Rail Bipod Adapter

C25KF150601 ..... $38.08

Quick Sling Loop

This is Versa-Pod's standard Sling Loop flush cap mount. It is constructed of all-steel and works with any of our adapters utilizing the sling loop i.e. Model 200, 601, 602, 603, 630, and so forth.

1-5/8" Quick Sling Loop..... C25KF150701..... $12.04
1-3/4" Quick Sling Loop..... C25KF150711..... $12.04

BLACKHAWK!®

Sportster™ Traversetrack™ Bipod

Combining pivot and traverse functions with a time-tested bipod design, the Traverse Pivot Bipod is an industry first. The new horizontal traverse feature allows you to steadily track a moving target or change from target to target without repositioning the firearm. And when you're shooting on an uneven surface, the pivot action lets you swivel the firearm to either side, giving you a level shooting platform.

- *Durable all-metal construction with robust tubular legs*
- *Horizontal traverse for smooth target acquisition and tracking*
- *Pivot action for level shooting on uneven terrain*
- *Rapid-adjust lever lock • Spring-return telescoping legs*
- *Easily attaches to sling swivel stud*

Sonic Boom Exploding Targets

Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market. Now, Sonic Boom has taken it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Sonic Boom produces targets with high quality, non-hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot.

- *Higher Visibility • Enhanced Shooting Experience*
- *Non-Hazardous and Non-Toxic • Easy to mix and use*

10 Rimfire Exploding Targets

Sonic Boom has taken its time to research and custom build their targets. Through research, Sonic Boom has found the best possible raw ingredients available to date, which in return, provides one of the largest explosions and loudest booms of any exploding target on the market.

- Ten (10) Individual Targets
- Enhanced Shooting Experience
- Non-Hazardous and Non-Toxic
- Universal Use: Shotguns, Handguns, Rimfire

10 Rimfire Exploding Target.....C25JESBTRF $18.49

Sonic Boom has taken its time to research and custom build their targets. First, Sonic Boom found the best possible raw ingredients available, which provides one of the largest explosions and loudest booms of any exploding target on the market. Then they took it a step further by providing its users with a highly visible blaze orange jar that is visible at virtually any distance. Finally, with its new multi- pack, Sonic Boom has included a mixing jar to reduce mixing time while greatly increasing mixture quality. Sonic Boom produces targets with high quality, non- hazardous, non-toxic and stable chemicals. The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot. To ensure safety, shooters must be at least 100 yards from exploding target. To initiate explosion, rifle target must be struck with a center fire rifle projectile, weighing at least 40 grains and traveling at a minimum of 2200 fps (pistol rounds will not initiate these targets).

Exploding Rifle Target – Gender Reveal Kit

Announce the big news with the Sonic Boom Gender Reveal Kit. Comprising 1 pound of Sonic Boom rifle target and custom-made, colored chalk, this kit Simply make your gender reveal as exciting as can be. Just mix up the target, place the chalk on top and shoot the target with your centerfire rifle from at least 100 yards away to trigger a colorful explosion accompanied by a satisfying boom.

Exploding Rifle Target Bucket

The targets use a two part mixture that are easy to mix and easy to use—simply mix and shoot. To ensure safety, shooters must be at least 100 yards from exploding target. To initiate explosion, rifle target must be struck with a center fire rifle projectile, weighing at least 40 grains and traveling at a minimum of 2200 fps (pistol rounds will not initiate these targets). For best performance, they suggest use of a FMJ (Full Metal Jacket) round.

- 2lb Mix
- Eleven (11) Individual Targets
- Enhanced Shooting Experience

11ct Exploding Target Bucket....C25JESBT0211P . $103.49

Tannerite®

Tannerite® brand targets employ a binary explosive used as a shot indicator for long-range firearms practice and training. Tannerite® brand target detonations occur at a very high velocity, producing a large explosion and a cloud of water vapor. Small caliber rim-fire or slow moving pistol ammunition will not initiate a detonation.

Sniper Shot Series™

ALLEN®

EZ Aim® Hanging Hook
The Gong and Target Hanging Hook is designed to hold Gong or Steel targets with a center hole or a top-center hole. Main Gong Hanging hook is 3/8 inch steel. Heavy Weight Steel Body. Black Powder Coated. Permanent bolt on options.
- *Steel construction • Used with 2" x 4" lumber • 3/8IN steel hook*
- *Holds steel targets with center hole • Holes for attaching with bolt • No tools necessary*

EZ Aim® Hanging Hook.....C25AN15514 .....$16.99

EZ Aim® Hanger with Recoil Spring
Stay on target with EZ Aim®. The EZ Aim® Gong Hanger with Recoil Spring is designed to be mounted on the top of a 2 x 4. It fits most steel targets. The recoil spring reduces the impact of the projectiles on the AR500 steel target by absorbing some of the energy.
- *Solid steel construction • Mounts to 2" x 4" lumber • Recoil reducing spring kit included*
- *Holds most steel targets with a center hole • Hardware included for permanent mounting*

EZ Aim® Hanger w/Recoil Spring.....C25AN15515 .....$25.49

EZ Aim® Steel Shooting Target Stand Base
Stay on target with EZ Aim®. The EZ Aim® Target Stand Base accepts a standard 2 x 4. It allows the user to attach steel targets to it directly or by combining the base with a gong hanger
- *Steel construction*
- *Used with 2" x 4" lumber*
- *Can be combined with gong hanging hooks*
- *Durable powder coat finish*
- *Some assembly required*

EZ Aim® Steel Shooting Target Stand Base .....C25AN15543 .....$36.49

EZ Aim® Horizontal Target Hanging Hook
The Steel Target hanging hook is made from high-strength steel.
It has a durable powder-coated finish.
Cut from solid 1/4 inch steel. Works well with gong chains or by itself when hanging a steel target by the center hole
- *Solid steel construction • Powder coated finish*
- *Can be used in tandem to hold gongs with chains*
- *Can be used individually with targets that have a center hole*

EZ Aim® Gong Target Hook *(2/pk)*.....C25AN15571 .....$10.99

EZ Aim® AR500 Steel Shooting Target
The 3/8 inch thick AR500 Steel works well for any hunting bullet.
White powder-coat for improved visibility of bullet impact. Note Armor piercing bullets, Full metal jacketed bullets may damage any AR500 Target
- *3/8" thick AR500 steel construction • White powder coat finish*
- *Easy to see bullet impacts • Designed for hunting bullets at 100 yards or more*

Prairie Dog Silhouette.....C25AN15572 .....$41.49
Bear Silhouette.....C25AN15573 .....$41.49
Coyote Silhouette.....C25AN15574 .....$41.49

EZ Aim® Hardrock AR500 Steel Shooting Target
The EZ Aim Hardrock AR500 Target is made of 3/8 inch thick armorplate steel to withstand the impact from handguns at 10 yards or Rifles at over 100 yards. The white powdercoat finish shows bullet impacts. EZ Aim Hardrock targets have three connection points: two at the edge for attaching chains or straps and one in the center for gong hook attachment.
- *AR500 Armorplate steel, 1/2 or 3/8 inch thick*
- *Designed for Rifles and Handguns • White powdercoat finish*
- *Designed for chain / strap hanging • Designed for hook attachment*

3/8" Thick – 6"x10" IPSC Silhouette.....C25AN15585 .....$33.49

AR500 Rimfire/Handgun Targets

NEW!

Laser cut from certified AR500 steel, these targets offer unbeatable durability and performance for both beginners and seasoned marksmen. Capable of handling any rimfire or non-magnum handgun caliber firearm, Caldwell AR500 targets will last tens of thousands of rounds without damage. These ¼" plates are lighter than thicker centerfire-rated steel plates, resulting in increased plate movement and a resounding ring upon impact; even with lower-energy shots.

- *Certified 1/4" AR500 rated for tens of thousands of rounds from all rimfire and non-magnum handgun cartridges*
- *High visibility yellow powder coat prevents rust and is easy to see no matter what the terrain*
- *1/4" AR500 provides increased movement and louder audible ring from rimfire and handgun caliber impacts*
- *1/2" Bolt mounting option compatible with all caldwell target hangers*
- *Backed by caldwell ar500 lifetime guarantee, these targets are built to last*

Pachmayr® TRIUS® Traps

Trius Birdshooter 2™

A bit lighter weight than the "Original Trius Trap," this trap will out perform other traps in its price range. Regulation singles and piggyback doubles make this an excellent choice for the beginner and/or experience shooter. Can be held with foot or tire mount (bolt furnished). Aluminum arm plus oil impregnated bushings give years of trouble-free shooting. A High Angle Target Retainer is included for adding variety to your shooting. Fully adjustable without tools.
Birdshooter 2™ (11 lbs.)
C25PA10220 ..... $55.99

The Original Trius® Trap
Excellent for Beginners, Built for the more Serious Shooter!

For over 45 years the Trius Trap, "The Original Foot Trap," has been the trap that others have been judged by. Designed to be held with foot or mounted to a tire (bolt furnished). The targets thrown are of club quality and the trap can be adjusted to throw beyond regulation distance. Fine doubles including piggyback doubles. Large knobs for adjusting tension and vertical angle make the TRIUS trap fully adjustable without tools.
Original Trius Trap™ .....C25PA10205 ..... $64.09

Trius 1-Step™
One easy step cocks & releases target...almost effortless to use....

One person can throw and shoot! High Angle Target Clip Included! Arm is set and targets are placed on arm without tension. Step on pedal to put tension on the arm and release targets in one motion. Regulation singles plus pig-gyback doubles.
Trius 1-Step™ .....C25PA10201 ..... $88.09

MTM® CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

E-Z Throw™ 3

" Power Pivot Arm" Suddenly find yourself swinging clays as true as the big boys.
- Equals MTM's "Original EZ-II" velocity, with 30% less effort
- No hassling with bands, springs or mechanical parts
- All new, comfort-grip handle, with "Power Pivot Arm"
- Rugged construction with MTM 5 year guarantee
- Uses standard 4.5" clay targets

E-Z Throw™3 20".....C25MTEZ3 ..... $6.99

E-Z Throw™ MR Clay Target Thrower

Designed for high fly over practice to stimulate doves and geese, the EZ Throw-MR long range thrower (targets up to 95 yards) is the fastest thrower we sell. If you can hit this one, you can hit anything. Comes with one EZ-II and the handle assembly.
E-Z Throw™MR 50" .....C25MTEZMR.....$26.99

E-Z Throw II

The EZ-Throw is the original patented design clay target thrower.
Its one-piece design throws clay faster and farther than most mechanical throws and it will not break or rust.
The "power curve", as we call it, gives you a smooth throw. So easy to use, whether you are right or left-handed, with a little practice, you will soon be throwing jump birds, curves and ground skimmers. Great for some weekend fun with your 12 guage
Target Thrower..... C25MTEZII $7.49
Double Target Thrower..... C25MTEZDT $25.49

BIRCHWOOD CASEY

Target Spots®

Self-Adhesive Target Spots®

Convenient self-adhesive, fluorescent red target spots in 1, 2 and 3 inch, create instant bulls-eye for all types of target practice. The high contrast, radiant red color lets you see a sharper sight picture and bullet holes more clearly for better scores and smaller groups. A perforated back panel makes this package into a handy Target Spots dispenser.

BIRCHWOOD CASEY

Shoot•N•C REACTIVE TARGETS

Shoot•N•C® 12" White/Black Sight-In Target

Capture the same Shoot•N•C experience in white and black. The contrast of white over black makes an excellent indoor target. The black "halo" can easily be seen at many distances. When used indoors or outdoors, the white over black colors make seeing your crosshairs and open sights very easy. Each target comes with repair pasters to extend the life of your target by repairing bullet holes or as extra aiming points.

12" White/Black Target..... C25BA34219..... $6.99

Shoot•N•C® 8" Bull's-eye "BMW" Target

The contrasting crosshair design makes lining up your scope crosshairs a snap. Use as a sight-in target or for general purpose. Each sheet contains extra pasters that match the center aiming point, because that is where you will be hitting the most anyway!

Self-Adhesive 8" Round "X" Targets
(6) Targets, *(24)* Pasters ..... C25BA34806 .....$3.99
(50) Targets, *(200)* Pasters ..... C25BA34850 .....$21.49

Shoot•N•C® Self-Adhesive Targets Sight-In Target Kit

This complete, portable target kit turns any field into a great practice range. The Kit includes a heavy-duty self-standing A-frame backboard, **(4)**-12" x 12" Shoot•N•C® Targets & **(72)**-1" square pasters sheet for target repair. Durable card-board backing and integral base for adding weight makes target kit usable even in windy conditions.

12" Sight-In Target Kit ..... C25BA34202 ..... $9.49

Shoot•N•C® Self-Adhesive 8"x 8" Sight-In Targets

5 targets on one sheet, each "exploding" in color upon impact. Use center target for sighting-in and four smaller targets for testing results of various ballistic loads or for conformation of sight-in groups. Convenient one-inch numbered grid lines simplify scope adjustments. Works with all calibers. Scratch-proof coating. Self adhesive.

8"x8" Sight-In Targets *(6-Pack)* ..... C25BA34105 ..... $3.99
8"x8" Sight-In Targets *(15-Pack)* ... C25BA34112 ..... $6.49

Shoot•N•C® Self-Adhesive Silhouette Target Kit

Reusable kit for your silhouette practice. The kit includes one heavy-duty card-board silhouette, two replaceable self-adhesive "chest" targets, (2) 9" replacement oval to cover center, (6) 4" ovals, and corrugated 23"x35" backer board. Matches B27R specs.

12"x18" Silhouette Kit *(2-Pack)* .... C25BA34602 .... $10.99

Self-Adhesive Silhouette 12"x18" B-27 Targets

(25) 12"x18" targets for the Shoot-N-C silhouette Target Kit or for target practice. Shoot-N-C technology makes every hit "explode" in color.

12"x18" Silhouette Targets *(5-Pack)* ..... C25BA34605 ..... $7.49

Shoot•N•C® Reactive Targets

Shoot•N•C® REACTIVE TARGETS

With these revolutionary targets, bullet holes are revealed with bright rings – providing you with instant feedback and eliminating the need to walk down range or use binoculars or spotting scopes. Upon impact the targets explode in color visible to the naked eye, and the self-adhesive backing makes targets easy to put up. Repair paster available with Shoot•N•C products allow you to cover up shots to extend target life or create secondary aiming points!

C25BA35212 ..... $6.99

Rigid™ Paper Targets

Rigid Paper Targets are made of stiff tagboard construction. The contrasting orange/black on white print is highly visible from both short and long distances. Each target is 12" x 12", comes in packs of 10 sheets/targets, and like all Birchwood Casey targets, they are printed in the USA. The circle, square and crosshair designs are superb for open sights and optics at all distances.

12" Crosshairs Sight-In *(10) Targets* ..... C25BA37210 ..... $3.49
12" DH™ Bulls Eye *(10) Targets* ..... C25BA37211 ..... $3.49

Dirty Bird® Target

Large 17.25" targets are great for long-range rifle shooting 200 yards and beyond. Bullet holes are easy to see due to "intense white" splatter effect, even within the red bull's-eye. An outstanding value for five targets - the price per target is comparable to plain paper targets! Non-adhesive back allows you to affix the target to your surface of choice, add notes and save for future reference. Red aiming points are highly visible - perfect for scoped or open sights. Tie-breaking ring in the center.

17.25" Bull's-Eye Target *(5 Sheet-Pack)*
C25BA35185 ..... $6.49

Dirty Bird® Multi-Color Splattering Targets

Dirty Bird introduces the new Multicolor Splattering Targets. You get the same super-visible splatter of color upon bullet impact as standard Dirty Bird targets. But Multi-Color Targets give you more: The circles of the bull's-eye each have their own color splatter, so you can tell by the color how close you are to the center!

(20) - 8" Targets ..... C25BA35820 ..... $6.49
(10) - 12" Targets ..... C25BA35830 ..... $6.99

Dirty Bird® Silhouette III Target

12"x18" Splattering Targets

Perfect for all types of pistol action shooting. The intense splatter of chartreuse and white upon bullet impact make holes easy to see. Non-Adhesive back allows you to affix target to your surface of choice, add notes and save for future reference.

(8) Targets
C25BA35708 ..... $6.49

Dirty Bird® Shadow Targets

Perfect for all shooting or training applications. These targets "splatter" white upon bullet impact.

CALDWELL®

E-MAX

E-MAX® Electronic Hearing Protection

Standard profile E-MaxTM hearing protection combines great circuitry with a standard earcup for better protection. The two microphones in the E-MaxTM amplify sounds below 85 decibels, which amplifies normal communication, range commands, and environmental sounds. Above 85 decibels, the microphones shut off for a split second to protect the shooter's hearing. Two microphones - one in each cup - give the user true stereo sound and allow the user to identify the directional source of a sound.

- *Cutoff: 85dB • NRR: 25*
- *Power source: two AAA batteries (not included)*

E-Max Electronic Hearing Protection ..... C25PH497700 ..... $26.99

E-MAX® BTH Electronic Hearing Protection

E-MAX BTH BEHIND-THE-HEAD

The new E-Max Behind-the-Head hearing protection combines great circuitry with a low profile ear cup that's ideal for shotgun shooters and action shooters. The E-Max amplify sounds up to 20dB, controlled by the volume dial on the right ear cup. This is beneficial for normal communication, range commands, and environmental sounds. With sounds above 85 decibels, the speaker shut off for a split second to protect the shooter's hearing. Two microphones, one in each cup, give the user true stereo function and help the user to localize sound.

- *21NRR rating • Adjustable volume control • Audio input jack • Stereo sound*
- *Cushioned foam ear cups • Power indicator light*

E-MAX® BTH Electronic Hearing Protection..... C25PH487605 ..... $26.99

HOWARD LEIGHT by Honeywell

Leightning® Passive Ear Muffs

Leightning series' steel-wire and metal construction provide high performance and robust durability. Leightning stands up to daily use and abuse without compromising comfort. Howard Leight has optimized the Leightning series to deliver the highest level of comfort available, featuring an exclusive padded foam headband and super-soft ear cushions that eliminate that "squeezing" pressure on the head. The Leightning series also features Bilsom® patented Air Flow Control™ technology for optimal attenuation across all frequencies and snap-in ear cushions for easy maintenance.

Women's Shooting Sports Safety Combo Kit

• Women's Shooting Sports Safety combo kit are specifically designed to fit smaller head sizes: the temples are shorter, the nose bridge is slimmer, and the overall width is narrower. • NRR 25 dB
• Includes Dusty Rose Hearing Earmuffs & Shooting Glasses with Dusty Rose Frame/Clear Lens

PRO EARS™

HEAR THE DIFFERENCE.

Pro Ears are the world's most advanced electronic ear and hearing protection for shooting, hunting and industrial applications. Our superior technology allows the competitive shooter, hunter and law enforcement agent to hear every sound, including conversation, even during high volume noise spikes. Pro Ears electronic earmuffs achieve a perfect balance between comfort, noise attenuation and purity of sound. No compromises.

Ultra Series

A great pair of passive ear muffs are the most effective means to protect your hearing. Ear plugs can be effective only if they are properly inserted in the ear. Very often, due to discomfort or improper training the ear plug does not provide the level of protection advertised. A comfortable, well designed pair of ear muffs can protect your hearing for years to come. Three levels of protection offered by the Ultra Series. The NRR is independently tested and certified. All Ultra Series products are dielectric construction.

Ultra Pro

- Rugged, high profile cups Adjustable headband and ProForm™ leather ear cushions
- Optional Hard hat adaptor, fits most hard hats (may not be suitable for wide-brim hard hats)
- Optional Hard hat adaptor pivots and locks in the up position
- Dielectric construction
- Suitable for a high noise environment, both in the factory, range and in your home workshop
- Simple height adjustment requires no tools to remain fixed during wear
- Snap-in ear cushions make replacement quick and easy • NRR: 30

Ultra Pro *Black*.....C25JYPEUPB $27.49
Ultra Pro *Pink* .....C25JYPEUPP $27.49

Ultra Sleek

Overlord 3 Lens Safety Kit.....C25EEHO3K1 ..... $99.99

Edge Sharp Edge Safety Glasses 3 Lens Kit
Anti-Fog & Anti-Scratch

The blade-style Sharp Edge is a lightweight pair of range glasses that are ideal for any tactical activity.
Features:
- Thin Temple frame, perfect to wear with helmets and ear protection
- 3-Lens Kit includes - Clear Vapor Shield Lens, Tiger's Eye Vapor Shield Lens, and G-15 Vapor Shield Lens • Military grade Vapor Shield (Anti-Fog - Absolutely impervious to fog) • 3X anti-scratch coating • Wraparound frame with no side shield distortion
- Straight temple that rests comfortably on your head and doesn't pinch
- Frame consists of a flexible & durable TR90/Nylon compound material (material increases "grip" as it becomes moist or warm) • Lenses block 99.9% of UVA/UVB/UVC rays
- Case and soft cleaning bag included

Edge Sharp 3 Lens Kit.....C25EESSE3K1TT $59.99

Edge Hamel Shooting Glasses
Matte Frame Polarized
Smoke Vapor Shield Lenses

The Edge Hamel shooting glasses deliver military-grade ballistic protection in an uncompromising package. Anti-scratch coating to its permanent anti-fog feature. The Edge Hamel is your solution. From its comfortable frames, made of a flexible and equally durable nylon composite, to its available G-15 lenses, the Hamel is made to protect your eyesight when most at risk - all while delivering everyday performance. The lenses block 99.9% of UVA, UVB and UVC rays, the thin temples mean comfort when wearing ear protection or helmets and thermoplastic rubber (TPR) details on the nosepiece help them stay on your face when lesser glasses would slip.

Thin Temple Matte.....C25EETXH716VSTT.....$68.99
G15 Soft Touch.....C25EEXH61G15TT.....$54.99
Sand Soft Touch .....C25EEXH63G15TT.....$54.99

Edge Fastlink Shooting Glasses
Black Frame with Orange
G15 Vapor Shield Lens

Edge Eyewear Fast Link Tactical Safety Glasses are a half-frame, incredibly sleek pair of safety glasses that will serve you well in the line of duty. These Edge Eyewear safety glasses utilize a flexible blend of TR90 and nylon for their frames, giving the safety glasses dynamic durability. For high performance no matter how hard you're going, the Edge Fastlink Tactical Safety Glasses are equipped with Edge Tactical's state of the art Vapor Shield anti-fog coating, keeping your vision clear. The safety glasses suffer no scratches, thanks to their 3x Anti-Scratch lens coatings. Stay calm and stay protected when duty calls with the Edge Eye Wear Fast Link 3x Anti-Scratch Safety Eyewear.

Lyman® Brands that Perform

Range Kit - Pistol Starter Set

Lyman's new Pistol Starter Set gives shooters all of the basic accessories that they need to get started in pistol shooting. The Pistol Starter Set is housed in a durable, tough 600D nylon shooter's carry bag that is a must for transporting your equipment to and from the range. Shooting bag dimensions are 15.7" X 8.85" X 10.23". Inside the bag, are all the basics that you need for eye and ear protection. The set contains quality ear protection with 25DB noise reduction, eye protection, and also a QwikDrawTM barrel cleaner for cleaning your pistol afterwards. The QwikDraw is a fast, all-in-one cleaning tool that eliminates the need for traditional cleaning rods and patches. Best of all, the total package offers a great cost savings over purchasing the items individually.

Jebs High Voltage Choke Tubes

Just like the original JEBS High Voltage choke tube design, our Black Nitride waterfowl choke tubes are held to the same quality and durable standards as before.
Besides looking incredible in the black, there are many additional benefits to the Black Nitride process: provides additional lubrication, protects against corrosion, wear resistant, and 82 on the Rockwell Chart.

Carlson's CHOKE TUBES

Sporting Clays Choke Tube

Our Sporting Clays Choke Tubes are made from 17-4 stainless and precision machined to produce a choke tube that patterns better than standard choke tubes. These choke tubes feature a 25% larger parallel section in the choke thus throwing more consistent patterns than conventional choke tubes. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction laser marked on the end for easy reference. These choke tubes are backed by our lifetime warranty.

Lead shot, Steel Shot, Copperplated Shot, Nickel Shot, Hevi-Shotshells™, and Buck Shot can be used in our Sporting Clay Choke Tubes. Steel shot larger than BB should not be used in any Sporting Clays Choke Tube tighter than Full Constriction. Our Sporting Clays Choke Tubes will throw tighter/denser patterns than Flush Mount Choke Tubes due to a longer parallel section.

Sporting Clays Black Choke Tube

Our New Sporting Clays choke reduces recoil and at the same time reducing muzzle jump making follow up shots quick and easy. Manufactured from 17-04 stainless steel and precision machined to produce a choke that patterns better, with less recoil, than standard flush mount choke tubes.
These chokes feature a 25% longer parallel section in the choke which allows for tighter, denser patterns, with less flyers another words more pellets on the target.
The extended portion of the choke tube allows for quick and easy removal and insertion. Lead, Copperplated, Nickel, Hevi-shot, Bismuth and tungsten may be shot through these choke tubes. When using steel shot do not shoot steel larger than BB through any choke tighter than full. These choke tubes have a blue finish and carry our full lifetime warranty.

Shooting Accessories

Carlson's CHOKE TUBES

LONG BEARD XR

Long Beard XR Choke Tube

This choke tube has been specially designed to produce the best patterns when shooting Winchester's New Long Beard Turkey loads. This new ammunition features Shot-Lok Technology that allows for the tightest patterns and longer downrange reach over any lead turkey load on the market. This tom-dropping dynamic duo serves-up 10% greater penetration over standard lead shot at distances of more than 50 yards, terminal on-target performance and allows nearly perfectly round shot to be thrown from the barrel for extremely tight, long-range patterns.
Carlson's Choke Tubes are backed by a LIFETIME WARRANTY and MADE IN THE USA!

Carlson's CHOKE TUBES

TSS Turkey Choke Tubes

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for 12 and 20 ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The 12- and 20-ga. shells will include the FliteControl Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance.

Carlson's CHOKE TUBES

Coyote Choke Tubes

For use with Hevi-Shot, Bismuth or lead, this high performance choke tube has been specifically designed for the coyote hunter to deliver devastating downrange patterns upwards of 70 yards when shooting larger shot sizes. Produces very dense patterns when utilizing T and Buckshot loads. Great for waterfowl and predator hunting.

NOT FOR USE WITH STEEL SHOT!

BuckShot Choke Tube

- Designed to give you tight patterns downrange with 00 & 000 buckshot
- Ported to reduce recoil and muzzle jump
- Constriction designed especially to optimize patterns with large and small 1" Barrel Extension
- Machined out of 17-4 heat treated material
- Can be used with Lead, Steel, and Hevi-Shot loads
- Cannot be used with any Steel shot larger than BB or with any Steel shot faster than 1550 fps.

Gauge	Shotgun Model	Item No.	Price
12 ga	Remington	C25XF13399	$67.99

BlackCloud™ Choke Tube

The Extended tube is constructed of a Titanium-coated steel, and comes in Mid Range and Long Range models. The titanium coating helps the uniquely designed FliteControl Wad in the Black Cloud ammunition perform downrange with less build-up in the choke and allows the Flitestopper shot to do its job this increasing your take in the field.

These chokes are specifically designed to get the most performance from Federal's new Black Cloud Ammunition, but perform extremely well with other steel shotshells. The Long Range choke tube should not be used with any steel shot larger than BB or with any steel shot faster than 1550 fps. The Mid Range model can be used with all steel shot sizes. The Mid Range model can be used with all steel shot sizes, and with ammunition that exceeds 1550 fps. Black Cloud ammunition has been designed to be used with choke tubes that do not use porting or wad stopping devices.

White Wing Dove Choke Tubes

The NEW White Wing Dove choke features Carlson's Exclusive TST (Triple Shot Technology) which results in reduced pellet deformation, denser patterns, and less flyers. Our White Wing Dove choke is manufactured from 17-4 stainless steel and has been designed to produce the best patterns for dove hunters. For all ranges, when hunting doves we guarantee the reliability and performance dove hunters want and deserve. Available in Decoy (LM) or Extended Range (IM) all White Wing chokes are ported to help reduce recoil and muzzle jump. These chokes can handle steel, lead, Hevi-Shot, and TSS as some public grounds stipulate shot composition. As always we guarantee peak performance and user satisfaction.

Delta Waterfowl Choke Tubes

Our Waterfowl Extended Choke Tubes are manufactured from 1704 stainless steel and designed to throw tighter and denser patterns than conventional choke tubes. These choke tubes feature a 25% longer parallel section in the choke, thus throwing more consistent patterns. Each choke tube is knurled on the end to allow for quick and easy removal. Each choke tube has the constriction and size laser marked on the end and body for easy reference. Steel shot may be used through these choke tubes with exceptional results.

Do not shoot steel shot larger than BB or any steel load faster than 1550 FPS through the Long Range Constriction. Loads that exceed this size and speed should be used with the Mid Range choke tube.

Carlson's CHOKE TUBES

Cremator Choke Tubes

Carlson's Cremator Choke Tubes feature our brand new Triple Shot Technology (TST). TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. The Cremator series has no size or speed restrictions with steel shot in any of the three constrictions. You also get all the benefits of an extended choke tube, including a 25% longer parallel section for tighter and more dense patterns, wrench-less installation, quick removal and helps with muzzle protection. They are offered in your choice of ported or non-ported configurations.

KICKS GET ON TARGET

All of our chokes feature a conical parallel design. Cone of constriction (typical) coupled with a parallel section (rarely found in other chokes) of roughly 1" where the constriction is held constant. Design with our exclusive directional diagonal ports that because of their outward angle create a sharp forward inside edge which 'grabs', stabilizes and slows the wad for faster separation of wad and shot column. This results in cleaner patterns not adversely affected by the wad. The diagonal ports also reduce muzzle jump and recoil for faster, more accurate follow up shots. The external ported portion of the chokes extends roughly 1-3/4" from the muzzle and isn't noticeable when shooting. *Directional- The angle of the ports is 135 degree away from the shooter, reducing side blast prevalent in ports 90 degree or less. This is a big plus for close quarters like duck blinds, trap fields and five stand. Ports don't foul up like others.*

Gobblin' Thunder

Kick's chokes are manufactured from the highest quality 17-4PH stainless steel and have a matte-black finish. "Gobblin Thunder" turkey chokes are the original extended-ported chokes that set the bar for every other choke tube on the market. "Gobblin Thunder" chokes extend from the barrel approximately 1 3/8" and are angle ported to reduce recoil and deliver extremely tight and consistent patter performance. These chokes easily converts most 10, 12, 16 and 20ga. factory threaded barrels from a mild mannered bird gun into a turkey hunting specialist.

"Gobblin Thunder" chokes are NOT recommended for steel shot or Hevi-shot.

PRIMOS HUNTING

TSS JellyHead Choke Tubes

Specifically designed for TSS loads that have become very popular with turkey hunters but will also shoot super tight patterns with HEVIShot, Copper Plated and Lead Shot. This extended choke tube allows for easy installation without the use of tools.

- *Clean the threads in the muzzle and on the JellyHead TSS choke tube before installing. Use a good choke tube grease to coat the threads before installing.*
- *Screw the tube into the muzzle, be careful to not cross-thread. Grip the knurled end and hand tighten only. No tools needed.*
- *DO NOT OVER TIGHTEN.*
- *Not to be used with Steel Shot.*

Model	Gauge	Item No.	Price

High Flyer™

The Duck Stops Here!

Whether you're after distant geese, decoying ducks, a tight holding covey of quail, or a ringneck in a cornfield, Kicks has a "High Flyer" choke perfect for any hunting/ shooting situation. The hunter's (choice) choke ideal for steel shot/ waterfowl and upland game! Every "High Flyer" choke is designed to shoot lead, steel, tungsten, hevi-shot, or any non-toxic shot. The conical parallel design improves patterns, (less flyers) and the diagonal ports reduce muzzle jump for denser, faster, more accurate follow-up shots

Carlson's CHOKE TUBES

Universal Choke Wrench

This very simple, yet "tough" wrench will remove any choke with a slotted end. A key chain has been added to allow you to keep this wrench with you at all times. Made of heat treated stainless steel this wrench will not bend. Will fit 12 ga, 20 ga, 16 ga, 10 ga, & 28 ga. choke systems. Universal Choke Wrench

1 pk.....C25XF06605.....$5.49
2 pk.....C25XF06606.....$7.99

Sporting Clays Speed Wrench

Our fastest choke wrench allows you to remove and insert chokes in just seconds. They are easy to operate using only your index finger and thumb. Simply tighten the black thumb knob on end of wrench and the choke can be easily removed or inserted. Works great in the field, on your bench, or in any situation when you need to get your choke tubes out quickly. Lifetime Warranty.

12 ga Sprt. Clays Speed Wrench.....C25XF06601.....$21.49
20 ga Sprt. Clays Speed Wrench.....C25XF06602.....$21.49

T-Handle Choke Wrench

Our best wrench to give you more leverage to remove those "hard to get out choke tubes". These wrenches will remove all choke tubes with slotted ends. They will remove any choke down to .690 constriction or extra full.

12 ga T-Handle Wrench.....C25XF06608.....$19.49
20 ga T-Handle Wrench.....C25XF06609.....$19.49

Carlson's CHOKE TUBES

Choke Tube Cleaner

Carlson's NEW Choke Tube and Carbon Cleaner is nonflammable,non hazardous and it is biodegradable. It provides you with a safe and effective way to clean carbon and plastic wad fouling from choke tubes and all of those semi automatic shotguns gas system parts. This product also works well to clean AR-15 and other rifle bolt assemblies. Completes the job in 15 minutes or less! Supplied in a 6 oz jar.

Choke Tube Cleaner .....C25XF06611 .....$14.99

Carlson's CHOKE TUBES

Protective Choke Carry Case

The EVA molded foam exterior on this carry case provides superior protection to your choke tubes while hunting or shooting.

• Scratch-resistant lining • Lightweight design
• 3 or 5 choke storage capacity

Choke Carry Case..... C25XF00400...$16.99

Choke Tube Lube

Carlson's NEW Choke Tube Lube is excellent for use on all choke tubes. Also works great on full-auto locking lugs, sears, bolts, and slide/rails. Smooth and clean operation in the severe cold (-100°F) and will hold up under extreme heat (+750°F) as well. This lube offers extreme pressure properties that are guaranteed to reduce friction and wear on weapons and choke tubes. This product will not attract dust, dirt, or powder fouling like most petroleum based products and does not contain Teflon or PTFE additives. Supplied in a 30 ml syringe.

Choke Tube Lube *(30 ml)*..... C25XF06612.....$12.49

MTM CASE-GARD QUALITY SHOOTING SPORTS ACCESSORIES

Choke Tube Case - CT3

Choke Tube three, individually holds up to three chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Small enough to fit inside a coat pocket. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case.....C25MTCT341.....$4.79

Choke Tube Case - CT6

Choke Tube Six, individually hold up to six chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Six Case.....C25MTCT641.....$6.29

Choke Tube Case - CT9

Choke Tube nine, individually holds up to nine chokes, at one time, providing each with their own secure, felt lined section. The case is molded out of nearly indestructible polypropylene plastic and features a strong snapping latch with see-thru smoke coloring. Made of rugged polypropylene with two internal dividers and a foam pad. The foam pad helps prevent rattle and protect threads. Pending on your chokes, there is room for most factory wrenches and choke lube. Designed to hold 20, 12, 10 gauge chokes.

Choke Tube Three Case.....C25MTCT941.....$7.49

Shotshell / Choke Tube Case

Ideal for all shotgun shooting sports and convenient for shotshell reloading. You can now carry your shotshells and choke tubes in one convenient compact case. 12 gauge shell boxes can be left open so that you can have quick access to four different loads in the field or at the range. Ideal duck hunting equipment for the waterfowler. Detachable choke tube case holds up to nine tubes, most factory wrenches and choke lube. Rugged polypropylene molding with large comfortable handle.

• *Designed to hold a 100 rounds 2-3/4" or 3" 12 Ga. shotshells, or it can hold 50 rounds of 3 ½" 12 or 10 Ga.*
• *Dimensions: 7" x 10-5/8" x 6"*

Ruger 10/22 Rail Mount *(Black)* ..... C25MWMI1022SM $28.95

1913 Mil-Spec Rail Section

• Available in 3 Slot, 5 Slot, 7 Slot and 9 Slot Sections
• 6061 aluminum, hard coat anodized
• M-LOK™ mounting hardware included
• 100% made in USA • Lifetime Warranty
• M-LOK™ is a trademark of Magpul Industries Corp
3-Slot Rail Section ..... C25MWMI3MR $17.95

Offset Rail

• Allows offset position for lights, lasers or iron sights
• Lightweight, rugged construction of 6061 aluminum, hard coat anodized
• Features quality MIL-STD 1913 rail • Made in the USA • Lifetime Warranty
Offset Rail ..... C25MWMIR225 ..... $33.95

Micro Gas Block

• 1.125" in length • Constructed from 4140 steel
• For .750 diameter barrels, secures with two set screws
• Low profile design with fit under most commercially available handguards
Micro Gas Block ..... C25MWMIMGB750 ..... $41.95

Low Profile Gas Block – .750"

• Constructed from 4140 steel
• 1.815" long to cover the taper pin holes if FSB is removed
• Low profile design will fit under most commercially available handguards
LP Gas Block ..... C25MWMCTARLPG $44.95

Barricade Stop

• Mounts to M-LOK™ system slots
• Features teeth that allow user to achieve a solid anchor point tor precise shots
• Constructed from 6061 aluminum, hard coat anodized
• 100% made in USA • Lifetime Warranty
Barricade Stop ..... C25MWMIMBS $28.95

Gen2 SUB 2000 T1/T2 Optic Mount

• Allows the mounting of Aimpoint T1, T2, H1, H2 or clones that use the same mounting design
• This will not fit the Bushnell red dot
• Patent pending pivot design allows the gun to be folded as designed for compact storage
• Constructed from 6061 aluminum hard coat anodized for a lifetime of service. • Includes all mounting hardware • Weight - 2.7 ounces
• 100% made in the U.S.A. with MI Lifetime Warranty
Gen2 SUB 2000 T1/T2 Optic Mount ..... C25MWMIG2SUBT2 ..... $110.95

Trijicon MRO Co-Witness QD Mount

• The smoothest functioning QD lever on the market
• Superior clamping that will not damage or coin the rail surface
• Extremely smooth in operation with a multi-faceted adjustment nut to get the exact tension required by the operator
• Fully adjustable with no tools required, can be adjusted to fit rails not machined to mil-spec tolerances • Weighs only 2.0 oz.
• Precision machined for optimum return to zero performance and reliability
• Hard coat anodized 6061 aluminum for a lifetime of service
• 100% made in the U.S.A. with MI Lifetime Warranty
Trijicon MRO Co-Witness QD Mount ..... C25MWMIQDMROCO $99.95

Harris Bipod ARCALOCK Clamp Kit

- Comes with Harris Adapter and ARCALOCK Clamp Base
- Replaces the swivel stud mounting platform
- Works with the factory tensioning screw or a KMW Pod Loc
- Machined in house from 6061-T6 • Type III Black Hardcoat Anodized
- Does not work in conjunction with Barricade Stop

Harris Bipod ARCALOCK Clamp Kit..... C25AH419ALKHARRISKIT.....$98.99

ARCALOCK Clamp

- Works on all standard ARCA/1.5" Dovetail Rails
- Proprietary two-stage screw design
- 1/4 turn releases the clamp from the detents on the ARCALOCK rail for movement
- One turn fully releases clamp to be removed from rail

ARCALOCK Clamp ..... C25AH419ALKCLAMP.....$83.99

ARCALOCK Dual Clamp

- Aerospace grade 6061-T6 aluminum & STS
- Adjustable tension
- "On/Off" ARCALOCK switch for ideal fitment on either Area 419 ARCALOCK Rails or ARCA rails
- Hardened steel pins and grabbers for exceptional picatinny lock-up

ARCALOCK Dual Clamp
C25AH419ALKDC..... $162.99

ARCALOCK QD Clamp

- 3-position reversible lever arm, milled from stainless steel, allowing you to choose between clamped, sliding, and fall-off.
- Steel adjustment knob
- Compatibility with existing accessories using 17S mounting footprint
- Removable ARCALOCK pins, allowing for use with any ARCA rail
- 100% Made in America • *NOTE: Not compatible with RCX Gen 2*

ARCALOCK QD Clamp..... C25AH419ALKQD.....$118.99

Picatinny/1913 Adapter for ARCALOCK Clamps

This is a 4-slot section of rail that can be attached to our ARCALOCK Clamp, allowing its use with any pic-compatible bipod. This is helpful with Atlas BT10 2-Screw models, as well as Evo, etc bipods.

TACSTAR® TACTICAL PERFORMANCE, PRACTICAL DESIGN

SHOTGUN ACCESSORIES

LM1081035

LM1081029

Shotgun Rail Mount with Sidesaddle®

Here's a simple and effective tactical upgrade for 12 gauge Remington 870, 1100 and 11-87 shotguns and now also for Mossberg 500 and 590 shotguns – no gunsmith needed. Ultra-rigid, this innovative lightweight aluminum unit straddles both sides of the receiver and is crafted with a non-glare anodized finish. The top Picatinny rail can mount a variety of accessories, yet is designed to sit just high enough to allow continued use of the shotgun's bead sight. Keeping six shells in readiness, the low profile design Sidesaddle incorporates TacStar's proprietary material for durability and secure shell retention.

Rail Mount w/Side Saddles® *(Mossberg)* ..... C25LM1081029 ..... $78.99
Rail Mount w/Side Saddles® *(Remington)* ..... C25LM1081035 ..... $78.99

TacStar Hunters Sidesaddle

The Sidesaddle Shotshell carrier has proven to be the best way to carry six extra rounds in the most convenient and accessible location for quick reloading without losing sights. Mounts directly to the shotgun.

Tactical Polymer Sidesaddles 12ga 6 shot

Mossberg 500, 590, 590DA *Black* ..... C25LM1081159 ..... $33.49

Slimline™ Sidesaddles

The Sidesaddle utilizes a non-glare, anodized aluminum backing plate material similar to our traditional Sidesaddle; however we have contoured the plate so that it takes up less space on the receiver and has fewer areas that could potentially snag.

• *Sleek, slimline appearance*
• *Strong, rigid, non-glare aluminum backing plate*
• *Durable, flexible synthetic rubber shell carrier with secure shell retention*
• *Reduced size and streamlined shape reduce chances of snagging*
• *Available for Remington 870/1100 and Mossberg 500/590*

Remington ..... C25LM1081211 ..... $33.49
Mossberg ..... C25LM1081210 ..... $33.49

Universal Barrel Shroud

The Universal Barrel Shroud is made from all-steel and has a black oxide finish. 13.75" long and fits most 12 gauge shotguns. Easy installation. Shroud does not fit barrels with vent rib. Instructions and mounting hardware included.

Universal Barrel Shroud ..... C25LM1081171 ..... $37.49

Tactical Shotgun Rail Mounts

The TacStar Shotgun Rail Mount is designed to fit standard 1" diameter magazine extensions and allows for easy mounting of tactical lights and/or lasers. The mount has three standard Picatinny rails positioned 90º apart which allows for plenty of options when mounting accessories to the shotgun. The mount uses an easy to install clamping system which will not mar extensions, yet is strong and secure.

Short Rail Mount ..... C25LM1081100 ..... $28.99

VIKING TACTICS®

VTAC® Light Mount

Made of a Modified Acrylic PVC Alloy Thermoplastic with high impact and abrasion resistant qualities which have been proven to withstand the harshest environments, the Viking Tactics Light Mount is designed so that you can mount your light so that it is out of your field of view and easily activated. This new and improved version of the original VTAC Light Mount Design gives you enormous flexibility. It will allow you to mount most lights with a .80 or 1" diameter and will fit the VTAC-L4 as well as the inexpensive Surefire G2 Nitrolon, Executive Series, and many others. The sleek VTAC design even offers a position in the insert to accommodate the clip on the light. Depending on your mounting preferences, the VTAC can be mounted in such a way that the light can be activated using a tape switch or it can be mounted in such a manner allowing you activate your light using the push button on the back of the light. (Note: Flashlights and firearms not included and must be purchased separately). The VTAC Light Mount is impervious to most chemicals, solvents and oils and its highly advanced thermoplastics will not shrink.

Torch™ Standard Mount.....C25XJTSM..... $19.99

KEL TEC®

RFB Quad Rail

The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The two scalloped cut-outs on the top of the Picatinny allow the shooter freedom to adjust the gas system if needed and allow the ejected casings to leave the ejection port. The shooter should take caution on which accessories to mount on the left hand side of the weapon since this could block the ejection port.

- *Includes: (1) RFB-420-Quad Rail, one (1) Locking Nut and wrench, one (1) set screw with hex key*

RFB Quad Rail .....C25KTRFB420.....$53.49

RFB Quad Rail & Riser

The RFB Quad Rail is made from hard coat anodized 6061-T6 aluminum and is approximately three inches long and will accept any accessories which mount with a standard MIL-STD 1913 Picatinny Rail attachment. The Riser can be used with the RFB Quad Rail kit to match the height of the Top Picatinny Rail for increased sight radius, when using iron sights, or can be used to add height on a purchased scope

- *Includes: (1) RFB-420-Quad Rail, (1) Locking Nut and wrench, (1) set screw with hex key, (1) Riser, (1) 10-32 screw and (1) hex key*

Quad Rail & Riser.....C25KTRFB425.....$61.99

Polymer - 5 Slots ..... C25ZZMAG590BLKI $8.29
Polymer - 7 Slots ..... C25ZZMAG591BLK $11.29
Polymer - 11 Slots ..... C25ZZMAG593BLKI ... $12.49

Ladder Rail Cover

Ladder Panels offer very low-profile 1913 Picatinny rail coverage. The Santoprene material provide a rubbery surface for improved weapon control and rail protection. Easily cut for custom lengths, each panel fits one side of a carbine-length rail (18 slots). One panel per package. Manufactured by Falcon Industries, Inc.

FDE ..... C25ZZMAG013FDEI $8.79

M-LOK® Rail Cover, Type 2

M-LOK Type 2 Rail Covers are low-profile, two-piece covers that install directly onto most M-LOK aluminum hand guards (non-polymer). These M-LOK Covers are non-orientation specific, which allows the user to mount them in any direction desired without affecting function. Not compatible with MAG-PUL MOE M-LOK, MOE SL and SGA forends, and may not be compatible with free float hand guards that have a wider and flatter profile, as they will not seat deep enough to allow the center portion to lock in.

Black ..... C25ZZMAG603BLKI $12.29

Q®

Honey Badger Barrel Assembly

The Honey Badger's stainless steel barrel features an adjustable gas block, 25° tapered muzzle, and is compatible with mil-spec AR receivers. Q's stainless steel Gas Block is "infinitely" adjustable utilizing stainless set screws. One screw to increase or restrict the flow of gas to the system, and another to lock the adjustment screw in place. The Gas Block uses an index pin to guarantee gas port alignment, and is held in place with a Gas Block Jam Nut. This alleviates the need for set screws or damaging taper pins, leaving the barrel's integrity intact.

- *Length: 7" • Caliber: 300 Blackout • Twist Rate: 1:5 Twist • Thread: 5/8-24*
- *Weight: .97lb • Gas Tube: Pistol Gas Tube*

Replacement Shotgun Barrels

Remington. Benelli. Performance Worth the Price

Performance and Value for your Remington® 870 or Benelli® Nova/Super Nova

All barrels are constructed from certified ordinance grade 4140 steel with chrome lined bores. Vent rib models have a satin matte blue finish with red fluorescent front sight and brass center bead. All 18-1/2" barrels are non vent ribbed and have a ramped front sight with a matte finish. Each barrel comes with a Carlson choke tube, manufactured from 17-4 stainless steel except for the rifled choke tube models which are made from 304 high stress stainless steel, installed. All of our replacement barrels are threaded for the choke style system. Enhance the versatility and performance of your shotgun with a Carlson's replacement shotgun barrel. These barrels are 12ga only.

TROY

.750" Low-Profile Gas Block

The Troy 0.750 Low-Profile Gas Block is made specifically for rifle barrels that have a 0.750 gas block seat.
The low-profile design allows for clearance of most aftermarket rails that require a smaller gas block.
Machined from 4140 pre-hardened steel finished with MIL-STD Manganese Phosphate. The Troy low profile gas block fits tightly to the barrel using two set screws.
Gas tube roll pin not included. • Black

Lower Parts Kit

We are proud to offer this kit for those interested in assembling their own AR15. Although there are many manufacturers of so-called MIL-SPEC parts, we have gone to great lengths to ensure the parts we provide are of the highest quality and compatible with a wide assortment of available receivers. However as we have developed this kit we have seen a wide variety of lower receivers; some from "manufacturers" of questionable quality. Consequently some of our parts may not fit properly in some of these receivers. We at Daniel Defense always recommend purchasing the highest quality parts available to assemble your AR15.
Lower Parts Kit ..... C25ED501321007 ..... $114.00

Super Suppression Device

The Daniel Defense Superior Suppression Device is designed to offer muzzle flash signature reduction and reduced muzzle rise. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, maintenance is kept to a minimum. The Daniel Defense Superior Suppression Device comes in standard or extended length and ½ x 28 TPI or 5/8 x 24 TPI.
- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (1/2x28 TPI)..... C25ED604804074 ..... $67.00
Extended - (1/2x28 TPI)..... C25ED604804165 ..... $67.00

Flash Suppressor Assembly

The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.
- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

Standard - (5/8-24 TPI)..... C25ED604805163 ..... $67.00
Standard - (1/2-28 TPI) ..... C25ED604808061 ..... $55.00
Extended - (1/2-28 TPI) ..... C25ED604808123 ..... $55.00

Muzzle Climb Mitigator, GEN II

The Daniel Defense Flash Suppressor is designed to reduce muzzle flash. Manufactured from aerospace 17-4 stainless steel and salt bath nitride finished, there's minimal chance of corrosion. The Daniel Defense Flash Suppressor comes in standard or extended length and 1/2 x 28 TPI or 5/8 x 24 TPI.
- Length: Standard (1.875") or Extended (2.25")
- Made in the USA!

1/2-28 TPI..... C25ED604916140..... $78.00

SoundGuard DT Adapter Suppressor Mount

- Provides rock-solid direct-thread mounting
- Utilizes industry-standard HUB 375-24 UNS
- No proprietary tools, adapters, or hardware required

5/8-24mm ..... C25ED0614002404 ..... $79.00
5/8-24mm Titanium..... C25ED0614007298 ... $100.00

Wave Muzzle Break Assembly

The DD WAVE Muzzle Brake is designed to securely mount the DD WAVE suppressor to the host firearm. Manufactured from aerospace 17-4 PH stainless steel and salt bath nitride finished for minimal corrosion. Heavy acme threads serve to disrupt carbon build-up as the suppressor is detached, allowing for easy removal even after extended use.

1/2-28 TPI / 5.56mm..... C25ED0604911048 ... $146.00
5/8-24 TPI / 30cal ..... C25ED0604910697 ... $146.00

SPRINGFIELD ARMORY®

LevAR™ Ratcheting Charging Handle

The patented LevAR™ ratcheting charging handle gives users a 3:1 mechanical advantage over traditional charging handles and clears stuck cartridges with ease while keeping your muzzle pointed safely down range. Simply deploy the ratcheting arm and pull back to eject the casing. The LevAR™ installs in seconds and is compatible with any standard AR-15 upper receiver.
- Dimensions: 7.25" x 2.25" x .5" • Weight: 2.9 oz

LevAR™ Ratcheting Charging Handle
C25FKAR5430LEVARF $74.99

XD OSP 9mm Slide Assembly

Upgrade your full-size XD® handgun with the new XD OSP (Optical Sight Pistol) Slide Assembly and Kit options. These 4" 9mm kits and assemblies provide original XD owners OSP capabilities as well as the ability to convert certain XD models to a full-size 4" 9mm configuration. The slide assemblies, featuring included cover plate, are cut to accept OSP optics mounting plates available for a wide range of popular optics.
• Slide assemblies fit 4" and 5" original XD full-size handguns. Not compatible with XD® Mod.2, XD-M®, XD-M® Elite, XD-S®, XD-S® Mod.2 or XD-E® handguns.

C25YH4097..... $16.99

MAGPUL®

B.A.D. Lever® - Battery Assist Device - AR15/M4

- Compatible with standard mil-spec forged AR15/M16 receivers
- Thin, anti-snag profile and textured surface still allows for traditional manipulation of the bolt catch while maintaining unobstructed access to the trigger
- Attaches to the existing bolt catch paddle via one screw
- Machined from durable billet 6061-T6 aluminum
- Finished with MIL-A-8625F, Type III, Class 2 hard anodizing with manganese phosphate on the screw per MIL-DTL-16232G
- Torx® mounting screw with Nyloc® Blue patch prevents back out under recoil (Torx wrench included)

B.A.D. Lever® - AR15.....C25ZZMAG980 ..... $27.99

Enhanced Trigger Guard

The Enhanced Trigger Guard is a black anodized aluminum drop in replacement for the AR15/M4 weapons platform. It features a shallow "V" shape for better use of gloves in tactical shooting or cold weather operations. The Enhanced Trigger Guard is non-folding, has rounded edges, and fills the annoying "gap" at the rear of the standard trigger guard.
All mounting hardware included.
Enhanced Trigger Guard ..... C25ZZMAG015 ..... $17.49

SG9 Enhanced Magazine Release – SIG P320™

The Magpul SG9 Enhanced Magazine Release offers users an extended magazine release with improved ergonomics over its OEM counterpart. Installation can be completed in seconds, and only requires a paperclip or 0.05" hex wrench.
• *Compatible with SIG Sauer standard grip frames, SIG X-Series grip frames, Magpul EHG SG9 grip frames, and Wilson Combat grip frames.*
Enhanced Magazine Release..... C25ZZMAG1397BLK $20.99

B5 SYSTEMS

Trigger Guard Polymer

The B5 Systems Bravo trigger guard offers a drop in upgrade over the standard AR trigger guard. The enlarged profile allows for glove use in cold weather or tactical operation. The trigger guard also maintains the original swing down function for use with heavier winter gloves. Proudly made in the USA.
• Made of composite materials.
• Installs via rear roll pin and front set screw

KELTEC®

RFB Muzzle Brake Kit
This Muzzle Brake kit is designed to replace the existing Flash Hider which comes standard on the RFB Rifle.
This Muzzle Brake is designed to lessen the felt recoil of the RFB and the vertical muzzle lift as the rifle is fired.
The combination of these two will allow the shooter to re-gain their sight alignment quicker for follow-up shots.
• *This kit comes with one (1) RFB Muzzle Brake, one (1) Lock Nut, both machined and heat treated from 4140 steel.*
• *Tools Required for Installation: Two (2) thin wrenches with 3/4" opening.*
RFB Muzzle Brake Kit ..... C25KTRFB500 ..... $47.98

BROWNING®

Recoil Hawg Muzzle Brake
• Multi-port design reduces felt recoil up to 76% (depending on caliber)
• Top and side ports direct gases to reduce muzzle rise
• Closed bottom design helps reduce dust signature during firing
• Rugged all-steel construction
• Multi-caliber design that is suitable for rifles that are .30 caliber or smaller.
Smoked Bronze ..... C25QH1293089 ..... $102.49

Sporter Recoil Hawg Muzzle Brake
• The Sporter Recoil Hawg will fit most sporter contour rifle barrels with an M13 x 1.25 or M13 x .75 threaded muzzle.
Bronze Cerakote ..... C25QH1293088 ..... $102.49

Bird Cage Brake

The TacFire Bird Cage style muzzle brake is made of all steel construction with a heat treated, erosion resistant black finish. It reduces muzzle flip, recoil and barrel whip.
- *Length: 1.75" • Net Weight: 2.2 oz.*
- *Clean Classic birdcage design • Crush washer included*
- *Material: Precision CNC Machined High Quality Steel*
- *Made in USA • Color: Black*

.308 - 5/8"x24 ..... C25EFMZ10013B $9.99
.223/5.56 - 1/2"x28" ..... C25EFMZ1001A2 ..... $8.79

Spiral Fluted Muzzle Brake

1-piece Krinkov style muzzle brake is made of all steel construction with a heat treated, erosion resistant Black oxide finish. It comes with a .223/.556 1/2"x28 thread pitch. Reduces recoil and barrel whip.
- *Overall Length: 2.6 in • Outer Diameter: 1.12 in.*
- *Net Weight: 6 oz. • Black Oxide Finish*
- *Material: Steel • USA made*

5.56 - 1/2"x28 ..... C25EFMZ1007N $19.79

Tanker Muzzle Brake

Tanker style muzzle brake is made of all steel construction with a heat treated, erosion resistant Black oxide finish. It comes with a .223/.556 1/2"x28 thread pitch. Reduces recoil and barrel whip.
- *Overall Length: 2.76 in • Outer Diameter: 1.24 in.*
- *Net Weight: 6 oz. • Black Oxide Finish*
- *Material: Steel • USA made*

5.56 - 1/2"x28 ..... C25EFMZ1009N $28.99

Linear Compensator

This linear compensator redirects sound and concussion away from the shooter and down range. This device is particularly useful for situations where blast needs to be directed downrange, away from the shooter and towards the target. The comp features 6 vent ports to aid in redirecting blast
- *Overall Length: 2.26 in • Outer Diameter: 0.87in.*
- *Net Weight: 3.5 oz. • Black Nitride Finish*
- *Material: Steel • USA made*

CANIK
SUPERIOR HANDGUNS

CANiK Replacement Barrels

These Canik barrels were specifically designed by Canik Engineers to use with your favorite compatible Canik pistol. Every barrel is manufactured of high-quality, barrel grade steel through precision CNC machining in order to provide match grade accuracy and exceptional durability. Under normal use conditions, these barrels can last up to 50,000 rounds. These barrels redefine quality and robustness in handgun barrels.

- *Chambered in 9x19mm Luger • High-quality CNC Tech*
- *Polished feed ramp • Match Grade Barrel*
- *Up to 50,000 round barrel life*

Fits: TP9 SFX, TP9 SFL

1/2-28 - 9mm	C25YQCB9MM1228	$100.00

Plan-B Silencer Mount

As you'd expect, Q accomplished this by utilizing tapers on both the Cherry Bomb and the Plan-B mount. This provides a better lock-up thanks to increased surface area, guarantees improved alignment of your silencer, and protects your threads from carbon exposure. No shims, washers, latches, springs, gimmicks, or timing of the muzzle device required!

RUGGED SUPPRESSORS

Flash Hider Front Cap

• Drastically lower your flash signature for low light shooting.
The Flash Hider Front Cap is compatible with our Alaskan360, Alaskan360Ti, Radiant762, Surge762, Razor762 and Micro30. The 5.56 Flash Hider Front Cap is compatible with the Razor556.
• 1.4 oz. • .5" extended past the face of the front cap
7.62mm.....C25RGFC006 .....$71.49
5.56mm.....C25RGFC007 .....$71.49

R3 Flash Mitigation System

At just 2.9oz and 1.9″ long, the R3 Flash Mitigation System (5.56) is over 30% lighter and 26% shorter than competing 5.56 designs. The R3's patent pending design features world class flash reduction, zero ring and a smooth, snag-free, toothless Dual Taper Locking System™. The R3 Flash Mitigation System is compatible with all of our rifle and multi-caliber suppressors.
1/2x28 – 5.56mm.....C25RGFH001 ..... $71.49

R3 Flash Mitigation System - 7.62

Our R3 Flash Hider 7.62 features variable fluted prongs, which yield zero ring and world-class flash reduction in a light and compact size. The R3 Flash Mitigation System utilizes our snag-free, toothless Dual Taper Locking System™ making it compatible with all of our rifle and multi-caliber suppressors.
5/8x24 – 7.62mm.....C25RGFH002 ..... $71.49

3 Port Brake

3 Port Muzzle Brake featuring our Dual Taper Locking System™, compatible with all of our rifle and multi-caliber suppressors.
This muzzle device is designed for reducing recoil when shooting unsuppressed.
The 3 Port Brake has a .30 cal aperture, but the 1/2x28 variation can be permanently attached to 5.56 14.5″ barrels in order to meet 16″ requirements.
5/8x24.....C25RGMB001 .....$85.78
1/2x28.....C25RGMB011 .....$85.78

2 Port Brake

This 5.56 muzzle brake is designed for reducing recoil when shooting unsuppressed on 5.56 platforms. The 2 Port Brake utilizes our Dual Taper Locking System™, making it compatible with all of our rifle and multi-caliber suppressors.
1/2x28.....C25RGMB010 .....$85.78

3 Lug Mount

This 3 Lug Mount replaces the piston assembly in your Obsidian9/45™, allowing you to attach the Obsidian9™ or Obsidian45™ to 3 lug compatible firearms. This mount is designed to be internal so that your overall firearm length is as short as possible. Using a 3 Lug Mount allows you to quickly attach/detach your suppressor to fixed barrel firearms, without having to worry about suppressor walk-off.
9mm.....C25RGOA001 .....$92.99
.45 ACP.....C25RGOA007 .....$92.99

R.U.M - Tritium Rugged Universal Mount

Designed with versatility in mind, the 1.375x24 Rugged Universal Mount, or R.U.M., is made from US Grade 5 Titanium. The R.U.M. is compatible with Rugged's Dual Taper Locking System™ mounts as well as industry-standard mounts.
At 2.4 ounces, it is one of the lightest universal mounts on the market.
R.U.M. - Tritium.....C25RGRUM001 ..... $168.43

9mm 3 Lug Adapter

Our 9mm 3 Lug Adapter features our patented Go/No Go Gauge.
The No Go/Go Gauge provides confirmation that your suppressor is properly attached, for a surprise-free shooting experience. This 3 Lug Adapter is compatible and used in conjunction with our Obsidian9™ 3 Lug Mount. This 3 Lug Adapter is made to 9mm HK spec. and is not compatible with 45ACP.
1/2x28.....C25RGOA003 .....$60.99

Fixed Mount

The Fixed Mount is designed for carbine/subgun platforms that have fixed barrels. The Fixed Mount is a stand alone mounting accessory that replaces the booster system in the Obsidian 45/9. The Fixed Mount is not used with the 3 Lug Mount or Fixed Barrel Spacer.
5/8x24.....C25RGOF003 .....$57.49
1/2x28.....C25RGOF001 .....$57.49

Piston

Our piston uses a non-slotted design creating a full circumference gas seal.
This drastically lowers gas blowback for a more enjoyable shooting experience. Machined from 17-4 Stainless Steel and heat treated this piston is built to last.
1/2x28.....C25RGOP002 .....$57.49

Totem Multitool

The Rugged Totem Multitool features six tools in one. Now you can have a tool that works with all our n pistol, rifle, and rimfire cans without any additional wrenches or tools needed* – plus a Rugged Suppressors tag. The tools are manufactured in-house by Rugged Suppressors to line up perfectly with your Rugged cans and accessories.

• *Obsidian45™/Obsidian9™ Front Cap Tool*
• *Obsidian45™/Obsidian9™ Retainer/Fixed Mount Tool*
• *Obsidian45™/Obsidian9™ 3-Lug Retainer Tool*
• *Oculus22™/Mustang22™ Front Cap Tool*
• *Rugged Rifle Front Cap Tool*
• *Rugged Rifle Flash Cap Tool*
Totem Multitool.....C25RGRTK001.....$59.99

Rx Blast Diverter/Brake

Rugged Rx modular blast diverter and brake. Just like our modular rifle and pistol suppressor's, this revolutionary design allows the end-user to choose between a blast diverter or muzzle brake by simply unthreading the brake module and changing muzzle caps (included). The Rugged Rx features 100% billet 17-4 stainless steel construction along with our Dual Taper Locking System™. Making it fully compatible with our rifle line of muzzle devices. The Rx is finished in an ultra-hard black nitride finish to provide years of service. The end user now has the choice between a compact blast diverter, which directs the concussion forward and away from the shooter, or a highly effective muzzle brake that will help maintain accuracy and muzzle control.

Rx Blast Diverter.....C25RGRX001 .....$189.49

BERGARA

ST1 Muzzle Brake

The ST1 employs an angled baffle design that applies downward pressure while not venting gas into the line of sight or increasing ground disturbance. This results in a drastic reduction of felt recoil as well as minimal muzzle rise.
• Best-in-class recoil and muzzle rise mitigation
• 17-4 Grade stainless steel with nitride finish
• Includes wrench and bubble level
.30 Caliber.....C25BGBA0006 ..... $149.99

SUREFIRE®

SOCOM Muzzle Break

SureFire muzzle brake suppressor adapters greatly reduce both recoil impulse and muzzle rise so that your weapon tracks straight back, keeping you on target for faster shot-to-shot recovery. Surefire's proprietary Impulse Diffusion design minimizes side blast and rear-directed concussion effects.

For 5.56mm & 1/2-28 Threads
C25FHSFMB5561228.....$152.00
For 7.62mm & 5/8-24 Threads
C25FHSFMB7625824.....$152.00

Open Prong Flash Hider

- Reduces muzzle flash by 99% when compared to a bare muzzle
- Serves as a solid mounting platform for any SureFire SOCOM Fast-Attach suppressor
- Mill-certified stainless steel bar stock construction

C25FHFH556RC1228.....$179.00

SOCOM 3-Prong Flash Hider

- Suppressor Adapter
- High-precision single-point cut barrel threads create optimum thread interface
- Multiple bearing surfaces provide superior suppressor alignment

For .223/5.56mm & 1/2-28 Thread
C25FHSF3P5561228.....$152.00
For 7.62mm & 5/8x24 Thread
C25FHSF3P7625824.....$152.00

Warcomp 3-Prong Flash Hinder

- Multiple bearing surfaces provide suppressor alignment and prevent tines from ringing inside suppressor
- Can be timed for right or left-handed shooters

For .223 Cal/5.56mm & 1/2-28 Thread
C25FHWARCOMP5561228.....$152.00
For .308 Cal/7.62mm & 5/8-24 Thread
C25FHWARCOMP7625824.....$152.00

Warcomp Closed-Tine Flash Hinder

- For .223 Cal/5.56mm & 1/2-28 Thread
- Its closed tines reduce the chance you'll snag your barrel in environments where there is dense vegetation or other items that might catch an open-tine flash hider.

C25FHWARCOMP556CTN1228.....$152.00

ProComp Muzzle Break

The ProComp 556 fits M4/M16 weapons and variants with 1/2-28 muzzle threads, while the SureFire ProComp 762 fits AR10/LR308 rifles and variants with 5/8-24 muzzle threads. Whichever you choose, you can count on a muzzle brake that greatly reduces both recoil impulse and muzzle rise so that your weapon tracks straight back to keep you on target for faster shot-to-shot recovery.

For 5.56mm & 1/2-28 Threads
C25FHPROCOMP5561228.....$89.00
For 7.62mm & 5/8-24 Threads
C25FHPROCOMP7625824.....$89.00

Warden Blast Regulator

The Warden enhances the refined appearance of any weapon with a 1/2-28 or 5/8-24 threaded barrel, protecting the barrel's exposed threads from damage or fouling in lieu of a flash hider or muzzle brake.

5.56mm & 1/2-28 Thread
C25FHWARDEN1228BK $153.00
7.62mm & 5/8-24 Thread
C25FHWARDEN5824BK $153.00

Warden Blast Regulator Multi Caliber

The SureFire Warden Blast Regulator for 5.56 and 7.62 mm weapons is engineered to direct the concussive blast of the fired round forward of the weapon system without venting gas to the side

Black.....C25FHWARDENBK..... $296.00
FDE.....C25FHWARDENDE..... $296.00

GEMTECH®

GM-9 Threaded Rear Mounts

- The Threaded Endcap Adapter to use on GM-9 and MULTIMOUNT suppressors when used with fixed barrel carbines and SMGs.
- 5/8-24 mount is for use with .300 Whisper and .300 Blackout carbines using SUBSONIC AMMO ONLY.
- NOTE: Most handguns require the use of our LID mount for proper function.

9mm – 1/2-28" Threads.....C25MO12172 .....$69.49
7.62 – 5/8-24" Threads.....C25MO12175 .....$69.49

GM-45 & LUNAR-45 Threaded Rear Mounts

Threaded End Cap adapters for use with the GM-45 and Blackside suppressors. These allow the use of the suppressor on Fixed barreled weapons.

1/2-28" Threads.....C25MO12196 .....$69.49
5/8-24" Threads.....C25MO12194 .....$69.49

Female 3-Lug Mount for GM-9

This mount screws into the rear of all GM-9, MULTIMOUNT and older TRINITY suppressors to allow use on the HK MP5 barrel with 3-Lug as well as other barrels modified with our male 3-lug adapters.

- 3.6 oz.

Female 3-Lug Mount.....C25MO12180 .....$150.99

22 QDA Assembly

The GEMTECH 22 QDA is a universal adapter for all rimfire silencers that allow attachment and detachment quickly and efficiently. The four lug muzzle device is threaded ½-28 to mount on all standard rimfire threaded barrels for maximum compatibility. The QDA mount is threaded ½-28 for use in all rimfire silencers in 22LR and 22MAG. The 22 QDA will allow you to switch firearms quickly and still maintain zero. The package includes the adapter, muzzle device, and installation wrench.

- 2.98 oz.

1/2-28" Threads.....C25MO12201 .....$130.99

22 QDA Thread Mount Threaded

The 22-QDA four lug muzzle device is threaded ½-28 to mount on all standard rimfire threaded barrels for maximum compatibility.

- 1.4 oz.

1/2-28" Threads.....C25MO12202 .....$29.49

Silencer Adapter for Sig Sauer & GSG 1911 .22LR

GEMTECH again makes the pieces fit: Their adapter will allow you to mount most any suppressor or muzzle accessory using 1/2-28 U.S. standard threading onto the SIG SAUER or German Sport Guns .22lr 1911 handguns. The GEMTECH .22 1911 adapter is precision made to ensure alignment to avoid dangerous baffle strikes.

1/2-28" Threads.....C25MO12205 .....$27.99

GEMTECH®

ETM Flash Hider

- Unmatched reliability in alignment with ETM equipped suppressors
- 2.375" long, pre-dimpled for pin and weld to 14.5" barrel
- Virtually eliminates the possibility of carbon locking with a suppressor attached
- Length: 2.37" • Weight: 2 oz. • Black

5.56 – 1/2-28" Threads.....C25MO13815 .....$63.99
7.62 – 5/8-24" Threads.....C25MO13818 .....$63.99

ETM 3-Port Muzzle Brake

- Unmatched reliability in alignment with ETM equipped suppressors
- 2.375" long, pre-dimpled for pin and weld to 14.5" barrel
- Virtually eliminates the possibility of carbon locking with a suppressor attached
- Length: 2.37" • Weight: 2 oz. • Black

5.56 – 1/2-28" Threads.....C25MO13816 .....$58.99
7.62 – 5/8-24" Threads.....C25MO13817 .....$63.99

Flash Hider

The NEW GEMTECH flash hiders are the culmination of user feedback, extensive testing, and decades of experience. The new flash hiders are more aggressive than ever to cut down on carbon build-up in your suppressor and to prevent it from getting stuck.

- *Increased size of 3/4" wrench flats for installation*
- *Blank Firing Adapter (BFA) groove for increased silencer options and training*
- *Extended area behind lugs for use on short barrel rifles*
- *Overall length of 2.4" for use on 14.5" barrels (pre-drilled for pinning)*
- *Precision mounting shim kit included*
- *Built in carbon cutting grooves*
- *Quickmount lugs for use with all GEMTECH 5.56mm and .30cal suppressors*

5.56 – 1/2-28" Threads.....C25MO12145 .....$93.49
7.62 – 1/2-28" Threads.....C25MO12156 .....$93.49

Muzzle Brake

The new GEMTECH Muzzle Brake is for users who want less felt recoil, less muzzle climb, and faster follow up shots.

- *Quickmount lugs for use with all suppressors*
- *Increased size of 3/4" wrench flats for installation*
- *Blank Firing Adapter (BFA) groove for ncreased silencer options and training*
- *Extended area behind lugs for use on short barrel rifles*
- *Overall length of 2.4" for use on 14.5" barrels*
- *Precision mounting shim kit included*
- *Built in carbon cutting grooves*

5.56 – 1/2-28" Threads.....C25MO12152 .....$93.49
7.62 – 5/8-28" Threads.....C25MO12155 .....$93.49

GEMTECH®

Piston Core

An extra LID Piston Core allows you to easily change threads on a TUNDRA or MULTIMOUNT LID to use one suppressor on multiple platforms. Installs in the field without the use of tools.

- For GM-9, Multimount 9 or TUNDRA LID

9mm – 1/2-28" Threads.....C25MO12169 .....$72.49

AAC Muzzle Brake

These highly effective muzzle brakes are compatible with AAC 51T sound suppressors. All AAC Blackout muzzle brakes are machined from high strength aerospace steel alloy and coated in a hard, durable, corrosion resistant SCARmor finish.
• 5.56mm • 51T • 1/2-28
C25EZ64132 ..... $97.99
• 7.62mm • 90T • 5/8-24

• 5.56mm • 90T • 1/2-28 *(Taper SR Series Only)*
C25EZ64244 ..... $97.99

AAC Blackout Flash Hider

The AAC BlackOut Flash Hider is an extremely efficient design that effectively eliminates muzzle flash, even on short barrels.
The open-end, 3-prong design of the BlackOut is inherently stronger than 4-prong units and is not subject to the wear and erosion commonly encountered with closed-end designs.
• 5.56mm • 51T • 1/2-28
C25EZ64141 ..... $77.99
• 7.62mm • 51T • 5/8-24 *(Standard Socket)*
C25EZ64725 ..... $77.99

C25EZ64242 ..... $77.99

AAC Titan-QD Muzzle Brake

The AAC BlackOut Muzzle Brake 90T. A brand new and highly effective muzzle brake that is compatible with our Titan-QD 90T sound suppressor. All AAC Blackout muzzle brakes are machined from high strength aerospace steel alloy and coated in a hard, durable, corrosion resistant SCARmor finish. Not compatible with any other silencer outside of the Titan-QD
• 338LM • 90T • 5/8-24
C25EZ64181 ..... $249.99

AAC Illusion 9 Piston

This AAC Piston enhances the versatility of an AAC Silencer by allowing the suppressor to be swapped between various host firearms with different barrel threads. All that is necessary to convert the silencer to be compatible with a different barrel thread pitch is to select the proper piston and replace the existing one residing in the rear of the sound suppressor..
• M13.5x1LH
C25EZ64245 ..... $74.99
• 1/2X28
C25EZ64246 ..... $74.99

AAC TI-Rant Piston

The AAC Ti-Rant silencers can be used on numerous different calibers and firearms by simply swapping out the piston. All Ti-Rant series pistons are heat treated and made from stainless steel. They are matte with a bead blasted finish, as well as engraved to show the thread pitch and details.
• Ti-RANT 9/EVO-9 • M13.5x1LH
C25EZ64191 ..... $74.99
• Ti-RANT 9/EVO-9 • 1/2x28

C25EZ65002 ..... $74.99

AAC Ti-RANT Adapter

The Ti-RANT TRIAD is an adapter that adds an additional element of versatility to Ti-RANT series silencers by enabling users to quickly and easily install a Ti-RANT onto the lugged barrel of any style host or any fixed-barrel host equipped with a lugged barrel or lugged adapter manufactured to duplicate the dimensions of the lugged H&K barrel.
• For 9mm H&K MP5
C25EZ64254 ..... $140.00
• For 300AAC BLK *(Subsonic Only)*
C25EZ64744 ..... $74.99

AAC Fixed Barrel Spacer

AAC's A.S.A.P system allows the silencer to function properly with tilting barrel semi-automatic pistols. However, when used on fixed barrels hosts, the A.S.A.P system needs to be disengaged for proper function. The fixed barrel spacer replaces the driving spring to render the A.S.A.P System appropriate for use on fixed barrel hosts.
• For EV09, Ti-Rant, Illusion 9
C25EZ64746 ..... $29.99
• For Ti-rant 45, Ti-Rant 9M-HD, Illusion 45
C25EZ64747 ..... $29.99

HUB Direct Thread Adapter

The 1.375x24 HUB Direct Thread Adapter provides a direct thread interface for the Griffin Bushwhacker®, OMEGA™, NOMAD™, & other 1.375x24 thread ed suppressors. Wrench flats make it equal ly simple to attach or remove from the suppressor tube body or your fire arm's muzzle threads.
No proprietary tools required.
• 1.375-24 • 1/2-28
C25EZ65010 ..... $97.99
• 1.375-24 • 5/8-24
C25EZ65011 ..... $97.99

51T S.T.A.M.P. Adapter Mount

The 51T S.T.A.M.P Mount™ from AAC is an accessory fast-attach mounting system compatible with both legacy and current production 51 Tooth muzzle devices manufactured to AAC specifications.
The S.T.A.M.P Mount™ enables users to quickly and easily install or remove a silencer to or from a 51T muzzle-device-equipped host firearm with one hand, using an intuitive motion and gross motor skills.
• For use with Ranger Series 1.375-24 Rear Thread
C25EZ65014 ..... $199.00

AAC Blackout/Breakout Tool

This AAC Blackout Flash Hider Installation Tool is an excellent solution for armorers, gunsmiths and/or gun enthusiasts to quickly and easily install or remove any 3-Prong Blackout Flash Hider without marring its finish or damaging the teeth of a quick detach silencer interface when applying the required torque for the job. The tool attaches directly to any 3/8″ Drive Tool and incorporates flats for use with a 3/4″ Socket Wrench (both sold separately).
C25EZ64185 ..... $29.99

Blastphemy Blast Deflector

This multi-caliber blast deflector is constructed with 17-4 stainless steel and is compatible with all HUXWRX HX-QD Muzzle Brakes and Flash Hiders (up to .338). It was designed to redirect the blast forward protecting the shooter and bystanders from micro-concussions and overpressure. Additionally, it doubles as a thread protector for your muzzle device. It is ideal for shooting against cover and/or in the prone position. Similar to HUXWRX muzzle devices, the Blastphemy is coated with C-Series Cerakote for greater durability and corrosion resistance.

Suppressor Mount Alpha

The ASR (Active Spring Retention) Mount is a quick attach / detach system for almost all SilencerCo suppressors. Once shouldered, the locking ring ensures the silencer won't rotate or work itself loose under a heavy firing schedule. Alpha accessories are compatible with Harvester 300, Omega K (all models), and Octane (all models). • *Black*

	C25IKAC2632	$118.15

ASR Single Port Muzzle Brake

This single port muzzle brake is compatible with all SilencerCo ASR Mounts and with multiple thread and caliber options, so you can shoot suppressed for any demand. It offers quick and easy one-hand-on, one-hand-off attachment and detachment. The 1-port design effectively reduces felt recoil and muzzle climb. Each ASR muzzle brake comes with a shim set and rocksett for easy application.

9mm *(1/2x28 Thread)*	C25IKAC2628	$79.90
.30 cal *(5/8x24 Thread)*	C25IKAC2627	$79.90

ASR Mount

The (ASR) Active Spring Retention Mount is a quick attached / detach system for your suppressors that pairs with the ASR Flash Hider, ASR Muzzle Brake, and ASR Single Port Muzzle Brake and is one of the best performing mounting systems available for rifles. The locking ring ensures that the suppressor will not rotate while in use. The mount seats over your ASR Muzzle Device and creates a direct connection to your suppressor, allowing for the use of the muzzle device with the suppressor for even better performance.
• Charlie accessories are compatible with Chimera 300, Omega 36M, Hybrid 46M, Saker ASR, and Velos LBP.

Charlie	C25IKAC622	$137.70

Osprey Micro Adapter

Thread adapter for the Osprey Micro rimfire suppressor. Includes a thread protector and shims for proper timing.

1/2x28 *(Black)*	C25IKAC1528	$54.40

Thread Protector

When transporting your firearm or waiting on ATF approval, keep your threads crisp and protected with a thread protector. Careful not to cross-thread, simply twist the thread protector on the end of your barrel to prevent dust and debris from clogging your threads when no silencer is in use.

Hellfire Match Self-Timing Muzzle Brake

Different length ports, different angle ports, and different height port optimizes each one to provide an ideal function based on the pressure and volume of gas being acted on at its position. This results in optimal recoil management, optimal muzzle rise control, and imparts no extra sound pressure at the shooter position.

- 7mm/308 – Good for any bullet caliber up to and including 0.308, ie 7mm, 284, 270, (Magnums OK)
- Black Nitride Finish

Hellfire Linear Flash Suppressor

This device is half flash hider and half blast forwarder, giving carbine, SBR and AR Pistol owners a tailor-made device for reducing flash signature as well as concussion mitigation.

Made from 17-4 PH Stainless and Black Nitrided, this system is constructed of two parts, and assembled in a manner that we intend to be permanent. The bore aperture of the LFS is suitable for calibers up to .458, loading the device with versatility and function.

- Black Nitride Finish

LANTAC

Dragon™ Muzzle Brake

Manufactured to the highest quality standards and featuring a patent pending design, the LANTAC Dragon Muzzle Brake offers improved recoil management and muzzle rise over competitors products.
Its unique Short Energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target. Ultra Fast Attenuation of muzzle blast gases means that Flash Signature is also reduced.

- *Material: Hardened Mil-spec Steel • Finish: Nitride*
- *Serial Numbered for Quality Control*
- *Made in the USA.*

- No gunsmith needed, easy to install
- Ready for the range right out of the box or adjustable for custom feel
- Trigger will not move on safe

Mosin-Nagant .... C25TM307 .... $144.99

Axis/Edge Trigger

- A true drop in trigger
- Factory calibrated ready to shoot or fully adjustable for Sear Engagement (Creep) and Pull Weight
- Trigger allows you to become more accurate with your rifle
- No gunsmith needed, easy to install
- Should be set to preference when installed in the action fully adjustable 1.5-4 lbs
- Ready for the range right out of the box or adjustable for custom feel
- *Fits all Axis, Axis II & Axis Compact rifles.*

Axis/Edge Trigger ..... C25TM633 ..... $154.99

FRANKLIN ARMORY™

BINARY AR-ELITE

Binary® AR-ELITE

- Release round can be canceled by simply moving our Patented selector out of Binary® mode while holding the trigger back
- Easy to install
- Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with most Bolt Carrier Groups (BCG)
- The Binary® AR-ELITE comes with interchangeable curved and straight flat-faced trigger bows

C25FY0050631BLK $386.99

BFSIII™ AR-C1

BFSIII™ AR-C1
(For AR Platforms)

- Release round can be cancelled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install
- Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with any BCG
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ AR-C1 (Curved Trigger) C25FY5550A. $386.99

BFSIII™ HK-C1

BFSIII™ HK-C1
(For HK 91/93/MP5)

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- A trigger pull around 4.5 pounds.
- Ambidextrous Safety Selector.
- Safety Selector will fit in most two and three position trigger housings. • Works in SP5K housings.
- Trigger housing, ejector, ejector pin and ejector spring are not included.
- Will fit most HK 91, 93, & MP5 variants and clones
- Some firearms may require additional fitting

BFSIII™ HK-C1 (Curved Trigger) C25FY5603A. $629.99

BFSIII™ AR-S1

BFSIII™ AR-S1
(For AR Platforms)

- Position 1 – Safe – Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install • Smooth trigger pull: 4.5 lbs, +/- 0.5 lbs
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most AR platforms and calibers including 5.56 NATO, 308 Win, 300 BLK, 9mm, Rimfire, etc....
- Compatible with any BCG
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ AR-S1 (Straight Trigger)..... C25FY5645A. $386.99

BFSIII™ 22-C1
(For 10/22® Style Firearms)

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- The BFSIII™ for B&T is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release.
- Release round can be canceled by simply moving our Patent Pending selector out of Binary mode while holding the trigger back
- Easy to install • Smooth trigger pull
- Positive reset on release phase
- Enhanced buffer springs for optimal flexibility
- Works in most 10/22® style firearms
- Great for competition shooters, tactical shooters and recreational enthusiasts

BFSIII™ 22-C1 ..... C25FY5775A. $269.99

BFSIII™ B&T-C1

BFSIII™ B&T-C1
(For B&T APC)

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.
- The BFSIII™ for B&T is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release. This makes it the fastest semi-automatic trigger on the market. The BFSIII™ is ideal for Tactical and Competition use. The BFSIII™ provides greatly reduced split times between rounds and the ability to place two separate shots into a tighter group.

Some B&T firearms may require slight modifications to the interior of the lower plastic to properly fit our trigger. The modification is still reverse compatible with the OEM trigger.

BFSIII™ B&T-C1 (Curved Trigger) C25FY5681A. $449.99

BFSIII™ CZ-C1

BFSIII™ CZ-C1
(For CZ Scorpion)

The BFSIII™ for CZ Scorpion is a 3-Position Trigger. In position 3 it will fire 1 round on Pull and 1 round on Release. This makes it the fastest semi-automatic trigger on the market. The BFSIII™ is ideal for Tactical and Competition use. The BFSIII™ provides greatly reduced split times between rounds and the ability to place two separate shots into a tighter group.

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.

BFSIII™ CZ-C1 (Curved Trigger)
C25FY5708A $449.99

BFSIII™ AK-C1

BFSIII™ AK-C1
(For AK Platform)

The Binary Firing System ™ GEN 3 BFSIII™) is a 3-position trigger. In position three it fires one round on pull and one round on release, making it the fastest semi-automatic trigger on the market. This trigger is ideal for both tactical and competition use. The BFSIII™ provides significantly reduced split times between rounds, allowing for tighter groups.

- Position 1 – Safe –Will not fire.
- Position 2 – Semi – Fires 1 round per pull.
- Position 3 – Binary – Fires 1 round on pull and 1 round on release.

BFSIII™ AK-C1 (Curved Trigger)
C25FY5718A $485.99

BFSIII® PC-C1

BFSIII® PC-C1

The Binary® Firing System® GEN 3 (BFSIII®) is a 3-position trigger. In position 3, it fires one round on pull and one round on release. This trigger is ideal for having more fun than you thought was possible with your Ruger® PC Charger™ and Ruger® PC Carbine™.

- *Position 1 – Safe –Will not fire*
- *Position 2 – Semi – Fires 1 round per pull*
- *Position 3 – Binary – Fires 1 round on pull and 1 round on release*
- *Release round can be canceled by simply moving our Patent Pending selector out of Binary® mode while holding the trigger back*
- *Works in most 9mm and .40 Cal Ruger® PC Carbine™ trigger housings*
- *Great for competition shooters, tactical shooters, and recreational enthusiasts*
- *Gunsmith Installation Recommended*

BFSIII® PC-C1 ..... C25FY5797A..... $269.99

TRIGGERTECH

Adaptable AR Primary Trigger

Featuring Frictionless Release Technology™, this drop-in AR trigger has a short, two-stage action, designed to eel like a 1911 trigger, that a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. Utilizing CLKR Technology™, the pull weight is quickly and confidently adjusted from 2.5 - 5.0 lbs in 2oz increments from a set screw with the trigger installed.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Flat	PVD Black	0.75 lbs	1.75 lbs. - 4.25 lbs	C25ZTAR0TBB25NNF	$274.99
Curved	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C25ZTAR0TBS25NNC	$264.99
Flat	STS	0.75 lbs	1.75 lbs. - 4.25 lbs	C25ZTAR0TBS25NNF	$264.99

Competitive AR Primary Trigger

The Competitive AR Primary Trigger is a non-adjustable trigger designed to enhancing the accuracy and precision of an AR for roles that consistently favor a lighter pull weight. Featuring Frictionless Release Technology™ this drop-in AR trigger has a short, two-stage action, designed to feel like a 1911 trigger, that provides a true zero-creep break, extremely short over-travel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments. The pull weight is fixed at 3.5 lbs and due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

Style	Finish	1st Stage	2nd Stage	Item No.	Price
Curved	STS	0.75 lbs	2.75 lbs	C25ZTAR0TBS33NNC	$239.99
Flat	STS	0.75 lbs	2.75 lbs	C25ZTAR0TBS33NNF	$239.99

AR Duty Trigger

The design of our new Duty Line was driven by feedback from military and law enforcement operators. They wanted our patented Zero Creep Technology and proven stainless steel internals, but with a more tactile feel. To achieve this, we more than doubled the pull weight and length of the first stage. And after the zero creep break we engineered a much more forceful reset. The result? A totally different feel that offers more certainty with every shot. The Duty Line is TriggerTechs interpretation of what Mil-Spec should be.

Style	Finish	Stage	Item No.	Price
Curved	STS	Single – 3.5 lbs.	C25ZTAH0SBD33NNC	$134.99

AR15 Single Stage Triggers

To develop a TriggerTech Single-Stage AR15 trigger we started with our proven Two-Stage AR platform that has been in the field since 2016 and combined it with a serious amount of ingenuity from our engineering department. While it was initially viewed as not possible, our team of engineers developed a solution that allowed us to eliminate the need for a first-stage within our two-stage.

CMC Glock® Fluted Barrel

CMC's Match Precision Barrels are the ultimate upgrade drop in barrels for Gen 3 & 4 Glock® 17 & 19 Pistols. Our Match Grade barrels are precision machined from Certified, DFARS compliant; pre hardened 416R premium grade stainless steel, to extremely tight tolerances and exacting details. 416R stainless steel is recognized for its corrosion resistance, machinability and high tensile strength; it is the industry standard for premium Match Grade barrel manufacturing.
• *Black DLC, with ultra low friction hBN (Hexagonal Boron Nitride) Bore & Chamber*

Enhanced Bolt Carrier Group – AR-15

Carrier Assembly: The flared rear of the enhanced bolt carrier is designed to reduce carrier tilt/cant during recoil and increase reliability by strategically relocating key bearing surfaces. Made from Case-hardened 8620 steel.
• Black Nitride finish • Enlarged forward ports • Optimized for suppressor use
• Hardened 4340 cam pin • Mil-Spec 8740 steel firing pin • MPI and HPT tested
• Mil-Spec Extractor Spring & O-Ring • .223/5.56/300BLK compatible

Enhanced Bolt Carrier Group – AR-15) ..... C25UT81631 ..... $179.10

SILENCERco

SCO15 Upper Receiver

- The SCO15 Upper Receiver features the SilencerCo logo, and is perfect for pairing with the SCO15 Lower Receiver.
- Precision machined from billet 7075 aluminum and finished in type III hardcoat anodize.
- Features a mil-spec 1913 picatinny rail and M4 feed ramps.
- Compatible with mil-spec forward assists and dust covers (not included in purchase).

SCO15 Upper Receiver ..... C25IKAC5065 ..... $219.00

Threaded Barrel

All pistol suppressors require a threaded pistol barrel. SilencerCo noticed a market need for high quality pistol barrels and stepped in to offer them. Holding to the same commitment to quality as all of their products, the threaded barrels are tough enough to hold up under the harshest conditions. Made of 416R stainless steel and finished in black nitride (some models remain stainless).
For use with a pistol silencer, you will also need a piston. • Black Finish

Gas Defeating Charging Handle

The GDCH has a proprietary design feature that incorporates an O-ring seal to prevent gas from escaping from the most prominent point of egress. This seal mitigates the amount of gas that is blown back into the shooter's face, creating a more comfortable and enjoyable shooting experience.
C25IKAC5062 ..... $96.90

FAIL ZERO

Bolt Carrier Groups

This Bolt Carrier Group (BCG) comes fully assembled and ready to drop into most Mil-Spec upper receivers. All critical parts are coated with EXO Nickel Boron technology that provides permanent dry lubricity, extreme durability and increases both wear and corrosion resistance. EXO Nickel Boron makes for easy cleanup and will improve the performance of your rifle. This bolt assembly is also compatible with the 6.8 SPC II cartridges. The extractor hardware includes a heavy spring, silicone insert, and o-ring to give better extraction tension.

• Included: Bolt & Extractor, Bolt Carrier, Extractor, Cam Pin, Carrier Key, Firing Pin

ZEV TECHNOLOGIES

Extended Mag Release for 1st-3rd GEN Small Frame Glocks

ZEV Technologies Extended Magazine Release for the Glock features a textured oversized head, allowing shooters to access it without shifting grip. Both the Mag Button and the Mag release are aluminum rather than factory plastic. This Extended Magazine Release for the Glock is not designed for Generation 4 GLOCK models.

Mag Release for 1st-3rd GEN Glock New ..... C25BJMRSM3GB $41.16

Extended Mag Release for 4th GEN Small Frame Glocks

The Zev Technologies Gen 4 Magazine Release for the Glock was designed with an aggressive rearward angle and a non-slip textured face that matches the factory finish of your Gen 4 grip. This Mag release is a drop-in replacement part. Not compatible with Gen3 models.

Mag Release for 4th GEN Glock New ..... C25BJMRSM4G $41.16

Pro Connector Upgrade

Engineered to provide users with a consistent, positive reset and a reduction in trigger pull weight without sacrificing the reliability or safety of your pistol. Whether used in conjunction with a ZEV trigger or with your stock Glock trigger, the PRO connector will provide a noticeable increase in performance and is ready to drop-in and use straight from ZEV, no fitting or polishing required.

Pro Connector Upgrade ..... C25BJCONNPRO $15.68

Compact Universal Pro Magwell

ZEV Technologies™ PRO Magwell is designed for the professional shooter that is looking for the competitive edge of a magwell with out the bulk of a Glock® race-gun. This magwell is designed to fit both Gen 3 and 4 Glock® frames and features a 1 piece design SOME limited 10 round magazines may not work with this magwell. Compatible Glocks G19, G23, G38, and G32

• Kit Includes: Magwell body, 1 Mounting screw, 1 Allen wrench & Packaging

Small/Compact 1st-4th GEN ..... C25BJMWKCPTPROA $101.92

Pro Compact Gen5 1-Piece Glock Magwell

The one piece design facilitates easy installation and utilizes single attachment screw to securely mount to the Glock frame while retaining a low profile.

• One piece 6061 aluminum design • Type III anodized finish
• Kit includes magwell body, mounting screw, and wrench.

Compact GEN5 1pc Magwell ..... C25BJ32430 ..... $101.92

FosTech

Echo AR-II Drop In Trigger For AR-15

• Allows shooter to select from 3 different settings;
- Safe Mode: Firearm will not fire
- Semi-Automatic Mode: firearm fires when trigger is pulled
- Echo mode: Firearm fires when trigger is pulled and also when trigger is released
• Patented Design that gained ATF Approval
• Patented Technology licensed through Franklin Armory inside the Echo AR-II Trigger
• Technology licensed through HIPERFIRE inside the Echo Trigger
• Light, clean, and crisp pull in Semi-Automatic Mode
• The Echo Trigger is packed full of cutting edge technology
• Reliable function in Echo Mode

Echo AR-II Drop In Trigger For AR-15 ..... C25WW4150 ..... $399.99

Echo Sport Trigger for AR-15

The Echo Sport Trigger has all the great features as the Echo AR-II. The only difference is that the Echo Sport is more efficient, less complex and most importantly LESS MONEY. From an operational standpoint, the only difference the operator will notice is that the selector for the Echo operation is now located inside the trigger well on a paddle. Move to the left for Echo Mode and move to the right for Semi-Automatic.

Echo Sport Trigger For AR-15
C25WW4140 ..... $259.99

Echo AK-47 Trigger

The Echo AK-47 Trigger is a drop in trigger for the AK-47 Platform. The Echo AK-47 Trigger is a response trigger that allows the shooter to fire a round on the pull and also on the release of the trigger. The Echo AK-47 Encompasses the same patented trigger lock technology as the Echo AR-II. The trigger lock keeps the operator from running the firearm. The Echo AK-47 like the Echo AR-II has multiple patents from multiple companies.

• Safe Mode: Firearm will not fire.
• Semi-Automatic Mode: Firearm fires when trigger is pulled.
• Echo Mode: Firearm fires when trigger is pulled and also when trigger is released.

Echo AK-47 Trigger ..... C25WW4702 ..... $439.99

Vickers Tactical® Extended Magazine Catch

The VT GMR-001 and GMR-002 are easy to install, and are made of the same tough polymer as the Glock® factory part. These extended catches are just perfect…not too short, not too long, i.e. the magazine will not accidentally release if pistol is laid on a hard surface. Perfect with use of back strap mounted lasers.
For Gen 1, 2 & 3 pistols only.
Not for use with Gen 4 pistols.

- *Fits Glock® models G17, 19, 22, 23, 24, 26, 27, 31, 32, 33, 34, 35 and 37.*
- *Extended and radius'd, allows magazine release without shifting firing grip*
- *Injection molded from same material as OEM factory part*
- *Fits the majority of Gen 1, 2 &3 Glock® pistols*

Vickers Tactical Extended Mag Catch *(Black)*.....C25DWGMR001.....$18.24

Vickers Tactical® GEN 4 Extended Magazine Catch

The VT GMR-003 is easy to install, and made of the same tough polymer as the Glock® factory part. The extended catch is just perfect…not too short, not too long, i.e. the magazine will not accidentally release if pistol is laid on a hard surface. Perfect with use of back strap mounted lasers. For Gen 4 pistols only. Not for use with Gen 1, 2, & 3 pistols. Fits Glock® models G17, 19, 22, 23, 26, 27, 31, 32, 34, 35 and 37.

Tactical Mag Extension +2 .....C25DWVTMFP00643..... $12.20

Vickers Tactical® Slide Stop

Vickers Tactical® presents the optimum slide stop for Glocks. Extensive prototyping and testing create a shape that enables positive slide lock and release, especially with gloves. Precision stamped and formed from 4130 chrome moly steel with durable hard coat finish for years of service.

Fits Glock® Gen 3 G17, 17L, 18, 19, 21, 22, 23, 24, 25, 26, 27, 28, 31, 32, 33, 34 and 35

- *Reshaped thumb pad with deep serrations allows easy slide release & lock with gloves*
- *Precision stamped from 4130 chrome moly steel with non-glare black hard coat finish*
- *Fits the majority of Glock® pistols*

Vickers Tactical Slide Stop.....C25DWVTSS001.....$21.56

Vickers Slide Stop for Glock® 42

- Fits Glock™ Model 42 and 43. Will NOT fit Models 25, 28.
- Reshaped thumb pad with deep serrations- allows easy slide lock and release, even with gloves.
- Precision stamped from 4130 chrome moly steel, with non-glare black finish.
- Easy to install in minutes by certified Glock™ armorer.
- OA length: .2.1" • Weight: 0.2 oz. • Made in USA

Glock Slide Stop G42 ..... C25DWVTSS002..... $21.56

RUGER

Ruger Elite 452 MSR Trigger

The Ruger® Elite 452™ MSR trigger is the perfect upgrade for any Modern Sporting Rifle*
This new two-stage trigger offers a smooth, crisp, 4.5 lb. trigger pull and a lightweight hammer that enables a 30% faster lock time over standard MSR triggers.
Ruger® Elite 452 MSR Trigger
C25UR90461..... $124.99

Ruger® BX-Trigger™

The BX-Trigger™: a light, crisp, "drop-in" replacement trigger assembly that is compatible with all Ruger® 10/22® rifles and 22 Charger™ pistols. The BX-Trigger™ is a Genuine Ruger Factory Accessory and is the perfect upgrade for all 10/22® rifles and 22 Charger™ pistol models because of the significantly reduced pull weight of approximately 2.75 pounds (versus 6 pounds on the standard 10/22® trigger).
The BX-Trigger™ is sold as a complete assembly that drops in to replace the existing trigger assembly. A video of the installation process can be found at *Ruger.com/BX-Trigger.*
Ruger® BX-Trigger™ .....C25UR90462 ..... $69.99
Ruger® BX-Trigger™- Red.....C25UR90631 ..... $69.99

VOLQUARTSEN FIREARMS

Hex-Head Take Down Action Screw

Hex-head screw replaces the factory slotted screw. It allows the shooter to use a torque wrench for precise and repeatable settings. No more marred slotted screws which diminish the appearance of your rifle. Made of hardened alloy steel.
Take Down Action Screw ..... C25VQVC10TD $5.85

Auto Bolt Release

Enables the shooter to simply pull bolt back slightly to release the bolt. This eliminates the need to push up on the bolt lock mechanism to release the bolt. This is an easy drop-in installation.
Auto Bolt Release *(Black)*..... C25VQVC10BR10B..... $11.70
Auto Bolt Release *(Silver)*..... C25VQVC10BR10S..... $11.70

Extended Magazine Release

The extended magazine release allows for a quick release of factory magazines. It extends .550" down from the trigger guard housing designed not to interfere with benchrest or sandbags during shooting. The extended magazine release is completely CNC-machined from billet material – no castings!!
Black.....C25VQVC10MRB..... $19.80

Target Hammer

Our redesigned target hammer is now wire EDM cut! The target hammer is designed to give the factory Ruger 10/22 a superb "trigger job" by simply replacing the factory hammer.
No stoning or fitting is required. Reduces trigger pull down to approximately 2.5 – 2.75lbs. Made of stainless steel, hardened to Rc 58-60.
Includes our 10/22 hammer spring, hammer bushings, hammer shims and trigger return spring.
10/22 Target Hammer .....C25VQVC10TH..... $43.20

Target Disconnector

Manufactured through an EDM process for exacting tolerances. Designed to be used in conjunction with match hammer and sear to provide for a very crisp, clean trigger pull. Made of A2 tool steel and hardened to Rc 58-60.
Target Disconnector .....C25VQVC10DN..... $23.40

Recoil Buffer

Drop-in polyurethane bolt stop pin eliminates the metal to metal contact between bolt and receiver and eliminates vibration caused by this. The recoil buffer also provides a remarkable difference in cycling noise. Replaces factory bolt stop pin.
Recoil Buffer.....C25VQVC10RB..... $11.70

Exact Edge Extractor

The new extractor will not lose its edge under impact such as other extractors made from stamped steel or titanium that will have their edges roll over and actually cause extraction problems after a short period of use. It is hardened to a Rc 58-60 to withstand years of use and still maintain its edge. We are able to hold the tolerances to +/-.0001" by utilizing the EDM manufacturing process. The hook is .005" closer to the rim of the cartridge to allow for the most positive extraction available. Made of A2 tool steel.
Exact Edge Extractor..... C25VQVC10EE $12.15

Target Trigger

Improved trigger design gives the shooter more trigger control. Also features an overtravel adjustment screw. Made of aluminum.
C25VQVC10TT $29.70

HP Action Kit

This kit consists of our target hammer (includes shims and bushings), hammer spring, target disconnector, target sear and target trigger Includes polished plunger and spring) with overtravel adjustment. Also included is a recoil buffer to reduce wear on the action and bolt. The HP Action Kit will reduce trigger pull down to approximately 2.25 – 2.5lbs. HP Action Kit Plus features all the components of our High Performance Kit in addition to our Extended Magazine Release and Auto Bolt Release.
10/22 HP Action Kit .....C25VQVC10HP $128.00
(Includes: extended mag release & auto bolt release)
10/22 Action Kits "Plus" .....C25VQVC10HPCS..... $149.00

Extended Bolt Handle & Recoil Rod Assembly

The Extended Bolt Handle features the same shape & design as the bolt handle featured on our fully machined bolts. • Extended .25" for faster, easier operation. • Polished, hardened and coated with a proprietary finish. • Finish contains lubricating features to create an extremely smooth operating guide rod.
• Coated recoil rod reduces friction which improves both feeding and ejecting. • Cryogenically treated to withstand years of use. • Recoil rod spring is included
Black.....C25VQVF10EBB.....$49.50
Silver.....C25VQVF10EBS.....$49.50

SureStrike Firing Pin

Volquartsen SureStrike Firing Pin is designed to minimize and/or eliminate light hits on the Ruger 10/22 (22 LR model only). Precision EDM machined from A2 tool steel. This new firing pin is also .004" wider than the factory firing pin to help eliminate side to side movement in the factory bolt. Hardened to a Rc 56-58 to prevent any excessive wear and deformation. The hardening process on the A2 material allows for a much deeper hardening when compared to case hardening.
SureStrike Firing Pin.....C25VQVC10SSFP.....$31.50

Bolt Tune-Up Kit

The Volquartsen Bolt Tune-Up Kit for the Ruger 10/22 (22 LR model only) rifle contains two of our most popular items ever: the Exact Edge Extractor and our SureStrike Firing Pin. This kit is designed to eliminate light hits and stovepipes.
Bolt Tune-Up Kit .....C25VQVC10FE.....$36.90

Remington® 597 Target Hammer

The hammer notch is individually surface ground to secure an exact angle of engagement. The hammer is designed to lighten the trigger pull on a factory hammer by up to 50% (this can vary depending on factory sear). This is a drop in item intended for an unaltered factory trigger guard. • *Remington 597.22LR, .22 WMR & .17 HMR*
Rem. 597 Target Hammer.....C25VQVCRTH.....$45.00

Remington 597 Exact Edge Extractor

Manufactured through an EDM process in order to achieve exacting tolerance. Our extractor features a very precise "hook point". It's hardened to a Rc 58/60 to withstand years of use and still maintain its edge. Fits Remington 597, .22LR, .22 WMR and .17 HMR
Edge Extractor..... C25VQVCREE..... $19.80

MIDWEST INDUSTRIES INC.

AR15 Drop-In Single Stage Trigger

- 3.5lb Single-stage trigger system
- Ultra-smooth break with a crisp, clean release
- Fits small pin size (.154)
- Quick reset and low over travel
- Interior parts are S7 tool steel with heavy-hit hardening then black nitride finished
- Lightened trigger pull (3.5-lb. pull weight)
- Lightened hammer • Drop safety feature
- Self-contained design makes it easy and quick to install with no fine-tuning needed • Weight: 2.4 oz.
- CNC machined from high-grade, heat-treated tool steel and aluminum
- Blue anodized aluminum cassette housing
- Fits most .308 and .223 AR style platforms
- Anti-walk pins and screws included.
- Limited lifetime guarantee. • 100% Made in USA

WILSON COMBAT

SHOK-BUFF®
Recoil Buffers

The SHOK-BUFF® prevents the slide from battering the frame during recoil by sandwiching a 1/10" thick poly fiber buffer between the slide and frame contact areas. When you are shooting high performance loads in your 1911 style pistol, you want the extra protection that the original SHOK-BUFF® provides.
- *Prevents the Slide from Battering the Frame During Recoil*
- *Optimum Balance Between Shock Absorption and Longevity*
- *Easily Replaceable • Absorbs Up to 1,000 Rounds of Repeated Firings • Slides Over the Recoil Spring Guide Between Guide and Spring • Original Injection Molded SHOK-BUFF® • Royal Blue and Bears the SHOK-BUFF® Name*
- *Package of 6*

SHOK-BUFF® Buffers..... C25WC02B $7.95

1911 Recoil Springs
Wilson Combat Heavy-Duty Recoil Springs are made combat tough to repeatedly take a pounding yet show a remarkably consistent performance every time a round is fired. Recommended service life of 2000-3000 rounds.
Recommended use:
- *15 lbs - Full size, .38 Super/.45 Auto w/ 185gr loads*
- *18 lbs - Full size, .45 Auto w/ 230gr loads/10mm target*

Recoil Spring *(18-1/2 lbs.)*..... C25WC10G18..... $7.95

Full-Length Guide Rod
The Full-Length Guide Rod will make your 1911 operate and cycle smoother. The One Piece Full Length Guide Rod replaces your stock recoil spring guide without pistol modification. Assembly and disassembly are the same as with stock components (however a bushing wrench is required)
- *Extends Recoil Spring Life*
- *Improves Cycling and Overall Operation*
- *Extends Life of Slide to Frame Fit*
- *Can Improve Barrel to Slide Fit and Accuracy on Older Military 1911s*

Guide Rod *(Full Size)*..... C25WC25G $30.95

Barrel Bushing Wrench
A Barrel Bushing Wrench is an indispensable part of every shooter's kit and is absolutely necessary for disassembling guns with tight-fitting bushings.
- *Easy Disassembly of Guns with Tight-Fitting Bushings*
- *Made from Super-Tough Polymer to Prevent Scratching Your Gun*
- *Fits Barrel Bushings on Government, Commander and Officers Style 1911s*
- *Will Not Stretch or Break*

Bushing Wrench *(Polymer)*..... C25WC25P..... $4.95
Bushing Wrench *(Steel)*..... C25WC25..... $6.95

Hex Head Grip Screws

Hex Head Grip Screws will give your pistol a custom look that will continue to look great even after being removed many times.
- *Gives Your Pistol A Custom Look*
- *Look Great Even After Being Removed Many Times*
- *No More Burred Screw Slots*
- *Set of 4 Grip Screws • 3/32" Allen Wrench Included*
- *NOTE: The #313 Series will not work on the Norinco 1911 pistol.*

Hex Head Grip Screws *(Stainless)*..... C25WC313S $8.95

Jumbo Head Safety
- Rem 870/1100/1187

The Jumbo head safety allows you to rapidly and positively snap the safety off as you mount the weapon for a quick shot.

MagPopper Magazine Disassembly Tool for Glock® Magazines

- Disassemble your Glock® magazines in seconds
- Works with most factory Glock® flat floorplates. Works with 10 round, standard capacity, and high capacity Glock® magazines
- Simply insert the hook from the small lever into the floor plate, rest the MagPopper body against the front of the magazine body. With one hand grasp the MagPopper and the magazine body and gently squeze. The floor plate will slide forward and unlock from the side magazine tabs with very little effort
- MagPopper also features: a bottle opener, a hole on the main body for mounting onto key rings, and a ¼" hex hole for holding ¼" screwdriver bits

MagPopper ..... C25NRVTGLMAG $16.99

VISM®

VISM Pro Tool for Glock® Firearms

This is the ultimate tool for the Glock® Armorers and enthusiasts. This handy multi-tool has five specific tools for the very popular Glock® pistols.

- Handle has rubberized textured panels
- Tool bits can be stored inside the hollow screwdriver bits
- Magnetic 3/16" hex nut driver for the front sight
- Channel liner removal tool
- Hardened steel 3/32" (2.5mm) disassembly tool
- Channel liner install tool
- Flat blade and Phillips screwdriver bit

VISM Pro Tool..... C25NRVTGLPRO $16.99

VISM®

VISM Ultimate Tool Kit- Glock® Models

Ultimate Tool Kit for Glock® handguns - includes four innovative multi-tools in a plastic hard carry case for Glock® armorers.

- VTUPRS: Universal pistol rear sight tool designed for: removal, installation, and the adjusting windage of dovetail rear sights
- VTGLPRO: Glock® Pro Tool has five specific tools for Glock® pistols: magnetic 3/16" hex nut driver for the front sight, channel liner removal and channel liner install tool bits, hardened steel 3/32" (2.5mm) disassembly tool, striker assembly holder, and flat blade and Phillips screwdriver tool bit. Steel and polymer construction
- VTGLMAG: MagPopper tool will help you disassemble your Glock® magazines in seconds
- VTGLKPBL: Glock® Pocket Tool with hardened 3/32" (2.5mm) steel punch disassemble tool and a 3/16" hex nut driver (with magnetic tip) for removing/ installing Glock® front sights

VISM Ultimate Tool Kit..... C25NRVTGUTK..... $92.99

VISM®

VISM Universal Rear Sight Tool

Universal Pistol Rear Sight Tool designed for: Removal, Installation, and Adjusting windage of dovetailed rear sights for most Semi-Auto Pistol slides.

- Works with many types of semi-auto slides: full, compact, sub compact, and pocket sized semi-auto pistols
- Base platform is adjustable for height, to get your slide and rear sights at the proper height for the rear sight pusher. Includes one bottom spacer for some pocket pistol slides for proper height alignment
- Multiple Vertical and Horizontal clamps to secure various sizes and types of semi-auto slides in the tool
- Adjustable top brace with plastic insert to secure the slide's vertical placement on the base platform
- Adjustable side braces with plastic inserts to secure the slides horizontal placement on the base platform. Includes two sets of side plastic inserts: a pair of flat inserts and a pair of stepped inserts to fit a wide variety of slide profiles
- Rear sight pusher will work with 90 degree and 30 degree rear sight profiles. Rear sight pusher can remove, install, or adjust the rear sights in either direction
- Side witness windows machined into both sides of tool frame to check for and verify proper tool and rear sight alignment
- Sight tool frame can be bolted to, clamped onto work surface, or clamped onto a work vice
- Heavy duty Blue Anodized aluminum frame with steel tools

VISM Universal Rear Sight Tool ..... C25NRVTUPRS $58.99

TIPTON

Gun Vise

Secure your rifle or shotgun for just about any work you want to perform on it.
The Tipton Gun Vise is an ideal "third hand" for cleaning and gunsmithing

- *Rubberized Cradle and jaws to protect your firearm*
- *Quick-release cam action for easy access*
- *Molded-In compartments for solvents and small parts*
- *Solvent resistant Plastic*

Tipton Gun Vise.....C25PH782731.....$49.99

Gun Butler™

- (2) removable, non-marring forks to securely hold firearm • Durable polymer construction
- Convenient recessed storage compartments • Center carry-handle

Gun Butler .....C25PH100333.....$26.99

Compact Range Vise

The Compact Range Vise collapses to 11-1/4" and fully expands to 17-3/4", making it easily carried but full functioning when completely expanded.
Six rubber feet provide the vise a very rigid, non-slip base. Two non-marring forks protect your guns' finish while holding them securely in place for cleaning, light maintenance or as an extra set of hands. The Compact Range Vise is extremely durable and is made from high quality, solvent-resistant nylon that will deliver years of lasting performance.

- *Durable, solvent-resistant nylon and polymer construction*
- *Collapses for easy storage or transport in a range bag • (6) non-slip rubber feet*
- *Non-marring contact surfaces • Collapses to 2.75" tall*

Compact Range Vise.....C25PH282282.....$24.99

1911 Mag Well Vise Block

Designed for use with the Tipton® Best Gun Vise™, this center support slides into the magazine well and provides a steady base for cleaning or light gunsmithing on your 1911. Users without a Best Gun Vise can mount the Mag Well Vise Block directly to their bench top with the included fasteners. Loaded with handy features, this tool is a must have for anyone with a 1911

- *Mag well arm is removable for clamping in a bench vise when additional rigidity is required*
- *Solvent-resistant polymer provides durability and is non-marring to surfaces*
- *Built-in barrel bushing wrench • Insert, push, rotate, extract. It is that easy.*
- *Center section rotates 180° making in infinitely adjustable*

Mag Well Vise Block.....C25PH558080.....$18.99

Best Gun Vise 360

- Ball head design grants maximum maneuverability, providing unrestricted access to every inch of your firearm
- The tensioning handle makes for easy adjustment of the vise jaws, while the ergonomic friction knob ensures instant, rock-solid fixation at any desired angle
- The versatile mounting base provides a rock-solid bolt-down solution on your bench)
- Soft non-marring urethane material protects the finish of stocks and other firearm surfaces
- Harder durometer non-marring urethane material is perfect for securing barrels and other cylindrical objects

Best Gun Vise 360.....C25PH4004923.....$119.99

Best Gun Vise™

- Non-marring surfaces
- Durable polymer construction
- Mountable directly to benchtop (hardware not included)
- Front and rear base slide on center aluminum rail for optimum length adjustments
- Accommodates multiple different firearms and projects • (4) non-slip rubber feet • Adjustable rear off-set clamping mechanism

Best Gun Vise™.....C25PH181181.....$112.99

Standing Ultra Gun Vise

- Ultra Gun Vise modular chassis included
- Free standing, 4-leg system removes the need for a table or bench
- Oversized levers for easy leg deployment
- 35" height for optimal comfort while working
- Lightweight - weighs approximately 20 lbs
- Built-in bottle opener
- Makes cleaning convenient in the field or on the range

Ultra Gun Vise Modules

- Non-marring, glass-filled nylon vise/clamp construction
- Ball and socket articulating clamp pads allow for the pads to adapt to any firearm's surface
- Front and rear clamps are both height and length adjustable
- Mountable directly to horizontal rails • Removable accessory/tool trays

Standing Ultra Gun Vise.....C25PH1094247.....$229.99

Ultra Gun Vise

- Rigid Steel Frame • Modular chassis design
- Different modules can be quickly moved, rearranged or removed anywhere along the rail
- Over molded rubber contact pads throughout the device prevent damage to firearm
- Ball and socket articulating clamp pads allow for the pads to adapt to any surface
- Leveling feet on all corners makes scope leveling easier
- Dual Clamp Technology rigidly holds any gun shape in place
- Tube frame structure allows for complete access to your rifle
- Fast-Turn knobs, for quick clamping
- AR Vise Block module included for working on and cleaning AR-15s

Ultra Gun Vise.....C25PH110011.....$154.99

Universal Gun Maintenance Stand

- Includes mounts to attach your best gun vice or gun vise directly to the stand
- Steel rails will accept the Ultra Gun Vise Modules for freestanding use
- Rigid all-steel construction • Oversized levers for easy leg deployment
- Freestanding, 4-leg system removes the need for a table or bench
- 35" height for optimal comfort while working
- Lightweight - weighs approximately 20 lbs • Built-in bottle opener
- Makes cleaning convenient in the field or on the range
- Built-in wings allow you to mount a Best Gun Vise to the stand

Universal Gun Maintenance Stand.....C25PH1093522.....$104.99

- Metric Hex (.7mm, .9mm, 1.3mm, 1.5mm, 2mm, 2.5mm 3mm, 4mm, 4.5mm, 5mm, 5.5mm, 6mm, 7mm, 8mm, 10mm)
- Torx (T1, T2, T3, T4, T5, T6, T7, T8, T9, T10, T15, T20, T25, T30, T35)

C25PH1081959..... $34.99

Bench Block

Ever needed three hands to remove or install a pin, detente, or spring? The Universal model has basic notches, grooves, and holes on both sides. It is ideally suited for 1911-style pistols.
Universal Bench Block..... C25PH672215 ..... $16.99

Professional Reticle Leveling System

The system is comprised of two machined aluminum level housings calibrated to their integrated levels.
The Barrel Clamp Level is attached to the guns barrel while the smaller Reference Level is placed on scope base, bottom half of a ring or other flat surface perpendicular to the vertical axis of the gun. The gun is then rotated until the Reference Level is aligned. The tuning adjustment knob on the Barrel Clamp Level is then turned until its level is centered to match the Reference Level. At this point the Barrel Clamp Level is calibrated to the guns axis. The Scope can be installed loosely and the Reference Level placed on top of the scopes turret cap. The scope is rotated until the Reference Level is aligned with the Barrel Clamp Level and then simply secured in place.
Professional Reticle Leveling System ..... C25PH119050 ..... $52.99

Armorer's Handgun Sight Tool

- Precision machined unit
- Designed in install, un-install or adjust front and rear dovetail sights
- Fully captures and supports slide so it won't deform
- Works on all semi auto pistols
- Large 4 post drive knob to easily push the sight
- Reference marks for precise adjustments

Armorer's Handgun Sight Tool
C25PH710905.....$139.99

Scope Ring Alignment & Lapping Kit

Wheeler's scope ring alignment kit will help you properly mount your scope rings, diagnose alignment problems, and indicate when you might need to shim a scope base. It also contains a special lapping bar and abrasive so you can "lap" your rings in for 100% contact between scope rings, which eliminates accuracy-robbing stresses in the mount and also helps prevent marring the scope during installation/removal.
Ring Alignment & Lapping Kit 1" ..... C25PH204061..... $49.99

Level-Level-Level

The Level-Level-Level works because the scope is leveled to your receiver; not to the top of a scope base. Level your scope as you mount it on your rifle. The magnetic base in the rifle level bridges the bolt raceway, allowing you to position your rifle perfectly level. Then level the scope, tighten the rings, and the job is done. Works with practically any bolt-action rifle, and is adaptable to other designs.
Level-Level-Level ..... C25PH113088 ..... $14.99

Anti Cant Indicator

- Indicates precise, repeatable level gun position
- Increases accuracy by insuring proper gun alignment, which is critical for turret adjustment and hold over for bullet drop compensation • Easy-to-view from shooting position
- Attaches to scope, folds in when not in use.

Anti Cant Indicator *(1" inch)*..... C25PH755712..... $36.99
Anti Cant Indicator *(30mm)*..... C25PH766112..... $36.99

Deluxe Gunsmithing Screwdriver Set

The 54 hollow-ground flat bits range in size form . 120"x.020" to .360x.070", and includes doubles in the thinnest sizes. Comes with two handles made from comfortable overmolded plastic. the first is a regular size handle that's good for most jobs, and the second is a slimmer, shorter "Close Quarters" handle that is good for finesse work with smaller bits.
The Professional Set contains:
• Hinged storage box • 2 ergonomic handles
• 3' shaft extension • Hex to square drive adapter
• 54 flat bits • 8 Allen Bits • 4 Phillips Bits • 3 Torx Bits
• 15 Specialty Bits and Accessory Tools for Colt, Remington, Smith&Wesson, Mauser, Glock, Garand Ruger and more.
89 piece Deluxe Screwdriver Kit..... C25PH562194 .....$78.99

Space Saver Gunsmithing Screwdriver Set

Included with the standard, Phillips, hex, and torx bits, is a 2" long #2 Phillips bit which is ideal for recoil pad installation, and a hex-to-square conversion bit which allows you to use 1/4" square drive sockets and other attachments. The magnetic handle is perfectly sized for gunsmithing needs, and is also hollow-handled, allowing you to carry a variety of bits should the need arise.
Space Saver Screwdriver Set..... C25PH664507 .....$14.99

F.A.T Wrench®

Wheeler's F.A.T. Wrench® (Firearm Accurizing Torque) brings perfect consistency to every screw on your rifle. This amazing, handheld torque wrench lets you apply repeatable, accurate torque settings to scope bases and rings, action screws, and more.

- *Torque Adjustment Range Of 15-100 In-Lbs For A Wide Variety Of Gunsmithing Tasks*

AR Receiver Lapping Tool

- Compatible with battery-powered or electric drill
- Steel construction with a black oxide finish
- Includes: flex driver shaft, 220 grit lapping compound, steel lapping bar
- Lapping a receiver ensures a perfectly square and true surface for the barrel to mate against, enhancing accuracy. Also, honing the surface can produce optimal positioning of barrel nut so ideal torque can be achieved along with proper gas tube hole alignment

Delta Series AR LR/10 Variant Receiver Lapping Tool..... C25PH156757 .....$26.99

F.A.T. Stix® Preset Torque Wrench Set

The Wheeler FAT Stix Preset Torque Wrench Set includes all the most popular bit sizes in a convenient soft carry case. Included sockets come in 15, 20, 25, and 45 inch pounds for all your most common applications, featuring a 1/2" socket with a 1/4" drive bit. The ergonomic T-handle design is comfortable, easy to use, and made of high-quality materials to survive the toughest of projects.

- *Sockets come in 12, 20, 25, and 45 in. pounds for most common applications*
- *Popular but sizes • T handle design with grip and spin section*
- *1/2" socket with 1/4" drive bit • Convenient soft carry case*

FAT Stix Preset Torque Wrench Set
C25PH1136022.....$87.99

Delta Series® Compact AR Multi-Tool

Cover most of your AR-15 service needs with a single tool. An innovative layered and laminated stamped steel construction makes the Delta Series Combo Tool the most durable AR tool available. This construction method allows the use of hardened steel barrel nut pins designed to hold up to heavy torque requirements. A cut out for a 1/2" drive allows the tool to be used with a torque wrench or ratchet driver.

- *Compressed wool cleaning pads specifically die-cut to fit into an AR-15 Star Chamber*
- *Includes an 8/32 threaded end to secure pad to cleaning rod*

Wheeler Engineering Delta Series Compact AR Multi-Tool

C25PH711016 ..... $17.99

Master Gunsmith Interchangeable Hammer Set

- Includes 2 hammer bodies and 8 hammer faces
- 4 hammer faces with each hammer body: metal, brass, nylon, rubber
- Hammer bodies made of precision machined metal
- Large Hammer (10oz) for driving out large or stubborn roll pins
- Small Hammer (6oz) for precise control of smaller roll pins
- Steel Head – For metal punches and surfaces
- Brass Head – For preventing marring of metal surfaces and for brass punches • Plastic Head – Non marring
- Rubber Head – Low recoil, and can prevent denting of wood
- Comes with Durable Blow Molded case that organizes, holds and protects components

Master Gunsmith Interchangeable Hammer Set ..... C25PH110268 ..... $26.99

Master Roll Pin Punch Set

Wheeler Engineering combined the Roll Pin Starter Set and the Ball Profile Roll Pin Punch Set with a precision machined gunsmithing hammer into one comprehensive kit.

Ball Profile Roll Pin Punch Set

- Machined and hardened from steel to prevent bending or breaking while driving roll pins
- Designed with a ball profile tip to provide proper alignment of the roll pin and prevent damage to the firearm or roll pin
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16″
- Keeps punch from walking off pin
- Knurled handles

Roll Pin Starter Set

- Machined and hardened from steel to prevent bending or breaking while starting roll pins
- Designed with a counter-bored tip to properly align and start the roll pin, preventing damage to the firearm
- The 9 piece set includes: 5/16," 1/4," 7/32," 3/16," 5/32," 1/8," 3/32," 5/64," 1/16" • Knurled handles

Master Roll Pin Punch Set ..... C25PH110128 ..... $44.99

Ultra Scope Mounting Kit

The ULTRA Scope Mounting Kit from Wheeler Engineering® puts all the best Wheeler® scope mounting accessories into one perfect package. With this kit you can level your rifle, level your scope, mount your scope to the rifle, and then coarse sight in your scope with precision and accuracy. No more guess work and "that's good enough". The ULTRA Scope Mounting Kit even provides thread locker and a lens pen to keep your scope clean and your optics secure on even the largest caliber guns.

Features:

- *Features the Professional Reticle Leveling System to make sure the scope is level and your crosshairs are perfectly perpendicular*
- *Features the Professional Laser Bore Sighter to align your crosshairs and get you on paper faster*
- *Features the FAT Wrench® to apply precise inch-lb. pressure on all of your screws*
- *Includes 9 bits, 1 socket and a bit holder for all your maintenance needs*
- *Comes with thread locker so your screws won't work their way loose*

Ultra Scope Mounting Kit ..... C25PH541010 ..... $209.99

Professional Gunsmithing File Set

The Wheeler Engineering® Professional Gunsmith File Set is perfect for many different gunsmithing jobs. The set comes with a wide grade of files from a rough rasp all the way down to a super extra fine diamond plate. Whether your reshaping a wood stock or smoothing out an action, this set is perfect for you.

Set Includes:

- *(1) 8" half round file*
- *(1) 6" triangle file*
- *(1) file cleaning brush*
- *(1) stick of file chalk*
- *(1) small flat coarse grit diamond file*
- *(1) small triangle medium grit diamond file*
- *(1) small round fine grit diamond file*
- *(1) 8" flat file*
- *(1) 6" round file*
- *(1) extra fine diamond plate*
- *(1) small round coarse grit diamond file*
- *(1) small round medium grit diamond file*
- *(1) small triangle fine grit diamond file*
- *(1) 6" square file*
- *(1) 4-n-1 Rasp*
- *(1) small triangle coarse grit diamond file*
- *(1) small flat medium grit diamond file*
- *(1) small flat fine grit diamond file*

Professional Gunsmithing File Set ..... C25PH710908 ..... $52.99

Professional Armorer's Wrench

- Heavy-Duty steel construction
- 6 tools needed for AR builds
- Overmolded handles
- Mil-spec barrel nut wrench • 3/4" muzzle break wrench • 5/8" fixed stock receiver wrench
- 1/2 torque wrench receiver • Heavy-Duty steel construction • Free flat handguard wrench

Wheeler DELTA SERIES

AR-15 Combo Tool & Torque Wrench

An innovative layered and laminated stamped steel construction, allows the use of hardened steel barrel nut pins designed to hold up to heavy torque requirements. A cut out for a 1/2" drive allows the tool to be used with a torque wrench or ratchet driver. Profiles for buffer tube lock nut and flash hider are included. The addition of a bit driver and bit holder with six common bits adds to the versatility

AR-15 Combo Tool.....C25PH156999.....$28.49
AR-15 Combo Tool w/Torque Wrench.....C25PH156700.....$48.99

AR Pivot Pin Install Tool

- For AR-15, M4, or M-16
- Makes pivot spring and detent work fast and effortless
- Roll Pin Punch and starter for all lower receiver roll pins
- Comes with handy key ring for storage
- Black zinc plated steel

AR Pivot Pin Install Tool.....C25PH156243.....$7.49

AR Front Sight Tool

This 4-prong front sight tool is designed to adjust the A2 front sight found on the AR-15, M16, and M4. It is machined from steel and has a black zinc finish to last for years. The key ring serves as a handle and helps keep the small tool accounted for.

- *Install and adjust standard Mil-Spec A2 front sights on AR-15, M16, and M4*
- *Can be used with an 1/4" hex driver*
- *Key ring for storage serves as a handle also*
- *Black zinc plated steel*

AR Front Sight Tool.....C25PH156437.....$6.79

AR-15 Receiver Lapping Tool

- Use with a battery powered or electric drill to square the receiver face on an AR-15
- Helps align the gas tube through the barrel nut holes
- Helps align front and rear A2 style sights
- Flex Driver Shaft • 220 Grit Lapping Compound
- Steel Construction with a Black Oxide Finish

AR Rec. Lapping Tool.....C25PH156757..... $26.99
AR LR/10 Variant Lapping Tool.C25PH1082227..... $26.99

AR Upper Rail Vise Block

Vise block is designed to securely hold basically any AR upper receiver. It will secure AR-15 uppers by engaging the takedown lugs on the bottom of the receiver. By reversing the direction it will secure most AR-10 style uppers in the same manner. In addition it will secure any Pic Rail on a hi-rise, standard flat top or many other integrated rail guns by sliding onto and clamping the rail. The durable machined aluminum construction and precise tolerances ensure a secure hold essential for removal and installation of stubborn barrel nuts as well as a variety of other tasks.

- *Multi-function design holds AR-15 and AR-10 uppers*
- *Can secure any Pic-Rail receiver by clamping the rail*
- *Durable extruded and machined aluminum construction*

AR Upper Rail Vise Block.....C25PH156888.....$37.99

F.A.T. STIX™

The Wheeler F.A.T. Stix Limiters are preset to specific torque values, allowing the user to easily grab the right tool for the job. Accurate within +/-5%, F.A.T. Stix ensure a loose or stripped screw doesn't ruin your day

- *Preset Torque Limiters Are Quick And Convenient With No Adjustments Required*
- *Accurately Tightens To Desired Specification, Preventing Damage And Stripped Screws*

AR-15 Upper Vice Block Clamp

The Block allows you to safely clamp on to your AR-15 upper receiver in a vise holding it securely without twisting, crushing or marring the finish. This Block is the perfect product for torquing a barrel on, removing a stubborn nut or for simple gun maintenance & cleaning.

- *Durable design holds receiver securely*
- *Fits left and right-hand Mil Spec A2 upper, as well as flat top receivers*
- *Receiver insert with gas tube aligner included*

Vice Block Clamp ..... C25PH156444 .....$27.99

AR-15 & AR-10 Bore Guides

The AR-15 Bore Guide is precision CNC machined aluminum with a durable anodized finish. It fits securely in any AR-15 upper and can be retained in place by closing the dust cover on the upper which engages a groove in the guide. The bore guide also has chemical resistant O-rings for retention in uppers without dust covers. It works well with .223 and .204, extending inside the chamber to prevent solvent from leaking into the action. A solvent port is conveniently located to the rear of the guide which extends out of the upper making it easily accessible during cleaning. Inner tube diameter .250″ (not intended for 6.8mm jag).

- *Protects chamber & bore from damage*
- *Reduces solvent leakage into gun's action*
- *Integrated solvent port • Fits AR-15's in .223 and .204*
- *Secures in place with dust cover engagement*

AR-15 Bore Guide ..... C25PH156213..... $30.99
AR-10 Bore Guide ..... C25PH156777..... $35.99

AR-15 Delta Ring Tool

- Makes removing mil-spec AR-15/M16 handguards easy by compressing the Delta Ring with on hand
- 100% Vinyl coating protects the guns finish from damage but is very durable
- Custom formed wire fits securely around Delta Ring
- Welded Steel bracket for durability even with stuck or broken Delta Rings.

AR-15 Delta Ring Tool.....C25PH209943..... $13.99

AR Armorer's Vise

The integrated Mag Well insert securely engages the lower receiver and adjusts in angle to accommodate any task. The innovative front support also has angle adjustment allowing the barrel portion of the upper or a forend portion to be secured in its tapered shape. The base is constructed of rigid steel and non-slip rubber feet. Feet can be removed for permanent bench-top mounting. Depressions formed into the base keep spare parts or tools contained. Additional features in the mag well insert include a hammer stop and a bolt service station that secures the bolt face for disassembly/assembly.

- *Highly adjustable to secure any AR in any configuration*
- *Rigid construction deliver a solid work platform*
- *Ideal for cleaning, maintenance, and gunsmithing*

AR Armorer's Vice.....C25PH156224 ..... $57.99

AR Armorer's Bench Block

Tired of trying to secure your AR parts while installing a pin, detent, or spring? The AR-15 Bench Block is the answer! Specifically designed for AR-15 assembly and disassembly, the AR-15 Bench Block is the perfect tool. Made of extremely durable, non-marring urethane to protect the finish of your firearms and last for years. It features a variety of notches, grooves, and holes on both sides and is ideally suited for the upper receiver, lower receiver, front sight and charging handle of an AR-15.

- *Positions the upper receiver, lower receiver, front sight, and charging handle for maintenance or assembly*
- *Durable non-marring urethane material to protect gun finish*
- *Designed to assist in all aspects of an AR-15 build*
- *Ideal for changing or adjusting triggers*
- *For assembling a complete lower receiver.*
- *Holds receiver to install pins*
- *Install or replace Charging Handle Latch*

Lyman®

Brands that Perform

45 pc. & 65 pc. Master Gunsmith Tool Kits

The sets also include a ratchet wrench so the maximum torque can be applied to those tough-to-remove screws. The bits for slotted screws are hollow ground, so they properly fit screw slots and prevent cam-out which creates ugly, damaged screw slots. The sets are packed in compact, convenient storage cases.

45 Piece Set Contains:
(12) hollow ground bits for slotted screws,
(15) hex bits in inch and meter sizes,
(6) Phillips bits, including two long bits
(3) 6-lobe bits, (6) specialty bits, (1) extension,
(1) ratchet wrench, (1) handle

65 Piece Set Contains:
(32) hollow ground bits for slotted screws
(17) hex bits in standard and metric sizes,
(6) Phillips bits, including two long bits, (4) 6-lobe bits
(6) specialty bits, (1) extension, (1) ratchet wrench
(1) handle

65pc. Tool Kit.....C25LY7991361.....$58.10

AccuSight Pistol Sight Tool

The AccuSight tool is CNC machined from billet aluminum. It can adjust, install or remove front or rear dovetail pistol sights, and has a machined pocket for 1911 slides.

The AccuSight features 4 horizontal and 1 vertical slide clamps, full range height adjustment, and 1/32" increment windage adjustment scale on the sight pusher.
The large sight pusher handle provides plenty of torque to move even the most stubborn sights.

- *Adjusts, install or remove dovetail pistol sights*
- *CNC machined aluminum body*
- *4 horizontal and 1 vertical slide clamps*
- *1/32" increment adjustment scale*
- *Large sight pusher handle allows moving stubborn sights*
- *Works with most pistols with front or rear dovetailed sights*

Accusight.....C25LY7031287.....$144.50

Torque Wrench

The Lyman Torque Wrench is a must for accuracy minded shooters and gunsmiths. The Lyman Torque Wrench will allow you to safely and correctly attach scope bases, scope rings, action screws and other fasteners to firearms. Correct screw torque prevents damage to screw threads, screw heads, threaded surfaces and optics. Consistent screw torque will also help get the best accuracy from your firearm.

- +/- 10% Accuracy

Mini All-In-One Torque Driver .....C25AFFISSVTD.....$52.00

15-65 Inch Multi-Torque Driver

Just turn the drive handle until the hash mark lines up with the torque value you need
(from 15 - 65 inch-lbs).
- Accepts any standard 1/4" bit

Fits into any standard 1/4" driver
+/- 10% Accuracy

Multi-Torque Driver .....C25AFFISVTD.....$56.00

Small Torque Limiters

Small Torque Limiters prevent over-tightening of fasteners.
When you reach the correct in-lb of torque, you'll hear an audible "click" and the limiter will spin to prevent further torque from being applied.
Each limiter accepts any standard 1/4" bit, fits into any standard 1/4" driver, including Fix It Sticks Tools or our T-Way Wrench, and tightens precisely (+/- 6% accuracy). Each retains its accuracy for up to 20,000 cycles.

The organized selection covers all of your general needs in bits, cleaning tools, and punches. No platform or accessory are overlooked with specialized tools for AR's, battery doors, Glock®, Sig Sauer®, & Shotguns. Torque tools are available in options of both All-In-One Drivers (All-In-One Torque Driver 15-65 inLbs & Mini All-In-One Torque Driver 6-25 in-Lbs) or a curated selection of Individual Torque Limiters (10, 15, 20, 25, 30, 35, 45, 55, 60, 65, 80 in-Lbs)

Tool Kit w/Individual Torque Limiters ..... C25AFFISPROKTL $1380.00
Tool Kit w/All-In-One Torque Drivers..... C25AFFISPROKAIO..... $1080.00

Molded Polymer Bench Kit Base

- Molded Plastic Storage Base that holds T-Handle, Nineteen Torque Limiters, and Forty Eight 1/4" Bits.
- Holds a full range of torque limiters for home or shop use. Fits T-Handle Driver and Fourteen Torque Limiters (6, 10, 15, 20, 25, 30, 35, 40, 45, 49, 55, 60, 65, and 80 in-lb).
- Does NOT include bits, limiters, or T-handle.

C25AFBENKTRAY..... $14.50

AR Ejector & Extractor Tool

Designed for hassle-free installation and removal of ejectors and extractor pins on bolt assemblies. This fixture securely cradles the bolt, while the threaded bolt with the help of a Fix It Sticks T-way, compresses the ejector spring, aligning the roll pin for effortless removal with a punch.

AR Ejector & Extractor Tool - .308..... C25AFFISAR10BETP $20.00
AR Ejector & Extractor Tool - .223..... C25AFFISAR15BETP $20.00

AR Pivot Pin Tool

Simply run the tool through the receiver to use as a guide for spring and detent installation, turn the tool to compress the detent, and push the pin in while simultaneously removing the tool.

AR10 Pivot Pin Tool - .308..... C25AFFISAR10PPTP $10.00
AR15 Pivot Pin Tool - .223..... C25AFFISAR15PPTP $10.00

AR Bolt Catch Pin Punch w/Nylon Guard

The block body design runs perpendicular to the receiver leaving more room for hammer contact and teamed up with the nylon scratch guard, less contact points for scratching your finish simplifying a once tricky process.

AR Bolt Catch Pin Punch
C25AFFISBCPPP..... $20.00

Model 700® Quick Action Brush

Quickly and effectively clean with the all-in-one cleaning tool to clear Model 700 actions of all dirt, carbon, and debris. Dual horizontal nylon brushes clean the raceways and hold the tool in position while the rod end actuates the rotating head's soft swab, cleaning the lug recesses.

Model 700® Quick Action Brush
C25AFFISQABP..... $38.00

Quick Action Replacement Swabs

Quickly and effectively clean with the all-in-one cleaning tool to clear Model 700 actions of all dirt, carbon, and debris. The rotating head's soft swab cleans the lug recesses and needs replaced after multiple heavy cleanings.

Quick Action Swabs *(5/pk)*..... C25AFFISQABRS5P..... $9.00

VORTEX OPTICS

NIGHTFORCE®

Scope Mounting Tool Kit

Our scopes are precision designed, machined, assembled, and tested. Shouldn't you have the right tools to mount them with precision?
The Nightforce Scope Mounting Tool Kit includes all the torque tools and bits needed to mount your Nightforce scope and rings and maintain your scope. The 2-10 in-lb torque driver is specifically included to maintain the Nightforce ZeroStop, ZeroSet, and ZeroHold mechanisms and the turret dial screws. The 25, 68, and 100 in-lb torque attachments allow secure attachment and return to zero for Nightforce rings.

Scope Mounting Tool Kit..... C25NFA432..... $275.00

WEAVER®

Modular Level System

When mounting optics, precision is the name of the game and there's one piece of gear that's critical to success, the Weaver® Modular Level system. This system is a simple, yet effective way to guarantee a scope's crosshairs are level to the receiver. This ensures accuracy and helps shooters maximize their optics investment.

- *Simple to use and extremely reliable • High strength magnets for secure grip*
- *For use when mounting scopes on most types of firearms*
- *Indicates if scope crosshairs are level to receiver for optimum accuracy*

Modular Level System..... C25WE849724..... $41.49

SureThread™

Keep your optics locked down tight with the additional hold of Weaver's SureThread™. When mounting optics, this thread adhesive helps prevent the loosening of mounting screws caused by the shock and vibrations generated from recoil. Take the time to mount your scope properly and then take the time to ensure it stays that way. Use Weaver® SureThread.

SureThread..... C25WE849272 ..... $15.49

Gold Filling..... C25FPOO1001..... $20.49

High Pressure Case Sizing Lubricant

It requires tremendous force to drive an unlubricated case into a full length resizing or forming die. But, the wrong lubricant can ruin cases or break shell holders. Forster High Pressure Case Sizing high-quality lubricant makes resizing easy and it saves your equipment. Their high-pressure, oil-based lubricant adheres to the case when it's forced into the die, and you can barely feel the cases enter and exit the die.
Case Sizing Lubricant..... C25FP011071 ..... $10.29

A-ZOOM
Precision Tools For Dry Fire Training

StrikerCaps

One drawback with dry firing snap caps however is when they are used in striker fire type pistols. These firearms require that the slide be drawn back to cock the pistol, which then extracts and ejects the snap cap from the pistol. A-Zoom's new StrikerCaps solve this problem. StrikerCaps are made without a rim and are equipped with a centering o-ring which grips the chamber walls and keeps the snap cap in place in the chamber. Once it is chambered, simply rack the slide to cock the pistol. StrikerCaps will absorb the firing pin hit just like standard A-Zooms, however will
stay in place for quicker, easier dry fire practice

Dry fire any .22 LR Rimfire firearms safely and without chamber damage. Packed in handy 24 packs, these Pachmayr snap caps are precisely molded from a resilient polymer for many safe, damage-free hammer drops. Testing has shown that these snap caps can withstand up to 5-times as many as hammer drops as the other "disposable" rimfire snapcaps.
.22 Rimfire Snap Caps *(24-Pack)* ..... C25PA03200 ..... $9.69

BIRCHWOOD CASEY

DURCAP Training Rounds

CNC machined from solid aluminum, Duracap Training Rounds are hard anodized for smooth and reliable functioning. They feature a durable rubber firing pin impact buffer that protects the firing pin from damage during use. With precision dimensions, these training rounds offer consistent performance, ensuring accuracy in training. Laser-marked for easy identification, they are ideal for safety training, function testing, and firearm storage, providing a safe and effective way to train and maintain your firearm.

• CNC machined from solid aluminum • Hard anodized for smooth functioning
• Durable rubber firing pin impact buffer • Protects firing pin from damage
• Precision dimensions for reliable performance • Laser-marked for easy identification
• Ideal for safety training, function testing, and storage

Snap Caps

Our Snap Caps allow for safe release of firing pin springs. A spring loaded striking area cushions and protects firing pins. An excellent tool for teaching and eliminating flinching. Two Snap Caps are included in each package. Available for a variety of calibers.

12ga. Snap Cap..... C25XF00099 ..... $11.49
20ga. Snap Cap..... C25XF00098 ..... $11.49

Dummy Shell Snap Caps

These weighted 12ga shotgun snap caps (dummy rounds) have the same feel and weight as a live round which makes them perfect for practicing reloads for competitive shooting events. Two Snap Caps are included in each package.

12ga. Snap Cap..... C25XF00103 ..... $18.99

Brass Wool Snap Caps

These Brass Wool snap caps have a spring loaded primer plunger which prevents firing pin damage during dry-firing exercises. Treat the wool chamber mop with your favorite gun oil to prevent rusty chambers during storage. NOTE: leaving guns cocked during storage is hard on springs and is dangerous. These will help keep your shotgun in good condition.
Two Snap Caps are included in each package.

12ga. Snap Cap..... C25XF00108 ..... $16.99
20ga. Snap Cap..... C25XF00109 ..... $16.99

Universal Shotgun Plug

Carlson's universal shotgun plug kit allows you to easily decrease the shell capacity from 4 rounds in the magazine tube down to 2 rounds on most shotguns. The plug can be used without cutting but can easily be trimmed to length for other popular guns. 2/ct

Universal..... C25XF00120 ..... $11.99

TIPTON

Snap Caps

Snap Caps have a variety of uses around the bench. It is generally accepted that one shouldn't drop the firing pin on an empty chamber – which is the primary reason to have Snap Caps for your favorite guns. You should always use Snap Caps when checking or adjusting the trigger pull. If you prefer to release the tension on the hammer springs, when storing your guns, Snap Caps are ideal. Whatever your needs, Snap Caps are handy and inexpensive.

12-Gauge *(2-Pack)* ..... C25PH280986 ..... $7.79
.380 ACP *(5-Pack)* ..... C25PH337377 ..... $15.49

ProMag® High Capacity Magazines

The magazine bodies are comprised of the finest polymers and high-carbon heat-treated steel, while the springs are precision wound using heat-treated music wire. The bases and followers are also molded from durable polymers. Every magazine comes with a lifetime warranty.

Make/Model	Caliber	Capacity	Finish/Color	Item No.	Price

Ruger® One-Shot Sled

The Ruger One-Shot is a direct magazine replacement for Ruger American rifles in short-action calibers, including many calibers used for hunting (350 Legend, 450 Bushmaster, 300 Blackout, .308 Winchester, 6.5 Creedmoor, etc.). The sled ships with a magazine well to adapt rifles configured from the factory to accept AR-, AI-, or Mini Thirty®-pattern magazines.

One-Shot Sled ..... C25UR90987 ..... $18.99

Security-9® Compact Magazine Adapter

This polymer magazine adapter can be used to convert the 15-round, 9mm Luger Security-9® magazine (#90637) to be compatible with the 10-round, 9mm Luger Security-9® Compact. Genuine Ruger® Factory Accessory.

Security-9 Compact Magazine Adapter ..... C25UR90668 ..... $8.49

KAHR ARMS

Stainless Steel Kahr® Magazines

The Kahr magazine tube is constructed of corrosive resistant 400 series Stainless Steel and heat treated to 50 Rockwell for durability. Plasma-welding the stamping to form the magazine tube gives a smooth interior surface for the "ammunition stack" to rise and feed, and creates an "unbreakable" seam. Furthermore, tumbling the magazine in the finishing process provides a smooth, consistent burr-free surface. There are no sharp edges on which to cut yourself.
Another feature, unique to Kahr magazines, is the steel slide stop pin contact insert in the magazine follower. This innovative insert assures that the follower will reliably engage the slide stop lever and lock the slide, magazine after magazine. With this feature, you do not have to be concerned with the inevitable wear that accompanies most plastic followers.
Kahr quality, unmatched at any price.

RADIAN

Tru-17 Magazine Pad for SIG P365 XMacro

The TRU-17 Magazine Base Pad is a direct replacement part compatible with P365 XMACRO magazines. The design of the TRU-17 allows users to more easily load the full 17 rounds into the magazine. The TRU-17 base pad adds weight to the bottom of the magazine which aids in dropping empty magazines. A larger grip surface allows users to index spare magazines from holsters for quicker reloads while also being able to easily extract a stuck magazine.

Black *(2/ct)*..... C25REH0023 ..... $69.95

CF14131 *CF14132* *Cf15150* *CFMRPM45FS10*

Power Mags
8rd & 10rd .45 ACP Mags for 1911's
Unmatched in Features for reliability and Service Life.

Power Mags are lean and sleek, yet they are extra-heavy-duty with increased reliability and service life. A unique all-steel follower design yields the lowest possible bearing surface for long-lasting function in dirty environments when ongoing cleaning and maintenance may not be possible. The unique follower design also functions as a spring, which allows the high tensile rocket wire spring coils to be the largest (side to side, front to back, and top to bottom) of any extra capacity .45 caliber 1911 magazine.

• Caliber: .45 ACP • Finish: STS

Model	Capacity	Item No.	Price
Full-Size	8-Round	C25CF14131	$32.99
Compact	8-Round	C25CF14132	$36.49
Full-Size	10-Round	C25CF15150	$34.99
Full-Size	10-Round	C25CFMRPM45FS10	$39.49

Power Mags Plus
8rd & 10rd .45 ACP Mags for 1911's
Unmatched in Features for reliability and Service Life.

Alloy Frame Safe! The POWER MAG PLUS offers all the quality, reliability, service life and customer satisfaction of the CMC POWER MAG 1911 Series magazines.

The unique POWER+ follower accomplishes the same tasks as the POWER MAG follower but in a different way. The POWER+ follower remains within the confines of the magazine tube, avoiding contact with alloy frame material if the slide is released forward with an empty magazine still in place. Since the POWER+ follower cannot come in contact with the frame, POWER MAG+ magazines are recommended for those owners of 1911 pistols with aluminum alloy receivers. Available in our standard length 8 round and extra capacity 10 round models. The long history of CMC Products magazines have proven no other brand has the combination of quality, reliability, service life and customer satisfaction of CMC's Power™ series magazines. With the introduction of the POWER MAG+, you now have the reliability of a steel follower in the world's best magazine for your lightweight aluminum alloy frame Government, Commander and other full-size, standard grip-length 1911-style pistols.

• Caliber: .45 ACP

Full-Size	10-Round	STS	C25CF12150	$35.99

Range Pro Full-Size
1911 Handgun Magazine

The Chip McCormick RANGE PRO 1911 magazine from CMC Products is a combination of some of CMC's best new magazine technology and all new basepad design that makes the RANGE PRO a top choice for carry, competition or general range use at a price that can't be beaten. The extended tube design allows the use of a longer high-performance spring and improved spring life over traditional extra capacity 1911 magazines.

Match Grade
M1911 Government Magazines
8-Round .45 ACP

With 30 years of customer satisfaction, this patented design has proven reliability and 50% tighter tolerances than military specification magazines. Same length as stock magazines with extra capacity and improved performance. This is the same design CMC supplies to America's top 1911 manufactures for use as factory standard in their pistols. Available in silver stainless steel or carbon blued materials. Since 1992, our new line of 8 rd. .45 ACP magazines have never suffered from the common problem of cracked feed lips.

TMAG® Rifle Magazine

Like the rest of the GEN M3 family of magazines, the TMAG incorporates similar internal geometry which translates into unmatched reliability when firing. The four-way, anti-tilt follower is paired with a durable USGI-spec, stainless-steel spring with a painted coil, which maintain the "gas gauge" capability from the "Window" magazine product line.

PMAG® Impact/Dust Cover

Supplemental Impact/Dust Covers for the 5.56x45 PMAG 30 AR/M4 GEN M2 MOE, PMAG 20, and EMAG™, designed to minimize debris intrusion and protect against potential cartridge damage during storage and transit.

- Platform: AR15, M4, M16
- Compatibility: 5.56x45 PMAG 30 AR/M4 GEN M2 MOE, PMAG 20, and EMAG™

PMAG® Impact/Dust Cover ..... C25ZZMAG216BLKI $2.99

MagLink® Couple – PMAG® 30/40 AR/M4

The MagLink is a coupler for PMAG 30 and 40 round AR/M4 magazines* which allows the user to attach two magazines together for more efficient speed reloads, and to keep additional ammunition accessible on the weapon at all times. The MagLink features a two-piece bolt-on design and durable, lightweight reinforced polymer construction.

- Fits 5.56x45 PMAG 30 and 40 round AR/M4 GEN M2 MOE® and AR/M4 GEN M3™ magazines*

MagLlnk® Coupler ..... C25ZZMAG595BLKI $14.99

Original MagPul®

When installed on the base of a 5.56x45 rifle magazine, the original Magpul provides improved speed and controllability during high stress, tactical magazine changes. Durable synthetic rubber loop with recessed rough gripping surface. Quick and easy installation and removal. Patented design based upon the tried-and-true para-cord loops and duct-tape tabs used by special warfare units worldwide.

- *Platform: AR15, M4, M16*
- *Compatibility Most aluminum, steel, and polymer 5.56 x 45 magazines*

***Black** (3-Pack)* ..... C25ZZMAG001BLKI $7.79

ASC

AMMUNITION STORAGE COMPONENTS

A.S.C. Magazines

Ammunition Storage Components LLC or "ASC" is the premier manufacturer and supplier of AR magazines to the rifle industry. ASC currently provides different capacities of Aluminum and Stainless Steel magazines in .223 / 5.56, 6.8 SPC, 6.5 Grendel, .308, 7.62 X 39, 5.45 X 39 and 9mm for the AR15, M-16, and M-4 family of rifle. ASC goes above and beyond current industry standards to ensure that the quality of ASC magazines are second to none.

CMMG

MKW-15 10-round Magazine – .458 SOCOM

The CMMG-modified Lancer L5-AWM takes this top of the line magazine and perfects it for the wide range of 458 SOCOM on the market, by modifying the way the feed lips hold the 458 SOCOM without machining or weakening the steel feed lips.

Laser Engraved 458 SOCOM. 10 round capacity.

NOTE: This magazine is a modified 30rd 5.56 magazine and as such can still hold 30rds of 5.56 ammo. The magazine has been modified to function properly with 10rds of .458 SOCOM, but will physically hold 11rds if forced.

Due to the many state restrictions on magazine capacity we will not ship these magazines to individuals in the following restricted states:

MKW-15 10-round Magazine *(.458 SOCOM)*

ACCURATE MAG

.308 Winchester/7.62x51mm DSSF Magazine

The .308/7.62 x 51 mm AM box magazine has been the choice for many OEM rifle manufacturers such as Remington Arms, Savage Arms, McMillan Rifles, and several others, as well as operators and practical shooters all around the world. We are committed to making the best .308 magazine that money can buy. The entire 308 family of cartridges can be used with this magazine, including .243Win, .260 Rem and 22-250.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.308/7.62x51	10rd	Short	Black	2.875"	C25BW1000009	$68.99
.308/7.62x51	5rd	Short	Black	2.950"	C25BW1000041	$59.49
.308/7.62x51**	10rd	Short	Black	2.950"	C25BW1000040	$68.99

*** These models allow for extended length cartridges but have decreased rigidity of the magazine. No blinder plate.*

.300 WSM/6.5 PRC DSSF Magazine

The .300 WSM magazine expands the short action double stack line to accommodate WSM calibers, SAUM calibers and the new 6.5 PRC.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.300 WSM	7rd	Short	Black	2.950"	C25BW1000008	$69.99
6.5 PRC	8rd	Short	Black	2.950"	C25BW1000079	$65.99

.300 Win. Mag. SSSF Magazine

Our single-stack, single-feed magazines for the .300 Winchester Magnum are the perfect magazines for any shooter.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.300 Win. Mag	5rd	Long	Black	3.615"	C25BW1000001	$72.49
.300 Win. Mag	5rd	Long	Black	3.675"	C25BW1000004	$84.99
.300 Win. Mag	5rd	Long	Black	3.750"	C25BW1000023	$84.99

.338 Lapua Mag. SSSF Magazine

Our single-stack, single-feed magazines for the .338 Lapua Magnum round are the perfect magazines for any shooter-one caliber, three different cartridge lengths. The .338 LM magazines from Accurate-Mag are built from steel, heat-treated, and then coated with a special Teflon for a better finish.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.338 Lapua	5rd	Long	Black	3.675"	C25BW1000005	$84.99
.338 Lapua	5rd	Long	Black	3.750"	C25BW1000022	$84.99

.223 Rem/5.56 NATO DSSF Magazine

Existing rifles with M-24 type 308 bottom metals can be retrofitted to smaller calibers by simply changing the barrel/action to the selected caliber on the same stock. This magazine will not work with Savage .223 rifles due to the shortened bolt stroke.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.223/5.56	5rd	Short	Black	2.325"	C25BW1000038	$59.49
.223/5.56	10rd	Short	Black	2.325"	C25BW1000037	$68.99

.30-06 Sprinfield SSSF Magazine

Our single-stack, single-feed magazine for the .30-06 Springfield is the perfect magazine for bridging the world between hunting and tactical shooting. The .30-06 SPRG magazine from Accurate-Mag is built from steel and is heat-treated with a black nitride finish for enhanced wear and corrosion resistance.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.30-06 Sprg	5rd	Long	Black	3.415"	C25BW1000039	$72.49

.300 Rem. Ultra Mag SSSF Magazine

Our single-stack, single-feed magazine for the .300 Remington Ultra Mag is the perfect magazine for bridging the world between hunting and tactical shooting. The .300 RUM magazine from Accurate-Mag is built from steel, heat-treated and coated with a Teflon finish for enhanced wear and corrosion resistance.

Caliber	Capacity	Action	Finish	OA Length	Item No.	Price
.300 RUM	5rd	Long	Black	3.750"	C25BW1000043	$84.99
.300 RUM	5rd	Long	Black	3.615"	C25BW1000044	$72.49

C25AKATIM410GA15 ..... $30.99

German Sport Rotary 22LR Magazine 110 round drum for Ruger 10/22

This mag features a Polymer drum, but the top that inserts into the rifle is of all metal construction with metal lips to prevent chipped or broken lips that you can encounter with other mags. These 10/22 drum features a capacity of a whopping 110 rounds. Functions reliably with all types of .22 Long Rifle ammunition, and is perfect for shooters who would rather be plinking than reloading.

German Sport Rotary 22LR Drum - 10/22

TROY

30-Round .223/5.56 BattleMag®

The Troy BattleMag® is the best polymer magazine in the world– hands down. The BattleMag is engineered to function flawlessly with all M4, M16/AR15, HK416® and FN SCAR® rifles and carbines. An aggressive scale pattern provides the ultimate magazine grip in dirty or wet conditions. A bolstered floor plate is set flush to eliminate the BattleMag from catching on other magazines or creating unnecessary bulk when stacked or pulled from a pouch. The reinforced feed lips and anti-tilt follower do not require a clamp to keep the feed lips from spreading when kept loaded for extended periods of time. Made from improved Troy proprietary military-grade, chemical, biological and impact resistant polymer and extensively tested by Special Ops units, the Troy BattleMag outperforms all other polymer magazines in functionality and reliability. Includes a flush and shock absorbing extended floor plate lock
30-Round .223/5.56 BattleMag® *(Black)*..... C25OV011614 .....$12.29

WILSON COMBAT

Wilson Combat® Magazines

Wilson Combat series 47 advanced Pistol Magazines for 1911 style Autos are the choice of experienced competitors and the U.S. Military Elite Special Forces. Stainless steel magazines are designed with maximum durability and reliability in mind. The self-lubricating followers are made from blended Fiber-Fill nylon as is the removable base pad. The standard base pads are .350" thick. Springs are specially fabricated from a heavy duty, high tensile strength spring wire to reduce "spring set" and provide the longest possible spring life.

Model	Caliber	Capacity	Item No.	Price

Carlson's CHOKE TUBES

Magazine Extension Assembly

Add firepower to your favorite shotgun. These magazine extensions are constructed of blued solid steel and come with spring, base clamp, and a high visibility follower. The threaded tube replaces you magazine cap and gives you the ability to add extra rounds to you magazine. Easy to follow instructions are included. The magazine extension tube is great for home protection, competition shooting, and law enforcement.
• *Magazine round count is for total capacity using 2 3/4" shells and 1 in the chamber*
• *Remington extensions require removal of tabs in magazine on newer model shotguns*
• *All extensions are 12 gauge only*

XS® SIGHTS
FASTEST SIGHTS IN ANY LIGHT™

Remington 870 Magazine Tube Detent Swage Tool
In the past, installing a magazine tube extension on one of the 870/1100/11-87 series of shotguns was as simple as removing the mag cap, prying up the magazine spring retainer and swapping out springs before screwing on the extension. With the advent of the detent style magazine spring & mag cap retention system this is no longer possible. Now one has to find a way to remove those detents so the follower can slide past them.
The most common soution is to grind them away from the inside; while effective, this looks terrible and creates two ready access holes in the mag tube for dirt & other debris. XS® Sight Systems Magazine Tube Swage will allow you to easily remove these detents without creating these holes.
Fits: Remington 12ga ..... C25AQRE70001 ..... $35.99

CHAMPION RANGE AND TARGET

10/22® 25-Round Magazine – Steel Lip

Single Stack Magazine 40625 Maximize your trigger time with the new Champion® 25-round 10/22® "Metal Head" Magazine. The reinforced steel lip makes for more reliable feeding. A constant spring force provides easy loading and feeding-from first shot to last. Works with Champion 10/22 magazine loader. Features & Benefits: - 25-round capacity means more shooting and less reloading - Steel construction - Reinforced steel lip makes for more reliable feeding

25-rd Mag.-Steel Lip ..... C25CM40625 .....$39.99

10/22® Magazine Loader

Plinking all day at the range can be fun, but loading the magazine time after time can start to wear on the shooter. The 10/22 Magazine Loader from Champion will cut down on time spent meticulously reloading rimfire magazines. Compatible with all high capacity magazines, rimfire enthusiasts can load up to 50 rounds at a time, with thumb saving speed & precision

- *Loads all factory magazines with 22 LR and 17 Mach 2 rimfire ammo*
- *Great new design makes loading quicker and more efficient to maximize shooting time*
- *Portable and dependable in the field*
- *Holds more than 50 rounds at a time*
- *Cascading loading track feeds cartridges flawlessly*

10/22 Magazine Loader..... C25CM40430 .....$56.49

10/22® High Capacity Magazines

These10/22 High Capacity Magazines are built to last and constructed of a high impact polycarbonate material for long, trouble free performance. Engineered for a perfect fit, these magazines feed better than the original equipment.

25-Rd Mag *(Double Stack)*..... C25CM40420 .....$30.99
25-Rd Mag *Single Stack)*..... C25CM40422 .....$26.99

10/22® 25-Round .17 HMR Magazine

The compact 25 round high capacity magazine feeds BOTH .17HMR and .22WMR ammunition and fits magnum receiver guns from Ruger and other firearm manufacturers that utilize rotary style magazines. The cleanout door on the bottom of the magazine allows for quick internal cleaning. Double stack ammo track to dramatically reduce the overall length.

25-Rd Mag *(Double Stack)*..... C25CM40421 .....$31.99

BUTLER CREEK

Availability Depends on Federal & State Laws at Time of Purchase

A22® 25-Round Magazine

This Savage Arms-approved magazine brings extra capacity to the rifle. The magazine can be loaded traditionally or by using the red loading assist lever on the side. It features a stainless steel spring and all metal header and feed lips for reliable feeding. A remaining round indicator on the side lets you know when the magazine is running short of rounds. Connect two magazines together for double the firepower. The A22 25-round magazine gives you more time behind the rifle, and less time reloading it.

- *Reliable feeding • Anti-tilt follower • Loading assist lever*
- *Metal header • Stainless steel spring*
- *25-Round capacity• Aggressive texture for positive control*
- *Remaining round indicator • Clip together design*

.22 Magnum *(Black)* ..... C25BCBCA22MAG25 ..... $44.99

Hot Lips & Steel Lips Ruger 10/22® 25-Round Magazine

High Density Polymer feed lips

Butler Creek is pleased to announce the return of the 25-round Banana Clip for your .22 caliber rifle. Featuring plastic feed lips and ejector that accommodates custom level guns and import rifles, it will take all types of .22 ammo. Shoot longer and reload less often with the Butler Creek 25-round Banana Clip.

Questions concerning your State's high capacity magazine restrictions should be referred to State and Local authorities. Can not be sold in California, District of Columbia, Maryland, Massachusetts, New Jersey, and New York

ASAP™ Universal Magazine Loader

We've got three ways to load MSR magazines – and none involve your thumbs.

The Butler Creek® ASAP™ Universal Magazine Loader fills up mags almost as fast as they can be emptied. Loose ammo can be loaded one round at a time with a simple click, or engage the loading arm to expedite the process. The loading arm can handle up to 10 rounds of loose ammo, or ammo in a stripper clip, and the rounds are locked into the mag with a quick push. Spend more time shooting, and less time reloading

Magazine Loaders

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-3/8" x 7/8" and smaller. Constructed of high-carbon steel, with a "blued" finish.

9MM/.40 S&W Pistol Magazine Loader *Blued Steel*
C25ZMLDR01 .....$5.79

Pistol Magazine Loader for 9mm & .40S&W double-stack magazines with top dimensions of 1-5/16" x 1" and smaller. Constructed of an injection-molded, glass-filled, black-polymer.

Glock Magazine Loader (9mm/.40 S&W) *Black Polymer*
C25ZMLDR04 .....$5.79

The magazine loader was originally designed to load the (100) Round .223 / 5.56 BETA magazine. The loader is slipped over any AR-15 / M16 .223 / 5.56 type magazine. Five cartridges are dropped in and loaded by depressing the plunger. The process is repeated until the magazine is loaded. Manufactured from a black, injection-molded, glass-filled polymer.

AR-15/M-16 5rd. USG1 Magazine Loader *Black Polymer*..... C25ZMPM017.....$9.99

Glock® 9mm+2 & .40 S&W+1 Floorplates

These floor plates add two additional rounds to factory Glock* magazines in 9mm, and one additional round in magazines in .40S&W. The floor plates provide an additional gripping surface for more positive control of the pistol. No permanent modification required. Constructed black, injected-molded polymer. The PM050 can convert a total of two (2) magazines.

Glock® 9mm+2 & .40 S&W+1 Floorplates (2)
C25ZMPM050 .....$7.99

Glock® Grip Plug

This grip plug fills the void in the Glock* pistol grip. The plug prevents debris from becoming lodged in the void. An injection-molded, black-polymer component, the plug is easily installed and removed. No permanent modifications required. Will not fit gen 4 pistols. Fit may vary.

- *Fits Glock® Models: 17, 19, 22, 23*

Glock® 17/19/22/23 Grip Plug
C25ZMPM065 .....$6.29

pro mag

Glock® Magazine Spacers

This grip spacer allows the use of Glock* 19/23 or 17/22 magazines in Glock* 26/27 pistols. The spacer takes up the space between the bottom of the frame and the floor plate of the longer magazines. The spacer is held in place by a single Allen-head cap-screw. The spacer is textured to match the Glock pistol frame. The spacer is constructed from injection-molded polymer.

Glock® Magazine Spacer *(19/23 Magazines in 26/27)*
C25ZMPM089 .....$7.99
Glock® Magazine Spacer *(17/22 Magazines in 26/27)*
C25ZMPM089A $7.99

LULA® Kel-Tec PMR-30 / CMR-30 Loader & Unloader

- .22WMR Black
- Note: Due to a thin wall of .22WMR round case, minor deformation to the case may form by the rim pressure of a new loaded round (against magazine's spring force). This can happen during hand-loading and by using magazine loaders. Try using rounds of higher wall thickness and avoid using rounds where dents are substantial. Contact the ammo manufacturer for safety instructions.

LULA® Kel-Tec PMR-30 / CMR-30 Loader & Unloader *(Black)*

Ruger® American Stock Module - Low Comb/Standard Pull

1.26'' Comb, 13.75'' Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Standard Pull ..... C25UR90431 ..... $16.49

Ruger® American Stock Module - High Comb/Standard Pull

1.84'' Comb, 13.75'' Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the standard length of pull buttstock, ideal for shooters that prefer a longer length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - High Comb/Standard Pull ..... C25UR90432 ..... $16.49

Ruger® American Stock Module - Low Comb/Compact Pull

1.26'' Comb, 12.50'' Length of Pull. This comb is intended for use with standard iron sights. The low comb height allows for the ideal placement of the shooter's cheek, in line with the sights. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - Low Comb/Compact Pull ..... C25UR90433 ..... $16.49

Ruger® American Stock Module - High Comb/Compact Pull

1.84'' Comb, 12.50'' Length of Pull. This comb is intended for use with aftermarket scopes or mounted sights. The high comb height raises the shooter's cheek placement, putting the eyes in line with the mounted optics. It has the shorter length of pull buttstock, ideal for shooters that prefer a shorter length of pull. Fits any Ruger® rifle with the Modular Stock System.

Stock Module - High Comb/Compact Pull ..... C25UR90434 ..... $16.49

Ruger® Precision Rifle Buttstock Assembly

This Buttstock Assembly has extensive adjustment capability to fit most shooters for comfort and repeatable accuracy. The length-of-pull (LOP) adjustment is 3.5" (12" to 15.5" on standard models; 13" to 16.5" on magnum models). The cheek rest has a linear adjustment of 2-3/4" and a vertical adjustment of ¾". Recoil pad vertical adjustment is 1.25".

Precision Rifle Buttstock Assembly ..... C25UR90773 ..... $259.99

Ruger American® Rifle Gen II Comb Riser Kit

The rifle ships with the LOW comb installed which adds 1/2" to the comb height, appropriate for many shooters using mid-power magnified optics. The comb risers in this kit provide additional comb height to present the shooter's eye directly behind the sight. One comb in the kit adds 5/8" to the comb height; the other adds 3/4" to the comb height. Combs are easily changed by loosening the recoil pad assembly and sliding the comb off. A 1/8" hex wrench or similar tool is required to loosen the rear swivel stud to change combs.

American Rifle Gen II Comb Riser Kit ..... C25UR90746 ..... $14.99

Ruger American® Rifle Gen II LOP Spacer Kit

he rifle ships with a 13.75" length-of-pull spacer installed. The spacers in this kit allow additional adjustment to the rifle's LOP. The spacers included in the kit provide a 12.75" or 13.25" LOP when installed. Change spacers by loosening the recoil pad assembly and installing the appropriate spacer. Only one spacer can be utilized at a time; spacers cannot be stacked for extra-long LOP. Changing spacers is quick and easy using a 3/16" hex wrench and 7/16" socket or wrench. A 1/8" hex wrench or similar tool is required to loosen the rear swivel stud (not included).

American Rifle Gen IILOP Spacer Kit ..... C25UR90747 ..... $21.49

AR-15 Carbine Buffer Tube Kit – Mil-Spec

HOGUE

OverMolded™ Rifle Stocks

Hogue's revolutionary O.M.™ Series stocks are made similar to the popular rubber grips. Constructed by molding a super strong, rigid fiberglass reinforced stock that precisely fits the rifle action. Then the stock is OverMolded with the same rubber as on Hogue grips that results in a comfortable, non slip, super smooth attractive finish. These stocks feature a sleek straight comb, palm swells and a "varminter" style forend which is treated with a unique "Cobblestone" texture. All centerfire rifle stocks are equipped with a recoil pad. All centerfire bolt action models come standard with aluminum pillar bedding in the stock.

WOOX

Wild Man Precision Stock

Wild Man is the lightest hunting aluminum mini chassis in the world, It's the first stock that merges an internal chassis core with a hunting stock. Wild Man has a classic feel with modern features. Wild Man is a "drop in" system: it does not require pillars or extra bedding. Your action and barrel drop in and are ready to go.

• Right-Handed • Sizes: 30.5 • OA Length: 30-1/2" • LOP Min: 12-15/16"
• LOP Max: 13-15/16" • Weight: 3.2 lbs. • Biggest Floating Barrel: 1.25"

Savage Model 110 Short Action (Walnut) ..... C25QQSHGNS00121 ..... $566.10
Savage Model 110 Long Action (Walnut) ..... C25QQSHGNS00123 ..... $566.10

Ruger Mini 14/30

The length-of-pull has been extended to 13 5/8" for improved feel and sight picture and the fuller fore-end shape was designed for a more secure and comfortable hold. A gentle 1/2" drop at the heel facilitates fast easy mounting and sight acquisition. Lastly, the butt is fitted with a moderately soft recoil pad perfectly suited for the recoil of .223 or 7.62x39 cal. ammunition. Of course, the standard Ruger barreled action will easily drop-in for secure, tight fit.

Stock Ruger Mini-14 (Post 180 Serial #) Black ..... C25HA78000 ..... $76.46
Stock Ruger Mini-14 (Post 180 serial #) Ghillie Green ..... C25HA78800 ..... $84.96

OverMolded™ Ruger® 10/22 Rifle Stocks

Constructed by molding a super strong, rigid fiberglass reinforced stock that precisely fits the rifle action. Then the stock is OverMolded with the same rubber as on Hogue grips that results in a comfortable, non slip, super smooth attractive finish. Features a sleek straight comb, palm swells and a "varminter" style forend which is treated with a unique "Cobblestone" texture. All centerfire rifle stocks are equipped with recoil pad. All centerfire bolt action models come standard with aluminum pillar bedding imbedded in the stock. For target.920 & Standard Barrels

H-S PRECISION®
ENGINEERED FOR ACCURACY

Pro-Series® Sporter Stocks

Our Remington Pro-Series stocks are built one at a time from the highest quality raw material. We start by CNC machining the aluminum bedding block. Every stock we produce will have an aluminum bedding block that is machined specifically to the dimensions of the barreled action it will be used with. The aluminum bedding block is then placed into a mold. Both sides of the mold are hand laminated with kevlar, fiberglass, and carbon fiber.

Detachable Magazine Conversion Kit

It's now easier than ever to convert your Remington 700 BDL hinged floor plate over to a detachable magazine box feeding system. HS Precision's stainless steel conversion kits include a new Pro Series Floor metal and magazine box. The external dimension of the replacement floor metal is identical to those of the factory hinged floor plate, making these kits a direct drop in replacement with minor to no inletting required. Depending on caliber, this low capacity magazine conversion kit will hold 3-4 rounds.

700 BDL Short Action - Low Cap Conversion Kit ..... C25HYAP305 ..... $369.00

Pricing subject to change without notice. Not responsible for typographical errors.

KELTEC®

RFB Tactical Operating Handle

This Tactical Operating Handling is approximately 100% longer, approximately 20% wider, and has a stronger, wider scallop cutout compared to the original charging handle. The combination of these allow for easier and smoother operation of the carrier channel during a high stress situation... you know, for when the deer start shooting back.

RFB Tactical Operating Handle ..... C25KTRFB648 ..... $25.99

Trigger Shoe for P-11

HOGUE

Monogrip Features

This single-piece grip slides on revolver frames from the bottom, requiring no modification to the firearm. A patented steel "stirrup" device clips over the existing stock pin or bottom strap of the frame. The stirrup is the key component in the system that adapts the grip to the gun handle. Monogrip allows a high handhold on the backstrap which lowers the bore line, reducing muzzle rise in recoil and aiding rapid-fire recovery time, especially when using a two-hand hold. Palm swells are ambidextrous, allowing equal comfort and control for either right- or left-handed shooters.

C25HA80020 ..... $33.96

"Bantam" Rubber Grips For Revolvers

This is the ultra light weight and compact Bantam™ grip for Smith & Wesson J-Frame Round Butt revolvers. Weighing in at only1.4 ounces, the Over Molded Bantam grip is the lightest grip made for the J-frame. The patented Bantam design is new and totally unique: it simply snaps onto the gun, requiring no screws, stirrups or metal parts. The finger grooves, Cobblestone™ finish, and design improves controllability and reduces felt recoil in these extremely popular handguns. Bantam grips are currently designed for Smith & Wesson K&L, and J Round Butt revolvers.

Semi-Automatic Features

While some guns lend themselves to a grip with finger grooves, some are more functional with simple panels. Grip sizes complement the particular handgun it was made for, as small as possible on large Double stack magazine guns, and maybe a little fuller on small frames.

HOGUE®

"Bantam" Wood Grips For Revolvers

A ultra compact grip that fits flush with the frame for the ultimate concealable grip. (J-Frame only available with top Finger Groove).
S&W "J" Frame "Bantam" Goncalo Alves ..... C25HA61250.....$67.96

Wood Grips for Revolvers

HA25300 *HA19300* *HA10300*

Hogue wood grips are made from many fancy and exotic hardwoods chosen for their beauty and durability. All of these woods are much harder and denser than ordinary walnut, and offer a wide variety of contrast and grain figuration. Pau Ferro is a favorite, with a rich beautiful figure that resembles fancy dark walnut. Goncalo Alves and Pau Ferro are among the hardest and most durable woods in the world.
All Revolver Grips come standard with finger grooves and palm swells
K&L Frame Square Butt, Pau Ferro. .....C25HA10300 .....$67.96

Pachmayr®

Decelerator® Grips

On the outside Decelerator® Grips appear nearly identical to Pachmayr's Presentation®, Gripper®, and Compac® models, but the big difference is the material they're made from. Pachmayr has developed a breakthrough rubber material, Decelerator® Elastomer,which is 50% softer than a regular grip and provides unsurpassed comfort and recoil absorption.

Fits Ruger
Red Hawk.....C25PA05058 .....$38.69

Diamond Pro Grip Series

This new grip line is designed to fill the hand comfortably, with a natural feel and point. The new unique shape is covered with Pachmayr's new "Diamond Plate" texture. This gives you rugged good looks, and absolute control of your revolver, even under the heaviest recoil. The new grips are made using our specially blended rubber compounds, formulated to give you the long lasting soft feel you expect & the best in recoil reduction you deserve.

- *Taurus XL Frame; Fits Models 444, 416, & 454 Raging Bull*

American Legend Grips

Pachmayr American Legend Series Grips offer the traditional feel and look of wood grips with the grip and control advantage of rubber. These grips feature American Walnut, finished to an attractive varnish shine, and Pachmayr Decelerator rubber for a soft controlled feel. The open backstrap design assists in reducing the bulk found on many of the wood grips found on the market today. The traditional Pachmayr finger grooves are a time proven design. Once you have seen and felt these grips on your gun you will know why we call it the American Legend.

Colt 1911 .....C25PA00423 .....$37.39

Gripper™ Universal Slip-On Grip

- Comfortable finger grooves offer increased control.
- Backside of finger grooves are recessed to allow use on pistols with or without finger grooves, perfect for all generations of Glock's.

Tactical Grip Glove™

for Mossberg Shockwave & Remington Tac-14

This slip-on grip is easy to install and offers much better control as well as reducing recoil of the Shockwave and Tac-14. The grip features a single finger positioning groove, non-slip texturing and a thicker padded area to give the palm of your hand better protection from recoil.

Tactical Grip Glove .....C25PA05103.....$11.69

Tactical Grip Gloves™

Pachmayr Design & Decelerator® Material Outperforms All Other Slip-On Grips.

These "Stretch-to-fit" Grip Gloves are ideal for the popular polymer frame handguns which have no replacement grips available. The distinctive ventilated side panels and finger grooves provide more instinctive gun orientation, enhanced control and they look more professional then the old, one-size-fits-all rubber band models.

LS LIMBSAVER®

Pro Handgun Grips

The Pro Handgun Grips are designed to provide maximum reduction of muzzle jump and felt recoil for a smoother, more accurate shot. Multiple impact nodes are located on the inside of the grip, isolating the shooter's hand from the firearm. These nodes are designed to collapse – referred to as "break away" – as the firearm is discharged, ultimately reducing the pain and discomfort associated with handgun recoil.

C25ZZMAG412BLKI $19.29

MOE-K2® Grip - AR15/M4

Similar in concept to the MOE-K, the MOE-K2 is a drop in upgrade for the AR15 / M4 that offers a more vertical grip angle, but in a full-size grip design.
The steeper vertical grip angle is optimized for use on PDW (Personal Defense Weapon) configurations and improves comfort and control on short LOP rifles that bring the primary hand in closer to the shooter's body.
• Platform: AR10, AR15, M4, M16, M110, SR25

Black ..... C25ZZMAG522BLKI $15.49

MOE-K2®+ Grip - AR15/M4

The MOE-K2 Plus Grip combines reinforced polymer body construction with comfortable, wrap-around rubber overmolding for maximum weapon control in adverse environments.
Similar in concept to the smaller MOE-K, the MOE-K2 is a drop in upgrade for AR15/M4's that offers a more vertical grip angle, but in a full-size grip design.
Made in U.S.A.
• Replacement for AR15/M4 pistol-grip

Black ..... C25ZZMAG532BLK1 ..... $18.49
FDE ..... C25ZZMAG532FDE1 ..... $18.49

MOE-K2® XL Grip - AR15/M4

• Approximately 25% larger than MOE-K2 Grip
• More vertical angle provides optimal hand position for modern shooting techniques
• Design supports proper trigger finger placement
• Storage core capability accepts proprietary XL grip cap and oil bottle grip core
• Compatibility: Fits standard AR/SR pattern grip tangs
• Grip Angle: 17 degrees
• Platform: AR10, AR15, M4, M16, M110, SR25

Black ..... C25ZZMAG1165BLK $17.79

MOE® Grip – AR15/M4

• Drop-in upgrade for the standard AR15 / M4 pistol grip
• One-piece reinforced polymer construction with wrap-around rubber overmolding
• Beavertail backstrap

FDE
C25ZZMAG415FDE1 ..... $15.49

MOE+® Grip – AR15/M4

• Replacement for AR15/M4 pistol-grip
• One-piece reinforced polymer construction with wrap-around rubber overmolding
• Beavertail backstrap

MOE+® Grip - AR15/M4
C25ZZMAG416BLKI $18.49

M-LOK® AFG® Angled Fore Grip

The Magpul M-LOK AFG (Angled Fore Grip) is the result of research and refinements done to the original AFG and AFG-2. By integrating the direct-attach M-LOK mounting system with minimalist construction, we were able to produce a high strength grip that only weighs 1.2 ounces, including hardware.

M-LOK AFG - Angled Fore Grip
C25ZZMAG598BLKI $19.99

M-LOK® AFG® Angled Fore Grip 2

• Polymer three-piece design with interchangeable finger shelf • All mounting hardware included
• Mounts to 1913 picatinny rail
• Height, over rail: 1.94 in. • Length: 4.70 in. • Weight: 2.53 oz

M-LOK AFG - Angled Fore Grip2
C25ZZMAG414BLKI $29.49

M-LOK® Hand Stop Kit

The M-LOK Hand Stop Kit serves as a light weight, low-profile M-LOK slot index point for improved weapon control, or as a forward stop to prevent the shooter's hand from reaching the hot front sight assembly or muzzle.
The kit includes one M-LOK Hand Stop, one M-LOK Index Panel, and one M-LOK Rail Cover Type 2 for the individual user to configure their kit as they desire. Also included in this kit is an adapter for use with Magpul M-LOK equipped polymer Hand Guards / Forends as well as other wider profile aluminum hand guards.

M-LOK Hand Stop Kit
C25ZZMAG608BLKI $20.99

B5 SYSTEMS

Type 23 P-Grip

The B5 Systems Type 23 P-Grip offers an increased vertical grip angle and extended tang to improve ergonomics and ensure proper trigger index. Proudly made in the USA.
• Aggressive texture for increased retention.
• Accepts Battery Grip Plug. • Made of Mil-Spec material

Grip Battery Plug

The Battery Grip Plug is a water and dust resistant storage core for the Type 23 and 22 P-Grips. Compatible with AA, 123A, CR2032 and MultiTasker NANO Tool.
• Friction fit for easy removal/install.
• Water and dust resistant

Black ..... C251BGRP1457 ..... $9.98

MISSION FIRST TACTICAL

ENGAGE™ Pistol Grip with Interchangeable Straps

The Engage tactical pistol grip with interchangeable front and back straps (EPGI16) provides a combination of fit and function unequaled by the originally supplied pistol grip.
Textured finger swells (3) and back straps (3) allow the user to custom fit the grip to their own hand size and comfort.
A secure watertight storage compartment with customizable storage sled and a quick access tab diminishes all rattle.
• Any combination of interchangeable backstraps & finger swells • Provides custom fit for any sized hand
• Covers the receiver gaps that cause discomfort during sustained usage
• Secure watertight storage compartment
• Customizable foam storage block with quick access tab diminishes rattle

AR15/M16 Pistol Grip ..... C25XJEPGI16 ..... $19.99
AK-47 Pistol Grip ..... C25XJEPGI47 ..... $19.99

ENGAGE™ Tactical Pistol Grip

The finger swells are textured and the grooved backstraps provide a positive grip surface with wet or gloved hands. There is a secure watertight storage compartment with plug retention for one handed storage access.
• Full sized pistol grip replaces thinner original for a full-fisted hold
• Grip angle replicates M16 while not affecting trigger contact
• Finger swells and grooved backstrap provide a non-slip grip
• Secure watertight storage compartment
• Plug retention for one handed storage access
• Customizable foam storage block with quick access tab diminishes rattle

Daniel Defense

Vertical Foregrip

The Daniel Defense Vertical Grip includes soft touch rubber overmolding for enhanced grip, wet or dry. Inside the grip is a Dual O-Ring, water tight storage compartment capable of storing small parts. This vert grip is extremely lightweight and utilizes a simple yet durable mounting method for 1913 picatinny rail systems.
Not Compatible with KeyMod or M-Lok rail systems.
• 4.5 Inches Tall • 2 Inches Wide • 1.38 Inches Thick
• Weight: 0.15 lb
Vertical Foregrip *(Black)* ..... C25ED2106705028006.....$34.00

Pistol Grip

The new Daniel Defense pistol grip is an improvement to the old standby A2. We designed our grip with ergonomics and controllability in mind. Our grip shares the angle of the classic 1911 pistol for the most natural hand position and comfortable feel.
This pistol grip incorporates an oversized trigger guard covering the gap between grip and lower receiver which can wear on the shooters hand and easily accommodates for gloves. Installation is simplified by the fact the integral trigger guard doesn't require a roll pin so there is a reduced chance of damaging the lower receiver. A soft touch overmolding section enhances grip, wet or dry.
• 4.25 Inches Tall • 2 Inches Wide • 1.38 Inches Thick
Pistol Grip w/Trigger Guard *(Black)*
C25ED2107105177006 ..... $34.00

TROY

TROY

Angled Foregrip

One of the most prominent features of these foregrips is its angled design. This unique shape allows for a more natural and comfortable hand placement on your rifle's forend. The angled grip encourages a more ergonomic shooting stance, improving control and accuracy during rapid fire or precision shooting. The MLOK mounting system is known for its versatility and secure attachment. MLOK compatible,making it easy to install on any MLOK-compatible handguard. This system ensures a rock-solid connection between the foregrip and the rifle, reducing the risk of it coming loose during use.
• Three part modular design.

Original Ergo Grip for AR15/AR10 w/SUREGRIP™

Designed for performance by creating a better interface between the shooter and firearm, the Ergo Grip is the standard by which positive grip and shooter comfort are measured. The Ergo Grip comes with the patented Gapper™ for increased comfort.

- *Fits AR-15 type firearms in .223 and .308*
- *Integrated rear upper extension supports the web of your hand • Superior Rhino Hide™ texture improves weapon control*
- *Virtually impervious to oils and solvents • Ergonomically correct finger grooves*
- *Over molded SUREGRIP material with original texture. • Comes with The Gapper*

Enhanced Grip *(Black)*..... C25EO4011BK $22.50
Enhanced Grip *(Dark Earth)*..... C25EO4011DE $22.50
Enhanced Grip *(OD Green)*..... C25EO4011OD $22.50

Original Ergo Grip w/SUREGRIP™

- Fits AR-15 type firearms in .223 • This is available in black only
- Right Handed Only • Small shelf on left side of grip for thumb
- Integrated rear upper extension supports the web of your hand
- Superior Rhino Hide™ texture improves weapon control
- Virtually impervious to oils and solvents
- Ergonomically correct finger grooves • Comes with The Gapper™
- Over molded SUREGRIP™ material with original texture.

AR15/M16 Grip w/SUREGRIP,
Right Handed *(Black)* ..... C25EO4000BK..... $22.50

Flat Top SUREGRIP™

- Design allows installation on both .223 and .308 AR-15 type lower receivers.
- Fits modern chassis system stocks commonly made for bolt action rifles and AR15/AR10
- A2 sized inner cavity compatible with many accessories available on the market.
- Ergonomically correct finger grooves
- Overmolded SUREGRIP® material provides non-slip grip
- ERGO SURE GRIP® rubber texture
- Virtually impervious to oils and solvents
- Comes with The Gapper™

AR15/M16 Grip w/SUREGRIP,
Right Handed *(Black)* ..... C25EO4014BK..... $22.50

Large Frame Tactical Deluxe Grip® w/Palm Shelf

The ergonomically enhanced ERGO Large Frame Tactical Deluxe Grip with Palm shelf fits Large Frame (.308, AR10) AR/M4 rifles and features the same grip features as the ERGO Tactical Deluxe grips, but includes the 4012-BK Spacer and a palm shelf for increased stability and weapon control. The ergonomically enhanced ERGO Large Frame Tactical Deluxe Grip® with Palm shelf fits large frame AR/M4 rifles (AR10, .308) with original grips and features:

- *Fits AR-15 type firearms in .223 and .308*
- *Over molded SUREGRIP™ material with heavy texture*
- *Ambidextrous palm swell • Adjustable palm shelf*
- *Fits medium to large hands best*

Tactical Deluxe Grip w/Palm Shelf *(Black)*..... C25EO4055BK..... $41.99

Ergo KeyMod Angled Forward Grip

- KeyMod Enhanced Angle Grip
- Black anodized 6061-T6 Alum.
- Also can function as a handstop
- Enhanced thumb-over hold

ERGO KeyMod Angled Forward Grip
C25EO4234..... $36.49

Ergo Mini-Max™ Xpress Lever Vertical Forward Grip

- All aluminum vertical forward grip with grooved grip area
- XPRESS lever mount and thumb screw for quick attachment and removal Picatinny rails • Length 3" • Weight 4.6 ounces
- Grip comes straight off so removal does not require removal of other rail mounted accessories
- Very sturdy design

Mini-Max™Forward Grip *(Black)*
C25EO4271BK $46.49

Ergo Pop Bottle Vertical Forward Grip

Ergo Straight Broom Handle Xpress Lever Vertical Forward Grip

Ambidextrous, overmolded rubber, XPRESS mounted, vertical forward grip with capped storage compartment.

- *Features an overmolded rubber grip attached to durable anodized base with steel bolt*
- *The threaded cap seals the storage area, each comes with a foam insert*
- *XPRESS Mount model attaches to Picatinny rails without removing other rail accessories*

Straight Broom Forward Grip *(Black)*
C25EO4255BK $45.49

pro mag™

AR-15/M16 "Swiss Pattern" Vertical Fore Grip – Black Polymer

The "Swiss Pattern" vertical fore grip attaches to forend rails, quad forends or any Picatinny rail. The fore grip provides a natural grip and operation of flashlights, lasers and other weapon mounted accessories. Manufactured from injection-molded, Zytel-based, black polymer. No tools or hardware required. No permanent modification required. Made in U.S.A
Swiss Pattern Vertical Fore Grip ..... C25ZMPM007.....$10.79

AR-15 / M16 Tactical Pistol Grip

The tactical ambidextrous pistol grip provides a positive and comfortable control of the firearm. The one piece grip is molded from a light weight nearly unbreakable polymer. The grip features universal finger grooves and an HK style web filling arch. The entire grip is textured to ensure a positive non-slip surface for even wet or gloved hands. No modification is required. Uses factory supplied hardware.
AR-15/M16 Tactical Pistol Grip ..... C25ZMPM155.....$11.49

Archangel™ Aluminum 1911 Grip Panels

ARCHANGEL™

AA107 Grip Panels are constructed of aluminum with a diamond checkering pattern to provide a secure grip on the 1911 pistol. The combination of a lightweight aluminum alloy and a hard anodized finish provides a grip that is both lightweight and durable for duty, competition, and personal defense. Fits all standard full size Government model 1911 frames.
Archangel™ Aluminum 1911 Grip Panels .....C25ZMAA107 ..... $21.49

Original TekMat® – Handgun 11" x 17"

The TekMat Gun Cleaning Mats are the original parts breakdown cleaning mats for understanding how your firearm is put together and how to maintain your gun. All TekMats are waterproof, scratchproof, oil resistant, and washable. The soft polyester surface won't scratch your firearm and is lint free. The supple neoprene rubber will protect your firearm and cleaning surface from scratches, dents, and potentially dangerous chemicals. As all TekMats are chemical resistant, you don't need to worry about chemicals leaching through your gun cleaning mat and damaging your cleaning surface.

Ultra TekMat® – Handgun 15" x 20"

With the new Ultra line of Premium TekMats, you get the same quality and durability as the original TekMat but with more space, thicker padding, and a premium stitched edge. The Ultra TekMats are large enough to handle a fully disassembled pistol or rifle with room to spare for tools and accessories. The extra thick 1/4" padding not only provides a premium feel and high level of quality but it offers extra protection from any rough handling or drops while working on your firearm.

SYLVAN ARMS

Maintenance Mat

- The recessed sections are deep enough to keep oil and parts from going all over the place. The tool trays keep springs and other small parts organized when building and cleaning your rifle or pistol
- Soft polymer surface of this cleaning mat protects your gun and tabletop. Made of environmentally friendly material which does not retain odors. Solvents and oils can be easily wiped off with a cloth or paper towel. This gun maintenance mat has the hanging tabs so you can wash and hang dry easily
- The magnetic pad on right top side of the gun mats is great for placing components disassembled from the gun
- Rifle mat size is 36″ x 10″; Pistol mat size is 15.9″ x 9.8″ • Good size to build your rifle and pistol. A non-slip coated bottom to keep it from moving on your table
- The mat comes in a zippered pouch.

Pistol	C25IQSAPM	$21.99
Rifle	C25IQSARM	$39.99

OTIS SMART GUN CARE

Sportsman's Mat

The Sportsman's Mat makes for a great gun cleaning mat, and reload mat. It can be used as a seat in the woods, or to kneel on while cleaning your game. This non-slip pad is also great for precision work, resting your firearms on while at the range or on the tailgate of your pickup truck, and much, much more!

This neoprene mat measures: 35.25" x 17.75"

Sportsman's Mat ..... C25OY3800 ..... $19.49

Remington®

Remington® Gun Cleaning Mat

Ideal for use on table tops or benches for easy gun cleaning. The pad's soft, acrylic surface material won't scratch guns, valuables, or tabletops and helps keep small parts from rolling away. Absorbent top material traps and holds up to eight times its weight in fluids, while a non-slip vinyl bottom forms a barrier to prevent spilled fluids from soaking through. Fully machine-washable and dryable, the Rem Pad is a smart addition to your gun cleaning accessories.

- *Absorbent, yet waterproof and stain resistant.*
- *Plush surface stops small parts from rolling away and getting lost.*
- *Rounded corners for a finished look. • Heavy-duty double-stitched edges*

Handgun - *12"x28"*	C25RTRCMM20	$20.99
Rifle - *16"x54"*	C25RTRCMM50	$28.99

BREAKTHROUGH CLEAN TECHNOLOGIES

Battle Born Bio-Synthetic All-In-One CLP

- Removes carbon build-up, lead deposits, oil, grease, & grime.
- Penetrates deep to prevent metal to metal contact, friction, & wear.
- Coats evenly to repel moisture & shield metal from rust & corrosion.

Gun Stock Finishing Kit

The Complete Gun Stock Finishing Kit brings out the natural beauty in wood stocks. Available in a convenient and attractive clamshell package. Value-priced and peg-boardable.

Includes:
- *Walnut Stain (3 oz.) • Gun Stock Finish (3 oz.)*
- *Service Cloth • Sandpaper (120, 280 & 400 grit)*
- *Instruction Guide*

Finishing Kit.....C25FD805I..... $14.79

Tetra® Gun Grease

- Widest operating temperature range -100°F to 750°F
- Bonds to metals; smooths and protects • Reduces friction
- Quick to apply, easy to use
- Low Odor • Doesn't attract fouling
- Won't migrate
- Excellent for use on rifle bolts, sears, locking lugs and semi-auto slide/rails.

Apply light coating to metal surface.
- Buff dry for a debris-repelling, "glass-smooth" surface.

1oz.....C25FD005I $6.79
1oz. Blister Pack.....C25FD004B1I...$7.79

Obex Prime Grease

- Conditions gunmetal to ensure reliable fire-ready condition
- Higher cyclical rates between maintenance events, long lasting
- Wide operational temperature range
- Barrier coating minimizes surface attraction to dust, dirt, and carbon fouling
- Fire more rounds thru a bore in one treatment than any gun lube on the planet
- Meets or exceeds NSN specs for advanced weapons systems on defense and aerospace applications

1 oz. Tube.....C25FDTG017 .....$11.99

Carbon Cleaner Foaming Bore Solvent

- Home / Carbon Cleaner Foaming Bore Aerosol
- Removes Carbon Fouling from Firearms Bore surface
- Fast acting - just spray and swab out.
- Ideal for rimfire and black powder applications
- Ammonia-free - won't etch the barrel

7 oz. Aerosol
C25FDTG103 .....$9.49

Suppressor Cleaner

- Safe on aluminum
- Generally harmless to non-metal finishes
- No chlorinated solvents
- Breaks up carbon buildup
- Low VOC's

Getting a lasting shine means you need something for the finishing touch.
Make every polish job shine effortlessly with the Premium Microfiber Cloth!

16"x16" Grey - Single Bagged.... C25FZMC200 .....$4.95

Tear-Away Microfiber Cloth Roll

Super-premium commercial-grade Microfiber Cloths that are dual-sided, designed with YOUR convenience in mind. These towels are hypoallergenic and non-electrostatic ensuring a GENTLE & IRRITATION-FREE cleaning experience!

- Safe on ANY surface.
- Streak-free performance.
- Dries in 1/3 the time of ordinary microfibers.

Flitz Premium Microfiber Polishing Cloths can be used over & over & over—up to 500 times!
Cloths do not need to be washed after every use when used only for dusting. Just shake out the cloth, or rinse in hot sudsy water.

12"x12" – 50-Count (Grey).....C25FZMC300R $44.95

Rifle, Gun, & Knife Wax

A premium, white carnauba and beeswax formula that provides exceptional results on gun bluing, polished or hand-rubbed stocks, nickel firearms. Removes and Protects Against: Rust, Fingerprints, Water Stains, Powder Residue, Tree Sap, Blood, Salt Deposits, Lime Deposits and More!
Rifle, gun, & knife Wax
C25FZGW02785..... $16.95

Tumbler/Media Additive

Will not harm ANY METAL or Primer.
Will not stress brass.
No Ammonia.
No Buildup.
Suitable for corn cob, walnut or other media.
Cuts tumbling time in half. Cleans, polishes & protects brass & nickel.
Eco-safe product.

• Super in tumblers and vibrators
• Reduces tumbling time & increases media life
• No Ammonia
• Add 1oz. per pound of media

Gun/Knife Care Kit

Casual user, sportsman or world-class collector, this kit is exactly what you need to clean, polish & protect all your guns and blades. Recommended by hunters and collectors worldwide!
Kit Contains:
(1) Flitz Tactical Matte Cleaner 1.7oz
(1) Flitz Polish-Paste 1.7oz
(1) Flitz Rifle Gun & Knife Wax Protectant 1.7oz
(1) 16" x 16" Hunter Orange Premium Microfiber Cloth
Gun/Knife Care Kit..... C25FZKG41501 ..... $23.95

Tactical Gun & Knife Care Kit

In response to the market's overwhelming trend towards tactical and matte finishes on blades and firearms, Flitz is proud to present it's Tactical Gun & Knife Care Kit.
The kit contains everything you need to keep firearms and blades clean and protected in one convenient ready-to-use kit!
Best of all for the hunter and hobbyist, this all-in-one solution is easy on the wallet.
Kit Contains:
1.7oz (50gr) tube of Flitz Polish
1.7 oz (50ml) Tactical Matte Finish Cleaner spray bottle
1.7 oz (50ml) Ceramic Gun Sealant spray bottle
1 Flitz Hunter Orange Microfiber cloth

Gun/Knife Care Kit..... C25FZTGK41502 ..... $23.95

Knife Restoration Kit

Released in July of 2015, the Knife Restoration Kit hits all the needs for knife and outdoor enthusiasts. The kit features Flitz Liquid Polish, Flitz Microfiber Cloth, a DMT Knife Sharpener, and one bottle of Safariland Lubricating Oil.
A $35 value!

• (1) 1.7oz Bottle of FLITZ Liquid Polish
• (1) 16" x 16" FLITZ Thick & Thirsty Microfiber Polishing Cloth
• (1) DMT Diamond Sharpener (Dia-Sharp)
• (1) 7.5ml bottle of Safariland / Break Free Lubricating Oil (CLP)

Knife Restoration Kit.....C25FZKR41511.....$25.95

FrogLube® is a cutting edge biodegradable lubricant made from "USDA Certified Food-Grade". All ingredients are produced in the USA using a proprietary formula. It is a non-toxic substance that dissolves carbon on contact. It has a heavy specific gravity, which enables it to 'season' the metal by absorption deep into the pores. Using FrogLube® results in a durable dry slick wax-like surface that reduces friction, eliminates fouling, and destroys rust. FrogLube® is safe for plastic, urethane, nylon, and wood. FrogLube® give your weapon many extended years of service.

FrogLube® will not harm the environment. It can be disposed of without the need for prohibitive HAZMAT controls.
Employees will be protected from the affects of working in and around toxic chemicals.
• Biodegradable lubricant, cleaner & protectant
• Contains No Petroleum or Water • Pleasant mint smell
• Non-Hazardous in every way

FL14696 FL14966 FL14706 FL14976

FrogLube®
FrogLube is the original "green" bio-based cleaner, lubricant and preservative (CLP) product. Made for weapons, and more...use in and around the water
• *Creates a durable and dry slippery surface that reduces friction and dissolves carbon on contact*
• *Liquid and Paste can be used interchangeably as a CLP. The Liquid was designed to penetrate into the internal and the paste serves well as a "stick where you want it" lubricant for externals*
• *Froglube contains no known toxins, so it is safe to handle or to come into contact with skin and will not irritate eyes*
• *Firearm parts can be warmed before application to improve the application and absorption. A few minutes in the sun will do it, or apply right after shooting when weapon is hot*
• *When used repeatedly, Froglube eases later cleaning*
• *Acts extremely well as a rust preventative*

Collector Liquid

• Developed for military use to protect weapons for up to 5 years in storage.
• Exceeds military requirements for rust and corrosion protection
• Unique 100% synthetic oil formulation with multiple high performance anti-rust and corrosion inhibitors
• Will not break down to form waxy residues under heat or with age. Contains no wax or mineral oil
• Protects up to five years
• Does not have to be removed before firing; always "grab and go" combat ready condition.
• Safe for use on all metals and finishes
• Ideal to protect gun collections, knives, swords, and sports equipment • Perfect for museums and police armories
Collector Long Term Storage Liquid *(4 oz)*.....C25BFCO4..... $8.79

Lubricative/Preservative

Superior Rapid Fire Automatics & Stainless Steel Firearms

'LP' is Break-Free's way of addressing the finicky lubrication needs of closely machined, high capacity, fast shooting firearms. Substantially, Break-Free® LP is a thicker version of our CLP formulation minus the 10 percent solvent content that gives that product its excellent cleaning capability. Undiluted by solvents, LP's synthetic oils can perform to their maximum potential at temperatures far exceeding those attainable by rapid fire weapons even with sustained firing for long periods. In addition to its enhanced lubricity, Break-Free® LPs especially effective at protecting firearms during extended storage for over 2 years. Of course, without solvents it lacks the cleaning ability of Break-Free® CLP and should be used in conjunction with a solvent cleaner such as Powder Blast or Break-Free® Bore Cleaner for total firearm maintenance.
Liquid (4-oz.).....C25BFLP4.....$8.79
Liquid w/Spray *(1-Pint)* .....C25BFLP5..... $26.99

WILSON COMBAT

Ultima-Lube II Oil

The unique blend of lubricating fluids has proven ideal for today's high-tech semi-auto weapons, whether manufactured of conventional steels, aluminum alloys or stainless steel. In addition, we have found nothing superior to Ultima-Lube II for the proper lubrication and protection of the hand-fit custom firearms that Wilson Combat is known for.

Copper Killer

Copper Killer Solvent is a powerful copper remover that is completely safe for barrels. Contains no acids, chlorides or other damaging chemicals, yet easily strips away copper deposits and fouling to leave a clean, shiny bore.
Available in 20 oz. & 6 oz. Bottles
***6 oz.* Bottle** ..... C25MU070356 ..... $15.29

Bore Solvent

Endorsed by barrel manufacturers and top competitive shooters, Montana X-Treme's bore solvent is the best general-purpose gun cleaning product on the market today. Effective on carbon, lead and copper fouling, MTX Bore Solvent's proprietary buffered solution will not damage barrels. It may even be left in the bore overnight to remove especially stubborn copper deposits.
Available in 20 oz. & 6 oz. Bottles
***6 oz.* Bottle** ..... C25MU070056 ..... $12.79
***20 oz.* Bottle** ..... C25MU0700020 ..... $32.49

Gun Oil

All gun oils are not created equal. Montana X-Treme Gun Oil is blended to offer corrosion protection and lubrication in the harshest environments. From the coast of Alaska to the harsh desert climates of the Middle East, shooters trust our gun oil to keep their firearms working when other products have failed.
Available in a 6 oz. plastic bottles
Gun Oil (6 oz.)
C25MU070156 ....$13.99

Cowboy Blend

Some firearms never shoot anything except lead bullets and they deserve a solvent designed to handle their specific cleaning needs. Cowboy Blend is blended to make removing lead and carbon fouling simple, fast and efficient. So, whether you are cleaning a favorite single-action revolver, a shotgun or an heirloom .22 rimfire, Cowboy Blend is the solution to your cleaning problems. *Available in 20 oz. & 6 oz. Bottles*
***6 oz.* Bottle** ..... C25MU070146 ..... $12.79
***20 oz.* Bottle** ..... C25MU0701020 ..... $32.49

Bore Conditioner

Montana X-Treme Bore Conditioner is specially formulated to enhance the performance of precision match-grade barrels. It is a highly refined, low residue oil created to resist the high pressures and friction that shorten barrel life and limit accuracy. Regular use after a thorough cleaning will help reduce copper fouling and protect the bore from the elements during storage. Its ultra-refined "Group Tamer" formula limits the need for first round fouling shots after cleaning, making it the ideal accuracy lubricant for hunters and law enforcement professionals.
Available in 6 oz. plastic bottles.
***6 oz.* Bottle**
C25MU070306 ..... $15.99

Blackhorn 209 Solvent

Blackhorn 209 Cleaning Solvent is specifically designed to clean muzzleloaders & black powder cartridges that shoot Blackhorn 209 Propellant.
Blackhorn 209 Solvent
C25MU07050 ..... $15.29

Solvent and Oil Pipet Dispensers

Montana X-Treme Pipet Dispensers make it easy to apply solvents and oils to your patch and firearm without making a mess. No-drip design allows you to precisely place oil into tight areas.
"Micro- droplets" ensure just the right amount of oil for every job.
Each packet includes four - 5.5" x 3 ml graduated pipets, two - 4.6" x 1.5 ml graduated pipets, and two - 4.1" x 1.5 ml fine tipped pipets.
Solvent and Oil Pipet Dispensers (8 pack)
C25MU07055 ..... $6.29

Bore Polish
and Cleaning Compound

Montana X-Treme Bore Polish and Cleaning Compound is an aggressive cleaner for rough bores, rust and the most stubborn copper deposits. When used in concert with Copper Killer, our bore polish can help revitalize accuracy in older sporting or military surplus rifles. New rifles with rough bores will clean quicker and more thoroughly using bore polish, getting them back to shooting their best with a minimum of effort.
Comes in 10 ml. Syringe Applicator.
10ml Syringe Applicator..... C25MU07045 ..... $13.29

Gun Grease

Montana X-treme™ Gun grease is an extremely effective lubricant that works well at temperatures ranging from (-50º to 600º F). This anti-friction grease was developed specifically for the firearms industry. It deposits a fine protective and lubricating film on metal that will continue to function after the top layer of grease has extruded away. This grease is virtually unaffected by corrosive moisture and will not mitigate from hot surfaces. Also works great for weatherproofing metal. *Comes in 10 ml. Syringe Applicator.*
10ml Syringe Applicator..... C25MU07020 ..... $12.29

KROIL®

Used and trusted by pros and experienced DIYers alike since 1939, Kroil quickly loosens rusted nuts and bolts, frees frozen shafts, pulleys, and more. No space is too tight to reach, thanks to Kroil's ability to penetrate the smallest opening, thread or crevice. Corrosion meets its match, as Kroil removes and prevents rust, cleans and lubricates, and displaces moisture.

Kroil Original Penetrant
The Oil That Creeps

Loosens Frozen Metal Parts! An industry proven penetrating oil that has no equal. Quickly loosens rusted nuts and bolts - frees frozen shafts, pulleys, etc. Penetrates to 1 millionth inch spaces, dissolves rust, lubricates, cleans and prevents rust. Displaces moisture. The oil that creeps. Used by 480 of the Fortune500 Companies. Aerokroil- Kroil under pressure. Squirts a thin stream 3ft. Used by shop & field men to save time loosening frozen parts.

KROIL®

Penephite Aerosol

Graphite Penetrating Oil!

Oils and solvents dissolve rust and grease, carry graphite into infinitely small places for long lasting lubrication. A penetrating lubricant. Sprays wet micron sized graphite which is carried into infinitely small spaces where it supplies long lasting lubrication.
Use on leaf springs, tandem slides, hinges.
Aerosol Spray *(13.5 oz)*'
C25KVPENEPHITE $22.99

HOPPE'S 9

Foaming Bore Cleaner

- One-Step
- No Harsh Scrubbing
- Color Change Effectiveness Indicator

Directions:
Allow barrel to cool 5 minutes before use.
Shake can well.
1. Spray foam from chamber to muzzle
2. Wait 15-30 minutes for foam to clean.
3. Using a Hoppe's cleaning rod and patch, remove foam from barrel.

Note: Foam will turn blue indicating copper removal or black indicating powder removal.

Bottle *(3 oz.)* ..... C25HS907 ..... $9.49

Lead-B-Gone Skin Cleansing Wipes

- Not for use on guns
- Removes up to 99.9 percent of metal contaminants with water rinse (soap and water only remove 72 percent)
- Saturated with gentle pH cleaner
- Soft towels lift and trap lead and metal dust
- Contains aloe skin moisturizers
- Disposable

Wipes *(40 ct.)*
C25HSLBG40 ..... $8.99

Bench Rest 9 Copper Solvent

Formulated especially for bench rest shooters, Hoppe's Bench Rest-9 is destined to become the standard by which all copper solvents are judged. Bench Rest-9 makes it possible for bench rest shooters and serious hunters to clean their bores of copper fouling overnight...instead of 3 or 4 days. Bench Rest-9 is powerful, safe and fast, and it contains no abrasive. And although the solvent is essentially a copper-buster, it is also great for removing powder, lead and plastic foulings from all shotguns, pistols and revolvers.

BIRCHWOOD CASEY

You know the importance of having clean firearms – they shoot better, last longer and maintain their condition and value. For more than 60 years, BIRCHWOOD CASEY has earned a spotless reputation helping gun owners keep their cherished firearms looking and shooting like new.

Gun Scrubber®

For today's modern firearms.

Cleaning your firearms just got a whole lot easier thanks to Gun Scrubber® Cleaner. Now you can buy one solvent/degreaser that does the job safely on every single firearm that you own.

Gun Scrubber® Cleaner cleans fast and will not harm plastic, wood, laminates, composites, rubber grips or any other material used in the construction of today's firearms. Even camo finishes are completely safe when you choose Gun Scrubber® Cleaner. Excellent for bolt, lever and pump actions, automatics and single-shots as well as air rifles, shotguns, handguns and muzzleloaders.

Works on all gun parts and leaves no residue.

Gun Scrubber® *(10 oz.)*.....C25BA33340 .....$7.49
Gun Scrubber® *(13 oz.)*.....C25BA33344 .....$8.49
Gun Scrubber® *(15 oz.)*.....C25BA33348 .....$9.99

Gun Scrubber® & Synthetic Gun Oil Aerosol Combo 2-Pack

Cleaning and lubricating your firearm just got a whole lot easier thanks to Birchwood Casey's Gun Scrubber® and Synthetic Gun Oil 2-pack.

Gun Scrubber® Firearm Cleaner cleans deep and evaporates fast.

Scrubber/Gun Oil Combo *(10 oz. ea.)*
C25BA33302 .....$11.99

Gun Scrubber® Aerosol Combo 2-Pack

Safely clean you firearms with Gun Scrubber® Synthetic aerosol cleaner. Cleans firearms effectively and evaporates fast.

Aerosol Combo *(10 oz. ea.)*.....C25BA33304 .....$12.99

Firearm Cleaner-Degreaser

A must before re-bluing or browning.

The easy way to clean guns before re-bluing. Specially formulated to remove dirt, fouling, grease and oil quickly and easily.

Firearm Cleaner-Degreaser Aerosol uses a high- pressure spray to clean metal surfaces fast, with a quick drying time that leaves no residue. It's a safe, easy and effective way to clean your firearm thoroughly or as a preparatory cleaner for blueing or browning. Safer, more effective than volatile cleaners.

Firearm Cleaner-Degreaser *(3 fl. oz)*
C25BA16225.....$3.49
Firearm Cleaner-Degreaser Aerosol *(10 oz.)*
C25BA16238 .....$7.99

Bore Scrubber®

2-in-1 Bore Cleaner

This 2-in-1 solvent does it all! Attacks, dissolves and removes all types of barrel fouling including: lead, copper, plastic, carbon and powder fouling.

Superior rust preventive additives provide long-term protection after cleaning. Contains no nitrobenzene, butyl cellosolve or other highly toxic ingredients. Safe, fast and easy to use. Great for rifles, shotguns and handguns.

Please note: This item cannot be shipped to an address within the State of California.

Bore Scrubber® *(10 oz. Aerosol)* ...C25BA33640 ..... $6.49
Bore Scrubber® *(5 fl oz. Bottle)*.....C25BA33632 ..... $4.49

Bore Scrubber™ Foaming Gel

Bore Scrubber Foaming Gel 2-in-1 Bore Cleaner quickly, easily and safely removes all types of fouling...carbon, powder, copper, lead and plastic wad residue. Contains no highly toxic ingredients and is safe for use on steel. Solvent clings to and penetrates neglected or fouled bores.

Great for rifles, shotguns and handguns.

Bore Scrubber Foaming Gel
(11.5 oz Aerosol).....C25BA33643 ..... $10.49

Synthetic Gun Oil®

with PTFE Lubricant

A superior lubricant for all climates. Contains PTFE lubricant to greatly reduce the friction between mating surfaces. Will not gum up or lose its viscosity under extreme temperature variations from -55°F to 300°F. The natural solvency of Synthetic Gun Oil cleans as it oils while its low evaporation rate assures protection against rust. Excellent for lubricating and protecting all metal sports equipment and for many household applications. In handy spout can or convenient aerosols.

(6 oz.) Aerosol Can.....C25BA44135 .....$5.99
(10 oz.) Aerosol Can .....C25BA44140 .....$6.49
(4.5 oz.) Spout Can .....C25BA44128 .....$7.99

Barricade™ Rust Preventative

Prevents rust by driving moisture out and sealing with a continuous protective film which clings to all metal surfaces. The sheath penetrates and lubricates, but won't gum up under high humidity and extreme temperatures.

Barricade™ (4 oz. Spout Can).....C25BA33128 .....$5.99
Barricade™ (6 oz. Aerosol).....C25BA33135 .....$5.99
Barricade™ (10 oz. Aerosol).....C25BA33140 .....$6.49

Barricade™ Take-Alongs

Convenient Barricade™ Take-Alongs are individual 5" x 8" cloths impregnated with Barricade Rust Preventive and sealed in a foil packet for compact carrying. Take-alongs are handy to use as a bore cleaner/protector when run through gun bore. Also available in a 100 pack, plastic bowl counter display with an eye catching label. Great counter display for dealers and clubs.

(25-Packets) .....C25BA33025 ..... $9.99

Blue & Rust Remover

A reliable cold chemical that removes old blue and rust easily and quickly. Recommended for use before rebluing. Also excellent for removing rust from tools, gauges and all kinds of iron and steel objects. Will not injure base metal. Apply with cotton swab or patch.

Blue & Rust Remover 3 fl. oz
C25BA16125 .....$3.49

Brass Black Metal Touch-Up

Touch-up liquid used for blackening sights and use for scopes, swivels, screws and all black-finished brass or copper parts. Excellent for permanent marking of reload cartridge cases.

Brass Black Metal Touch-Up
C25BA15225 .....$6.49

Plum Brown™ Barrel Finish

Produces rich, authentic brown finish on iron or steel. Perfect for restoring finish on antique guns.

Plum Brown™ Finish *(5 oz)*
C25BA14130 ..... $7.49

Presto® Mag Gun Blue

Presto Mag Gun Blue is a cold blue formulation that works on all steel (except stainless steel).

Specifically formulated for when you want a deep blue luster on your firearm's metal surfaces

Plastic Bottle *(3 oz.)*
C25BA13525 .....$5.99

Perma-Blue® Gun Bluing

Easiest way to touch-up scratches or to reblue most guns completely. Super-Blue is double strength, designed for bluing highly polished steel and for hardened steels containing nickel and chrome alloys. Complete instructions included.

Perma-Blue Paste *(2oz)*.....C25BA13322 .....$5.49
Perma-Blue Liquid *(3oz)*.....C25BA13125 .....$5.49
Perma-Blue Liquid *(32oz)*.....C25BA13132 .....$35.99

Perma Blue® Liquid Kit

Everything needed for a complete rebluing job that can't be distinguished from a factory finish. Easy to use. No heating required. Complete instructions included.

Kit contains: 3 oz. Perma-Blue Liquid Gun Blue, 3 oz. Cleaner-Degreaser, Blue & Rust Remover, Steel Wool, Blue Applicators, Service Cloth, Sponge & Barricade Rust Prevention Gun Wipes

Liquid Gun Blue Kit.....C25BA13801 ..... $11.99

Complete Perma-Blue® Paste Kit

Complete kit, with easy-to-follow instructions. Perma-Blue Paste will give a deep, rich blue-black finish to most steels but will not blacken aluminum, stainless steel, or other metals.

Kit Contains 2 oz Perma Blue Paste Gun Blue, Bluing Applicators, Sponge, Service Cloth, 3 oz Cleaner-Degreaser, Barricade® Rust Protection Gun Wipes, 3 oz Blue & Rust Remover, Complete Instruction Guide, 00 Steel Wool Pads

Perma-Blue® Paste Kit..... C25BA13701..... $11.99

Super Blue™ Liquid Gun Blue

- Double-Strength Bluing Solution.
- For Bluing Highly Polished Steel Parts And Hardened Steels Containing Nickel And Chrome Alloys (Except Stainless).
- Super blue extra strength gun blue is the blackest blue

Super Blue™ *(3oz Bottle)*

Spanish Super Blue™ Liquid Gun Blue

- Double-strength bluing solution.
- For bluing highly polished steel parts and hardened steels containing nickel and chrome alloys (except stainless).
- Super Blue Extra Strength Gun Blue is the blackest blue

Spanish Super Blue™ *(3oz Bottle)*
C25BA13487..... $6.49

Cleaning & Maintenance

Super Bright Touch-Up Pens

Touch-up nicks, scratches and worn areas with these flat white, neon green and fluorescent red fast drying lead-free touch-up pens. With their superior adhesion, durability and ease of use these pen are a must have.

Super Bright Pen ..... C25BA15116 .....$10.49

Super Black Touch-Up Pen

An effective touch-up for nicks, scratches and worn areas of black anodized aluminum or black painted surfaces. Use like a marking pen with no mess - simply rub on with "chisel point" felt tip. Easy to use and fast drying. Helps fill in deep scratches. Superior adhesion and durability.

Gloss ..... C25BA15111 .....$4.99
Flat..... C25BA15112 .....$4.99

Renewalube™ Firearm Grease

- Reduces friction four times better than traditional greases.
- USDA Certified Biobased Product which means non-toxic and biodegradable.
- Water-resistant formulation immediately penetrates and forms a long-lasting bond to metal.

Renewalube™ *(.5 oz.)* .....C25BA45115 .....$4.99

SNO™ Universal Gun Grease

- Reduces friction on moving parts
- Long lasting protection for storage
- Semi-clear, non-staining and polymer safe

SNO™ Universal Gun Grease .75 oz. Tube
C25BA40125 ..... $5.49

Genuine™ Oil

- Brings Back The Traditional Hand Rubbed Oil Finish Cherished On Fine Firearms
- Applies Easily And Evenly
- Fills Grain When Wet Sanded
- Produces A Satin Finish

3 oz Bottle
C25BA23225 ..... $4.99

Renewalube™ Firearm Oil

- Displaces moisture, prevents corrosion, and is an outstanding lubricant.
- USDA Certified Biobased Product which means biodegradable and environmentally friendly.
- Possesses an extremely high flash point and operates at cooler temperatures than traditional oils.

Renewlube *(11 oz.)*
C25BA45140.....$6.49

Hopper Spit™ Firearm Grease

Hopper Spit is the best extreme storage and corrosion protection you can buy for your valuable firearms. It is specifically formulated to protect ferrous, and non-ferrous, precision metals from the corrosive effects of harsh conditions and long term storage. Hopper Spit significantly outlasted the competition in a laboratory setting using salt spray to attack metal surfaces.

Hopper Spit™ *(11 oz.)*
C25BA33240.....$8.99

Tru-Oil® Gun Stock Finish

There is no better oil finish! Tru-Oil® Gun Stock Finish has been the professional's choice for gunstock finishing for more than 30 years. Its unique blend of linseed and other natural oils dries fast, resists water damage and will not cloud, yellow or crack with age. Excellent as a sealer for under butt plates, recoil pads and in inletted actions to prevent stock damage.

Tru-Oil *2.5 oz Bottle*..... C25BA23123.....$5.49
Tru-Oil *8 fl. oz. Can* ..... C25BA23035.....$8.99
Tru-Oil *32 oz. Quart*..... C25BA23132.....$23.99

Gun Stock Wax

A high-quality formula combining protective and beautifying qualities of the finest carnauba, beeswax and silicone. Produces a lustrous water repellent film that will not rub off like oils. Offers maximum protection against finish cracking from weather and handling. Enhances and protects the beauty of woods, metals and leather.

Gun Stock Wax .....C25BA23723 .....$8.99

Stock & Sheen Conditioner

The easy way to give your newly finished Tru-Oil® Gun Stock a traditional satin finish or to clean, beautify and polish your old stock. Removes surface imperfections and gives your stock a smooth, hand-rubbed finish. Also protects against weather and handling. Will not fingermark.

Stock & Sheen Conditioner
C25BA23623 .....$4.99

Gun Stock Sealer & Filler

Sealer & Filler seals out moisture and fills the pores in one easy step. A clear sealer and filler lets you choose your favorite stain or leave the wood in a natural tone. Use Sealer & Filler as the first step to a beautiful Tru-Oil® Gun Stock Finish. Easy to use and dries fast.

Gun Stock Sealer & Filler
C25BA23323 .....$4.99

Walnut Water Stain

Water soluble stains are sun-fast, true to color and non-bleeding. Produces a clear, rich color without grain clouding or smearing. Highlights the grain and enhances the natural beauty of wood. Walnut Stain is a true, brown-walnut color for the traditional look. Color intensity is easily controlled by adding water to concentrate or using full strength for light colored woods such as birch.

Walnut Water Stain..... C25BA24123..... $4.49

Tru-Oil® Gun Stock Finish Kit

The perfect finish is a Tru-Oil® Gun Stock Finish! Our Complete Stock Finish Kit gives you everything you need to finish a new stock or to refinish an old stock. Tru-Oil Gun Stock Finish brings out the richness and beauty of fine woods and gives you a tough, long-lasting finish. And, it's easy to use. Each kit contains a generous supply of professional-grade finishing materials and complete instructions for use.

Kit includes:
- *3 oz Tru-Oil Gun Stock Finish • 3 oz Walnut Stain*
- *Fine, Medium and Coarse Papers • 00 Steel Wool Pads*
- *Service and Polish Cloths • Complete Instruction Guide*
- *3 oz Stock Sheen & Conditioner*

Tru-Oil® Liquid Stock Finish Kit
C25BA23801 ..... $13.99

Moly Lube™ Dry Film Lubricant

Molybdenum disulfide particles are deposited onto metal surfaces and give maximum lubricity and wear resistance, even under extreme temperatures and pressures. Won't attract and hold dust, dirt or other contaminants! Especially suited for internal lubrication of moving parts on all firearms. Recommended for precision airguns where petroleum lubricants are not advised.

9.5 oz Aerosol Can
C25BA40140 .....$7.49

Cerama-Coat™

Wheeler Engineering's Cerama-Coat is a spray-on metal finish that brings new life to old guns without expensive airbrushes or painting equipment. This is an ultra-modern formula that contains a ceramic matrix, giving the finish ultimate durability, wear-resistance, and protection against rust and solvents. The matte black color won't spook game and looks great on any gun.

- Non Reflective matte finish colors

BIRCHWOOD CASEY

Aluminum Black Metal Finish

Applies and reacts like Perma Blue.
Color varies from pewter gray to deep black according to alloy. Used by gunsmiths and industry for quick touch-up on aluminum and aluminum alloys. No heating required - easy to use, requires no special equipment or skills. Not a paint - no dimensional change.

Felt Tip Touch-Up Pen ..... C25BA15121 ..... $5.49
3 oz. Bottle ..... C25BA15125 ..... $6.49

Brass Cartridge Case Cleaner

- Easily removes resizing lubricant, oils, grime and stains from brass cartridge cases.
- Helps remove powder residue.
- Safe, non-fuming, non-etching solution that won't weaken cases.

16 oz Bottle
C25BA33845 ..... $6.79

Brass Black Touch-Up

- Fast-Acting Liquid Used To Blacken Or Antique Brass, Copper And Bronze Parts. Easy To Apply With No Dimensional Change. Often Used To Mark Cartridge Cases To Identify Loads
- Final Appearance Is Enhanced By Applying A Clear Coat Finish, Wax Or Oil.

32 oz Bottle
C25BA15232 ..... $42.49

Firearm Cloth – Treated Chamois

- 11"x14" cloth contains non-abrasive oil which delivers any surface rust, dirt, or residue left by handling
- Leave your firearms, knives and any other metal surfaces clean and protected

Firearm Cloth
C25BABCGCLTHLG $4.49

Rust & Lead Remover Cloth

- Treated tan 11" x 14" cloth
- Remove rust and lead deposits without hard scrubbing
- Nonabrasive and will not harm wood finishes

Rust & lead Remover Cloth
C25BABCRLREM..... $4.49

Gun & Reel Silicone Cloth

- Flannel cloth impregnated with silicone. Removes fingerprints, polishes and cleans.
- Reclosable bag - won't dry out. Coats surfaces with lustrous, protective finish. Excellent for use on guns, scopes, fishing reels, golf clubs, auto trim and household accessories.

Silicone Cloth
C25BA30001 ..... $2.99

Lead Remover & Polishing Cloth

Quickly removes leading, burn rings, carbon residue, including copper, and plastic fouling, rust and tarnish. Excellent for stainless steel, nickel and most metal surfaces. Can be cut to size for removing residue inside the chamber, cylinder, forcing cone, bore and choke. Cleans and polishes metal, wood, glass, plastic and porcelain. • Dimensions: 6" x 9"

Lead Remover Cloth
C25BA31002.....$6.49

Natchez 1979 SHOOTING & OUTDOORS

ACRAGLAS®

ACRAGLAS®

- Makes a skin-tight "Accurizing" fit between wood and metal when seating a barreled action into a semi-inletted stock.
- Acraglas shrinks less than 1/10th of 1% when hardening.

So perfectly does Acraglas fit your barrel and action that any stamping marks in the steel will also be there in the Acraglas ... impossible to "Bed" any closer.

- Acraglas is acid proof, waterproof, has superior insulating qualities, resists alkalies and will not rot or deteriorate.
- Acraglas is highly resistant to impact and will not dent.

Kit Includes:
• 2 fl. oz. (59 ml) Resin • 7/8 fl. oz. (26 ml) Hardener
• 7/8 fl. oz. (26 ml) Release Agent • Floc • 2 Mixing Cups
• Mixing Stick • Brown Dye • Black Dye
• Complete Instructions

ACRAGLAS® Bedding Kit.....C25AG081003002 ..... $21.49

ACRAGLAS Gel®

- Slightly less shrinkage than that of Acraglas.
- 1-to-1 mixing ratio gives a stable, molecular lattice structure that will not crack, craze or sugar-out as will other 1-to-1 epoxies.
- Slightly longer pot life to give the user more time when doing the actual bedding.
- Longer cure time - The molecular structure of Acraglas Gel has been controlled so for the first few hours after the epoxy sets it remains slightly flexible, some of which flexibility is retained when fully cured.
- Readily blends with atomized aluminum, steel and stainless steel particles. Standard mix for optimum results is 1 part metal particles-to-3 parts mixed Acraglas Gel by volume.

Kit Includes:
• 2 fl. oz. (59 ml) Resin • 2 fl. oz. (59 ml) Hardener
• 7/8 fl. oz. (26 ml) Release Agent • Measuring Spoon
• Re-usable Poly Mixing Dish • Mixing Stick
• Brown Dye • Black Dye • Complete Instructions

Acraglas Gel® Bedding Kit..... C25AG081014004 ..... $26.49

J-B® Non-Embedding Bore Cleaning Compound

A unique combination of ingredients and a one-of-kind, multi-step mixing process give J-B its special characteristics. They work together to cushion the abrasive action; the soft paste liquefies as you use it, then wipes out of the bore easily. The non-embedding feature means there's no abrasive residue left behind which might keep "cutting" after you've finished cleaning.

- *Cuts Through Toughest Bullet Jacket & Powder Fouling*
- *Can't-Run Paste Formulation*
- *Cushioned Abrasive Action Leaves Bores Sparkling*
- *Won't "Eat" Stock Finish*
- *It's non-embedding, which simply means it won't get "stuck" in the metal's pores, so there's no worry about the residue continuing to "cut" after you've finished cleaning.*

2 oz. J-B Bore Cleaner.....C25AG083065002...$11.49

Formula 44/40™ Instant Gun Blue

44/40's familiar bluing action is almost magic; simply dampen a patch with 44/40, wipe it on and wipe it off immediately with a dry one. The coloring action happens instantly and the color penetrates deep into the metal for a long-lasting finish. There's no need to soak or rub for long periods. Surface preparation's easy, too; for scratches, just clean and degrease as you normally would & apply 44/40.

- *Original, high-speed formula, deep penetrating action*
- *Fast, easy, wipe-on, wipe-off application*

2 oz. Bottle .....C25AG082440002.....$8.99

Barrel Blaster® Rust Prevent Patches

The final step in the Barrel Blaster cleaning process protects the bore from corrosion. 100 Patches.
Barrel Blaster Rust Prevent Patches
C25CVAC1689 .....$7.29

Barrel Blaster® Parts Soaker 4 oz.

Use to soak breech plugs and nipples, or any other small heavily fouled parts.

Barrel Blaster Parts Soaker 4oz

Barrel Blaster® Foaming Bore Cleaner - 8oz

No more mess while taking care of a very important step.
Stick applicator allows you to apply the Anti-Seize directly on the threads and without getting it on your hands.

Barrel Blaster Foaming
Bore Cleaner - 8oz
C25CVAC1688 .....$10.29

Anti-Seize Stick for Breech Plugs

No more mess while taking care of a very important step. Stick applicators allows you to apply the Anti-Seize directly on the threads and without getting it on your hands.

Anti-Seize Stick for Breech Plugs
C25CVAC1682 ..... $7.07

Barrel Blaster® Solvent Spray

Use to wet cleaning patches for swabbing the barrel or with a parts cleaning brush to remove fouling from gun parts.

Barrel Blaster Solvent
Spray 12 oz.
C25CVAC1685 .....$9.29

Barrel Blaster Wonder Gel Solvent 4 oz.

Ammonia-based cleaning gel keeps the cleaner right where you want it for the removal of lead, copper and plastic fouling.
Barrel Blaster Wonder Gel Solvent 4 oz.
C25CVAC1684 .....$11.99

RIG® Universal™ Gun Grease

A thin film of RIG® Universal™ Gun Grease will help keep your firearms rust-free. One thorough application of RIG Universal Gun Grease inside and out will protect your rifle, handgun, shotgun or muzzleloader against rust and corrosion. RIG Universal Gun Grease is a superior firearm lubricant and preservative.
1.5 oz. Squeeze Tube ..... C25BA40020 ..... $4.99
3oz. Plastic Jar ..... C25BA40027 ..... $4.99
12oz. Plastic Jar ..... C25BA40045 ..... $12.49

RIG® Universal™ Grease Applicator

Use the long-lasting sheep-skin treated with RIG® Universal Gun Grease to safely coat metal items, protecting them against rust and corrosion. RIG-RAG Universal Grease Applicator can be used again and again - just add more RIG Universal Grease as needed.
One Sheepskin Wipe..... C25BA30002 ..... $8.99

RIG® +P™ Stainless Steel Lube

Rig® +P™ is specifically formulated for stainless steel and will not break down under high pressure or heat. One thorough application of Rig +P inside and out will protect your rifle, handgun, shotgun, and muzzleloader against rust and corrosion.
1.5 oz. Squeeze Tube ..... C25BA40051 .. $3.49

Gun Oil

This superior lubricant is polarized to bond naturally with metal to form a lasting protection against corrosion. Special rust protecting additives increase lubricity and rust prevention. This product will not gum up to -40°F and it performs effectively in a full range of temperatures.
Gun Oil 2.25 fl. oz..... C25OU42037 .... $5.69

Crud Cutter 16oz Aerosol

- Cleans actions, gun parts and mechanisms without disassembly
- Removes plastic from chokes
- Quickly removes gummy build-ups of grease, dirt and oil
- Evaporates leaving no messy residue
- This item is not for sale in Catalina Island

16 oz Aerosol..... C25OU42071 ..... $11.49

Nitro Solvent

Removes lead, copper and powder fouling. Non-acid formula leaves behind a light layer of oil for corrosion protection.
Nitro Solvent 2 oz..... C25OU42032 ..... $2.99

Best Gun Degreaser

The Best Gun Degreaser is specially formulated to rapidly remove grease, oil, and debris from all firearm actions, barrels, and slides without damaging the surfaces of firearm plastics, polymers, and metals.
It's quick-drying formula won't leave deposits behind.
• Removes grease, oil, powder residue, and other debris from actions, barrels, and other gun parts
• Safe for all firearm plastics, polymers, and metals
• Quick-drying formula • Made in USA
15 oz Aerosol..... C25PH1222702 ..... $9.99

Best Bore Cleaner

The Best Bore Cleaner rapidly and effectively removes stubborn carbon build-up and dissolves copper fouling in one time-saving step. This 100% ammonia-free, odorless formula is non-corrosive and is safe for all metals and finishes.
• Custom formula rapidly dissolves copper and carbon fouling in one easy step • Odorless
• Ammonia-free, non-corrosive formula is safe for all steels and finishes
• 4 oz bottle with dispenser cap • Made in USA
4 oz Bottle..... C25PH1222700 ..... $7.99

Best Gun Oil

Tipton Best Gun Oil is formulated to keep firearms running flawlessly even in extreme conditions by reducing metal-onmetal friction and wear.
It also provides superior protection from metal surface rust and corrosion. This premium gun oil is designed to work on all firearms.
• Lubricates to reduce friction and wear of gun parts
• Protects metal surfaces from corrosion and rust
• 4 oz bottle with dispenser cap • Made in USA
4 oz Bottle..... C25PH1222701 ..... $7.99

Best CLP

This all-in-one CLP provides superior cleaning, lubrication and surface protection for all types of firearms. Engineered to perform in harsh conditions, this specialized formula exceeds the latest US military requirements.
• All-in-one formula meets the latest US military requirements (MIL-PRF-63460F Type B)
• CLEANS: Removes carbon fouling and contaminants from firearm surfaces
• LUBRICATES: Provides protection against metal-to-metal contact and wear
• PROTECTS: Guards against rust and corrosion
• Safe for firearm surfaces including metal, polymer, and plastic • Made in USA
4 oz Bottle..... C25PH1224716 ..... $7.99

IOSSO® PRODUCTS

Gunbrite Paste

Gunbrite is safe for use on factory blued, stainless steel, chrome and nickel guns. It removes powder fouling, surface rust, tarnish and discoloration from the barrel and stubborn black rings from the face of the cylinder.

Gunbrite Paste *(2 oz. Tube)* ..... C25IO10202 .....$6.49

Case Cleaner

Iosso Case Cleaner and Kit restores brass casings to a bright finish in seconds. It removes powder fouling residue, discoloration, oxidation, tarnish, dirt and grime.
Kit contains: (1) Quart Cleaner, (1) Strainer Bag, (1) Pail and Lid.

Case Cleaner Kit..... C25IO10400 ..... $17.79
Case Cleaner *(32 oz.)*..... C25IO10401 ..... $9.49
Case Cleaner *(1-Gallon)*..... C25IO10402 ..... $25.49

Nanotech Anti-Fog Lens Cleaner

Our Nanotech Lens Cleaning Solutions is great for all optics, infrared/night vision devices., cameras, and eye/face protection. The formula is a mil-spec solution, safe for all glass and plastic surfaces. It is a non-toxic, biodegradable solution that is ammonia and silicone free. It has water dispersing and anti-fog capabilities, so it not only cleans, but protects and enhances the functionality of your equipment.

Spray Bottle *(2 oz.)*..... C25PXHLC2 ..... $11.79

Bore Cleaner

NEW BIO-Based Formula. Highly effective concentrated paste formula that lasts longer and takes less time to clean with than ordinary liquid or aerosol type cleaners. Because it is a paste it cannot spill or run into wood stocks, grips or mechanisms causing chemical damage. Iosso Bore Cleaner removes copper, lead, carbon burn, powder fouling, plastic wad residue, and surface rust. It is non-corrosive, non-flammable and has no offensive odors or mists. Use with the Eliminator Brushes and Eliminator Triple Action Oil Solution for complete cleaning. This bio-based formula is made from plant extracts. While keeping our environment healthy, it also reduces our dependence on foreign resources. USDA Certified and designated for federal procurement.

Bore Cleaner *(1.5 oz. Tube)*..... C25IO10215 .....$6.49

Butch's Bore Shine

Designed by well known bench rest competitor Butch Fisher, this non-abrasive chemical solvent is specifically designed to remove all forms of bore fouling including copper with an absolute minimum of effort and no damage.
It will quickly remove carbon build-up, even in difficult to clean areas like the chamber throat. It also removes lead, wax and even plastic shotgun wad build up.
A significant improvement over conventional solvents, Butch's can also control the copper fouling by pushing a few patches soaked with Butch's prior to shooting. Butch's is safe to use on normal and stainless barrels. It is a true "All in One" Cleaner. Try it and you will never use anything else!
Now available in three sizes.

Bore Shine 4oz ..... C25PA02937 ..... $9.29
Bore Shine 8oz..... C25PA02953 ..... $12.99
Bore Shine 16 oz ..... C25PA02941 ..... $23.39

1-Step Gun Cleaner & Lubricant

• *Cleans*- Copper-Lead-powder and primer fouling like a solvent. Repeated use protects bore & lessens fouling/residue build-up. Makes bore & action easier to clean.
• *Lubricates*- Eliminates stiff action, jamming and loosens rusted parts.
• *Protects*- With rust inhibitors and special additives that penetrate metal and provide a corrosion barrier for superior rust protection.
• *Synthetic*- Non-hazardous and environmentally-friendly formula.

Needle Bottle *(1 oz.)*..... C25PX1STEP1NEED $6.79
Bottle *(8 oz.)*..... C25PX1STEP8 ..... $11.79

Iosso® Triple Action Oil

This triple action solution cleans, lubricates and protects. It penetrates to loosen powder, carbon, and plastic wad. It's is an excellent lubricant for parts, and inhibits corrosion. For Bore cleaning, apply the solution to a patch, run it through the bore several times. It will not freeze or dissipate in hot weather. It lubricates in extreme temperatures to avoid weapon jamming. Works to -74F(-65C).
Triple Action Oil *(4 oz.)*
C25IO10740 ..... $7.99

Butch's Gun Oil

Butch's Gun Oil is an ideal bore protectant and conditioner, especially when used with Butch's solvent. It is a proprietary blend of natural oils that withstands the intense heat, friction and pressures produced in a firearm's chamber and bore. The product's rust inhibitor provides the absolute maximum in corrosion protection for both regular and stainless steel firearms.
In addition, this oil is also a superior lubricant instantly making gun parts work noticeably smoother.

Gun Oil *(4 oz.)*..... C25PA02948 ..... $6.99

Copper Solvent IV

A Superior New Generation Formula that is made specifically for copper and powder fouling, while providing rust protection for your barrel. Highly effective way to clean a barrel without the harsh and toxic chemicals.
Copper Solvent IV *(8 oz.)*
C25PXSVC8..... $14.79

Zero Friction

Premium ultra-high technologically advanced synthetic lubricant specially designed for firearms and knives. Extreme pressure, anti wear, rust preventative for all moving parts from -75 degrees to over 450° degrees.

Needle Oiler Bottle *(1 oz.)*.. C25PXZF1..... $8.29

Sizing Lubricant and Cleaner

This product is formulated to clean and lubricate. It eliminates stuck cases to make sizing less work and prolongs the life of your dies. It's easy to use with no sticky residue and no offensive smell. It is water soluble, biodegradable and non-flammable. It inhibits corrosion and rust. Just apply a light spray to casings, then size. It cleans while lubricating, so you may either wipe, or rinse in hot water or alcohol before reloading.
Pump Spray *(4 oz.)*
C25IO10743 .....$7.99

Butch's Black Powder Bore Shine

Butch's New Black Powder Bore Shine was developed specifically for the Black Powder Shooter who asked for a better, faster way to clean their rifles. Butch's Black Powder Bore Shine comes from a special cleaning solvent used by the U.S. Military. This Black Powder bore cleaner, like the original Bore Shine does it all. Removes Powder, Lead and Plastic Fouling faster than any other cleaner. Best of all it is odorless, non-toxic, non-flammable, biodegradable and protects against rust and corrosion. You can't find a better cleaner for black powder anywhere.

Bore Shine 8 oz ..... C25PA02949 .....$8.69

Pro-Gold Lubricant

A special high-quality formula grease engineered for firearm lubrication and protection. Superior performance on stainless, chrome molly, nickel, and blued firearms.
Easy to apply, clings to metal surfaces, doesn't gum up, extreme heat resistance, water resistant. Temperature operating range: 0°F to 450°F.
Excellent for: Firearms, reloading tools, sports equipment, fishing tackle, compound bows.
Pro-Gold Lubricant*(10CC Syringe)*
C25PXPGLSYR $7.49

Case Polish

Cleans and polishes brass casings to a high luster. It removes powder fouling, residue, oxidation, tarnish, and discoloration.
Add Iosso Case Polish to your media before tumbling. It works with the media to reduce tumbling time and gives your brass a like-new finish.
Use Iosso Case Polish on soiled casings or on casings that have been pre-cleaned with the Iosso Case Cleaner.

Case Polish *(8 oz.)* ..... C25IO10600 ..... $11.49
Case Polish *(32 oz.)* ..... C25IO10601 ..... $28.49

Fouling Blaster

Synthetic safe degreaser / cleaner.
Quickly evaporates & blast away fouling.
Will not harm plastic, wood, laminates, composites, rubber grips, or any other material including camo finishes.

Spray Can *(14 oz.)*..... C25PXD14....$13.29

Cleaning & Maintenance

Remington®

Rem™ Oil
The most versatile gun oil you can buy. It cleans dirt and grime from exposed metal surfaces, displaces non-visible moisture from metal pores, and protects internal and external metal parts from rust and corrosion. Its exclusive Teflon® formula provides a tough, thin, long-lasting lubricating film that keeps actions working smoothly by reducing metal-to-metal wear. Comes in 1-oz. squeeze bottle for field use and 4-oz. and 10-oz. aerosol.

Rem Oil *(1 oz Bottle)* ..... C25RT26617 ..... $2.59
Rem Oil *(2 oz. Bottle)* ..... C25RT18366 ..... $3.99

Travel Size (24/ct) ..... C25RT16325 ..... $6.49

Rem™ Gun Grease
- Biodegradable and Non-Toxic
- Non-Melt Formula
- Wide temperature range from -20F to 500F
- Protects all sliding parts, threads and hinge points
- Displaces moisture and protects against rust and corrosion
- Safe for finished stocks, coated metals and polymer parts

Rem Gun Grease *(.5 oz Squeeze Bottle)*
C25RT18501 ..... $4.99

Shotgun Cleaner
This all-purpose cleaner and degreaser blasts away gummy, caked-on grime from hard to reach areas such as ejectors, firing pin assemblies, trigger components, gas ports, and bolt recesses. It dries quickly leaving behind a clean surface without any sticky residue. Remington Shotgun Cleaner is safe for polymers and will not damage magazines, gun stocks, camo finishes, or grips.

Shotgun Cleaner (18oz.)
C25RT18472 ..... $9.49

Rem™ Oil Wipes
These wipe cloth saturated with Rem Oil clean dirt and grim from exposed metal surfaces while displacing non-visible moisture from metal pores.
New 60 count Pop-Up Canister with large 7" x 8" wipes
Oil Wipes

C25RT18384 ..... $10.49

MoistureGuard™ Rem® Oil
- Uses Volatile Corrosion Inhibitor Technology
- Guards your hunting, fishing and marine gear from rust and corrosion
- Protects all metals from rust and corrosion
- Displaces moisture
- Lubricates, cleans and protects
- Built from Rem Oil
- Available in: 6 oz. spray pump

MoistureGuard Rem. Oil
C25RT18378 ..... $6.79

40-X™ Bore Cleaner
- Formerly Remington® Bore Cleaner • 40-X name ties into the product's origins in Precision Benchrest Shooting
- Formulated for rifles to improve cleaning, accuracy and performance
- Fast and easy to use - no soaking or foul odors
- Contains polishing compounds to make your bore mirror-clean
- 4 oz. squeeze bottle with child safe lid

40-X™ Bore Cleaner *(4oz Bottle)*
C25RT18397 ..... $8.49

Rem™ DriLube™
Teflon® base provides a tough, non-congealing film without the residue of dry graphite lubes. Keeps firearms functioning dependably to -40°F.
Available in 4-oz. aerosol can.
Rem DriLube (4 oz Can)
C25RT18396 ..... $6.29

Rem™ Action Cleaner
Spray-cleans dirt, powder residue, and caked lubricants from disassembled actions and fire-control mechanisms with ease. Dries quickly and leaves no residue. CFC-free formula comes in 10.5 oz. can with jet-spray extension tube.
Rem Action Cleaner *(10.5 oz)*
C25RT18395 ..... $6.49

Brite Bore™ Solvent / Cleaner
Versatile cleaner that works effectively to clean powder residue and grime from actions; remove copper and lead fouling from rifle barrels as well as plastic wad residue from shotgun barrels; and soak off lead and powder deposits from choke tubes.
- *Dissolves carbon and powder fouling, removes copper, lead and plastic deposits*
- *Handy size for field range use*
- *Low odor – contains no CFC's*

Brite Bore *(2 oz. Bottle)*
C25RT18367 ..... $3.99
Brite Bore *(6 oz. Can)*
C25RT18394 ..... $6.79

Cleaning & Maintenance

DIRTY BORE

Dirty Bore BIO CLP
Firearms Cleaner
Dirty Bore Gun Cleaner is an American made Bio-Based cleaner that has no scent and is non-toxic…but is strong enough to clean the toughest fouling and including black powder burns. Dirty Bore Gun Cleaner is safe on all materials and will not cause any damage to wood-stain and coatings like Cerakote and more. DirtyBore is safe to use with other chemicals. We guarantee you will never want to use another cleaner again. Lifetime warranty and money Back guaranteed!
- Non-Toxic • Odorless • Made in USA

2 oz Spray Lavender ..... C25AZDB2CLPL $11.50

UMAREX AIRGUNS

RWS Spring Cylinder Oil
RWS Spring Cylinder Oil is ideal for the piston chamber of your spring powered air rifles. It's also ideal for pivot points such as break barrel hinges and linkage and trigger pivots.
You can also use it to wipe the metal parts of your air gun to prevent rust. For use with all airguns whether CO2 powered, pneumatic pumps, or spring piston. Okay to use in place of RWS Chamber Lube if you run out of that airgun oil.

.5 oz Bottle ..... C25RW2167511 ..... $12.99

RWS Chamber Lube with Oil Application Needle
A must for proper airgun maintenance, RWS Chamber Lube is a high-quality non-petroleum oil recommended by Umarex USA gunsmiths and service techs and is specially formulated for use in keeping your airgun power-plant operating smoothly. Also good for pivot points and other moving parts as well as rust protection on metals.
Useful for just about any application where a non-petroleum based oil is called for.

.5 oz Bottle ..... C25RW2167512 ..... $13.99

OTIS™ SMART GUN CARE

085 CLP
O85 CLP is Otis' most time-tested formula, with over 30 years of proven performance in cleaning, lubricating and protecting firearms.
But don't let old age fool you. O85 CLP uses advanced engineering to penetrate tight spaces and create a thin film that stops rust and corrosion for long-lasting protection.

- *Cleans, lubricates and protects in one advanced formula*
- *Removes carbon, powder residue and fouling from metal surfaces*
- *Penetrates into tight areas to reduce surface friction*
- *A thin film seals out moisture to prevent rust and corrosion*
- *Available as a 1/2 oz. tube, 2 oz. and 4 oz. bottle, 4 oz. aerosol can, dual pack of wipes, or a canister of 40 wipes*

4 oz. Bottle ..... C25OYIP904085 ..... $9.99
Wipes (2pk) ..... C25OYIP2TW085 ..... $2.79

Dry Lube
Originally developed for the United States military, Otis Dry Lube is their most advanced formula yet. Designed for desert use, it lets you quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds.
- *One drop penetrates to immediately cover over an inch of surface area*
- *Dries to the touch in less than 20 seconds*
- *Seals out moisture with a thin film of lubricant*
- *Penetrates into tight fitting areas for easy disassembly of parts*

4 oz. Aerosol ..... C25OYIP904A55 ..... $9.79

Microfiber Gun Cloth
The Otis Microfiber Gun Cloth is perfect for cleaning all surfaces. This nonabrasive material will not damage even the most sensitive areas of a firearm.
- *12" x 8" • Reusable*
- *Ideal for use on firearms, tools and knives as well as optics*

Microfiber Gun Cloth *(3-Pack)*

MONTANA X-TREME

Cleaning Kits

With professional grade tools and solvents, Montana X-Treme Gun Cleaning Kits are the best kits on the market! These kits contains:

- *Four-Piece Rod – Constructed of heat-treated 17-4 stainless steel with centerless ground shaft that will not pick up grit and dirt. Hardened steel pre-loaded bearing system eliminates galling and wear. Solid aluminum, comfort-fit anodized handle.*
- *Montana X-Treme Bore Solvent (2 oz)*
- *Montana X-Treme Gun Oil (2 oz)*
- *.22 or .30 caliber jag and brush*
- *Highest quality 100% cotton flannel patches*
- *Cleaning tools – stainless steel pick and scraper for tough carbon deposits, two double-ended brushes (brass and stiff nylon), and pipets*
- *MADE IN THE USA*

.270-.50 cal Rod Kit..... C25MU9109..... $99.49

.17 - .20 Caliber **.22 - .264 Caliber** **.270 - .50 Caliber**

Montana X-Treme Cleaning Rod

Montana X-Treme Cleaning Rods are engineered to provide years of service with minimal maintenance. Only the highest quality materials are incorporated in Montana X-Treme rods. Two sets of thrust bearings secured between hardened stainless steel retainers insure an effective force is distributed during push/pull and help keep your jag or brush from unscrewing. These rods are constructed of the highest strength spring steel available and coated with our proprietary, non-embedding coating. The handle is machined aluminum and sized to avoid contact with gun stocks.

MTM CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Gunsmith Maintenance Center

The Gunsmith's Maintenance Center by MTM Case-Gard™ is one of the best values on the market. Two removable forks with molded in rubber for protection of your firearms can also hold your cleaning rods. Each fork has two height adjustments to hold firearms level, upright or upside down. Compartments are provided for your bottled cleaners to prevent spills. There is so much room in this case, you can carry and store all your gun cleaning supplies in one convenient place. It is also ideal for mounting scopes, swivels, bedding of actions, etc. Now that's getting your money's worth!

• Dimensions: 29.5" x 4" x 9.5"

Gunsmith Maintenance Center..... C25MTRMC5 .....$41.99

Gun Cleaning - Portable Rifle Maintenance Center

This maintenance center can "pop out" and can be stored in the base along with your cleaning supplies. The forks are over molded with rubber for protection of your firearm and can hold cleaning rods. It features sliding dust covers to protect your equipment and keep everything clean and secure inside. You can also use it to mount scopes, swivels, bedding of actions and more.

• Dimensions: 23.2" x 3.5" x 11"

Portable Rifle Maintenance Center..... C25MTRMC1 .....$49.49

Gun Vise

The MTM Gun Vise features a fast, single adjustment clamp down and a secure non-marring hold. The gun forks are positioned high and low giving the option of a level clamp up for maintenance, or a sloped clamp up for drainage. Shotgun barrels are held securely for easy cleaning. Organize your cleaning supplies with the 14 separate compartments, including a small divided tray that slides to uncover more compartments in the base for smaller, easy to lose items.

Gun Vise.....C25MTGV30.....$49.49

Gun Cleaning Rod Case

Tired of your rods getting lost, broke, dirty and tips getting bent. Finally, someone's created a place to put them. MTM's Gun Cleaning Rod Case offers a safe place to store and transport cleaning rods, up to 47.5" long. Also, holds round and square cleaning patches, along with jags and brushes. Comes with a hanging hole on one end, so you can store it on the wall if you wish. Maximum rod diameter is .400".

• Holds four rifle or shotgun cleaning rods up to 47.5" long
• Foam padding holds rods in their own individual slots
• Compartments for storing patches, jags and brushes
• Made of rugged polypropylene plastic – Made in USA • Exterior: 48.5" x 6" x 1.5" (H)

9-1/2" Chamber Rod *(8/32 Female Thread)*	C25DRCHR	$8.99

Shotgun Port Cleaning Tool

This shotgun cleaning tool comes with 3 1/8" diameter port brush. This tool is handy for cleaning out the port holes in the your shotgun barrels.

Shotgun Port Cleaning Tool.	C25DRPBK	$12.79

Pointed Brass Jags

These jags can be used in two ways. The pointed front of the mag may be used to pierce the center of the patch, or the patch may be wrapped around knurled section in back of the point thus allowing more patch area to be exposed to the bore. The latter method also helps to keep the cleaning rod centered in the bore.

3-Piece Pick & Brush Tool Set

This 3 Piece Pick and Brush Tool Set provides the perfect combination for maintaining and cleaning your firearm. The nylon utility brush is great for scrubbing vent ribs, trigger assemblies and receivers while also being solvent resistant. The double ended stainless steel tool picks are extremely durable and excellent for precision cleaning in hard-to-reach places. Together this creates a distinguished mix in on complete purchase.

3pc Pick & Brush Tool Set ..... C25KBPBSET $7.99

Double End Cleaning Pick Set

Our newest innovative line addition for KleenBore gun care is the Pick Set. This five-piece Pick Set contains different shaped tools at each end to get into those tight, hard to clean/reach places. Each pick and hook is a finely crafted set of tools made in the great American tradition. The steel prevents any break or wear down like plastic tools and gives you better leverage and control for cleaning. Made with high quality stainless steel that is softer than barrel steel to ensure no damage to gun parts.

Double End Cleaning Pick Set ..... C25KBPICKSET $11.99

Double End Nylon & Bronze Combination Set

Firm bristles safely clean hard-to-reach areas in vent ribs, trigger assemblies and receivers. For added utility, it is double ended with larger bristles on one end and smaller, stiffer bristles on the other. The white nylon bristles are rugged and solvent resistant. The bronze bristle brush is great for removing stubborn fouling.

- *Firm Nylon & Bronze Bristles • Solvent Resistant • Made in USA*

Double End Nylon & Bronze Brush Set ..... C25KBUTCOMBO $4.99

IOSSO® PRODUCTS

AR-15 Complete Cleaning Kit -

This cleaning kit contains 6 precision fit brushes. The brushes clean the Upper Receiver, Chamber, Bolt Carrier, .223 Bore(AR-15),or .308 Bore(AR.308), Bolt Carrier Key Tube, and the Gas Tube. The Gas tube brush cleans the entire length of the gas tube without disassembly of the upper receiver. This kit includes all tools, rod, and rope necessary for the cleaning job. Also included is a bag to carry all of the components.

AR-15Cleaning Kit .223 Bore ..... C25IO19515 ..... $54.99

AR-15 Brush Kit

Fitted for Precision Cleaning
This kit contains:
(1) Upper Receiver Brush, (1) Bolt Carrier Brush, (1) Chamber Brush, and (1) Bore Brush.

These unique brushes are superior because they are sized to tolerance for precision cleaning. They are made out of a blue Nyflex fiber, which is a stiff, thick fiber that holds its shape well and allows for back and forth action unlike traditional brass and bronze type brushes. *The Upper Receiver Brush is available with a handle and is Sold Separately.*

AR-15 Bolt Carrier Brush *(2-Pack)* ..... C25IO19123 ..... $7.79

The Eliminator™ Bore Brush

"The Eliminator™" Bore Brush by Iosso® Products is made with a new type of fiber. The Nyflex fiber is a stiffer, thicker fiber that holds its shape well and allows for a back and forth action in the bore unlike the traditional brass and bronze type brushes. It is much stiffer than the standard nylon brush. The Eliminator™ brush is wound tightly and has more fiber per inch than any other brush (35% more Bristle giving 1/3 more cleaning area). It is sized closely to tolerance for a snug fit, reaching all areas. The shank is a solid construction and has a brass core.

AR Chamber Brushes

Designed to keep your AR bores and chambers free of residue for better accuracy and performance.

5.56mm/.223 Chamber Brush C25HS1323P	$3.29
7.62/.308 Chamber Brush C25HS1325P	$3.79

Nylon/Tynex Brushes

Tynex brushes will handle most cleaning jobs and the built-in memory makes the bristles return to their original shape, so the brushes can be used over and over again. Tynex offers a unique scrubbing action for a thorough cleaning. See chart to order.

Phosphor Bronze Brushes

These phosphor bronze brushes will "get the lead out" in a hurry, and can handle virtually all cleaning jobs. See chart to order.

Tornado Brushes

Spiral design reaches all of the hard to get spots.
Stiff bristles remove fouling but will not damage bore.
Unique loop wire design won't scratch. See chart to order.

Cleaning Swabs

Washable nylon swabs are soft and will not scratch smooth shotgun bores. Fits all cleaning rods. Sizes available for all gauges and most rifle calibers. See chart to order.

TIPTON

26-Piece Ultra Jag & Best Bore Brush Set

Combining the Ultra Jags and Best Bore Brushes into one convenient 26-piece set gives you the ultimate storage system for your brushes and jags. Neatly organized in a durable, hinged box with marked cavities, it's easy to select the correct jag and brush for your particular application. 17 to 45 caliber (does not include 20 caliber). All jags and brushes have 8-32 threads (17 caliber has 5-40 threads and is a standard bore brush)

26-Piece Ultra Jag & Best Bore Brush Set ..... C25PH444777 ..... $36.99

13-Piece Solid Brass Jag Set

This 13 piece set of solid brass cleaning jags is the fastest way to thoroughly clean, dry, or oil the bore. Each jag is designed to provide a tight fit between the patch and the bore. A pointed tip keeps the patch centered and allows it to drop off when th jag exits the muzzle. Made with 8-32 threads (17 cal. has 5-40 threads), they will fit most brands of cleaning rods, and should provide years of service.

13-Pc. Solid Brass Jag Set ..... C25PH749245..... $16.99

Ultra Jag™ Set

- 13 Piece caliber-specific set of ultra jags
- Contained in a durable, hinged box with marked cavities
- Contains .17 - .45 Caliber
- Jags have 8-32 threads
- .17 And .20 Caliber have 5-40 threads

13-Pc. Ultra Jag Set ..... C25PH500012..... $19.99

Best Rifle Bore Brush Set

- 13 Piece caliber specific set of best bore brushes
- Contained in a durable, hinged box with marked cavities
- Contains .17 - .45 Caliber
- Jags have 8-32 threads
- .17 And .20 Calibers have 5-40 threads

13-Pc. Bore Brush Rifle Set..... C25PH402173..... $24.99

Brush Set

Contained in a durable, hinged box with marked cavities, it's easy to select the correct brush for your particular application. Shanks are looped and wound, not cut. Threads fit most popular brands of cleaning rods (8-32 for Rifle and Pistol, 5/16-27 for shotgun).

- *Rifle Brush Set contains 14 caliber specific brushes (17-45 cal.)*
- *Pistol Brush Set contains 8 brushes (22-47/48 cal.)*
- *Shotgun Brush Set contains 6 brushes (.410-10 ga.)*

14-Piece *Rifle* Brush Set ..... C25PH168577 ..... $20.99
8-Piece *Pistol* Brush Set ..... C25PH845102 ..... $15.49
6-Piece *Shotgun* Brush Set ..... C25PH671861 ..... $13.49

Cleaning Picks

- Helps you reach the tightest spots in your firearms
- Set of 4 picks, each has a different shaped tool at each end

Polymer..... C25PH549864..... $4.49
STS..... C25PH324770..... $15.99

Deluxe Carbon Fiber Action Rod Kit

- 20" rod length
- Ideal for cleaning bolt-action and AR-style chambers/actions
- Carbon fiber rod won't bend, break, or damage metal surfaces
- Fixed, ergonomic handle
- Uses standard 3" cotton patches
- Cleaning rod accepts standard 8-32 chamber brushes, mops, and cleaning tools
- Kit includes 20" rod, 2 brushes (AR and bolt-action), and 3" cleaning patches

C25PH1215370..... $37.99

Deluxe 1-Piece Carbon Fiber Cleaning Rod

- Hang hole for easy storage. Also allows for reasonable hammer blows to clear a stubborn patch.
- Two sets of high quality bearings that won't bind under pressure and allows the shaft to follow the rifling.
- Comfortable ergonomic shape. Handle remains fixed in your hand while the shaft rotates on the bearings to follow rifling.
- Shank-through construction for working tight patches.
- Carbon fiber shaft won't embed particles that could damage your rifle bore.

26" Rod *(22 – 26 cal)* ..... C25PH216411R..... $36.99
36" Rod *(Shotgun)* ..... C25PH713415R..... $51.99
44" Rod *(22 – 26 cal)*..... C25PH783485R..... $40.99

Deluxe Fiber Cleaning Rod

- Carbon fiber rod shaft to prevent bent rods
- Ball-bearing handle allows full following of rifling
- 8-32 threads accept most popular accessories.

.17 - .20 Caliber **36"** Length..... C25PH107486R $37.99

Kit includes .22, 9mm, .40, .44/.45 caliber sized pellets and cleaning jags
– .22 cal pellets are 100ct, 9mm, .40, .44/.45 cal pellets are 50ct
– Plastic storage case with components

Complete Pistol Pellet Kit
C25PH1099945..... $36.99

MONTANA X-TREME

Nylon Bristle AR Chamber Brush

Montana X-Treme AR Chamber Brushes are constructed on a brass core with very stiff heavy bristles that will not flatten and retain their memory like brass chamber brushes from other manufacturers. Designed for a superior cleaning of lugs and chamber. Standard 8 x 32 thread.

.223/5.56 ..... C25MU07170..... $8.79
.308/7.62 ..... C25MU07175..... $8.79

Nylon Bore Brushes

Montana X-Treme Cleaning Brushes are the toughest nylon brushes in the industry. They are made with very stiff, heavy duty bristles and a solid brass core to assure your firearms will get a superior cleaning with minimal effort on your part. Standard 8 x 32 thread (.17 and .20 Cal brushes have a 5 x 40 thread, and shotgun brushes have a 5/16 x 27 thread).

Brass Cleaning Jags

Montana X-Treme Cleaning Jags utilize a patent-pending barb design that ensures your patch will stay put. The barbs are arranged in opposing directions to securely grab and hold the patch when both pushing and pulling. The tip employs a radius cut from the base of the body to strengthen the tip against bending and breaking, which is a common complaint with jag tips from other manufacturers. These jags are CNC-machined to ensure exact tolerances and are constructed of solid brass for years of service. 5 x 40 thread and 8 x 32 thread.

Tetra® Gun Bore Boa™

Introducing Tetra® Gun Bore Boa™ - the quickest and easiest way to clean and lubricate your bore! Ideal for use with Tetra® Gun Triple Action™ CLP, the Bore Boa™ is designed to reach every part of the bore, making close contact with its surfaces. Let the Bore Boa™ do the work - simply pull it through the bore to loosen and remove fouling and apply lubrication for bore protection at the same time.

- *Reusable and easy to wash*
- *Great alternative to patches*
- *Will not damage the bore*
- *Convenient to store in resealable packaging*

Lyman® Brands that Perform

Universal Bore Guide Set

Lyman's Universal Bore Guide Set directs and centers your cleaning rod and jag through the chamber. "Universal" means that this set will fit most bolt actions and even includes a special adapter sleeve for the AR-15. This set includes interchangeable tips that cover bore sizes from .17 up to .416 and the thread-on nozzles prevent the guide's sticking in the chamber. The guide's specially machined port makes applying solvent to the inserted cleaning patch easier and neater than trying to push a wet patch into the open end of the guide.

Universal Bore Guide Set
C25LY04045 .....$17.97

Borecam 2.0

The Borecam 2.0 will fit .22 caliber and larger barrels and is now equipped with a longer 26" rod. In addition to taking photos, the Borecam 2.0 now takes sharp, clear videos. The Borecam 2.0's easy-to-use app makes storing and retrieving photos and video simple. Apps are available for iOS and Android phones and tablets.

Includes: Rod with mounted camera, 5 interchangeable 90° Mirrors for various calibers, and usb cord for charging.

Borecam 2.0 .....C25LY04070..... $160.19

MTM® CASE-GARD™ QUALITY SHOOTING SPORTS ACCESSORIES

Jag & Brush Case

Organization and Protection for Jags & Brushes

Helps keep gun cleaning quick and organized. Cleaning tips are held together in one convenient palm sized container. impervious to cleaning solvents, the Case-is made of clear polypropylene, so you can see from the outside, what's on the inside. Divide into four compartments, this case allows jags and brushes to be sectioned by caliber for more efficient storage.

Jag and Brush Case..... C25MTJAG00..... $4.79

Pistol & Rifle Chamber Indicator Flags

The traditional range safety flag, used at matches for the 30 caliber service rifles and bolt action match rifles. The insertion part of the flag is .290 in diameter and can easily be trimmed to size with wire cutters. CMP approved and comes in safety yellow.

Chamber Flags.....C25MTCFP $8.29

Gun Cleaning Patch Catcher

Keeps the mess of gun cleaning to a minimum, by trapping solvent spatter and dirty patches from the end of a gun barrel. Fits anything from 22LR rifles up to most double barrel shotguns. Constructed from chemical resistant, see-thru polypropylene. Opens wide with smooth rounded edges for easy clean out.

Gun Cleaning Patch Catcher... C25MTGCPC $13.79

BREAKTHROUGH® CLEAN TECHNOLOGIES

Breakthrough® Clean Battle Rope™ 2.0

- **Cable with integrated flip-out pull handle**
  Handle doubles as a weight to feed the cable through the barrel then flips out to easily pull the rope through.
- **Thick rope with built-in bronze brushes** *(one for handgun, two for rifle & shotgun), for a superior cleaning action.*
- **Detachable cable** *Brass coupling allows for easy detachment and cleaning of the rope.*
- **Included storage case**
  Provides storage and easy attachment to bag via MOLLE strap or included carabiner

Star Chamber Cleaning Tool

Take the awkwardness and difficulty out of cleaning the chamber area of an MSR/AR Style rifle with Star Chamber Cleaning Tool. This tool quickly and effectively cleans the star chamber in just a few twists

- *Scraper removes fouling build-up*
- *Cleaning pads pick up fouling loosened by the scraper*
- *8-32 threads accommodate a chamber brush for additional cleaning*

12-Pack Replacement Cleaning Pads

5.56mm.....C25OYFG2715PDB $6.79

All Purpose Brushes

These brushes are the elite in cleaning those hard to reach places. They give you the ability to scrub places where carbon, powder, and copper residue hibernate.

These brushes are available in a variety of different tolerances. The softest is the nylon bristled brush, followed by a slightly more aggressive blue nylon bristled brush. The most aggressive of Otis' All Purpose Receiver Brushes is the stainless steel bristled brush.

- *Includes: (3) Nylon/ (3) Bronze/ (3) Stainless Steel Brushes*

Variety Pack.....C25OYFG316BP $16.79

Chamber Brushes

The tapered bronze bristles of the Otis chamber brush scrub the chamber, neck and shoulder.

The steel bristles at the base scrub the star chamber of the locking lugs. The brass stem is cold welded to the core, and the tip is folded, not cut.

The chamber brush has a standard 8-32 thread.

5.56mm Chamber.....C25OYFG367HT....$5.29
7.62mm Chamber.....C25OYFG368HT....$5.29

Cleaning Patches

Otis patches are 100% cotton and each patch can be used up to 6 times, offering 6 new clean surfaces.

Bore Mops

PXMP38

These bore mops are wool and 100% cotton with a brass core. Both types are made of the highest quality construction possible. Mops can be used for quick cleaning and bore lubrication. Mops are especially excellent when using oil for bore lubrication because they create a foaming action that helps in the lubrication process.

Pro-Shot Products

Stainless Steel Micro-Polished Cleaning Rods

Mirror like hardened finish of our rods does not pick up and carry abrasive grit or dirt. Rugged precision threading for no wobble attachment of rod tip accessories. No adapter needed and our attachments do no get out of line with the rod, as when an adapter is used. Threaded #8-32 and will accept all major American Cleaning Rod Accessories. The .17-.20 Cal. Rods are 5-40 thread. Rod rotates in handle, allowing bore brush to spiral with rifling and clean the grooves of the rifling completely.

Rod length stated is working length. Add 4" for the handle.

Angled Cleaning Brushes

Angled cleaning brushes make deep cleaning easier! Three brushes with angled necks allow easy access to all the hard-to-reach places that can cause cleaning headaches. Straight handled brushes simply can't reach where these brushes can. Two styles of bristles clean thoroughly and safely. Use stainless steel bristles for hard metals and use nylon to avoid scratches on more sensitive surfaces. Comfortable and easy to handle, all three brushes have wooden handles that make gripping a cinch. Solvent- and corrosion-resistant.

Angle Brush Assortment ..... C25BA41108 ..... $3.99

Nylon Cleaning Brushes

- Heavy-duty, stiff red nylon bristles for long-lasting use
- Dense, thick bristles tackle the toughest cleaning challenges
- Sturdy red nylon bristles designed for durability and extended use

Butch's "Triple Twill" Patches

To complete the ideal cleaning system, Pachmayr developed the perfect patch. Like Butch's bore shine, these patches offer superior performance.
They hold more liquid and remove fouling faster than ordinary cotton flannel patches. A special fabric used in laboratories and clean rooms, Triple Twill's special weave has hundreds of tiny "ridges and drop zones" which scrub and capture fouling residues far better than other patches. Butch's Triple Twill patches don't shed lint and have been specially treated for maximum absorbency.

Ruger Mark IV .177

Ruger's classic Mark Series pistols have been popular for well over 50 years. Finally, you can pass on the shooting tradition of Ruger's time-honored design to your family with the Ruger Mark IV .177 caliber pellet pistol. Umarex is paying homage to this cornerstone of Ruger design by applying the classic Ruger style to a smooth operating break barrel pellet pistol. Notably, this sweet plinker features adjustable fiber-optic sights, an automatic/manual thumb safety, and grips with combination smooth and checkered surfaces. Get stocked up with plenty of pellets and targets because you are going to need them with this fun plinker. Manufactured by Umarex under license from Sturm, Ruger & Co. Inc.

Umarex Ruger Mark IV ..... C25RW2244245 ..... $42.99

GLOCK 17 Gen4

This GLOCK 17 Gen4 replica is also functionally identical to the firearm that inspires it. Shooters will appreciate the familiar ergonomics, take down procedure, metal slide, drop free 20 round magazine, and the realistic blowback action. The G17 Gen4 comes in airsoft field safe at 290 FPS with a .20 gram BB.

• Caliber: 6mm • 22rd Capacity
• 290 fps Velocity • Green Gas

Glock G17 Gen4 ..... C25RW2276300 ..... $169.95
Glock G17 Gen4 Magazine ..... C25RW2276302 ..... $49.99

GLOCK 19 Gen3

his officially licensed UMAREX airsoft replica G19 features the same ergonomics, function, and handling as its firearm counterpart and even comes in very close to the same weight. The G19 gas blowback action pistol likes to show what it is made of. Take it apart, clean, reassemble, and holster with the same ease that the firearm offers. Airsoft enthusiasts can expect to launch from the drop free magazine 19 rounds .20 gram BBs at 290 FPS.

• Caliber: 6mm • 22rd Capacity • 290 fps Velocity • Green Gas

GLOCK 17 Gen3

This GLOCK 17 blowback airsoft pistol is patterned after the Gen 3 model. The GLOCK 17 Gen3 runs on green gas, shoots 295 feet per second and holds 22 rounds of 6mm Elite Force BBs. The slide reciprocates (blows back). The pistol works with regular Elite Force Fuel green gas and fires with a crisp, fast cycle.

• Caliber: 6mm • 22rd Capacity
• 295 fps Velocity • Green Gas

Glock G17 Gen3 ..... C25RW2276312 ..... $169.95

GLOCK 19X Gen5

The full-size grip and higher capacity combine with the shorter slide and barrel to provide accuracy and capacity in a quicker handling sidearm. This officially licensed Green Gas powered replica from UMAREX holds 23 6mm airsoft BBs and launches .20 gram BBs at a field safe 300 FPS. Hit your mark by tuning the adjustable hop-up for your favorite Elite Force BB.

C25RW2253017 ..... $165.99

Umarex HK 45

The HK45 firearm was created to re-arm the entire U.S. military with a .45-caliber handgun instead of the 9mm. And the cost of doing that is what led to the cancellation of the program. However, Hechler & Koch knew they had a winner and opted to make it available commercially.
This BB pistol is a replica of the firearm.

Specifications:

- ***Caliber:*** *.177*
- ***Ammo Type:*** *Steel BBs*
- ***FPS:*** *400*
- ***Total Length:*** *8.0 in.*
- ***Capacity:*** *20*

UX Brodax

The Brodax is a modern-day revolver that is stylish and attractive. It may remind you of a gun you might see in a video game or science fiction movie. Picatinny rail positioned at top-rear making it ready for a dot sight. Located below the barrel another Picatinny rail is ready for a laser or flashlight. The Brodax has a lightweight polymer frame with internal metal parts including the trigger and hammer. The material make-up combined with its external sleek lines give the Brodax great balance.

UX Brodax ..... C25RW2252109 ..... $36.99

Umarex Glock G19 Gen 3

The CO2 airgun replica of the GLOCK 19 in .177 caliber is compact and handy, with the unmistakable look of the original pistol and plenty of power. In spite of its relatively small length of 7.25 inches, it fires .177 caliber steel BBs with a muzzle velocity of up to 410 FPS and weighs a satisfying 25.6 ounces. In true Umarex replica form, it has a metal slide and a trigger blade safety. Officially licensed product of GLOCK.

Umarex Glock G19 Gen 3
C25RW2255200 ..... $68.99

Glock G17 GEN 5 GBB

This GLOCK 17 Gen5 airsoft pistol faithfully replicates the same features externally as the firearm. This 6mm airsoft BB pistol works with green gas and fires with a crisp, fast cycle. The G17 Gen5 GBB model officially licensed by UMAREX works with many aftermarket accessories designed for GLOCK pistols such as gun lights, holsters, etc. This Gen 5 GLOCK features the latest power system valve which provides incredible recoil impulse, easy to adjust hop-up, and efficient use of the green gas!

- *Power Source: Green Gas • Caliber: 6mm • Capacity: 23*
- *Velocity: 325 • Ammunition: Airsoft BB*

Glock G17 GEN5 BB Gun ..... C25RW2255214 ..... $128.99

Umarex Colt Defender

The Colt Defender BB Pistol has an all metal construction and a built in 16-shot BB magazine. The spring powered grip release and the CO2 compartment in the grip make this pistol extremely easy to operate. A fixed blade front sight makes aiming a breeze. Realistic weight of 1.6 lbs.

Red Fire Pellets

Experience match-grade accuracy, high-velocity performance and hydraulic expansion at point of impact with Gamo's Red Fire. The diamond shaped hard polymer tip provides a true ballistic trajectory. The force of impact drives the diamond polymer tip into the cylindrical jacket material forcing it to expand outward—increasing the diameter of the projectile as it passes through the intended target (mushrooming effect on impact).

Red Fire Pellets .177 *(150/Tin)*.....C25GN632270154.....$8.49

PBA Platinum Pellets

PBA Performance Ballistic Alloy enhances penetration velocity by 30%. LEAD-FREE PBA is guaranteed lead-free and environmentally friendly.

PBA Platinum Pellets .177 *(100/Blister Pack)*.....C25GN632265454.....$13.79

PBA Raptor Pellets

New Raptor Performance Ballistic Alloy, the first non-lead Alloy Airgun Ammunition that increases velocity up to 25% over lead, while maintaining "match grade" accuracy. Specifically designed as a hunting load, the new P.B.A.™ enables airguns which normally shoot 1000 f.p.s. to shoot up to 1200 f.p.s., with tremendous penetration. In fact, the ammunition is 50% harder than lead causing penetration to be enhanced by up to 100% in tests in actual hunting situations as well as ballistic mediums.

.177 cal *(100/Tin)*.....C25GN632264454.....$10.29
.22 cal *(50/Tin)*.....C25GN632264554.....$10.29

PBA Platinum Pellets

PBA Platinum .22 cal. pellet that uses enhanced non-lead alloy to generate velocities up to 30% faster than conventional lead pellets. These platinum pellets offer enhanced accuracy and maximum penetration for hunting applications. PBA is 100% lead free and environmentally friendly. enhances penetration velocity by 30%.

.22 cal *(50/Tin)*.....C25GN632265554.....$13.79

PBA Platinum Pellets

Copper retains 100% of its weight after expansion, retaining velocity/energy – creating less ballistic drag. The shape and long skirt create a flatter trajectory and tighter group patterns. Terminal impact for a clean, vital shot kill. The PBA® Bullet produces 30% More Terminal Impact.

.177 cal *(150/Tin)*.....C25GN632272054.....$18.49
.22 cal *(100/Tin)*.....C25GN632272154.....$17.49

Slug HP Sampler Set

The H&N Slug HP is a airgun pellet which differs significantly from the usual pellets due to its bullet shape. It's designed for powerful rifles which can shoot such projectiles precisely at targets at 50, 100 or even 200 meters distance. An extremely favorable ballistic coefficient (BC) ensures a flat trajectory and excellent energy retention. To accommodate different barrel profiles and power levels, we offer options in diameter (.2495 / .2505) and weight.
The muzzle energy of the rifle should be at least 40 joules, but for best results we recommend 60 to 90 joules (depending on rifle and the weight of the Slug). All pellets get lubricated, visually inspected, hand packed and secured for transport with foam pads

SIG SAUER

CO2 Cylinders

Precision-built SIG ASP pistols and rifles depend on quality ammunition and fuel to perform up to SIG standards. And a higher-quality, cleaner gas in a superior-engineered cylinder can influence the lifetime and performance of any airgun. Over time, a poor cylinder seal can mechanically degrade a critical o-ring. Dirty CO2 can interfere with valves and seals while diminishing velocities – equating to fewer shots per cylinder. Investing in SIG premium cylinders is a simple way to ensure longer-lasting, SIG precision performance.

• Standard Neck Air Ports • Multiple Count Packages • Stable consistent power outputs

CO2 Cylinders *(40-Pack) 12 Gram* ..... C25XIAC1240 ..... $22.49
CO2 Cylinders *(15-Pack) 12 Gram* ..... C25XIAC1215 ..... $8.79

Rapid Pellet Magazine™
for SIG MCX™ & SIG MPX™

Fire up to 30 rounds in 3.5 seconds. Engineered to elevate performance to SIG standards, this patented magazine removes the limitations to firing speed in the SIG MCX™ and SIG MPX™ ASP. Using a rotary pellet drive system, the SIG RPM™ smoothly feeds 30 rounds per belt – with three refillable belts included per magazine – for consistent optimized firing.

• Rugged Polymer Composite • Dimensions: 5" L x 2"W x 1"D
• Includes 3 extra Belts

Rapid Pellet Magazine™ (.177 cal) ..... C25XIAMRC17730 ..... $24.49

Air Pistol Magazine™
for SIG P250® & SIG P226® ASP

These SIG engineered magazines smoothly feed 8 rounds of rapid-firing precision per side into the SIG P226® and SIG P250® ASP airguns. Just eject, flip and reinsert for 16 rounds a session. Built tough and reusable to SIG reliability and durability standards.

• Packed in sets of two. • Rugged Polymer Composite
• Dimensions: 4.5" L x .75" W x .35" D • Includes 3 extra Belts

1860 Sheriff Pistol

The 1860 Army saw extensive use during the Civil War and was a favored sidearm of Union troops. Built on the same frame as the 1851 Navy, it featured a streamlined barrel, improved loading lever, and a belted cylinder for added strength.
• Caliber: .44 • Barrel Length: 5.5" • Finish: Casehardened Steel
1860 Sheriff Muzzleloader ..... C25ZACSA44 ..... $336.49

1851 Navy Brass Frame Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. The .44 caliber model has a brass frame, with a 7-1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.
• Caliber: .44 • Barrel Length: 7.5" • Finish: Brass Frame • Walnut Grips
1851 Navy Muzzleloader ..... C25ZAREB44 ..... $266.49

1858 Remington Pistol

Thanks to the talent of his designer, Mr. Beals, in 1858 he patented and started the production of a revolutionary revolver; the 1858 New Model Army .44 cal. The RGT36 is part of the 1858 family, is of blued steel construction and features adjustable target sights and a 6 1/2 inch barrel.
• Caliber: .36 • Barrel Length: 6.5" • Finish: Blued Frame • Walnut Grips
1858 Remington Muzzleloader ..... C25ZARGA36 ..... $354.99

1858 Remington Pistol

• Caliber: .44 • Barrel Length: 4" • Finish: Blued Frame • Walnut Grips
1858 Remington Muzzleloader ..... C25ZARGA44 ..... $336.49

1858 Remington Army Pistol

• Caliber: .44 • Barrel Length: 8" • Finish: Brass Frame • Walnut Grips
1858 Remington Muzzleloader ..... C25ZARGB44 ..... $278.99

1858 Remington Texas Pistol

Features include a brass frame and trigger guard, blued cylinder, octagonal barrel and walnut grips. Easily removable, replaceable cylinders make reloading extremely fast. This compact version has a 5.5" barrel, making it easier to holster and handle.
• Caliber: .44 • Barrel Length: 5.5" • Finish: Brass Frame • Walnut Grips
1858 Remington Texas Muzzleloader ..... C25ZARGBSH44 ..... $278.99

1858 Remington Target Pistol

The 1858 New Model Army Target features a steel frame, octagon barrel, walnut grip, and blued finish with brass triggerguard. It also has adjustable front and rear sights.
• Caliber: .44 • Barrel Length: 8" • Finish: Blued Frame • Walnut Grips
1858 Remington Target Muzzleloader ..... C25ZARGT44 ..... $382.99

1851 Navy .44 Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. This .44 caliber model is available in the case-hardened steel frame, with a 5 1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.
• Caliber: .44 • Finish: Case Hardened Frame • Walnut Grips
5.5" Barrel ..... C25ZAPF51CH44512 ..... $313.49
7.5" Barrel ..... C25ZAPF51CH44712 ..... $299.49

1851 Navy Pistol

The 1851 Navy model was considered as one of the most brilliant single action revolvers thanks to its fast draw and light recoil. It features an octagonal barrel, color case frame, brass triggerguard and backstrap.
• Caliber: .36 • Barrel Length: 7.5"
• Finish: Casehardened Frame • Plastic Grips
1858 Navy Muzzleloader ..... C25ZAYAN36 ..... $311.99

1851 Pepperbox Pistol

The 1851 Pepperbox is built on an 1851 Navy revolver frame with a longer cylinder retained on the cylinder pin by a threaded screw. It features a case hardened steel frame, brass backstrap and trigger guard, and a walnut Navy size grip. Although it does have a longer cylinder, the Pepperbox does follow typical loading recommendations for a Navy revolver that are included in the manufacturer's manual. No conversion cylinder is available for this model.
• Caliber: .36 • Barrel Length: n/a • Finish: Casehardened Frame • Walnut Grips
1851 Pepperbox Muzzleloader ..... C25ZAYAN36PP $265.49

1851 Navy Pistol

A very popular revolver for its time, the model 1851 Navy revolver was adopted by both the U.S. and British military. This .44 caliber model is available in the casehardened steel frame, with a 7 1/2" barrel. It received its name from the depiction on the cylinder of the Texas Navy's victory over the Mexican fleet in 1843.

• Caliber: .44 • Barrel Length: 7.5" • Finish: Casehardened Frame • Walnut Grips

1861 Springfield Musket Kit.....C25YLKR6186100 .....$960.99

1861 Springfield Musket

The most widley used rifle during the Civil War, the 1861 Springfield was a favorite due to its' reliability, accuracy, and range. The 40" barrel and .58 caliber allowed for an effective range of 200-300 yards. While difficult to find during the early Civil War years, it became the first rifle produced at such a large scale and its' popularity continues today.
This rifle is an authentic reproduction made with high quality, premium metal and wood finishes as well as hand-oiled wood stocks. Approved by the North-South Skirmish Association (N-SSA). Perfect for shooters, hunters, enthusiasts, collectors, and those performing re-enactments. .58 Caliber, Percussion, Rifled.

314 Starter Gun 6mm & .22 cal

A real value in a light duty 6mm caliber blank gun. The styling and heft make this starter gun handle like a conventional cartridge revolver. Made up of a solid barrel with a red plug to identify that it is a safe barrel. Loads seven (7) crimped 6mm acorn blank cartridges. Double and single action

314 Starter Gun 6mm & .22 cal ..... C25YLBP6000 ..... $76.49

Competitive Starter Gun

A blank pistol with the strength to stand up to frequent use and for those who prefer a larger, more hand-filling pistol. This deluxe blank pistol has the heft and balance of many conventional pistols. A solid barrel with a red plug identifies that the barrel is safe and is not a real gun. The cylinder swings out for loading the five (5) 209 shotgun primers. Comes in a handy plastic, foamlined storage and carrying case.

C25YLBP6001 ..... $116.99

WINCHESTER triple se7en

Triple Se7en® Muzzleloading Primer

Muzzleloading hunters now have a primer designed and optimized for their rifles. The new Winchester Triple Se7en primer is the cleanest, best performing hunter's choice. Designed for Hodgdon® Triple Se7en® and Pyrodex® pellets. Also works with black powder and black powder substitutes. Clean burning - reduces fouling ring build up. Allows quick and easy loading of a second shot. The "must have" primer if you are using Triple Se7en® or Pyrodex® pellets.
Contains100 per box.

Optima® V2 LR

Modeled after CVA's top-of-the-line ACCURA® V2, OPTIMA V2 rifles feature the same trigger-guard actuated breeching lever, internal parts, and trigger. All Optima V2 rifle models featured in the CVA catalog and on the CVA website feature stainless steel or Nitride-treated stainless steel barrels. Add in CVA's Quick-Release Breech Plug (which is finger removable), 100% ambidextrous stock, and a CrushZone® recoil pad, and you've got a gun with more quality features than any other muzzleloading rifle in its price range. Equipped with a 26" barrel, the OPTIMA V2 is easy to maneuver in the treestand and comfortable to carry in the mountains. And it comes standard with a DuraSight® DEAD-ON™ one-piece scope mount, and CVA's solid aluminum PalmSaver ramrod.

Bullet Starter and Palm Saver

- Lightweight - Manufactured from a tough durable polycarbonate, the same material used in football helmets.
- Dual Purpose - Two-in-one tool starts the bullet and protects the palm when used with ram rod.
- Universal - Sized to accommodate a 45 to 58 caliber barrel.

Bullet Starter & Palm Saver..... C25CRH100pkg $5.99

Scorpion PT Gold

Scorpion PT Gold Polymer Tip Bullets are electroplated with copper plating that does not separate from lead core as most jacketed bullets. The end result is better penetration needed for one shot kills. The PT Gold offers greater accuracy at longer ranges than a hollow point.
The 3% antimony makes the bullet harder than pure lead and is intended for the shooter who wants a bone breaking, pass through shot.

Caliber	Weight	Dia.	Type	Qty.	Item No.	Price

Triple Seven® Magnum Pellets

Triple Seven® Magnums give you the capability to make a longer shot and deliver more energy to the target. If you've shot Triple Seven products before, you can expect the same easy clean up with no rotten egg smell. Using two Magnums you can achieve an additional 200-250 feet per second (fps). This normally results in muzzle velocities of approximately 2,000 fps.

Triple 7® Magnum Pellets (50/box) *(50 cal)*.....C25HDT7MAG5050 ..$32.49

FEDERAL PREMIUM

FireStick™

Federal Premium® FireStick™ is the critical component of a whole new ignition system that uses an encapsulated propellant charge that loads from the breech, with the bullet loaded from the muzzle. The charge is completely impervious to moisture and loaded with clean-burning Hodgdon® Triple Eight™ powder to the same tight tolerances as Federal Premium factory ammunition, ensuring shot-to-shot consistency and accuracy muzzleloaders have never experienced. FireStick unloads quickly, simply and safely by slipping out of the action—there's no need to fire the rifle. It's the perfect match for Federal Premium Trophy® Copper or Lead Tipped muzzleloader bullets and is compatible with the new NitroFire rifle from Traditions™.

- *Polymer charge filled with clean-burning Hodgdon® Triple Eight powder*
- *Charges from the breech of Traditions NitroFire rifle*
- *Totally impervious to moisture and the elements*
- *Fast, effortless loading and unloading*
- *Shooter inserts 209 shotgun primer (not included)*

Trophy Copper Muzzleloader Bullet

- B.O.R. Lock MZ System: Expanding polymer base cup engages rifling and seals the bore for extraordinary velocity and accuracy
- Non-sabot design is approved for hunting in most areas
- Trophy Copper bullet features a polymer tip, with a deep, hollow cavity and skiving that ensures consistent expansion
- High ballistic coefficient flattens trajectories and minimizes wind drift
- Required loading force averages about half that of most sabots
- Fouling-cutting ring scours powder residue from the breech as the bullet is loaded, resulting in consistent seating and reducing the need to clean between shots

Caliber	Grain	Qty.	Item No.	Price
.50 Sabot	240gr	15-Pack	C25FAPMZ50TC1	$27.49

Lead Tipped Muzzleloader Bullet

The Federal Premium® Lead Muzzleloader Bullet's exclusive B.O.R. Lock MZ® System redefines in-line muzzleloader performance. It provides outstanding accuracy in a non-sabot design that's easy to load, scrubs fouling from the breech and ensures consistent bullet seating. The hard-hitting lead bullet penetrates deep.

- *B.O.R. Lock MZ® System: Expanding polymer base cup engages rifling and seals the bore for extraordinary velocity and accuracy*
- *Required loading force averages about half that of most sabots*
- *Fouling-cutting ring scours powder residue from the breech as the bullet is loaded, resulting in consistent seating and reducing the need to clean between shots*
- *Tough, hard-hitting lead bullet with a polymer tip*

Bore Driver® FTX® & ELD-X®

- Without a sabot, the Bore Driver™ FTX® seats quickly and easily for shot after shot performance.
- The FTX® & ELD-X® bullets incorporates an InterLock® ring that helps retain bullet weight upon impact that when coupled with a tough copper alloy jacket delivers deep penetration and expansion for the ultimate in on-game lethality.
- Polymer Tip: Upon impact, the polymer tip drives into the lead core like a wedge, initiating lightning-fast, yet controlled expansion.
- The polymer base features a post that fits into the bottom of the bullet. This post swells in diameter at ignition for better torque engagement from inside the bullet and the centering petals grip the bullet's boattail while the skirt engages the rifling to maximize energy transmission.

Caliber	Grain	Bullet	Diameter	Qty.	Item No.	Price

NOSLER®

Ballistic Tip® Muzzleloader

The Ballistic Tip® MZ was created to bring legendary Nosler® Ballistic Tip® rifle bullet accuracy and terminal performance to today's generation of high performance muzzle loading rifles.
This new bullet is designed with an orange polymer tip and streamlined ogive to maximize effective shooting range. The polymer tip also assists in initiating bullet expansion upon target impact which is a signature of the Ballistic Tip® line. Created specifically for the lower velocities generated by muzzle loading rifles, the Ballistic Tip® MZ provides reliable expansion and deep penetration over a broad range of velocities.

- *Stream Lined Ogive To Maximize Effective Shooting Ranges*
- *Polymer Tip Assists Bullet Expansion*
- *Pre Packaged in 15 Count Blister Packs*
- *.50 Caliber 300gr Ballistic Tip With Sabots*
- *Team Shockey Tested For Over a Year*

EZ Clean™ 2 Pre-Saturated Cleaning Patches

Traditions™ EZ Clean™ 2 Pre-Saturated Cleaning Patches are pre-saturated with an advanced formula that helps clean corrosive black powder, Blackhorn 209, Triple Seven, Pyrodex, and other black powder substitutes.
The formula also has an added ingredient which helps protect against rust and weather while allowing easier loading.
The EZ Clean™ 2 formula combines two steps into one, easy to use formula. Use these patches to swab up and down your bore to remove fouling! For use with .45-.58 caliber firearms.
100 patches per jar, 2.5" patch size.
EZ Clean™ 2 Patches (100 Jar) ..... C25YLA1931 ..... $7.99

EZ Clean™ 2 Breech Plug Grease

Traditions™ EZ Clean™ 2 Breech Plug Grease has an advanced formula that makes cleaning easy and reduces friction. This Breech Plug Grease provides excellent lubrication and the orange-red color makes it easily seen when applying. For use only on metal surfaces.
.50 oz (14g) tube.
EZ Clean™ Grease ..... C25YLA1933 ..... $7.99

EZ Clean™ 2 1000 Plus Lube

Traditions™ EZ Clean™ 2 1000 Plus Lube has an advanced formula with all natural ingredients that season the barrel interior, helping to reduce fouling, increase accuracy, prevent rust, and provide easier loading. It works with Black Powder, Blackhorn 209, Triple Seven, Pyrodex, and other black powder substitutes.
The #1 choice when carring for your muzzleloader! Also works well as a patch and bullet lubricant. 3 oz (85g) tube.
EZ Clean™ 2 Lube .... C25YLA1934 ..... $7.99

EZ Clean™ 2 Foaming Bore Cleaner

EZ Clean™ 2 Foaming Bore Cleaner helps clean black powder, copper, and brass fouling as well as removing sabot residue. The foaming action cleans deep into the bore and the easy-to-use spray can allows for precise application. This cleaner will help reduce your cleaning time and is odorless as well as ammonia-free. May take off certain finishes like lacquer, oil, varnish, and shellac. 7 oz. Spray Can
EZ Clean™ 2 Foam ..... C25YLA1935 ..... $8.29

EZ Clean™ 2 Bore Solvent

This bore solvent helps from fouling and residue. Use with a cleaning patch that has been soaked in the EZClean2® Bore Solvent and run up and down your barrel to remove fouling. 8 fl. oz (240 ml) bottle.
EZ Clean™ 2 Bore Solvent
C25YLA1936 ..... $7.99

EZ Clean™ 2 Cleaning & Seasoning Patches

- Biodegradable and food grade rated
- Non-toxic
- 50 patches per jar, 2.5" patches
- For use with .45-.58 caliber firearms.

EZ Clean™ 2 Patches ..... C25YLA1937 ..... $8.29

EZ Clean™ 2 Breech Plug & Small Parts Cleaner

Traditions® EZClean2® Breech Plug & Small Parts Cleaner has an advanced formula that helps clean corrosive black powder such as Triple Seven, Pyrodex, and other black powder substitutes.
The formula also has an added ingredient which helps protect against rust and weather while allowing easier loading.
EZClean2® combines two steps into one, easy to use formula.
EZ Clean™ 2
Breech Plug Cleaner ..... C25YLA1939 ..... $8.29

EZ Clean™ 2 Cleaning Patches

- White, round cotton cleaning patches
- Packaged in a convenient zip-close bag
- Great for use on all types of firearms.
- .45-.54 caliber • 100 per bag

EZ Clean Patches (100ct)
C25YLA1434 ..... $5.49

BlackOut 209™ Pre-Saturated Cleaning Patches

Patches are pre-saturated with an advanced formula that helps clean fouling from your muzzleloader.
An additional ingredient helps protect against rust allowing 2 steps in one!
• 2.5" patches • 100 per jar •.45-58 caliber
BlackOut 209 Patches (100 ct) .... C25YLA1940 ..... $9.29

BlackOut 209™ Breech Plug & Small Parts Cleaner

Our breech plug & small parts cleaner is an all-in-one oil based cleaner which helps reduce fouling, protect against rust, & provides easy loading when using Blackhorn 209 powder.
Drop your breech plug or small parts into this bath & shake for 20 seconds to remove fouling
BlackOut 209 Breech Plug Cleaner
C25YLA1942 ..... $8.29

BlackOut 209™ Bore Solvent

Soaking your patches with Traditions™ Bore Solvent will allow the advanced formula to help clean fouling form your muzzleloader.
An added ingredient also helps protect against rust & provides easier loading
